Welcome to Golden West College

Golden West College prohibits discrimination on the basis of gender, race, age, color, religion, national origin, ethnicity, disability, sexual orientation, or any legally protected characteristic in the administration of its educational policies, personnel practices, and college programs. Grievance procedures exist for students, employees, and job applicants. Information regarding formal complaints is on file in the offices of the Chancellor and the Deputy Chancellor and in the offices of the College President and Vice Presidents. Any questions concerning discrimination may be directed to the Golden West College Vice President of Student Life and Title IX Coordinator at 714-892-7711, Golden West College, 15744 Goldenwest Street, Huntington Beach, CA 92647.

Questions or problems regarding access of students with disabilities to any college program or service should be directed to the Golden West College Vice President of Student Life and Section 504 ADA Coordinator at 714-895-8721, Golden West College, 15744 Goldenwest Street, Huntington Beach, CA 92647.

Golden West College has made every reasonable effort to ensure that the information published in this catalog accurately reflects current legislation, information, policies, and fees. However, these are subject to modification at any time without notice, in order to accommodate changes in the resources or educational plans of the district, or for reasons deemed appropriate by the college president or designee.

Data on Golden West College’s programs leading to gainful employment, required to comply with the Higher Education Act of 1965 as amended, can be found on the Golden West College website at www.goldenwestcollege.edu. For catalog updates and addenda, please refer to www.goldenwestcollege.edu/catalog.

Golden West College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, 10 Commercial Boulevard, Suite 204, Novato, CA 94949, 415-506-0234 www.accjc.org, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

Be sure to check the online version of the 2015 – 2016 catalog at www.goldenwestcollege.edu/catalog for any corrections to this printed version.

All dates and hours of operation are subject to change without notice.

Deadlines for refunds, fee cancellations, registration, and withdrawals are different for each course.

For specific course deadlines, please refer to one of the following:

Student Class Program/Web Schedule Bill (Available via MyGWC)

Academic Calendar – Available online at www.goldenwestcollege.edu/admissions/academic_calendar.html

If a holiday falls on Friday, Saturday and Sunday classes will not meet. If a holiday falls on Monday, Saturday and Sunday classes will meet. Final examinations are held during regular class meeting times during the last week of the semester.

CLASS CANCELLATION

College reserves the right to cancel classes. All classes offered are based upon sufficient enrollment to economically warrant them. Classes may be cancelled as a result of low enrollment, State legislation, and financial considerations. When classes are cancelled due to low enrollment, every attempt will be made to help students adjust their academic schedules.
A COLLEGE EDUCATION IS BOTH AN OPPORTUNITY AND A JOURNEY

I want to welcome you to Golden West College. Choosing to attend college can be a life changing event, a journey on a path to a new career or the first step in a new profession. Think of the catalog you are viewing or holding as a map of your adventure in learning.

If you are planning to transfer to a four-year college or university, you will be able to find out what courses you will need to take in the first two years so that your transfer is smooth and efficient, saving you both time and money. Golden West College currently offers more than 67 transfer degrees. 21 of those degrees have a guaranteed transfer pathway to a CSU.

Your first goal may be to get career and technical training so that you can secure an entry-level job sooner. The catalog will also explain many of those career paths, such as Nursing, Automotive, Cosmetology, and Criminal Justice, to name a few. The College has more than 36 Career Certificates. Perhaps you already have a job and simply want to learn additional skills in order to qualify for a promotion or get another job. You will most likely want to review our certificates of specialization.

Whatever your end goal is this map will help you because you may encounter a bump in the road along the way. You will find more than 25 different Student Services listed here to help you, including Counseling, Transfer and Career Center, Financial Aid, Disabled Students Programs and Services, and more. We don’t want our students to get lost on their way to their educational destinations. To make sure you find your way, the newest services we have opened are the Answer Center, located in the Enrollment Center, and the Call Center (714-892-7711).

If you follow our map, you will find all the rules and requirements related to being in a college, information about admission and graduation requirements, important deadline dates, your rights and responsibilities, and the description of every course the College offers, including the student learning outcomes for each course in a program.

On this journey you will meet teachers, classmates and others who work at the College who will cheer you on, challenge you to do your best thinking, test your skills, and help you develop new ones. Added to the adventure of great classroom learning is the fun you’ll have participating in a sport, club, music performance, or theater production. It’s the conversations you’ll have before and after class, or the service learning project you complete with classmates. Often it’s taking an extra class like art, auto repair, geology, or computer design and finding a hidden passion and/or meeting a new friend. Suddenly, you will know why we say, GWC offers every student Oceans of Opportunity.

I hope you take the opportunities presented to you. Community college changed my life; I hope it does the same for you.

Wes Bryan

COLLEGE MISSION STATEMENT
Golden West College’s mission is to create an intellectually and culturally stimulating learning environment for students and the community. Our students improve their basic skills, develop and enhance career opportunities, and/or prepare for transfer to a four-year institution as they become productive citizens and lifelong learners.

COLLEGE VISION STATEMENT
Golden West College is committed to excellence and endeavors to provide an optimum teaching and learning environment. This will be demonstrated by innovation which embraces demographic and technological changes.

COLLEGE VALUES
Our values are the ideals that guide us in our commitment to student learning and to the vitality of our community. The following ten ideals (in alphabetical order) represent the foundation for our mission. They guide us in our daily decisions, as well as inspiring and motivating us to accomplish our goals.

ACCESS AND EQUITY
We value and strive to ensure open access to our college and equitable opportunities for all the residents of our community.

CAMPUS ENVIRONMENT
We value and support “Spirit of Place” through which the people, buildings, and grounds all serve to convey to our students that they are welcome and that our college is a special place of learning.

COLLABORATIVE CLIMATE
We support active participation based on trust, openness, consistency, and respect in the college’s decision-making process. We encourage students, faculty, and staff to work together to solve problems by listening to one another, by speaking honestly, and by demonstrating ethical behavior and responsibility for the good of the college.

EXCELLENCE AND INNOVATION
We work to provide a quality educational environment for students by embracing a culture of assessment and continual improvement. We are inspired by our founding president’s dictum to “Let Change Be the Tradition,” to encourage innovation, creative problem-solving, and to welcome changes that will enhance the College’s ability to fulfill its mission.

INCLUSIVENESS AND DIVERSITY
We value diversity and recognize the contributions of all individuals. We support the free and open exchange of thoughts and ideas in an environment that embraces mutual respect and civility.

LEADERSHIP
We promote active leadership for students, faculty, and staff at all levels of the institution and through partnerships with the community at large. We embrace our responsibility to clearly communicate, inspire, and proactively respond to the changing needs of our students and community.

LEARNING
We aspire to high academic standards and support the personal growth of all our students. We are committed to student learning that culminates in identified student outcomes.

STEWARDSHIP AND SUSTAINABILITY
We are responsible for utilizing and developing our human, environmental, and fiscal resources efficiently and effectively and in a manner consistent with the principles of health and sustainability.

TEACHING
We value the primary role that faculty play in providing students with a dynamic and challenging environment that maximizes learning. We also acknowledge the important roles that classified staff and managers perform in support of students and their learning.

TECHNOLOGY
We value the role that technology plays in reducing barriers to learning, increasing access to educational opportunities, creating new ways of addressing students’ learning needs, and enhancing the administrative aspects of serving students and faculty.
COLLEGE GOALS 2010-2016

1. INSTITUTIONAL MISSION AND EFFECTIVENESS

GWC will demonstrate a strong commitment to student learning. The College will ensure program excellence through the assessment of student learning, student achievement and service outcomes.

2. STUDENT LEARNING PROGRAMS AND SERVICES

   a. Instructional Programs

   GWC will maintain, assess and refine a carefully crafted portfolio of strong and relevant programs that promote student transfers to four-year universities and/or attainment of career certificates in high-demand industries.

   b. Student Support Services

   GWC will provide services that enable students to enroll, persist, complete, and become self-directed while minimizing institutional barriers.

   c. Library and Learning Support Services

   GWC will maintain, assess, and strengthen both services and resources in the library, tutoring center, learning centers and computer laboratories.

3. RESOURCES

   a. Human Resources

   As we regain our staffing, GWC will maximize the benefits of diversity, strengthen staff development activities, and increase the effectiveness of evaluations.

   b. Facilities & Campus Environment

   GWC will create, maintain, and enhance a safe campus environment conducive to student learning by utilizing resources in ways that are sustainable.

   c. Technology

   GWC will leverage technology resources to facilitate student learning, campus communication, and institutional effectiveness.

   d. Fiscal Resources

   GWC will effectively manage financial resources to sufficiently support, maintain and enhance student learning programs and services.

4. PARTICIPATORY GOVERNANCE AND LEADERSHIP

   a. Planning Processes & Decision-Making

   GWC will utilize participatory governance and effective, ethical leadership to continuously assess and improve the institution.

   b. District Collaboration

   GWC will proactively engage in participatory governance activities with sister colleges and district offices to better serve our students and community while maintaining college autonomy.

5. COMMUNITY ENGAGEMENT

   a. Community Relations

   GWC will actively seek additional opportunities to serve as the educational center for its local community.

   b. Business, Industry and Governmental Partnerships

   GWC will utilize systematic processes for building partnerships with local businesses, industries, and governmental agencies to promote contract education, student internships, faculty externships, and fundraising.
INSTITUTIONAL STUDENT LEARNING OUTCOMES

1. Specialized Subject Knowledge (Majors) – Demonstrate a depth of knowledge, skills, and abilities in a particular major.

2. Broad Knowledge – Demonstrate an understanding of the core concepts and methods in the sciences, humanities, and arts.

3. Analytic Skills – Identify, evaluate, and apply a variety of methods to solve problems.

4. Information Competency Skills – Determine the scope of information needs; locate and retrieve relevant information; organize, analyze, and evaluate information; and understand the ethical and legal issues surrounding information and information technology.

5. Quantitative Skills – Convert information into relevant symbolic and mathematical forms (e.g., equations, graphs, diagrams, tables), provide accurate explanations of information presented in mathematical forms, and successfully perform calculations and symbolic operations.

6. Oral And Written Communication Skills – Produce clear and well-organized communication appropriate to the intended audience, context, and goal of the communication.

7. Applied Learning – Demonstrate how theories and practices learned in academic settings can be applied and integrated into personal and professional pursuits.

8. Lifelong Learning – Demonstrate life-long learning strategies that are based on on-going self-assessment, education, and acceptance of personal responsibility.

GOLDEN WEST COLLEGE OFFERS PROGRAMS WHICH ARE APPROVED BY:

California Board of Registered Nursing, Continuing Education Provider
California Board of Barbering and Cosmetology
Approved as Certified Course Presenter by the Commission on Peace Officers Standards & Training (P.O.S.T.)
National Automotive Technicians Education Foundation (NATEF) For Automotive Service Excellence (ASE) Certification Training
ACADEMIC YEAR

The academic year is divided into four sessions: fall semester, extending from August through December; Intersession, if available, the month of January; spring semester, from February through May; and summer session, from approximately June through mid-August.

Courses offered during these sessions are similar in scope and maintain equivalent standards. Students may enroll concurrently at Golden West College, Orange Coast College, and Coastline Community College, in both day and evening classes as well as online classes. Coordination of programs by these sister institutions provides a broad range of complementary offerings. On-campus classes are taught anywhere from 7 a.m. to 11 p.m., Monday through Friday.

ADMISSIONS ELIGIBILITY

Anyone 18 years of age or older and who can profit from instruction qualifies for admission. If under age 18, you will qualify for admission if you have satisfied one of these:

1. Graduated from high school.
3. Enrollment in the 11th or 12th grade and recommendation for advanced academic or vocational college level study.

In accordance with California Education Code Sections 76001 or 76001.5, 11th & 12th grade students may be eligible to enroll in courses at Golden West College for advanced-level study in instructional or vocational areas not available at their school. The school and the college will determine who may enroll based on their judgment of the applicant’s ability to profit from instruction. The college has the right and responsibility to restrict enrollment for reasons of health and safety, appropriateness of the course, preparedness of the student, college policy, state law and space availability.

Note: In accordance with SB338, enrollment in physical education courses have been restricted or excluded.

Family Educational Rights and Privacy Act (FERPA)

Under this Act, students attending an institution of higher learning become an adult when it comes to their educational records at that institution. It is the policy of the Coast Community College District, in accordance with FERPA, to not release/discuss a student’s records without the signed release from the student authorizing the release of that information to anyone except the student.

Important Information for the 11th -12th Grade Student

Students wanting to take Math or English must take the placement test which is offered in our Assessment Center (714-895-8388). Students must apply and receive a Student ID# before making an appointment.

- All Classes at Golden West College are college level courses
- High School Students CANNOT displace a college level student
- High School Students are NOT allowed on waitlists
- High School Students MAY NOT take a course-load exceeding 6 units per semester
- If the student is home-schooled, he/she must provide verification that the home-school program is recognized and approved by the county department of education and provide verification that the student is able to succeed in college level classes. A Private School Affidavit should accompany the Special Part-Time High School Release Form

Students enrolled in the 11th or 12th grade may enroll in courses at Golden West College if they meet the following criteria:

- The student must be at least a minimum day student at his/her school (not applicable for summer classes).
- The course(s) requested is an advanced academic or vocational experience and not available at the student’s regular school. (PE courses are restricted.)
- The student meets the prerequisite for the course requested.

OPEN ENROLLMENT POLICY

It is the policy of the Coast Community College District that, unless specifically exempted by statute, every course section or class, the attendance of which is to be reported for state aid, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets such prerequisites as may be established pursuant to Section 58106 of Title 5 of the California Administrative Code.
• The student has the permission of his/her parent.

• The student has the permission of his/her high school principal or designee with a recommendation of the specific course or courses to be taken.

The college has the right and responsibility to restrict enrollment for reasons of health and safety, appropriateness of the course, preparedness of the student, college policy, state law and space availability. Application procedures are available on the Golden West College website.

RESIDENCE REQUIREMENTS

California Residence

Generally, California residence is established by one of the following:

1. If the applicant is under the age of 18, his or her parents must have had legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester or summer session.

2. If the applicant is 18 but not yet 19 years of age, the applicant and the applicant’s parents or legal guardian must have residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester or summer session.

3. If the applicant is 19 years of age or older, the applicant must have had legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester.

4. Alien students holding visas which do not preclude them from establishing residency in California must have legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester.

5. Students who are financially dependent on their parents or legal guardians will be required to pay nonresident tuition if their parents or legal guardians reside outside the state even though such students may have lived in California for one year or more.

6. Alien students holding visas which preclude them from establishing residency in California may be restricted in their enrollment at Golden West College and will have to pay nonresident tuition. In addition, alien students with visas who are citizens of another country are required to pay an additional per unit capital outlay fee. See the class schedule for the amount of the fee.

7. In accordance with Education Code 68130.5 (AB 540), other than nonimmigrant aliens, students who meet all of the following requirements are exempt from paying the nonresident tuition fees.

   a. Attendance in a California high school for three or more years. Copy of High School transcript must be submitted to the Enrollment Center.

   b. Graduation from a California high school or attainment of the equivalent prior to the start of the term. Copy of High School diploma or equivalent required.

   c. Students without lawful immigration status must have filed an application to legalize their immigration status or will file for lawful status as soon as they are eligible to do so. The student is required to submit an affidavit with the college admissions application to verify that the student has met

It is the responsibility of all students to maintain an accurate address. Students may update their address by logging into their MyGWC or submit a form to the Enrollment Center.

Nonresident Students

The following conditions are applicable regarding nonresident fees:

1. Students who are not residents of California as of the day immediately preceding the first day of the semester or summer session will be required to pay a nonresident tuition fee and capital outlay fees.

2. Active military personnel are exempt from nonresident tuition fees provided they are in California for a purpose other than attending a state supported institution of higher education.

3. Dependents of active military personnel are granted a one-year exemption from paying the nonresident tuition fee. The one-year period begins on the date the dependent enters California. After the exemption period has ended, dependents will be charged nonresident tuition unless they have met the residency intent and durational requirements for a one-year period prior to the residency determination date. To comply with the federal Veterans Access, Choice, and Accountability Act of 2014 (Public Law 113-146), the State of California is updating and adopting policies regarding in-State tuition rates and exemptions for eligible veterans and their dependents. Legislation is pending. Please check the Golden West College website for updates.

4. Minors (under 18 years of age and not married) will be required to pay the nonresident tuition if their parents or legal guardians reside outside the state even though such
all conditions described above.

8. This is a “Non Resident Tuition” Exemption: In accordance with AB669, a student who currently resides in California and is 19 years of age or under at the time of enrollment, who is currently a dependent or ward of the state through California’s child welfare system, or was served by California’s child welfare system and is no longer being served either due to emancipation or aging out of the system, may be entitled to resident classification until he or she has resided in the state the minimum time necessary to become a resident.

9. In accordance with SB 141, Golden West College will exempt from nonresident tuition, a nonresident student who is a U.S. citizen and who resides in a foreign country, if that student meets all of requirements of the bill. Contact the Residence clerk for a list of requirements.

Note: Students who are nonimmigrant aliens (e.g., F series student visas or B series visitor visas) are not eligible for this AB 540 exemption unless they have applied to INS for a change of status to other than nonimmigrant status and meet all other requirements for the exemption.

International Students on Student (F-1) Visas

Golden West College values diversity and encourages international students to seek admission. The college is authorized under federal law to enroll nonimmigrant alien students. (Code of Federal Regulations 8CFR 214.3(k) and Section 101(a)(15) (F).) Golden West College provides a full service International Student Program (ISP) which works closely to support international students throughout their studies. The ISP is dedicated to serving and supporting prospective, new and continuing international students at GWC.

Services for international students include specialized academic counseling, expert regulatory guidance, homestay placement services and customized student programming. Golden West College admits international students for the Fall, Spring and Summer terms. All application materials must be submitted by the following deadlines*:

- Summer: April 25
- Fall: July 15
- Spring: December 10

*Applicants outside the U.S. are strongly advised to apply three to four months ahead of the above deadlines to allow sufficient time for visa application and processing. Please check the ISP website for extended deadlines which apply to in-country transfer students. The above deadlines are subject to change based on course availability.

Admission/Enrollment requirements are specified below. All documentation should be submitted directly to the International Student Program office at Golden West College:

1. International applicants to Golden West College must be high school graduates, be pursuing the final semester of high school or equivalent, or be 18 years of age or older prior to the start of the term of application. (Applicants who have completed high school, but who are under age 18 must submit proof of legal guardianship in the U.S.)

2. A signed, original International Student Application must be submitted along with two (2) passport-size photographs and a $55 Application Fee.

3. All applicants must provide evidence of sufficient financial resources to meet all expenses during their period of attendance at Golden West College.

4. International students must have sufficient knowledge of English to benefit from instruction at the college level. Therefore, all applicants whose native language is not English are required to produce a minimum TOEFL score of 61 (Internet-based test) or 500 (paper-based test); or the equivalent on an accepted alternate standardized test of English proficiency, or demonstrate equivalency with prior coursework (original transcripts required); or obtain a passing score on the Golden West College placement test. See the International Student Program website for a full list of options for English demonstration.

5. Arrangements should be made to have official transcripts of all high school, college and ESL coursework sent directly to the International Student Program. All university coursework (from within the U.S. and from the student’s home country) is required.

6. Students transferring from another U.S. college, language program or high school must notify their current Designated School Official (DSO) of their intent to transfer. The transfer process and SEVIS record release must be completed prior to the semester start date. Copies of the I-20, visa and passport pages must be submitted at the time of application.

7. International students are required to enroll in a minimum of 12 units each semester and pay international student (non-resident and capital outlay) fees. All fees are due at the time of registration.

8. All international students are
required to purchase the college designated international student health insurance plan prior to registration. Private insurance is not accepted.

9. All international students are required by law to report a change of address to the school within 10 days of moving.

10. Completion of the International Student Orientation prior to the semester start date is mandatory.

11. The Orientation Program includes important visa requirements to ensure awareness of federal laws governing F-1 visa holders.

To obtain an International Student Application and view book, or for more information about the International Student Program and its services, contact:

Golden West College
International Student Program

Students Holding Visas Other Than Student (F-1) Visas

Aliens holding valid visas that are otherwise eligible for admission may enroll in classes provided they are proficient in English and their visas do not expire before the end of the term for which they are enrolling. Contact the Residence Clerk in Enrollment Services for information concerning specific enrollment restrictions.

An alien who is precluded from establishing domicile in the United States shall not be classified as a resident unless and until he or she has been granted a change in status by the U.S. Citizenship and Immigration Services (USCIS) to a classification which permits establishing domicile and has met all other applicable residency requirements. Aliens considered to be nonresidents are required to pay the nonresident tuition charge, and are not eligible for tuition exemption (Education Code 68130.5)

ADMISSIONS INFORMATION

Application

New and returning students who have been absent for two or more semesters must submit a new application. You may submit an application online at: www.goldenwestcollege.edu. Check the college website for application filing periods. Students are strongly encouraged to apply early in the application filing period in order to have time to complete all the requirements to be eligible for a priority registration appointment. Refer to the college website for more information regarding priority registration.

Admissions Status

New/Returning students will receive information via email on how to log in to MyGWC, the college’s student/faculty web portal once Enrollment Services processes your application. The email will also include your student ID number as well as any steps you will need to take in order to secure the best possible registration appointment.

Preparing for Proper Course Placement, Registration and Educational Planning (Student Success and Support Program)

Student Success & Support Program (SSSP) (formerly Matriculation) is a process that enhances student access to the California Community Colleges and promotes and sustains the efforts of credit students to be successful in their educational endeavors. The goals of Student Success & Support Program are to ensure that all students complete their college courses, persist to the next academic term, and achieve their educational objectives through the assistance of the student-direct components of the student success & support program process: admissions, orientation, assessment and testing, counseling, and student follow-up.

Based on student responses to the Golden West College application for admission, students self-identify as either matriculating or non-matriculating. Students identified as matriculating are referred to core services: assessment, orientation, and counseling. Students must complete assessment, orientation, and declare a course of study and develop an educational plan prior to being eligible to receive priority registration. An educational plan can be accomplished by enrolling in a counseling course, attending an educational planning workshop, or by scheduling an appointment with a counselor.

Non-matriculating students are exempt from participating in these core services, but they are advised to access these services if they decide to pursue a degree or certificate.

Exemptions

Some students may be exempt from assessment, advisement/orientation and counseling if they meet one of the following criteria:

1. Completed an A.A. degree or higher at an accredited United States college or university.
2. Concurrently enrolled 11th -12th grade school student attending with the recommendation of the school principal.
3. Concurrently enrolled 11th -12th grade students would be required to take the Math/English assessment test if the class they are enrolling in has a Math/English pre-requisite requirement.
**PREREQUISITES/COREQUISITES/ADVISORIES**

A Prerequisite is a requirement which must be met before enrollment in a course.

A Corequisite is a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

An Advisory on Recommended Preparation is a condition of enrollment that is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.

### Prerequisite Courses

Some courses require special permission or have mandatory prerequisites. If you are planning to enroll in one of these courses, you must meet one of the following:

1. Coast Community College District placement test results (valid for 2 years)
2. You must have completed the prerequisite course at GWC after 1989 with a grade of C or better or be currently enrolled in it at the time of registration and subsequently earn a grade of C or better; or
3. You must have completed the prerequisite course at another college with a grade of C or better. To show proof of the prerequisite completion, bring a copy of your transcript or grade report to the Enrollment Center at least 5-10 business days prior to your registration appointment.

Note: Grades of “C-” do not meet the “C” grade or better requirement as defined for this purpose.

### PREREQUISITE/COREQUISITE CHALLENGE

A prerequisite/corequisite challenge requires written documentation, explanation of alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite/Corequisite Challenge Form can be obtained from the Assessment Center for all courses that have a prerequisite. Reasons for seeking a Prerequisite/Corequisite Challenge Form may include one or more of the following:

1. A prerequisite/corequisite is not reasonably available;
2. The student believes the prerequisite/corequisite was established in violation of Title 5 regulations or in violation of the District-approved processes; the student believes the prerequisite/corequisite is discriminatory or being applied in a discriminatory manner; or
3. The student has the documented knowledge or ability to succeed in the course without meeting the prerequisite/corequisite.

Note: A grade lower than a “C” in a prerequisite course may NOT be challenged through this process.

The college will respond to students filing the Prerequisite/Corequisite Challenge Form via email in a timely manner. If the challenge is upheld the student will be cleared to register for the class. If it is not upheld, the student will need to meet the prerequisite before enrolling in the class.

### FEES AND EXPENSES

**Enrollment Fee:** $46 per unit*

*Enrollment Fee is subject to change by the State Legislature.

**Student Health Service Fee:** $19 per semester for fall and spring; $16 for summer session. This is a mandated fee unless the student presents a waiver. Those eligible for a waiver are:

1. Students who depend solely on prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization. For further information, call (714) 895-8306
2. Students enrolled only in courses of less than two weeks duration.

**College Service Charge:** $17 per semester for fall and spring; $10.00 for summer session. This charge underwrites many student services and campus programs. The College Administration and Student Council encourage students to support the campus community by paying this non-mandatory fee.

A portion ($1.00) of each $17, funds student scholarships. Information about specific programs funded by this charge and requests for a waiver of the College Services Charge are available during posted business hours in the Office of Student Life and Leadership. The request to waive the College Services Charge must be secured in advance prior to the student’s payment of registration fees. The period to obtain this waiver is between the date class schedules are available online through the last day to enroll in the regular school semester. This fee is subject to change. For further information call (714) 895-8261.

**Nonresident Tuition:** $200.00 per unit + $31.00 per unit Non-resident Capital Outlay. Students who are not California residents as defined by the Education Code are required to pay the non-resident tuition fee and non-resident capitol outlay fee, in addition to the fees described above. Please note that it is the student’s responsibility to prove that he/she is a California resident.
**Material Fees:** In accordance with regulations of the Board of Governors of the California Community Colleges, Title 5, California Administrative Code, Section 59400 et seq., the Coast Community College District shall provide free of charge to students all instructional materials, except for materials which the District Board of Trustees has approved as required materials for a particular course. The student must purchase these materials from the College at the District cost. The Board has approved such fees because these materials are required to complete the objectives of the course and they are tangible property of continuing value outside the classroom which the student will retain as his or her own property.

**Parking Permits:** $30 per semester and $15 for the summer session. A current Golden West College Parking Permit is required to park a vehicle in campus parking lots. Permits may be purchased on-line by logging in to the student portal (MyGWC) or via the college’s website. The permit must be displayed in clear view on the left rear bumper (driver’s side) or hung from the inside rear view mirror or attached inside the front window so as to be clearly visible. Mechanical permit dispensor machines are available in each parking lot for parking by the day at a cost of $3.00 per day. Coin operated parking meters are available for use at $2.50 per each 15 minutes for a maximum stay of 2 hours. Failure to properly display a valid parking permit may result in the issuance of a citation. A student whose permit is lost or stolen must purchase a new permit.

Parking citations are issued in cooperation with the West Orange County Municipal Court. These citations, if ignored, will affect future vehicle registration privileges with the California DMV. An academic hold will also be placed on the student’s CCCD account until the citation has been paid.

**Textbooks:** Textbooks, manuals and other supplies are the responsibility of the student, and may cost as much as $800 per semester. Required items are available at the campus Bookstore. Check with the bookstore for refund, exchange and buyback policies.

**Living Expenses:** Housing, transportation, food and other living costs are the responsibility of the student. Golden West College does not operate dormitories or any off-campus housing. A housing referral service is available through the Student Life and Leadership Office. The referral lists are not approved, inspected, or in any way supervised by the college.

**Library Fine Policy:** Students are encouraged to return library materials on time in order to avoid fines and possible holds on grades, transcripts, and/or loss of library privileges. Fines are assessed for weekends, holidays, and during library hours since books can be returned 24 hours a day. An after-hours book return is located at the front entrance.

The fine rates are 25 cents/item/day for books from the general collection, 25 cents/hour for reserve materials, and $6/day for media items. Bills for replacement costs and processing fees will be issued. Library fines and fees should be paid at the Public Services Desk.

When a book is lost, the Public Services librarian will determine the replacement cost of the item.

All fees are subject to change during the academic year.

**PRIORITY REGISTRATION POLICY**

The Coast Community College District is committed to the philosophy that all students should have fair and equitable access to courses and programs within the resources of each college and in accordance with State Education Code, Title 5 provisions, and guidelines adopted by the Board of Governors. Further, the District believes that students should be able to progress toward their stated educational objective in a timely manner.

Enrollment priority is the process used to determine the order in which students will have the opportunity to register for classes. Recognizing that each college serves a unique student population that may have differing needs, the development of specific registration priorities for some student groups will be done at the college level in accordance with District procedures.

The primary mission of the District colleges is to provide degree, certificate, and transfer programs. Therefore, priority is extended to matriculated students who have demonstrated satisfactory academic progress toward their declared educational objectives in these areas.

Registration priority will be according to the framework of Administrative Procedure (AP) 5055. Board Policies and Administrative Procedures are available on the Board Policy section of the Coast Community College District (CCCD) website at www.cccd.edu.

Please contact Enrollment Services or Counseling for additional information.

**REGISTRATION**

**On-Line Registration:** On-line registration is by assigned appointment. Registration appointments are assigned to students one to two months prior to the first day of the registration cycle for the upcoming semester or session. This includes continuing students as well as new and returning students (applicants). Any student who applies and is admitted for the semester or term will have access to the MyGWC portal for all registration, fee payment and withdrawal transactions.
In-Person Registration: Students who are unable to register using MyGWC or choose not to do so can enroll in-person on a space available basis beginning the first week of the semester or session. NOTE: Class availability will be very limited for students who choose to wait for the in-person registration period.

Late Registration: Late registration for all classes begins the first day of the semester or session. During the first two weeks of class (spring and fall semester), students may register only with the permission of the instructor. In order for a student to receive a late add during the second week, he or she must have been in attendance the first week of class. Students will not be permitted to register after the second week of class. Check the college website or the class schedule for registration deadlines. Students should be aware that missing the first class meeting or meetings may severely affect their chances to succeed in the course.

NOTE: Students entering classes late are responsible for making up missed work and are responsible for all fee and refund deadlines associated with each class section. Students who are permitted to add after the refund deadline will not be eligible for a refund if the class is dropped.

Physical Examination: A physical examination is not required to enroll at Golden West College except for students entering the Nursing Program and the Criminal Justice Academy Programs. The College Nurse may require a student to have a physical examination to protect either the student or the college.

Eligibility for Courses and Programs: A student may enroll in any course offered at Golden West College provided prerequisites for the course have been met.

Programs Requiring Advanced Approval: The programs at Golden West College that require advanced approval before entering are: Nursing - RN; Nursing - LVN to RN, and the Criminal Justice Academy Programs.

Waitlists: NOTE: Waitlists may be available for most classes. If you add yourself to the waitlist and a seat becomes available you will be notified by email and will have 24 hours to add the class via MyGWC. Waitlist email notifications are sent to the Coast District assigned student Gmail account (username@student.cccd.edu). The link to your Gmail is found on your Home tab within your MyGWC.

Closed Classes: Classes with a “C” next to them on the searchable online class schedule indicate that the class is closed (full). If the class in which you wish to enroll is closed, don’t give up!

1. Go for the sure thing! Try to find another CRN of the course that may still have seats available

OR

2. If there is a waitlist option, place yourself on the waitlist. If a seat becomes available you will be notified by email and will have 24 hours to add the waitlisted class. All prerequisites and corequisites must be met. You can monitor your waitlist position by logging into your MyGWC and clicking on “Detail Schedule with Waitlist Position” from the student tab. It is suggested you log into your MyGWC and check your Coast District assigned Gmail account at least three times a day to reduce the chance of missing the email notification for the waitlist. For step-by-step instructions on how to add a course with a waitlist notification, refer to the MyGWC reference guide posted on the GWC homepage.

Please Note: A student must have a registration appointment to be able to register online using their MyGWC account.

REGISTRATION FEE PAYMENT PROCEDURE

Registration fees are due IMMEDIATELY after registration occurs. Golden West College does not bill for unpaid registrations. Students will be dropped for non-payment in accordance with the Drop for Non-Payment schedule posted on the college website. Visit http://www.goldenwestcollege.edu/admissions/nonpayment.html for specific payment deadlines.

IMPORTANT: Students who enroll in classes after the final drop for non-payment or enroll after the term begins will not be dropped BUT will incur a financial obligation to the college AND
a hold will be placed on their record if payment is not received. This hold will block future registration (adds, drops, withdrawals), obtaining transcripts, grades, diplomas, or verification of enrollment until all fees are paid. Any unpaid balances could be forwarded to a Collection agency which will incur additional costs.

**FEE PAYMENT METHODS**

Students can conveniently pay fees online by credit card via their MyGWC portal. Cash and checks may be accepted on a limited basis in the Enrollment Center during regular business hours.

**Payment By Check:**

Each remittance of payment by check is considered authorization to convert that particular check into an electronic transaction. If your check is unable to be converted electronically, you will be required to submit an alternative form of payment.

**Financial Aid Payments (BOG Fee Waiver):**

Students who are having difficulty finding resources to pay fees should visit the Financial Aid website at http://www.goldenwestcollege.edu/fao/ for information on fee waivers, grants and student loans.

BOG Fee Waivers pay enrollment fees ONLY. Students with a BOG Fee Waiver must pay the required health fee, College Service Charge and materials fees or you will be dropped from your classes.

If you think the Financial Aid Office should have posted your fee waiver (BOGW) to your account but it is not showing on your MyGWC, contact the Financial Aid Office immediately. If it has not been posted, please pay the total balance due to avoid being dropped. If the total balance is paid, you will receive a refund for the per unit charge once the BOGW is posted to your registration account.

**Scholarships:**

If you will be receiving a scholarship to help pay for your tuition, please contact the Enrollment Center immediately after you register to avoid being dropped.

You may also need to contact the Financial Aid office with your outside scholarship information so you can arrange for payment to be made to Golden West College.

**Third Party Payments:**

If your tuition is going to be paid by a Third Party, i.e. Boeing, CA Dept of Rehabilitation, Voc Rehab or Tuition Assistance, once you have registered in classes, please submit your paperwork to the Enrollment Center immediately to avoid being dropped for non-payment.

**Veterans:**

If you are receiving Chapter 33 Post 9/11 or Chapter 31 Vocational Rehabilitation & Employment educational benefits, please contact Veterans Services immediately after registering and prior to payment. Your fees can “deferred” so there is no out-of-pocket expense.

The office is located in Enrollment Services and is open Monday-Thursday, 9:00 a.m. to 5:00 p.m. and Fridays, 8:00 a.m. to 12:00 p.m.

**TUITION PAY**

Golden West College has also made available a payment plan through Tuition Pay, administered by Higher One®. This is a financing alternative if you cannot cover the entire amount of your GWC registration fees at the time of registration. The payment plan is available for students owing $150 or more for the current registration term. This payment plan requires a student to have a personal checking account.

For more information visit: https://tuitionpaymentplan.com/goldenwest. You MUST complete signing up for Tuition Pay by 12 p.m. (noon) of the scheduled drop day to ensure that you are not dropped from classes. Your Tuition Pay contract must equal the amount of registration fees assessed for your enrollment.

**Late Payment Agreement:**

Students that owe less than $150.00 for a semester or session, and have difficulty paying the balance prior to the payment deadline, submit a Late Payment Agreement to the Enrollment Center immediately after you register to avoid being dropped.

Students that owe less than $150.00 for a semester or session, and have difficulty paying the balance prior to the payment deadline, submit a Late Payment Agreement to the Enrollment Center for consideration. Call (714) 895-8121 for further details.

**REFUND POLICY**

**To Be Eligible For a Refund:**

Students must officially withdraw from classes by the refund deadline (Refer to the Student Class Program/ Web Schedule Bill on the Student tab of the MyGWC portal page). It is the student’s responsibility to officially withdraw from classes and to verify all withdrawals. An instructor may drop students for non-attendance. Instructors are not responsible for making sure drops are made by the refund deadline. If the student has not been dropped from the class by the instructor, the student is responsible for withdrawing from the class by the refund deadline. Students who are officially enrolled in a class after the refund deadline will not be eligible for a refund. There are no exceptions.

**Refund Processing:**

Refunds will be automatically processed every week beginning the first week of registration of the semester in which the fees were paid and each week thereafter until the end of the term. Official withdrawals made in accordance with the refund policy and by the withdrawal deadline will generate a credit balance on the student’s account.
Online Credit Card Payment Refunds:
Registration fee payments made by credit card through MyGWC will be refunded to the same credit card used for payment. Allow 6-10 business days for the refund to post. If the Credit Card used to pay fees is no longer valid, it is the student's responsibility to notify the Enrollment Center once the credit has been posted to the student's account and prior to the refund being processed. The refund will be converted to a check refund upon proper notification.

All requests for review of account summary must be made within the one-year grace period from the semester in which the fees were assessed. Such petitions are subject to review.

In Person Payment Refunds:
Fee payments paid in person, by cash, check, money order or credit card, will be refunded through Higher One as either a check, mailed to the mailing address Enrollment Services has on file, direct deposit to an existing bank account or to a Higher One account depending on the refund choice made by the student. It is the responsibility of the student to maintain correct and up-to-date address information. Addresses can be updated on MyGWC, under the Student Tab, and then click on Banner Self Service.

Important:
Payments made using multiple payment methods (online credit card payments and cash, check or money order) during the current registration period will be refunded to the credit card used for online payments.

Cancelled Classes:
If Golden West College cancels a class, registration fees for that class will be refunded. If you purchased a parking decal, it must be returned to the Enrollment Center within 2 weeks of the class cancellation date.

Returned Checks:
Any check returned unpaid (stop payment or insufficient funds) does not constitute automatic withdrawal from class. A check returned from the bank for any reason is subject to a $25 service charge. A hold will be placed on student records for any financial obligation, until the obligation is cleared.
ACADEMIC HONORS
Golden West College recognizes academic honors through a semester (fall and spring) Academic Honor’s List and an annual acknowledgement of those who graduate with honors.

Eligibility for Academic Honor’s List:
• A 3.5 grade point average in 12 or more units (completed in one semester) in courses evaluated with letter grades.

Eligibility for Graduation with Honors:
• Meet all graduation requirements.
• A 3.5 cumulative grade point average and a minimum of 48 units in courses evaluated with letter grades.*
• All graded coursework is included in making this determination.

*Spring grades will not be used in computing the grade point average for the graduation ceremony, but will be used in determining the final grade point average for the diploma.

ALPHA GAMMA SIGMA HONOR SOCIETY
Alpha Gamma Sigma, established in 1922, is California’s Community College Honor Society. The state organization schedules two conferences each year, awards thousands of dollars annually to outstanding AGS honor society members, and provides a forum for academic excellence, student success, and community involvement on the California community college campuses.

Eligibility for membership in the Sigma Pi Chapter at Golden West College is based on completing 12 or more graded college units at GWC, with a cumulative GPA of 3.0 or better. Membership is renewable each semester. Chapter dues and grade verification are required.

Permanent membership is awarded to students completing 60 units, with two semesters of membership, and a cumulative GPA of 3.25 or better. Permanent members receive recognition on their GWC transcript and diploma and at the state level. All graduating AGS members in good standing may wear a gold AGS stole at the GWC graduation ceremony.

The Sigma Pi Chapter at Golden West College recognizes academic achievement and promotes scholarship eligibility and transferability to four-year institutions.

Active AGS members practice leadership and organizational skills, initiate service programs for the campus and community, and develop networking, and interpersonal communication skills. Members meet weekly on campus during the fall and spring semesters. There are no scheduled meetings during intersession or summer.

Students must apply for membership during the first ten weeks of the fall or spring semester. Turn in AGS membership application forms, dues and grade verification to the GWC Fiscal Services Office.

ASGWC
(See Student Life and Leadership)

ASSESSMENT CENTER
The Assessment Center provides English, English as a Second Language (ESL), and Math placement test services for prospective and current students at Golden West College. The results from the placement tests are used to determine course enrollment. Final decisions about selection of courses and programs of study are made by the student in consultation with counselors. Additional information can be obtained on the website at http://www.goldenwestcollege.edu/assessment/ or by contacting the Assessment Center at (714) 895-8388.

Testing services designed to assist an individual in making career decisions can be arranged through contact with a member of the college counseling staff.

ATHLETIC PROGRAMS
The athletic program of Golden West College is coordinated by the Athletic Director. Included in the Physical Education complex are the Gymnastics, Cardiovascular/Strength Training Fitness Center, and the Yoga/Pilates Center.

Outdoor facilities feature a rubberized all-weather track, football field, baseball diamond, softball diamonds, tennis, basketball, sand volleyball courts, golf utility field, and soccer field. The total complex is complemented by an Olympic-sized, 50-meter pool and a rehabilitation pool.

Intercollegiate Athletics:
Golden West College is a member of the Orange Empire Conference of the California Community College Association. Member colleges of the conference are Cypress, Fullerton, Irvine Valley, Norco, Orange Coast, Santa Ana, Santiago Canyon, Riverside, Saddleback, and Golden West. The College sponsors a full program of intercollegiate athletic competition.

In football the college is a member of the Southern California Football Association comprised of Southern California Community Colleges.

Men’s sports include football, soccer, cross country, and water polo in the fall; and baseball, swimming, track, and volleyball in the spring.

Women’s sports include cross country, water polo, soccer, and volleyball in the fall; and track, women’s sand volleyball, swimming, and softball in the spring.

Athletic Eligibility:
To be eligible for intercollegiate participation at Golden West College,
Physical Education and Fitness Programs:

To meet the fitness needs and increase awareness of how to live a longer and healthier life, a number of the college’s physical activity facilities are available for use by the surrounding communities.

A variety of cardiovascular conditioning and strength training classes are offered for enrollment. Also there are outdoor sand volleyball, basketball, and tennis courts and the running track which are open to the community year-round as long as their use does not interfere with regularly scheduled classes.

For additional information on athletic eligibility and teams or physical education and programs, contact athletics@gwc.cccd.edu or physicaleducation@gwc.cccd.edu or call (714) 895-8333.

BOOKSTORE

The GWC Bookstore serves the campus community by supplying textbooks (required and optional, new and used), general trade and reference books, school and office supplies, gifts, clothing, greeting cards, and computer software at educational pricing. The Bookstore has liberal refund/exchange and buyback policies and offers online shopping with delivery or in-store pick-up options. You can save up to 50% by renting your textbooks or purchasing digital text books. Visit www.gwcstore.com.

CALWORKS/RE-ENTRY CENTER

“EDUCATION THAT WORKS”

The CalWORKs/Re-Entry Center at Golden West College provides specialized support services for economically disadvantaged parent(s) who are receiving CalWORKs/TANF benefits.

A large array of services are available for eligible CalWORKs students. These services include individualized counseling, career assessment, transportation assistance, advocacy with county social services and community based service providers when necessary, school supplies, and job development assistance. Through personal attention and motivation, the CalWORKs/Re-Entry staff is dedicated to providing assistance and support to ensure student success.

Visit the CalWORKs/Re-Entry website at http://www.goldenwestcollege.edu/calworks. Contact the CalWORKs/Re-Entry Center at (714) 895-8111 or stop by the center in the Administration Building, 2nd floor. If you are deemed program eligible, a counseling appointment will be scheduled for you.

CAREER CENTER

The Career Center provides students assistance with the career development process. Our resources help students explore your personality, interests, values, and skills so that you can make an informed decision when choosing a major and/or career. Individualized assistance is provided by trained personnel and counselors to help you reach your educational and career goals.

For further information call or come by the Career Center located in the east wing of the Administration Building - near the Counseling Center.

Career Services - (714) 895-8217

Services include:

- Computerized assessments to learn more about yourself.
- Career assessments to identify interests and personality related to career choice.
- Computerized career information systems that outline job descriptions, salaries, job outlook, and education/training requirements.
- Workshops from professionals in the community with information on career opportunities in various fields.
- A library of published materials covering majors and related occupations.
- Access to employment opportunities and support with resume and interviewing skills.

CHILD DEVELOPMENT CENTER

Registered student parents may enroll their children in Infant/Toddler Care for children ages 6 weeks to 2 years or in Preschool care for children ages 2-5. Full-time Infant Care and Preschool are available from 7:00 am – 6:00 pm, five days per week, Monday-Friday. A part-time option, for 2-3 days per week from 7:00 am - 6:00 pm, is available for children who are 3 or older and fully potty trained. For specific information and fee payment, parents may contact the Child Development Center at (714) 899-5900. Hours: 7:00 am to 6:00 pm, Monday through Friday.

STUDENT RESOURCES AND ACTIVITIES
STUDENT RESOURCES AND ACTIVITIES

COLLEGE EMERGENCY HOTLINE
A person may call the College Emergency Hotline (714) 895-8170 for information regarding emergency campus closures or when the State issues a potential stage three alert for power outages.

COMMUNITY EDUCATION AND ACTIVITIES
One aspect of the community college mission is to promote involvement of the community. Golden West College Community Education and Activities strives to identify and meet the needs of the community which are not met by college credit programs. These services, which are self-supporting and fee-based, include cultural enrichment, educational, holistic health, recreational, and vocational activities.

Programs offered through Community Education and Activities are lectures, workshops and educational programs on a variety of subjects and programs for children and seniors.

Qualified individuals are encouraged to submit proposals to present programs in such areas as senior citizens, “College for Kids,” business, holistic health, personal and professional development.

Gold Key Card Program:
Gold Key cards are available to persons who are 60 years or older. This card entitles senior citizens to free parking in GWC student stalls, reduced rates on services at Cosmetology, and discounted prices at designated GWC events such as plays, concerts, and lectures. Gold Key cards are available for a fee of $5.00 per semester and are effective through the end of each semester. The card may be purchased in the Community Education and Activities Office.

Community Education and Activities Programs Refund and Transfer Charges:
Refunds must be requested at least three working days prior to the program start date or the printed refund deadline date for selected programs. There will be a $10.00 processing fee for each program.

Participants who have registered for a program and request a transfer to another program must pay a $10.00 processing fee. Transfers are accepted no later than three (3) working days prior to the program start date or the printed refund deadline date for selected programs.

Swap Meet:
Community Education and Activities takes pride in its many accomplishments. Among them is the success of the Golden West College Swap Meet which began in the spring of 1979 with a turnout of 100 vendors. The Swap Meet is open Saturdays and Sundays throughout the year except during winter break and Easter Sunday. Featuring over 700 vendor spaces per day, the Swap Meet provides a great environment for family outings. Admission and parking are free to the public.

COOPERATIVE WORK EXPERIENCE PROGRAMS
Students may earn elective units of credit towards completion of a certificate for work with employers approved by the college. The employment must relate to the student’s educational and/or vocational objectives. The learning value of the student’s job will be identified each semester through the use of job-related objectives. Students may enroll for cooperative work experience credit during the regular college registration periods.

Units of Credit:
Students may earn up to 4 units of credit per term and can accumulate a maximum of 12 units of Work Experience credit while attending Golden West College. Units may be transferable to California State University campuses as elective units.

Guidelines:
The student’s job must be directly related to his/her college major or career goal.

1. Learning objectives are prepared each semester with the aid of their job supervisor and college instructor.

2. The student must be initially enrolled in a minimum of seven (7) units including work experience for each semester he/she participates in the program.

3. For enrollment information please contact the Dean of the area where the Work Experience will be used to meet the requirements of the certificate or majors.

COUNSELING
Counseling
Golden West College counseling services assist students in reaching their educational/career goals by offering:

• Online Orientation for a successful college experience.
• Counseling courses to help clarify career and academic goals.
• Individualized counseling to assist students with achieving their career and academic goals.
• Assistance with course selection and program planning.
• Information for transferring to other colleges and universities.
• Special workshops and seminars on a variety of educational, career, and personal topics.
• Electronic counseling, for answers
to general questions, is available at: www.goldenwestcollege.edu/counseling.

To meet with a counselor call (714) 895-8799 or come by the Counseling Center located in the Administration Building for assistance.

**New Student Advisement and Priority Registration Process**

Assistance in planning college classes to meet desired goals is made available to each student prior to enrollment in coursework. All new students are required to complete the Priority Registration Process, which includes completion of the orientation, assessment testing in Mathematics and English, updating your Program of Study and creating a Student Educational Plan (SEP). The Priority Registration checklist and the online student orientation can be accessed from the student tab on MyGWC.com.

**Transfer Center**

The Transfer Center is dedicated to helping students make a seamless transition from the community college to a four-year college/university. We serve as a resource center for students seeking to continue their education at baccalaureate and graduate level programs. The following information and services can be found in our center:

- A library of college/university catalogs, directories, publications, and online websites
- Transfer Admission Guarantee (TAG) selected University of California Campuses and Transfer Admission Agreements with private universities.
- Associate Degree for Transfer programs
- General Education and major articulation for UC, CSU, and private/independent universities.

Transfer fairs with representatives from various colleges/universities in both the fall and spring semesters

Workshops and assistance with university applications, financial aid, and transfer services.

College campus tours

Individual appointments with an Admissions representative from local UC, CSU and private universities.

Students can visit our website at www.goldenwestcollege.edu/transfercenter/ for an updated information and calendar of events. For In-person assistance, please visit the Transfer Center located in the east wing of the Administration Building, or call (714) 895-8794.

**CULTURAL PROGRAMS**

**Art Gallery**

The Art Gallery at Golden West College exhibits regional, national, and international art. The gallery consists of our annual juried student exhibit, an annual plein air exhibit, and several traditional and contemporary art exhibits throughout the year.

**Dance**

The annual dance concert features GWC students and invited guests. There are additional performances and master classes offered in the GWC studio dance theater and in the community.

**Intercultural Program (ICP)**

The Intercultural Program supports the Golden West College mission to create an intellectually and culturally stimulating learning environment for students and the community. The ICP enhances academic excellence through co-curricular programming which includes a variety of intercultural events, workshops, field trips, invited speakers and other collaborative programs offered at the college, the Coast Community College District, and within the local community. For more information, contact the Intercultural Program office at (714) 895-8906.

**Music**

On-campus and off-campus concerts are performed each year by the Chamber Choir, Early Music Ensemble, and Symphonic Band.

**Theater Productions**

The Golden West College Theater Department provides a diversified theater season consisting of Mainstage Theater and Stage West Theater productions. Drama, comedy, and musical productions are offered, with themes from the classical to the contemporary.

For more information about Golden West College’s outstanding Fine and Performing Arts programs, call (714) 895-8772 (Arts and Letters division) or go online to www.gwctheater.com (Performing Arts) and www.goldenwestcollege.edu/finearts/gallery (Community Art Gallery).

**DISABLED STUDENTS PROGRAMS & SERVICES (DSPS)**

Golden West College offers students with disabilities a variety of support services to ensure equal access to instruction. If students have a verified disability, they are encouraged to request assistance from the Disabled Students Programs & Services (DSPS). After meeting with a DSPS counselor, services may include, but are not limited to:

- Registration Assistance
- Sign Language Interpreters
- CART/Captioning Services
- Adaptive Technology
- Alternative Media
Welcome to Golden West College

STUDENT RESOURCES AND ACTIVITIES

• Academic and Career Counseling
• Testing Accommodations
• Note Taking Services
• Priority Registration
• Courses are offered in Reading, Language, and Math in the High Tech Center (HTC)
• Adaptive Physical Education Courses
• Liaison with Campus and Other Agencies

The DSPS Office is located in the former KOCE Building #22 across from Forum II. For additional information, eligibility, policies, and procedures regarding accommodations and services, please call: (714) 895-8721 (voice), email: dsp@gwc.cccd.edu or visit: www.goldenwestcollege.edu/dsp

EXTENDED OPPORTUNITY PROGRAMS (EOPS) AND SERVICES & COOPERATIVE AGENCIES RESOURCES FOR EDUCATION (CARE)

The EOPS/CARE Programs are categorically funded by the State of California and are designed to serve educationally and financially disadvantaged students. These special programs provide services that assist qualified students in overcoming various obstacles while attempting to succeed in college. One of the main objectives of the programs is to ensure participants equal access to success while pursuing their certificate of achievement, an Associate in Arts Degree (A.A.), and/or meet four-year university transfer requirements.

Qualified students are welcome to take advantage of the following services:
• Book Service
• High School Outreach

• Transfer Assistance
• Counseling
• Peer Advisement
• Tutoring and the CARE program
• Learning Skills Classes
• Priority Registration Program (if qualified)
• Foster-Youth Services
• Study Hall Access
• Single Parent Services

The EOPS/CARE Office is located on the second floor of the Administration Building. The telephone number is (714) 895-8768. Voluntary participation in these programs is based on state mandated guidelines. Students must apply for financial aid, complete an EOPS application, complete the College assessment test, and be enrolled as a full-time student at Golden West College. Students must also maintain satisfactory academic progress as defined by the Financial Aid Office. If applying for the CARE Program an additional application is required to establish eligibility.

FINANCIAL AID

The Financial Aid Office (FAO) administers all Federal and State financial aid programs available to GWC students. This includes grants, fee waivers, loans, and on-campus work opportunities. The FAO’s goal is to assist students and their parents in paying for educational costs (which includes reasonable living costs) by using the U.S. Department of Education methodology to evaluate the student’s or student’s family’s ability to pay these costs and distributing limited financial aid resources in an equitable manner.

All students who are U.S. citizens or legal residents should apply for financial aid even if they think that they will not qualify. Because many different types of aid exist with differing qualifications, only a financial aid staff member can really determine what types and how much aid a student qualifies for. Often those who think they will receive nothing, qualify for something.

Financial aid is awarded on a first-come, first-served basis. Golden West College may not have enough of certain funds to award all eligible students, so students are highly encouraged to file their applications early (January or February for the following fall semester). Another reason to file your application before March is to ensure that you meet the state priority filing deadline for Cal Grant (March 2nd). You may apply for financial aid after March 2nd and through the year for which you want to receive aid, however those who apply later will miss these early filing opportunities and will also wait longer for their financial aid application to be reviewed.

It is up to the student to make the effort to learn where, when and how to apply for financial aid. It is important for the student to understand that they are responsible for meeting all deadlines and requirements. The more you plan ahead, the better your opportunities. The Golden West Financial Aid Staff is available to assist applicants in completing the process successfully. The GWC Financial Aid website (click Financial Aid under the Student Services tab at www.goldenwestcollege.edu) is an additional resource for prospective and current applicants to learn more about various financial aid and scholarship opportunities.

You May Be Eligible For Financial Aid If You:

Go to www.fafsa.ed.gov and complete the Free Application for Federal Student Aid (FAFSA) and include the Golden West College federal code: 001206.
• Are determined to have financial need based upon your FAFSA data and the Financial Aid Office review.
• Are a United States citizen or a permanent resident or an eligible non-citizen.
• Are an undergraduate student enrolled in an eligible program at Golden West College.
• Do not owe a refund on any grant received at any post-secondary institution and are not in default on any student loan.
• Maintain satisfactory academic progress as defined by the GWC Financial Aid Satisfactory Academic Progress Policy.

You May Also Be Asked To Submit Some Or All Of The Following:
• A signed copy of your IRS tax transcript, or Income Certification if you did not file.
• A signed copy of your parent’s IRS tax transcript, or Income Certification if they did not file.
• Untaxed Income Verification.
• For men, proof of selective service registration.
• Any other information necessary, as requested by the Financial Aid Office.

For a comprehensive overview of applying for and receiving financial aid at Golden West College, visit the GWC financial aid website (click Financial Aid under the Student Services tab at www.goldenwestcollege.edu).

FINANCIAL AID PROGRAMS
The application form for all financial aid awards administered by the GWC Financial Aid Office is the FAFSA. The FAFSA is an online application that you both complete and submit online to the United States Department of Education. FAFSA Worksheets are available in the Financial Aid Office to help guide you through this process. A few programs may require you to submit a secondary application form in addition to the FAFSA.

Federal Pell Grant: A Federal grant for undergraduate students. The award is based upon the student’s Expected Family Contribution (EFC) (determined by the FAFSA) and is prorated to the number of units a student is enrolled in or completes.

Federal SEOG: The Supplemental Educational Opportunity Grant for undergraduates with exceptional financial need. Funds are limited and awarded on a first-come, first-served basis.

Cal Grants: State grants for undergraduate students. Students must submit their FAFSA by March 2nd to be considered for a Cal Grant for the following academic year. The State of California awards these grants to students through the GWC Financial Aid Office on an entitlement basis and also on a competitive basis. If the student has not completed 24 degree-applicable units within the Coast Community College District, then the student must have their high school GPA verification form submitted to the State of California by their high school by March 2nd.

Cal Grant A awards assist low and middle-income students with tuition/fee costs and are made on the basis of need and grade point average. Students who plan to enroll at a community college before transferring to a four-year college or university may apply for a community college reserve grant through Cal Grant A.

Cal Grant B awards assist very low income, first-year students with living expenses, books, supplies, transportation, and other non-tuition costs. (Renewals may also cover tuition/fee costs.)

Cal Grant C awards assist low and middle-income vocational students with tuition and training costs. Recipients must be in a program of study that is four months to two years in duration, at a vocational school, community college, or independent college

Chafee Grant: A grant that is only available to students who were foster youth. The grant pays up to $5,000. You may apply at: https://www.chafee.csac.ca.gov/default.aspx. Students who are eligible for a Chafee Grant should also contact the EOPS office to learn more about qualifying for the Guardian Scholarship Program

Federal Work-Study: The Federal Work-Study (FWS) program is designed to provide eligible students who have financial need an opportunity to earn a part of their educational expenses through work. Most of the FWS work is done on the GWC campus, making it easier for students who have transportation issues or difficulty scheduling classes around a demanding job. FWS funds are very limited and awarded on a first-come first served basis to students with the lowest EFCs who have indicated on their FAFSA a desire to work.

Direct (Stafford) Student Loan: This is a loan and must be repaid. The loan is available in both subsidized and unsubsidized forms. Entrance and exit counseling is required. You must complete and submit a FAFSA, and complete any required documents.
Board of Governors Fee Waiver (BOGFW): Available only to California residents attending a California Community College. The BOGFW will waive the per-unit enrollment fees for all qualified applicants. The BOGFW does not waive any other college fees, which you must pay. If not paid, you will be dropped from your classes.

Dream Act: AB540 students who meet the qualifications will be exempt from paying nonresident tuition and have the opportunity to qualify for a Cal Grant. Please visit the following website for additional information, www.cccd.edu/students/financial-aid and click on California Dream Act.

Rights and Responsibilities of Students: All students are entitled to receive equitable treatment in the awarding of financial aid. It is the student’s responsibility to report any changes in his/her financial or academic status. All financial aid recipients are expected to maintain Satisfactory Academic Progress or they will lose their financial aid eligibility. Please read the Satisfactory Academic Progress Policy on our webpage.

Expected Family Contribution (EFC)

Parents’ Contribution: The primary responsibility for assisting students with the cost of a post-secondary education lies with the student and often times his/her family. The expected contribution is determined by a federal need analysis process evaluating the family’s financial information provided on the FAFSA.

Student’s Contribution: All students are expected to contribute toward their own educational expenses. A student’s income and assets will also be assessed through federal methodology based upon data submitted on the FAFSA.

Satisfactory Academic Progress (SAP) Policy for Financial Aid Recipients

SAP standards apply to all federal and state aid applicants whether or not they have previously received student financial aid.

Students receiving financial aid must agree to make Satisfactory Academic Progress toward their educational goal. Failure to maintain these standards will result in the loss of eligibility for financial assistance. This policy applies to students receiving assistance from those financial aid programs administered by the GWC Financial Aid Office and is separate from the College’s academic progress policies.

All students must meet the SAP policy (partially detailed below) to be eligible to receive financial aid.

The Financial Aid Office reviews academic progress at the end of each academic term. SAP includes measures of cumulative G.P.A. and unit completion progress, with a maximum number of attempted units allowed. Please read the SAP policy in its entirety on our website.

Refunds/Repayments/Over-Awards:

Refunds: In accordance with Public Law 105-244 students who receive federal financial assistance and withdraw from all of their classes before completing more than 60% of the semester will be required to return any unearned federal funds. The amount of the return will be calculated on a pro-rata basis. Federal Work Study (FWS) earnings are excluded from the calculation.

Repayments/Over-Awards: Should it be determined at any time that the student received funds for which he/she was ineligible, the student will be required to repay these funds. Students will be notified in writing via e-mail of repayment options and the consequences of non-payment.

IMPORTANT NOTICE: Be advised that financial aid award amounts may increase or decrease due to a variety of factors, which may include a change in either the student’s enrollment status or the student’s FAFSA data. The Financial Aid Office reserves the right to modify financial aid award amounts at any time due to either changes in the availability of funds or changes in Federal regulation.

For More Information: This section only briefly touches upon what you should know about student financial aid. Please visit the GWC Financial Aid Office and website (click Financial Aid under the Student Services tab at www.goldenwestcollege.edu) for more information and specifics about student financial aid.

GWC FOUNDATION

The Golden West College Foundation was organized in 1985 to solicit and manage gifts to benefit the college and its students. The Foundation is dedicated to supporting the College’s mission of providing comprehensive academic opportunities to the community for lifelong learning.

A board of directors provides the leadership and direction for the organization’s operation and manages the Foundation. The Foundation has grown steadily since 1985 with assets over $8,400,000. This has been accomplished through donations of cash, bequests and grants from individuals and businesses. The Foundation has provided over $7,400,000 in scholarships to Golden West College students, and over $8,000,000 in program support. In addition to cash assets, the Foundation annually receives donated equipment and supplies that represent thousands of dollars in gifts-in-kind.

The primary focus of the Foundation Board of Directors is to work towards building support for college-wide...
needs. To nurture groups who have special interests in supporting Golden West College, the Foundation provides direction to two auxiliaries. Each auxiliary is managed by its own board and officers, requiring membership dues for operational expenses. Membership is open to the public.

Information is available by calling the Foundation office, (714) 895-8316, or at www.goldenwestcollege.edu/foundation or addressing a letter to the Golden West College Foundation, 15744 Goldenwest Street, Huntington Beach, CA 92647-3103.

Golden West College Patrons
Organized in April 1973, the Golden West College Patrons membership is composed of alumni, community members and GWC staff and faculty. The Patrons is a volunteer organization that raises monies for student scholarships through their Chefs for Scholarships event held each fall. The members also volunteer each year in support of other events such as Commencement, Scholarships and Awards, and Gala.

Hens and Chickens
The Hens & Chickens Quilt Fellowship of GWC began in 1989 when a group of quilters did not want to disband after taking a quilting class. Their name was taken from the name of a quilt block. Members range in age from 7 to 75. Each year they create a custom, one of a kind quilt which is raffled and proceeds are given as The Hens & Chickens Quilt Fellowship Scholarship.

HISPANIC SERVING INSTITUTION
Golden West College is proud of its designation by the Federal Department of Education as a Hispanic-Serving Institution, defined as a non-profit institution that has at least 25% Hispanic full-time students. Because of our location in Huntington Beach, Orange County, and our commitment to attract a broad range of students seeking educational opportunities, the Hispanic students play an important role in our campus life. Students have the opportunity to participate in the Puente Program and Club, the Intercultural Center, and the Mi Casa Student Club as well as to participate in a variety of courses that explore the impact and contribution of the Hispanic cultures in American society. Chicano/Latino students from the surrounding high schools have the opportunity to attend the annual Chican@ Latin@ College Day event, as they have been doing since its inception in 1975. This event is a well-established tradition, embraced by the local high schools, Latino community and CCCD.

ONLINE INSTRUCTION
The Online Instruction Department supports online learning and instruction by providing students with technical support for online education, and assisting faculty in developing and maintaining their courses within the Blackboard learning system.

Located in the annex building of the Learning Resource Center, the Online Instruction Department welcomes walk-ins from 8 a.m. to 5 p.m., Monday through Friday. The Online Instruction team may also be contacted for phone support from 8 a.m. to 5 p.m., Monday through Friday at (714) 895-8389, and online at www.onlinegwc.org.

Online Courses
Online courses require a specified number of hours per week of course participation within Blackboard (see course details in the searchable schedule). These hours can be completed at times that fit within the student’s schedule, provided all course due dates are met. Since there are no on-campus meetings for fully online classes, students must log on to Blackboard (through www.onlinegwc.org) on the first day of class to avoid being dropped for non-attendance.

Hybrid Courses
In addition to the specified Blackboard participation hours, Hybrid courses also require on-campus course meetings. The meetings may be weekly for the duration of the semester; or there may be only a few specified meeting dates (see course details in the searchable schedule). In either case, these meetings are not optional. Students should ensure they will be able to attend all on-campus meetings before signing up for a Hybrid course.

Blackboard as a Supplement to On-Campus Courses
Instructors teaching a traditional, face-to-face course may choose to utilize Blackboard to post information, administer assignments and exams, or communicate with their students.

Please note that, although there are some exceptions, most Blackboard courses do not appear to students before the start date of the course. Additionally, while Blackboard courses usually remain open for a certain number of days after the semester ends, they will not be available to students indefinitely.

Visit www.onlinegwc.org for additional information about online courses at Golden West College.

OUTREACH
outreach@gwc.cccd.edu
Outreach is dedicated to making the transition to college easier by providing information to all who inquire about Golden West College and its programs.

Services include:
• Group tours (by appointment)
• Individual tours (by appointment)
• Classroom presentations
• College Nights and Career Fairs
• Liaison for elementary, middle, and high schools
• Information requests
• Special Campus Events

PEACE STUDIES
The Peace Studies program at Golden West College offers students an opportunity to learn about the value of peace and teaches tomorrow’s leaders how to utilize peacemaking and conflict management skills in their daily lives.

This program provides an interdisciplinary perspective to the study of conflict, violence, war, and peace. The program also provides students with leadership skills that are essential in the highly complex and interdependent world in which we live. This interdisciplinary program is open to all students.

The GWC Peace Studies program is a preparation for those seeking to pursue careers in international affairs, whether through the Foreign Service, Peace Corps, United Nations, United States Institute of Peace, or international non-governmental organizations. Areas of involvement include human rights, social and economic development, disarmament, conflict analysis, transitional and global threats, and general peacemaking. The student seeking a domestic career may find work as a mediator or conflict resolution specialist, human relations specialist, human resources specialist, justice and trauma healing professional or educator.

PUBLIC SAFETY
Golden West College maintains a Public Safety Department with personnel available 24 hours a day. Anyone may report any criminal or non-criminal activity, or emergency, by calling (714) 895-8924 or (714) 895-8999 for emergencies (or by dialing 911). The Public Safety Department is located in the Health Science Building south of the Math/Science Building, and is open between the hours of 8:00 a.m. to 5:00 p.m. Monday through Friday.

Additional information regarding the Golden West College Public Safety Department and their services can be obtained by visiting:
goldenwestcollege.edu/publicsafety/

PUENTE PROGRAM
The Puente Program is a two semester learning community that includes three main components. The accelerated writing course sequence incorporates Mexican-American, Latino and other multi-cultural authors with emphasis on English writing skills. Intensive counseling provides students with sustained, in-depth career and academic guidance throughout their enrollment in community college. Students then receive mentoring from members of the community who are recruited, trained, and matched with students to share career advice and personal experiences. Students in the Puente Program enroll as a cohort in required coursework each semester and participate in the program as a true learning community that supports personal, academic, and cultural development of students.

All students are eligible to enroll in the Puente program. Once enrolled in the Puente Program, students can continue to take advantage of Puente mentoring, counseling, and guidance while enrolled at Golden West College.

Eligibility:
All students are eligible to enroll if they meet the following requirements:

1. Eligibility for English G099 in the fall semester, either by completion of prerequisite coursework or assessment score placement.

2. Completion and submission of the Puente Program application, available in the Counseling Office, or online at www.goldenwestcollege.edu/puente.

3. Enrollment in the program is on a first-come, first-served basis.

4. Commitment to the goals of the Puente Program, including an intent to transfer to a four-year college/university.

Benefits:
1. Intensive writing training
2. Mentoring
3. Transfer counseling
4. Career development
5. Identity development
6. Inclusion in an active learning community

Puente Classes:
Fall 1st Semester:
English G099 – Introduction to College Writing/Reading, 3 units
College G100 – Becoming a Successful College Student, 3 units

Spring 2nd Semester:
English G100 – Freshman Composition, 3 units
Counseling G104 – Career and Life Planning, 3 units

RESERVE OFFICERS TRAINING CORPS
AIR FORCE RESERVE OFFICERS TRAINING CORPS (AFROTC)
For more information, contact the Loyola Marymount University Department of Aerospace Studies (AFROTC) at (310) 338-2770.
SCHOLARSHIPS
Citizens and organizations donate funds for scholarships to be awarded to deserving Golden West College students. Scholarships are awarded on the basis of scholastic achievement, financial need, and/or contribution to campus and community life according to the criteria set up by the donor. Application forms are available in November of each year and awards are presented in May at the Scholarship and Awards Ceremony. Funds are available the following academic year. Visit www.goldenwestcollege.edu/scholarships for more information.

STUDENT LIFE AND LEADERSHIP
The Office of Student Life and Leadership strives to maximize personal growth and development in students by providing a variety of opportunities for involvement, service and leadership in co-curricular, campus and community activities. In response to the varying needs of the student population, Student Life and Leadership recognizes diversity as a core value of our campus community. With an emphasis on academic excellence and student retention, Student Life and Leadership supports the academic mission of the college by working to create experiential learning opportunities outside of the classroom and encouraging students to actively participate in the greater educational community as part of the college’s fully integrated planning process. The Office of Student Life and Leadership also oversees the daily operation of the Student Center and the Student Center Game Room with staffing and maintenance.

Specific service areas include:

Campus Life - Assists students and staff with planning co-curricular campus activities.

Housing Referral Service - Rental and roommate listing maintained.

Student Life and Leadership - Provides information related to policies and procedures of Golden West College.

College Services Charge/Sticker - The College Services Sticker is available in the Office of Student Life and Leadership. This charge provides discounts throughout the year at various campus life events.

Locker Rental - Low cost locker rental is available for students in the Office of Student Life and Leadership.

Student Council and Senate - Members of the Student Government share active and vital roles in the governance process at Golden West College. Student Council members are elected by the general student body or appointed when vacancies occur. Student Delegates have the opportunity to join ASGWC at anytime throughout the year. The Student Senate has five committees: Publicity, Student Interest, Finance, Activities, and Sustainability that assist in the organization and operation of campus programs and events.

Clubs and Organizations - Serves the interests of the student body through various social, honorary, service, professional, academic, special interest clubs, organizations, and associations.

Publicity - Posters and banners are prepared to order for a nominal fee or are free to campus clubs. Information about the posting policy for GWC can be obtained from the Office of Student Life and Leadership. The LED Marquee, located in the Student Center Patio, is available to post on-campus events and programs.

Student Participation on College Committees - Students are encouraged to participate in the participatory governance process at Golden West College.

Club West Vendor Program - Various discounts are available to staff and students from merchants in the surrounding community.

Student Center - Offers a variety of amenities to students, including the Cove Café (Food Services), a lounge area with large HD LED television, Student Information Center, wireless internet access, and an internet café.

Student Center Stage - Available for student forums, community presentations and small productions.

STUDENT LEARNING SERVICES
Disabled Students Programs & Services (DSPS) High Tech Center (HTC):
(714) 895-8322 or www.goldenwestcollege.edu/dsp

The High Tech Center (HTC) located in the Learning Resource Center (LRC) is a specialized computer lab that provides adaptive computer hardware and software for students registered through the GWC DSPS office. Individual assistance is provided on an as needed basis. Students must register for HTC Open Lab unit and be earning units at GWC concurrently with the
semester in which they are enrolled. For assistance in registering for the HTSP Open Lab please contact the DSPS Office.

Adaptive programs include:
ZoomText, Kurzweil 3000 (Scan/Read software for learning disabled students), JAWS, Dragon Naturally Speaking, MyReader 2, adaptive keyboard and mouse, adaptive equipment, large monitors, CCTVs and adjustable work stations.

The High Tech Lab also provides an Open Lab class and readiness courses that students can take to improve their skills in English (reading and language) and Math. Students can take a 0.5-unit or 1-unit course depending on their needs. Registration fees are based on the number of units and any associated material fees.

Library
Students, faculty, and staff are encouraged to use the resources of the Golden West College Library to locate information to meet their educational, vocational, social, and personal goals. Librarians teach information competency concepts at the reference desk, during library orientation sessions, through social media and during library classes that assist and instruct library users on the scope of information; how to locate and retrieve relevant information; how to organize, analyze, and evaluate information; and understand the ethical and legal issues surrounding information and information technology.

The library's materials collection is comprised of approximately 45,000 books, a magazine and newspaper browsing collection, full-text online periodical databases, e-books, computers with internet access and Microsoft Office, and DVDs. The library aims to provide 24/7 quick and easy access to timely materials. Other amenities include photocopiers, printers, group study rooms, and resources for physically-challenged students. The Student Textbook Access Reserve (STAR) Collection provides copies of many textbooks for use within the library.

Student Success Center
The Student Success Center is located in the Learning Resource Center. The primary focus of the center is to promote student success by providing all students access to the following programs:

Student Computer Center
(714) 895-8904
goldenwestcollege.edu/lrscc
The Student Computer Center is a computer laboratory that provides unlimited use of computers, high speed internet access, color printing, scanners, course software, CD-RW-DVD combo, Microsoft Office, as well as eleven Macintosh computers loaded with the most current Digital Art software. The Student Computer Center also offers faxing and copying services at a minimal charge to students. To use the Student Computer Center, students must register for Learning Skills 922.

Tutoring and Learning Center
(714) 895-8904
goldenwestcollege.edu/tutoring/
Academic support is available to all GWC students in the classes for which they are currently enrolled. The Tutoring and Learning Center provides the following services:
• Community tutoring
• Drop-in tutoring
• Group tutorials
• Individual appointments
• International Conversation Lab
• Online tutoring

Additional support services include: review sessions before major exams, study skills videos, as well as self-help pamphlets and literature. The Tutoring and Learning Center is located in the Learning Resource Center room 129. For hours and additional information please call 714-895-8904 or visit goldenwestcollege.edu/tutoring/.

Math Readiness Program
(714) 895-8904
goldenwestcollege.edu/lrc
The Math Readiness Program encompasses MATH G010, Elementary Algebra, and MATH G030, Intermediate Algebra, which provides the entry-level Math knowledge, skills, and techniques required to enter upper-level Math sections. This program focuses attention on student-specific needs, tutoring, and other support programs to assist students in becoming successful in their Math course, and lays the foundation for the advanced/transfer Math courses.

Peer Assisted Study Sessions (PASS)
(714) 895-8904
goldenwestcollege.edu/ssc/pass
PASS is a series of weekly review sessions facilitated by a PASS Leader. Sessions integrate what to learn (course content) with how to learn (study skills). PASS provides an active learning environment that promotes students to work together and use each other as resources to better understand the course content. During a typical PASS session, students compare and clarify lecture notes, review textbook readings, and discuss key concepts and difficult course content. To check if your class offers PASS, view the schedule online: http://www.goldenwestcollege.edu/ssc/pass.html
Writing and Reading Center
(714) 895-8303
goldenwestcollege.edu/ssc/wrc

The Writing and Reading Center offers many short courses that help students improve their reading and writing skills. The courses focus on understanding college-level texts, writing essays and research papers, and improving vocabulary and grammar skills. All courses include one-on-one tutoring with experienced instructors. Each course can be taken for units of credit, and all courses are open for enrollment until week 12 of the semester. Fee varies from course to course. Please call for additional information.

Mathematics Computer Lab

The Math Computer Lab is located in the Math and Science Building, Room 227. Each semester some hours are reserved for scheduled classes. At other times the lab is open on an as-needed basis to assist any student currently enrolled in any Mathematics course here at GWC. Please check the posted schedule at the beginning of each semester to see when open hours are available. Phone: (714) 892-7711 ext 51133 Hours: M-Th 8:00 am – 6:00 pm.

STUDENT HEALTH CENTER

Golden West College offers health services for all currently enrolled students who are attending classes and have paid the health fee. Most services are included in the health fee which is currently $19 per semester (subject to change). If there is a charge for medication, labs and services it will be limited to cover only the cost. We want to make health care affordable and convenient for students. Healthy students learn better and stay in school.

The Health Center is designed to provide service for short-term acute illness with a focus on prevention. The Health Center is open Monday through Friday during the Fall and Spring semesters. Call for Intersession and Summer hours. A Registered Nurse will be on duty on these days to provide treatment, health counseling, and referrals to appropriate services. Physicians and psychologists are available by appointment after consultation with a Registered Nurse. We are located in the Nursing and Health Services building next to the Edinger street parking lot on the south side of the campus. To make an appointment call (714) 895-8379. Services are confidential and comply with health privacy laws.

Services include:
- Basic treatment and first aid
- Treatment of illness
- Immunizations
- Family Planning
- Testing and treatment of sexually transmitted infections
- Mental health consultation
- Short term mental health therapy
- Social Services consultation
- Medical lab work
- Health counseling and education
- Referrals to community resources
- Basic physical exams, at an additional charge

Visit our webpage at http://goldenwestcollege.edu/studenthealth/ or search Google for gwc student health center.

STUDY ABROAD PROGRAM

The Coast Community College District Study Abroad Program offers a variety of short-term study abroad programs led by district faculty members. For more information about how to plan your study abroad experience, or to apply, please visit the Study Abroad website at www.cccd.edu/students/int-prgms-stdy-abroad/study-abroad or call (714) 438-4706.

VETERANS SERVICES

Golden West College is approved by the Bureau for Private Postsecondary and Vocational Education for the training of veterans seeking benefits under state and federal regulations. Application and certification for benefits are provided by the School Certifying Official located in the Enrollment Center.

Veterans Resource Center (VRC)

The purpose of the VRC is to address the unique needs of our veteran student population and provide the tools that each individual veteran needs in order to meet his/her educational goals. It also provides students with a place to socialize with fellow veterans and is a meeting place for the GWC Student Veteran Organization.

Eligibility for Benefits

The Veterans Services office will assist veterans and dependents using the following VA educational benefits:
- Post 9/11 GI Bill (Chapter 33)
- Montgomery GI Bill (Chapter 30)
- Montgomery GI Bill Selected Reserves (MGIB-SR Chapter 1606)
- Reserve Educational Assistance Program (REAP Chapter 1607)
- Vocational Rehabilitation & Employment Program (VR&E Chapter 31)
- Dependents’ Educational Assistance (Chapter 35)

To apply for educational benefits, veterans and dependents can use the Veterans On-line Application (VONAPP), which is available on the VA website: www.benefits.va.gov/gibill/
Eligibility for benefits is determined by the Department of Veterans Affairs. The number of units veterans and dependents must take to qualify for benefits varies according to the educational benefit used. Call the VA’s Western Regional Processing Center toll free at (888) 442-4551 for information about compensation and periods of eligibility.

After registering for classes, students using Chapter 33 Post 9/11 or Chapter 31 Vocational Rehabilitation & Employment educational benefits must immediately contact the Veterans Services office to request a fee deferral, or they will be dropped in accordance with the non-payment drop schedule.

Veterans Administration Requirements for Receiving Veterans Benefits

1. To qualify for benefits, veterans and eligible dependents must have, as an educational objective, “an (a) Associate in Arts Degree, (b) Baccalaureate Degree, or (c) Certificate Program.”

2. Veterans and dependents must submit official sealed transcripts from all colleges attended previously to Golden West College within four weeks of being admitted, or future certifications may be delayed.

3. Students must have a counselor-approved Student Education Plan. Only classes that are applicable towards their educational goal will be certified for educational benefits.

4. Students must notify the School Certifying Official of all changes in enrollment at the time of the transaction. The veteran is responsible for any overpayment caused by failure to report changes.

5. Students must maintain satisfactory standards of progress. Students who are on academic or progress disqualification may not be eligible for benefits.

Registration Priority for Veterans

All students are subject to the provisions of SB1456.

Under the provisions of California Education Code Section 66025.8

(a) GWC will grant priority registration to any member or former member of the Armed Forces of the United States, who is a resident of California, who has received an honorable discharge, a general discharge, or an other than honorable discharge, and to any member or former member of the State Military Reserve, for any academic term attended for four academic years after he or she has left state or federal active duty, which he or she shall use within 15 years of leaving state or federal active duty.

(b) A former member of the Armed Forces of the United States or the State Military Reserve who received a dishonorable discharge or a bad conduct discharge is not eligible for priority registration for enrollment pursuant to this section.

Proof of current military status (military ID or DD214 Member 4) must be submitted to the Veterans Services office.

CalVet Tuition Fee Waivers

In recognition of the sacrifices made by veterans while serving our country with honor, the State of California may grant their dependents a tuition fee waiver while attending a California Community College, a campus of the California State University system, or a campus of the University of California System. In addition to submitting an application to the California Department of Veterans Affairs, dependents MUST complete the Board of Governors Fee Waiver form (BOG) available on the school’s website. Please note: the Financial Aid Office recommends students complete the Free Application for Federal Student Aid (FAFSA) which includes the BOG application.

Students who have been approved for the CalVet tuition fee waiver should take their Authorization Letter to the Financial Aid Office. Please note that the waiver is for tuition only. Students must pay any and all remaining fees or they will be dropped in accordance with the non-payment drop schedule.

For more information about this program, contact your local County Veterans Service Office.

Tuition Assistance

Active military using Tuition Assistance should consult with the Director of Admissions & Records.
ASSOCIATE IN ARTS AND ASSOCIATE IN SCIENCE DEGREES

Application Procedures

Associate in Arts degrees are not automatically awarded when the student completes the requirements. The student must file a petition in the Admissions and Records Office according to the following schedule:

<table>
<thead>
<tr>
<th>Graduation Period</th>
<th>Filing Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summer</td>
<td>July 1 - August 1</td>
</tr>
<tr>
<td>Fall</td>
<td>September 1 - November 1</td>
</tr>
<tr>
<td>Spring</td>
<td>February 1 - April 1</td>
</tr>
</tbody>
</table>

Associate in Arts degrees are awarded only after spring graduation, but the graduation date is posted on the student’s transcript after the graduation period in which the Associate in Arts degree is earned.

Certificate of Achievement application may be made during the semester of completion. Filing deadlines are the same as for graduation, above.

Pre-graduation check: Students who have completed thirty units of college work may request a pre-graduation check.

AWARDING OF MULTIPLE DEGREES

Students seeking a concurrent or subsequent Associate Degree must meet the following conditions:

1. All General Education requirements as specified by the current catalog shall be met.

2. Students must complete at least 12 units unique to the major for the additional degree, unless the additional degree is an approved GWC Associate in Arts for transfer (AA-T) or Associate in Science for transfer (AS-T) degree.

3. A minimum GPA of 2.0 for all units counted toward the degree.

4. A minimum of 12 units in residence at GWC.

REQUIREMENTS FOR THE ASSOCIATE IN ARTS FOR TRANSFER (AA-T) OR ASSOCIATE IN SCIENCE FOR TRANSFER (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a GWC counselor when planning to complete the degree for more information on university admission and transfer requirements.

Requirements

The following is required for all AA-T or AS-T degrees:

1. Completion of 60 CSU-transferable semester units.

2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.

3. A minimum of 12 units in residence at GWC.

4. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major. All courses in the major must be completed with a grade of C or better.

5. Certified completion of the California State University General Education-Breadth pattern, (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum pattern (IGETC), 37-39 units.

6. Courses used to satisfy major requirements can also be used to satisfy CSU GE Breadth or IGETC. See a GWC counselor for further information.
ASSOCIATE DEGREE

Associate Degrees are commonly conferred by community colleges. This degree is awarded at Golden West College to students who have satisfactorily completed a program of study with a specific major or area of emphasis and completed the application for graduation. The associate degree is normally completed in two years and has one of two major purposes. Either the program of study prepares the individual for transfer to a four-year college or university or the program of study is intended to prepare the student for immediate employment.

The requirements for the associate degree include the specific courses in the major or area of emphasis and courses comprising the general education or breadth requirement.

The Major or Area of Emphasis required for an AA Degree focuses on a student’s desire to obtain a degree or to transfer to a four-year institution. A minimum of 18 units of coursework in a focused area is required for a Major and a minimum of 18 units of generalized coursework in an area is required for an Area of Emphasis. Either of these, completed along with the General Education Requirements and a minimum of 12 units in residence at GWC meets the AA Degree requirements. All Majors and Areas of Emphasis offered by Golden West College go through the State approval process.

**Major and Area of Emphasis Student Learning Outcome:** Demonstrate skills, abilities, and knowledge in a particular area of aptitude or study.

**Major and Area of Emphasis Requirements:** Minimum of 18 units of study with all coursework for the Major or Area of Emphasis being completed with a grade of “C” or better.

**Major and Area of Emphasis Courses:** See a GWC counselor or the GWC website at www.goldenwestcollege.edu for a listing of required courses for each Area of Emphasis or Major.

CERTIFICATE OF ACHIEVEMENT - TRANSFER

The Intersegmental General Education Transfer Curriculum (IGETC) and the California State University General Education – Breadth Certificates of Achievement are State approved and along with a Major or Area of Emphasis meets the requirement for an AA Degree with the purpose of preparing the student for transfer to a four-year institution. An application must be filed for graduation to be recognized at the graduation ceremony. A minimum of 12 units in residence at GWC is required.

CERTIFICATE OF SPECIALIZATION

This certificate focuses on the student gaining competency in a skill so that he/she can quickly move into the workplace. There is emphasis on updating or newly emerging technologies and the coursework for the Certificate of Specialization must be under 18 units. This certificate is not approved by the State and there is no acknowledgement of completion given at graduation, and is not recorded on a transcript. In order to earn a Certificate of Specialization all courses that apply to the certificate must be completed with a minimum grade of “C” in each course unless otherwise stated. 50 percent of the certificate program must be completed at GWC.

ASSOCIATE IN ARTS DEGREE REQUIREMENTS
(See website: www.goldenwestcollege.edu for most up-to-date information on AA Degree)

Associate Degree Requirements
1. Completion of General Education Requirements by one of the following methods:
   A. Completion of a minimum of 21 units as listed under Areas A through E on the following pages.
   B. Completion of a minimum of 39 units of CSU General Education Breadth requirements as listed on the following pages. Students who complete this pattern are also eligible to receive the Certificate of Achievement in CSU GE Breadth.
   C. Completion of a minimum of 34 (UC) or 37 (CSU) units of Intersegmental General Education Transfer Curriculum (IGETC) requirements as listed on the following pages. Students who complete this pattern are also eligible to receive the Certificate of Achievement in IGETC.

Students should consult a GWC counselor in order to select the best pathway to meet their educational goals. For students who intend to transfer, the choice of either B or C will be specific to both the major or area of emphasis and the 4-year institution to which the student will transfer.

2. Completion of a Major or Area of Emphasis--a minimum of 18 units. See a GWC Counselor for appropriate classes.

3. Completion of additional elective units to a total of 60 units.

4. 2.0 Grade Point Average at GWC and 2.0 overall Grade Point Average for all colleges attended.

5. At least 12 units completed at GWC.

General Education Requirements
Note: One course may not be used to satisfy more than one general education requirement; however, the same course may be used to satisfy a general education and a major or area of emphasis requirement.

Honor course credit limitation: Duplicate credit will not be awarded for both the honors and regular versions of a course.

Area A Communication in the English Language and Critical Thinking
Completion of 3 units from each group.

Group 1: Courses in this area require students to develop and practice spoken communication skills that are appropriate to the audience, context, and goal of the communication situation.

Student Learning Outcome: Specialized Subject Knowledge (Majors) – Successful students will demonstrate a depth of knowledge, skills, and abilities in a particular major. (iSLO 1) Oral and written communication skills – Successful students will produce clear and well-organized communication appropriate to the intended audience, context, and goal of the communication. (iSLO 6)

Courses: Communication Studies G100, G108, G110 (or G110H), G112

Group 2: Courses in this area require students to develop the specific skills necessary to write clear, well-organized papers using documentation and research when appropriate.

Student Learning Outcome: Specialized Subject Knowledge (Majors) – Successful students will demonstrate a depth of knowledge, skills, and abilities in a particular major. (iSLO 1) Information competency skills – Successful students will determine the scope of information needs; locate and retrieve relevant information; organize, analyze, and evaluate information; and understand the ethical and legal issues surrounding information and information technology. (iSLO 4) Oral and written communication skills – Successful students will produce clear and well-organized communication appropriate to the intended audience, context, and goal of the communication. (iSLO 6)

Courses: English G100 (or G100H) with a grade of “C” or better

Group 3: Courses in this area require students to demonstrate critical thinking skills of analysis, syntheses, and evaluation.

Student Learning Outcome: Specialized Subject Knowledge (Majors) – Successful students will demonstrate a depth of knowledge, skills, and abilities in a particular major. (iSLO 1) Analytic skills – Successful students will identify, evaluate, and apply a variety of methods to solve problems. (iSLO 3) Oral and written communication skills – Successful students will produce clear and well-organized communication appropriate to the intended audience, context, and goal of the communication. (iSLO 6)
Courses: Business G139, Communication Studies G220, English G110 (or G110H), or Philosophy G115

Area B  Physical Universe and Its Life Forms
Completion of 3 units in Group 1 and satisfy Group 2.

Group 1: Courses in this area require students to demonstrate a strong factual framework of knowledge about the natural world and be able to use critical thinking skills to build on that framework; incorporate new observations and use a variety of experimental and analytical techniques, as well as data collection and display methods, to construct this understanding.

Student Learning Outcome: Specialized Subject Knowledge (Majors) – Successful students will demonstrate a depth of knowledge, skills, and abilities in a particular major. (iSLO 1) Broad Knowledge - Successful students will demonstrate an understanding of the Core concepts and methods in the sciences, humanities, and arts. (iSLO 2)

Courses: Anthropology G185; Astronomy G100, G100L; Biology G100 (or G100H), G101, G104, G104L, G110, G120, G180, G182, G183, G210, G220, G221, G225; Chemistry G110, G130, G180, G185, G220, G225; Geography G180, G180L; Geology G105, G106, G110; G120 Physical Science G100 (or G100H); Physics G110, G111, G120, G185; Psychology G250

Group 2: Courses in this area require students to demonstrate the ability to perform basic computations and to successfully apply both critical thinking skills and problem solving skills to practical problems using algebraic methodologies.

Student Learning Outcome: Specialized Subject Knowledge (Majors) – Successful students will demonstrate a depth of knowledge, skills, and abilities in a particular major. (iSLO 1) Analytic skills – Successful students will identify, evaluate, and apply a variety of methods to solve problems. (iSLO 3) Quantitative skills - Successful students will convert information into relevant symbolic and mathematical forms (e.g. equations, graphs, diagrams, tables), provide accurate explanations of information presented in mathematical forms, and successfully perform calculations and symbolic operations. (iSLO 5)

Courses: Mathematics competency – Must satisfy one of the following:

1. A Mathematics competency test placement recommendation of Liberal Arts Mathematics (Math G100), or higher math course.

2. Completion of Intermediate Algebra in high school with a grade of "C" or better.

3. Completion of one college course in mathematics: G030, G100, G103, G104, G115, G120, G140, G155, G160, G170, G180, G185, G235, G280, G282, G285 or Computer Science G262 with a grade of "C" or better.

Area C  Arts, Literature, Philosophy, and Languages other than English
Completion of 3 units.

Courses in this area require students to demonstrate an ability to understand, evaluate, interpret, and appreciate human creations in philosophy, visual, performing and/or linguistic arts.

Student Learning Outcome: Specialized Subject Knowledge (Majors) – Successful students will demonstrate a depth of knowledge, skills, and abilities in a particular major. (iSLO 1) Broad Knowledge - Successful students will demonstrate an understanding of the Core concepts and methods in the sciences, humanities, and arts. (iSLO 2) Applied Learning - Successful students will demonstrate how theories and practices learned in academic settings can be applied and integrated into personal and professional pursuits. (iSLO 7)

Courses: Art G100, G103, G104, G105 (or G105H), G106 (or G106H), G107, G109, G116, G118, G120, G121, G125, G130, G132, G140, G141, G142, G150, G152, G160, G250, G251; Chinese G180, G185, G280; Communication Studies G255; Dance G100, G101, G110, G120, G125; English G110 (or G110H), G112, G114 (or G114H), G143, G150, G155, G156, G160 (or G160H), G161 (or G161H), G181 (or G181H), G270, G275, G280, G281; French G180, G185, G280, G285; Humanities G100 (or G100H), G101, G102, G103, G104, G108, G110 (or G110H), G120 (or G120H), G122, G126, G130, G132, G135, G139, G143; Journalism G180; Music G101 (or G101H), G103, G104, G105, G106, G108, G109, G110, G115, G120, G121, G122, G126, G132, G139, G141, G142, G143, G145, G146, G147, G150, G155, G209, G210; G261 Philosophy G100, G102, G110, G111, G120, G150; Photography G120, G158, G190; Political Science G150; Portuguese G180; Sign G180, G185, G200, G280, G285; Spanish G160, G165, G180, G185 G280, G285; Theater Arts G100, G102, G106, G108, G111, G112, G115, G120, G125, G135, G146, G151, G160, G161, G175, G176, G177, G178, G188, G210; Vietnamese G180, G185, G280, G285
Area D Social, Political, and Economic Institutions
Completion of 3 units.

Courses in this area require students to demonstrate an ability to comprehend and evaluate cultural, social, political, and economic institutions from various perspectives.

Student Learning Outcome: Specialized Subject Knowledge (Majors) – Successful students will demonstrate a depth of knowledge, skills, and abilities in a particular major. (iSLO 1) Broad Knowledge - Successful students will demonstrate an understanding of the Core concepts and methods in the sciences, humanities, and arts. (iSLO 2) Analytic skills – Successful students will identify, evaluate, and apply a variety of methods to solve problems. (iSLO 3) Information competency skills – Successful students will determine the scope of information needs; locate and retrieve relevant information; organize, analyze, and evaluate information; and understand the ethical and legal issues surrounding information and information technology. (iSLO 4) Oral and written communication skills – Successful students will produce clear and well-organized communication appropriate to the intended audience, context, and goal of the communication. (iSLO 6) Applied Learning - Successful students will demonstrate how theories and practices learned in academic settings can be applied and integrated into personal and professional pursuits. (iSLO 7) Lifelong Learning – Successful students will demonstrate life-long learning strategies that are based on on-going self-assessment, education, and acceptance of personal responsibility. (iSLO 8)

Courses: Anthropology G100, G130, G140, G150; Communication Studies G190, G225, G255; Criminal Justice G115, G123, G140, G141, G150; Economics G110, G120, G170, G175; Environmental Studies G100; Geography G100, G185, G195; History G10, G120, G121, G132, G135, G150, G161, G162, G170, G175, G180 (or G180H), G185 (or G185H); Journalism G180, Peace Studies G100, G110, G120, G125; Political Science G100, G101, G110, G121 (or G121H), G130, G180, G185; Psychology G100, G116, G18, G165, G255, G260; Social Science G133, G134, G135, G136; Sociology G100 (or G100H), G110, G133, G134, G185

Area E Lifelong Understanding and Self-Development
Completion of 3 units.

Courses in this area require students to demonstrate an ability to self assess progress and development in a specific area and to further design and pursue a course of action based on the self-assessment.

Student Learning Outcome: Specialized Subject Knowledge (Majors) – Successful students will demonstrate a depth of knowledge, skills, and abilities in a particular major. (iSLO 1) Applied Learning - Successful students will demonstrate how theories and practices learned in academic settings can
GWC CERTIFICATE OF ACHIEVEMENT IN CSU GENERAL EDUCATION BREADTH

This Certificate of Achievement is designed for students who intend to transfer to a California State University campus. Students who complete this certificate will meet all lower division general education requirements for CSU. Students must complete a minimum of 9 additional upper division general education units after transfer. Courses on this list are approved for a specific academic year. A course can be used only if it is on the list when it is taken. Every effort has been made to assure the accuracy of this list at the time of publication; however, additions or deletions sometimes occur during the year. Students are encouraged to see a GWC counselor and check the ASSIST website (www.assist.org) regularly for the most current information about approved courses. ASSIST is the official repository of course articulation for California’s public colleges and universities.

To receive this certificate, a minimum of 12 residency units must be completed at GWC.

Students must complete a minimum of 39 units of coursework from Areas A through E including the specific requirements listed for each Area. A grade of “C” or better is required for all courses in Area A, the mathematics course in Area B4 and at least 30 of the units completed in Areas A through E. Grades of “credit/pass” can be used if equivalent to a “C” grade. One course may not be used to satisfy more than one general education requirement.

Note: Honors course credit limitation - Duplicate credit will not be awarded for both the honors and regular versions of a course. Credit will only be awarded for the first course completed with a grade of “C” or better.

Note: Students who are awarded this Certificate of Achievement must also request CSU GE Breadth certification at the Admissions and Records Office when sending their final transcript to the four-year school.

AREA A:

English Language Communication and Critical Thinking:
9 semester units (or 12 - 15 quarter units) – One course from each group below:

A 1: Oral Communication
Communication Studies G100, G110 (or G110H), G112

A 2: Written Communication
English G100 (or G100H)

A 3: Critical Thinking
Communication Studies G220
English G110 (or G110H) Philosophy G115

AREA B:
Scientific Inquiry and Quantitative Reasoning:
9 semester units (or 12 - 15 quarter units) – At least one course each from Group 1-4.

B 1: Physical Science
Astronomy G100, G100 + G100L*
Chemistry G110*, G130*, G180*, G185*, G220*, G225*
Geography G180, G180L*
Geology G105, G106*, G110*, G120* Physical Science G100*
Physics G110, G110 + G111*, G120*, G125*, G185*, G280*, G285*

B 2: Life Science
Anthropology G185, G185

B 3: Laboratory Activity
One course in B1 or B2 must include a lab. Lab courses are identified by an “*”.

B 4: Mathematics/Quantitative Reasoning
Computer Science G262; Mathematics G100, G103, G104, G115, G120, G140, G155, G160, G170, G180, G185, G235, G280, G282, G285

AREA C:

Arts and Humanities:
9 semester units (or 12 - 15 quarter units) – At least one course from each group. A maximum of three units of activity courses (identified by *) may be used toward satisfaction of Area C.

C 1: Arts (Art, Cinema, Dance, Music, Theater)
Art G100, G103, G104, G105 (or G105H), G106 (or G106H), G107, G116, G121*, G142*, G150*, G152*
Broadcast and Video Production G101
Dance G101, G165
DEGREES, CERTIFICATES, AND TRANSFER PLANNING

Humanities G100 (or G100H), G101, G102, G103, G104, G108, G110 (or G110H), G114, G120 (or G120H), G122, G126, G132, G135, G139, G143, G145, G165

Photography G120, G158

Theater Arts G100, G102, G106, G108, G111, G112, G120*, G175, G176, G177, G178

C 2: Humanities (Literature, Philosophy, Foreign Language)

Chinese G180, G185, G280

Communication Studies G120, G255

Economics G120

English G110, G112, G114 (or G114H), G143, G150, G155, G160 (or G160H), G161 (or G161H), G181 (or G181H), G270, G275, G281

French G180, G185, G280, G285, G290

History G110, G120, G121, G132, G135, G140, G150, G160, G161, G162, G170#, G175#, G180, G185

Humanities G170

Philosophy G100, G102, G110, G111, G120, G150

Political Science G150

Sign Language G180, G185, G200, G280, G285

Spanish G160, G165, G180, G185, G200, G280, G285

Vietnamese G180, G185, G280, G285, G290

AREA D:

Social Sciences:

9 semester units (or 12 - 15 quarter units) – With courses in at least two disciplines.

D 0: Sociology and Criminology

Criminal Justice G115, G123, G140

Social Science G133

Sociology G100 (or G100H), G110, G133, G185

D 1: Anthropology and Archeology

Anthropology G100, G130, G140, G150

D 2: Economics

Economics G110, G120, G170, G175

History G110

D 3: Ethnic Studies

Communication Studies G255

Education G180

History G150, G161, G162

Social Science G133, G134, G136

Sociology G133, G134

Spanish G200

D 4: Gender Studies

History G121

D 5: Geography

Geography G100, G185, G190

D 6: History

Economics G120

History G110, G120, G121, G132, G135, G140, G150, G161, G162, G170#, G175#, G180 G185

D 7: Interdisciplinary Social/Behavioral Science

Digital Media G130

Communication Studies G190, G225, G260

Environmental Studies G100

History G120

Journalism G180

Peace Studies G100, G110, G225, G230

Psychology G280

D 8: Political Science, Government and Legal Institutions

Criminal Justice G141

Philosophy G150

Political Science G100, G101, G110, G120 (or G120H), G121 (or G121H), G130, G150, G180# (or G180H#), G185
D 9: Psychology

Psychology G100, G116, G118, G165, G250, G255, G260

AREA E:

Lifelong Learning and Self-Development:

3 semester units (or 4 - 5 quarter units) – No more than 1 unit of activity courses may be used to meet this requirement.

Non-Activity

College G100
Counseling G104
Criminal Justice G107
Ecology G100
Health Education G100, G107, G135, G201
Kinesiology G100, G101
Peace Studies G230
Physical Education G103 and one course from the list of activity courses
Psychology G110, G116, G118, G165

Activity

Dance G100, G106, G115, G125, G130, G135, G145, G150, G160, G200, G215, G230

# US History, Constitutions, and American Ideals (Not part of CSU GE Breadth. May be completed prior to transfer)

Transfer students are advised to complete History G170 or G175 and Political Science G180 (or G180H). Proficiency in these areas is required prior to graduation from the California State University system. These courses can also be counted for CSU GE Breadth.

Note: This list was current at the time of printing. See a GWC counselor for the most up to date transfer information.
GWC CERTIFICATE OF ACHIEVEMENT
IN IGETC

This Certificate of Achievement in the Intersegmental General Education Transfer Curriculum is designed for students who intend to transfer to the University of California or the California State University, or who are unsure if they will transfer to UC or CSU. Students who complete this certificate will meet all lower division general education requirements for UC or CSU. Students transferring to CSU must complete a minimum of 9 additional upper division general education units after transfer. The IGETC may not be appropriate for some programs or high unit majors. Students should consult a GWC counselor to make sure this is their best option. Courses on this list are approved for a specific academic year. A course can be used only if it is on the list when it is taken. Every effort has been made to ensure the accuracy of this list at the time of publication; however, additions or deletions sometimes occur during the year. Students are encouraged to see a GWC counselor and check the ASSIST website (www.assist.org) regularly for the most current information about approved general education courses. ASSIST is the official repository of course articulation for California’s public colleges and universities.

To receive this certificate, a minimum of 12 residency units must be completed at GWC.

A grade of “C” or better is required in all courses. Grades of “credit/pass” can be used if equivalent to a “C” grade. One course may not be used to satisfy more than one general education requirement.

Note: Honors course credit limitation - Duplicate credit will not be awarded for both the honors and regular versions of a course. Credit will only be awarded for the first course completed with a grade of “C” or better.

Note: Students who are awarded this Certificate of Achievement must also request IGETC certification at the Admissions and Records Office when sending their final transcript to the four-year school.

AREA 1:
English Communication:
CSU: Complete all three groups. 10 semester units (or 15 quarter units). UC: Complete Group A and Group B. Two courses, 7 semester units (or 10 quarter units). Two 3 quarter unit sequential English courses can be used to satisfy Area 1A.

1 A: English Composition
   English G100 (or G100H)

1 B: Critical Thinking-English Composition
   English G110 (or G110H)

1 C: Oral Communication (CSU ONLY)
   Communication Studies G110 (or G110H)

AREA 2:
Mathematical Concepts And Quantitative Reasoning:
One course, 3 - 5 semester units (or 4-5 quarter units). Two 3 quarter unit sequential Mathematics courses can be used to satisfy this area.

AREA 3:
Arts and Humanities:
Three courses, with at least one from Group A and one from Group B for a total of 9 semester units (or 12-15 quarter units).

3 A: Arts
   Art G100, G103, G104, G105 (or G105H), G106 (or G106H) Dance G101

   Humanities G100 (or G100H), G102, G103, G104, G108, G110 (or G110H), G120 (or G120H), G122, G126, G132, G135, G139, G143, G170

   Music G101 (or G101H), G103, G104, G108, G126, G139, G143, G165

   Photography G158

   Theater Arts G100, G102, G108, G111, G112

3 B: Humanities
   Chinese G280

   Economics G120

   English G112, G114 (or G114H), G143, G150, G155, G160 (or G160H), G161 (or G161H), G181 (or G181H), G270, G275

   French G185, G280, G285, G290

   History G110, G120, G121, G132, G135, G140, G150, G161, G162, G170#, G175#, G180, G185

   Philosophy G100, G102, G110, G111, G120, G150

   Political Science G150
Social Science G135
Sign G185
Spanish G165, G185, G200, G280, G285
Vietnamese G185, G280, G285, G290

AREA 4:
Social and Behavioral Sciences:
Three courses, from at least two disciplines, for a total of 9 semester units (or 12-15 quarter units).

4 A: Anthropology
Anthropology G100, G130, G140, G150

4 B: Economics
Economics G110, G120, G170, G175
History G110

4 C: Ethnic Studies
Social Science G133
Sociology G133

4 D: Gender Studies
History G121

4 E: Geography
Geography G100, G185

4 F: History
History G132, G135, G140, G150, G185

4 G: Interdisciplinary Studies
Communication Studies G190, G255
Digital Media G130
Environmental Studies G100
Journalism G180
Peace Studies G100, G110, G230
Social Science G134, G136
Sociology G134

4 H: Political Science
Philosophy G150
Political Science G100, G101, G110, G120 (or G120H), G130, G150, G180# (or G180H#), G185

4 I: Psychology
Psychology G100, G116, G118, G165, G250, G255, G260, G280

4 J: Sociology
Criminal Justice G123, G140
Sociology G100 (or G100H), G110, G185

AREA 5:
Physical and Biological Sciences:
Two courses, with one from Group A and one from Group B, for a total of 7 - 9 semester units (or 9-12 quarter units). One of the courses must include a lab. Underlining designates courses with a laboratory.

5 A: Physical Science
Astronomy G100, G100 + G100L
Chemistry G110*, G130*, G180, G185, G220, G225
Geography G180, G180L
Geology G105*, G110, G120

5 B: Biological Science
Anthropology G185
Biology G100*, G101, G104, G104 + G104L, G110, G120, G180, G182, G183, G210, G220*, G221*, G225*
Psychology G250

5 C: Laboratory
At least one course from 5A or 5B must incorporate a laboratory component or take a corresponding lab course. Lab courses are underlined.

AREA 6:
Languages Other Than English (UC ONLY):
A. Complete two years of high school coursework in a language other than English with grades of “C minus” or better (high school transcripts must be on file with Admissions & Records).

An achievement test administered by a college or university (sCore: proficiency equivalent to at least two years of high school language).
If an achievement test is not available, a faculty member at GWC or associated with a United States regionally accredited institution of higher education can verify a student’s competency.

Language other than English. “O” Level Exam with a grade of “C” or better or
“A” Level Exam with a score of 5 or higher.

OR

B. Complete a language other than English course numbered G180 or higher with a grade of “C” or better. Exceptions: Spanish G160 or G165 or Sign Language G180 or higher also meets this requirement. Spanish G200 does not meet this requirement. (One semester of college work in a language other than English is equivalent to two years of high school work).

OR

C. Earn a satisfactory score on one of the following tests (results must be on file with Admissions & Records):

College Board Advanced Placement Examination in a language other than English (score: 3 or better)

International Baccalaureate Higher Level Examination in language other than English (score: 5 or better)

OR

D. Complete, with grades of “C” (2.0) or better, two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English (documentation must be on file with Admissions & Records).

OR

E. Complete a Defense Language Institute course in a language other than English with a grade of “C” or better (documentation must be on file with Admissions and Records).

# CSU US History, Constitution and American Ideals (not part of IGETC; may be completed prior to transfer). Transfer students are advised to complete History G170 or G175 and Political Science G180 or G180H. Proficiency in these areas is required prior to graduation from the California State University system. These courses can also be counted for IGETC.

* UC Credit Limitation. See GWC counselor.

Note: This list was current at the time of printing. See a GWC counselor for the most up to date transfer information.
DEGREES, CERTIFICATES, AND TRANSFER PLANNING

TRANSFER COURSES

Student Educational Plan

Students planning to transfer to a four year college or university should meet regularly with a counselor to develop and review their student educational plan (SEP). The plan will identify general education courses, major requirements, and electives. Keep in mind that transfer requirements differ from school to school and can change frequently. To view updated major prep, general education courses and other transfer information for the California public universities (CSU & UC) go to the ASSIST website at www.assist.org. The transfer requirements listed in this section and other transfer publications were updated at the time of publication and can change. Changes occurring after publication can be obtained through such sources as ASSIST or by meeting with a counselor. Students are also advised to visit the Transfer Center for the latest transfer information.

ASSIST

To get the most up-to-date major prep information go to ASSIST (www.assist.org). ASSIST is the official repository of articulation for California’s public colleges and universities and provides the most accurate and up-to-date information about student transfer in California. ASSIST does not take the place of a counselor on your campus. It is intended to help students and counselors work together to establish an appropriate path toward transferring from a public California community college to a public California university. Check ASSIST periodically for any changes regarding articulation. Check for new transferable courses, new general education courses, new major preparation and transfer requirements.

Transferable Courses

Courses identified in this catalog as transferable to the University of California are acceptable at all UC campuses at least for elective credit. Likewise, courses identified as transferable to the California State University are acceptable at all CSU campuses, at least for elective credit. To determine if individual courses also satisfy particular major or general education requirements, students should consult a Golden West College counselor.

Transfer Majors

In order to get a Bachelor’s Degree, students will need to select a subject area in which to specialize. This subject area is called a major. Almost every major requires that certain courses be completed during the first and/or second year of college. These are called lower division major requirements. Below is a list of majors in which the lower division major requirements have been identified. To see the majors available at the different UCs or CSUs, use the “Explore Majors” feature in ASSIST (http://www.assist.org).

It is advisable to regularly check for the up-to-date major prep and transfer information in ASSIST (http://www.assist.org).

Below is a partial list of majors in which the lower division major requirements have been identified. If students do not find the major they are interested in, they should contact a Golden West College counselor to help locate this information.

Anthropology  Microbiology
Art  Music
Biology  Nursing
Business Administration  Nutrition and Dietetics
Chemistry  Peace Studies
Communications  Philosophy
Computer Science  Physical Education
Criminal Justice  Pre-Physical Therapy
Dance  Physics
Economics  Pre-Chiropractic
Engineering  Pre-Dentistry
English  Pre-Law
Environmental Studies  Pre-Medicine
Film/Television  Pre-Optometry
Foreign Language  Pre-Pharmacy
Forestry  Pre-Veterinary Medicine
Geography  Psychology
Geology  Social Ecology
Graphic Design  Social Welfare
History  Sociology
Journalism  Teaching
Liberal Studies  Theater Arts
Mathematics
ASSOCIATE DEGREES FOR TRANSFER
California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of Golden West College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to: http://www.goldenwestcollege.edu/admissions/graduation/majors.html and http://calstate.edu/transfer/adt-search/search.shtml

Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

A public website for students, parents, and high school teachers and counselors is located at: http://www.ADegreeWithAGuarantee.com.

ARTICULATION
Some majors require or recommend introductory or prerequisite courses, most of which are offered in community colleges. These major requirements are described in CSU and UC campus catalogs. Most campuses have articulation agreements with several community colleges specifying coursework taken at California Community Colleges that can satisfy lower division requirements for the major. Check the articulation agreement to be sure your courses will be accepted toward the degree at the campus you plan to attend. You can obtain articulation agreements for specific majors from your counselor, Transfer Center or on the Internet at www.assist.org. ASSIST provides access to the most current articulation agreements between UC, CSU and California Community Colleges. ASSIST includes information about credit for CSU GE Breadth requirements, IGETC requirements, major preparation and transferable course agreements. Articulation agreements are updated throughout the year, so check ASSIST periodically to ensure that you have the most current information about transfer credit.

COURSE IDENTIFICATION NUMBERING SYSTEM (C-ID)
The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer with an AA-T or AS-T degree. Students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer; because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database.

Students may consult the ASSIST database at www.assist.org for specific information on C-ID course designations. Counselors can always help student interpret or explain this information.

COURSE REQUIREMENTS FOR TRANSFER
The freshman and sophomore years of a university program can be completed at Golden West College. The following types of classes should be completed if possible before students transfer:

1. Lower division courses for the major. These should be completed in the freshman and sophomore years. They provide background and preparation so that students are ready to concentrate on the major beginning in the junior year. The major requirements for CSU and UC can be found in ASSIST (www.assist.org).

2. General education requirements. (Sometimes called “Breadth Requirements.”) These are the courses required of everyone to obtain a degree regardless of major. They are designed to provide students with a broad education. Students can choose to complete the Certificate of Achievement for the CSU GE Breadth or IGETC patterns to meet the general education requirements or follow the GE pattern of the receiving institution. (Beginning in the academic year 2008 - 2009, students can earn a Certificate of Achievement for completing the CSU GE Breadth or IGETC patterns. The certificates are replacing previous GE patterns known as Option II or III. Students who have been following the...
Option II or III patterns previous to the 2008-2009 academic year have catalog rights as long as they have maintained continuous enrollment.

(The CSU GE Breadth and IGETC patterns can partially meet the requirements for the AA degree. See the Graduation Requirements section of the catalog.)

3. Electives. These are courses of the students’ choice. After completing 1 and 2 above, the student may take “elective” courses to bring the total of all course work to 60 transferable units.

While students are advised to complete all of their transfer requirements during their freshman and sophomore years, they may be completed at the four-year colleges in most instances. Exceptions to this will be found in the admission requirements for the particular college or university and/or the major department.

Golden West College offers the first two years of a transfer program. Students should consult a counselor for lower division major requirements. Major advisement information is available at the Transfer Center and the Counseling Center. The most current transfer information is also available via the internet at www.assist.org (ASSIST). Students should check ASSIST periodically for any changes.

Note: Four year colleges and universities often make changes in their requirements for majors and general education. Students are encouraged to meet regularly with a counselor to develop a student educational plan (SEP) and keep updated on admission and major requirements. Students are also encouraged to visit the campuses they are considering for transfer.

Apply Online
Both CSU and UC are requesting that all students apply online. The best way to apply to CSU is online at the CSU Mentor Website: (http://www.csumentor.org). Students can apply to UC online by going to the following website: (http://admission.universityofcalifornia.edu/how-to-apply/apply-online/).

CALIFORNIA STATE UNIVERSITY ADMISSION REQUIREMENTS
Each campus accepts applications until capacities are reached. Some campuses close after the priority filing period. Priority filing periods are posted in the Transfer Center. Many campuses will close individual programs earlier. Impacted programs receive applications only during the initial application filing period. Admission information about campuses accepting applications is available at the Transfer Center or at CSU Mentor (www.csumentor.org). Be aware of timelines. Due to budget cuts many CSU campuses may cease accepting applications for admission after the end of the initial application filing period. Also, many campuses may stop accepting applications earlier than in prior years.

Eligibility For Transfer
Lower Division Transfer Requirements — A small number of transfer students enter as lower-division transfers. An applicant who completes less than 60 semester (90 quarter) units of college credit is considered a lower division transfer student. Transfer applicants with fewer than 60 semester or 90 quarter units must have a grade point average of 2.0 (C) or better in all transferable units attempted, be in good standing at the last college or university attended, and qualify for admission as first-time freshmen. Please note that all campuses give admission priority to upper division transfer students. Most CSU campuses do not admit lower division transfers.

Upper Division Transfer Requirements — CSU requires a minimum of 60 transferable units (90 quarter units) to apply for admission as an upper division transfer student. Most campuses will accept only upper division transfer students.

You can meet minimum admission eligibility if you have completed at least 60 transferable semester (90 quarter) units, have a grade point average of 2.0 (C) or better in all transferable units attempted (nonresidents must have a grade point average of 2.4), and are in good standing at the last college or university attended. Prior to transfer, students will need to complete at least 30 semester units (45 quarter units) or courses equivalent to general education requirements with a grade of C or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and one course of at least 3 semester units in college-level mathematics. These four courses are commonly referred to as the “golden four.”

A maximum of 70 semester (105 quarter) units earned in a community college may be applied towards the bachelor’s degree. No upper division credit is granted for courses taken in a community college. You can visit the website for CSU Admissions at: http://www.csumentor.org/.

Impacted Campuses and Programs
Some majors, such as business administration, computer science and engineering may be impacted at some campuses, i.e., more applications are received during the initial filing period than can be accommodated. In such cases, campuses use supplementary admissions criteria such as grade point average (GPA) and specific course requirements.
point average, required subjects or test scores to screen applications. Applications for admission to an impacted program must be filed during the initial admission application filing period of (October or November for the fall term, June for the winter quarter, or August for spring term). Applicants to an impacted program at one campus offering it may select as an alternate campus one that offers the same program but which is not impacted. In such cases, if the applicant is not accommodated in the impacted program at the first choice campus, the application may be redirected to an alternate campus that remains open in the same major.

To be considered for impacted programs at two or more campuses, applications must be filed to each.

Information about screening criteria is available in the Counseling Office. See the following CSU web site for information regarding impaction.

http://www.calstate.edu/sas/impactioninfo.shtml

ASSOCIATE DEGREE FOR TRANSFER (AA-T) OR ASSOCIATE IN SCIENCE FOR TRANSFER (AS-T)
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California Community College. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is designated “High-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. For approved AA-T or AS-T majors please see a GWC counselor.

CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION REQUIREMENTS
As part of the requirements for a bachelor’s degree, all students must meet general education requirements. A minimum of 48 semester units is required for general education: 37-39 lower division and at least 9 upper division units. All of the lower division courses for general education may be completed at a California Community College before transferring to a CSU campus.

There are two general education patterns that California Community College students can complete:

1. The CSU GE Breadth Requirements is a lower division 39-unit pattern. Students must take specified courses in areas A-E (Certificate of Achievement for CSU GE Breadth).

Up to 39 lower-division general education units can be transferred from and certified by a California Community College. Students who are certified with 39 semester units of lower-division general education units will be required to complete a minimum of 9 semester units of upper division general education after transfer.

It is important that you request that your California Community College certify completion of California Community College coursework that meets CSU general education requirements. Certification means that CSU will accept these courses to meet the CSU GE Breadth areas designated by your California Community College.

2. The Intersegmental General Education Transfer Curriculum (Certificate of Achievement) is the other pattern that California Community College students can use to fulfill lower division general education requirements at any CSU or University of California campus. The IGETC requires completion of a minimum of 37 semester units of lower division course work with a C grade or better in each course. (C- is not allowed. GWC does not use + or – grade option. This applies to courses from other colleges.)

If you complete all IGETC requirements and your courses are certified, you will be required to complete at least 9 semester units of upper division general education after transfer to a CSU campus. IGETC for the CSU requires that the student complete all of Area 1, including oral communication.

Because the IGETC is accepted by both CSU and the University of California, it is a good option if you are undecided about the school to which you will transfer.
You should consult with your counselor to determine which general education program is most appropriate for you.

You can visit the website for CSU Admissions at: http://www.csumentor.edu/ .

What Is Certification?
Courses taken at the community college may be used to satisfy general education requirements for graduation from CSU schools. However, such courses must be specifically identified and verified by the community college before they will be recognized by the CSU campus. This process is called certification.

Students must request certification from the GWC Records Office when the request for sending their final transcript to the CSU campus is made (Official Transcript Request Form). In order to complete the certification process, official transcripts from all colleges attended must be on file in the Records Office. If examinations, e.g. Advanced Placement, are used to meet IGETC requirements, official results must also be on file.

Students requesting certification must complete at least 12 units at GWC.

Students who complete all of the requirements of the CSU/GE or IGETC Certificate of Achievement are considered to be fully certified by the community college. (See the Intersegmental General Education Transfer Curriculum section for more information).

Note: Students transferring without certification of general education must complete the pattern of courses required of "native" students, as outlined in the catalog of the transfer campus.

What Courses Can Be Certified?
Courses taken at any regionally accredited college or university may be certified. GWC students who complete all their general education courses at GWC can have those courses certified.

Courses taken at another California Community College must be applied to the subject area in which they are listed by the college at which they were taken. For example, if a Psychology 100 course is taken at Orange Coast College where it is listed in Area D, it will be certified in Area D. This is referred to as “pass-along”. Also, courses can only be certified if they were on the college’s CSU GE Breadth or IGETC approved list at the time they were taken by the student. Students in the Coast Community College District who take courses at Golden West, Orange Coast and/or Coastline must make sure that the courses are in the areas they need to meet general education requirements. The general education patterns for all three district colleges are different.

UNIVERSITY OF CALIFORNIA
ADMISSION REQUIREMENTS

Minimum admission requirements for transfer to the University of California are described below. The path you use depends on the degree to which you satisfied UC’s minimum eligibility requirements for freshmen at the time you graduated from high school.

Lower Division Transfer
If you were eligible for admission to the University when you graduated from high school – meaning you satisfied the Subject, Scholarship and Examination requirements, or were identified by the University during your senior year in high school as eligible under the Eligibility in the Local Context (ELC) program – you are eligible to transfer if you have a C (2.0) average in your transferable coursework.

If you met the Scholarship Requirement but did not satisfy the Subject Requirement, you must take transferable college courses in the missing subjects, earning a C or better in each required course, and have an overall C average in all transferable coursework to be eligible to transfer.

Note: While all UC Campuses welcome a large pool of junior-level transfers, most admit only a limited number of lower division transfers.

Upper Division Transfer
If you were not eligible for admission to the University when you graduated from high school because you did not meet the Scholarship Requirement, you must:

A. Complete 60 semester units or 90 quarter units of transferable college credit with a grade point average of at least 2.4 (no more than 14 semester/21 quarter units may be taken Pass/No Pass), and;

B. Complete the following course pattern requirement, earning a grade of C or better in each course: two transferable college courses (3 semester or 4-5 quarter units each) in English composition, and; one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning, and; four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

You can visit the website for UC admissions:
http://admission.universityofcalifornia.edu/transfer/index.html
UNIVERSITY OF CALIFORNIA GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses prospective transfer students attending California Community Colleges may complete to satisfy the lower division breadth/general education requirements at both the University of California and the California State University.

Students have the option of completing the IGETC or the specific lower division breadth/general education requirements of the school or college for campus they plan to attend.

The IGETC is helpful to students who want to keep their options open – those who know they want to transfer but have not yet decided upon a particular campus. Certain students will not be well served by following the IGETC. Students with high unit majors, such as engineering or the physical and natural sciences, should concentrate on completing the prerequisites for the major that are used to determine eligibility for admission.

The IGETC is not an admission requirement. Completing it does not guarantee admission to the campus or program of choice. However, completing the lower division breadth/general education requirement – whether through the IGETC or the campus specific requirements - may improve a transfer applicant’s chances for admission to a competitive campus and/or program.

Partial IGETC Certification is allowed with a maximum of two courses missing and completed after transfer. Please make an appointment with a GWC counselor for more information.

What Is Certification?

Courses taken at the community college may be used to satisfy general education requirements for graduation from the University of California (UC). However, these courses must be specifically identified and verified by the community college before they will be recognized by the UC campus. This process is called certification. Certification of IGETC completion is the responsibility of the last community college a student attends prior to transfer.

What Courses Can Be Certified?

Courses taken at any regionally accredited college or university may be certified by GWC. GWC students who complete all their general education courses at GWC can have those courses certified. Coursework from another California community college will be applied to the subject area in which it is listed by the institution where the work was completed. Also, only those courses can be certified which were on the college’s approved IGETC list at the time they were taken by the student. Students in the Coast Community College District who take courses at Golden West, Orange Coast and/or Coastline must make sure that the courses are in the areas in which they need to meet general education requirements. The General Education patterns from all three district colleges are different. Coursework from all other fully accredited colleges and universities will be placed in the area in which the subject is listed in the GWC pattern. Coursework completed at colleges and universities outside the U.S.A. (non-regionally accredited) are not acceptable except for certification of competence in a language other than English.

How Do I Get My Courses Certified?

Students must request certification from the GWC Records Office when the request for sending their final transcript is made (Official Transcript Request Form). In order to complete the certification process, official transcripts of all colleges attended must be on file in the Records Office. If high school foreign language courses are being used to satisfy the UC Language Other Than English requirement (Area 6), official copies of high school transcripts must also be on file. If examinations, e.g., Advanced Placement, are used to meet IGETC requirements, official results must also be on file.

INDEPENDENT COLLEGES AND UNIVERSITIES ADMISSION REQUIREMENTS

In addition to state supported colleges and universities in California, there are many independent institutions. Each of these institutions has its own unique requirements for admission. In order to determine eligibility, students should obtain a copy of the school catalog and consult with a GWC counselor. Many independent colleges and universities accept either CSUGE or IGETC in lieu of their own general education requirements. You can see a list of these colleges and universities at: http://www.californiacolleges.edu/admissions/california-independent-colleges/articulation_information.asp

ACCOUNTING

ASSOCIATE IN ARTS DEGREE IN ACCOUNTING

This curriculum provides fundamental accounting concepts for students who wish to pursue accounting degrees at four-year institutions. The program also prepares students with adequate accounting training for accounting and bookkeeping positions. All courses in this program satisfy semester unit requirements necessary to qualify to sit for the Uniform Certified Public Accountant (CPA) Examination. Students interested in becoming a CPA will find this program particularly useful.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Process and apply accounting transaction analysis into an accounting system.
2. Prepare the four basic financial statements.
3. Analyze results of financial information via ratios, relationships, and variance analysis to aid management decision making.
4. Utilize federal income taxation concepts to compile individual tax returns and forms.

STAFF ACCOUNTANT

CERTIFICATE OF ACHIEVEMENT

This program is designed for students seeking jobs in bookkeeping and accounting. The curriculum prepares students for an occupation in accounting and/or supplements the currently employed accountant with additional skills. All courses in this program satisfy semester unit requirements necessary to qualify to sit for the Uniform Certified Public Accountant (CPA) Examination. Students interested in becoming a CPA will find this program particularly useful.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

Total Units: 13 to 14

2. Utilize the fundamental principles of taxation to prepare a variety of tax returns, forms, reconciliations, and supporting schedules.

3. Describe the unique taxation issues related to each of the taxable entities as they relate to tax planning and public policy.

4. Gain an overview of tax planning concepts and demonstrate knowledge through the use of practical tax planning exercises.

5. Outline the major elements of tax administration: information dissemination, tax collection, reviews and audits of tax returns, the appeals process, and appearing before the IRS.

IRS ENROLLED AGENT CERTIFICATE OF SPECIALIZATION

This curriculum provides fundamental accounting concepts for students who wish to pursue accounting degrees at four-year institutions. The program also prepares students with adequate accounting training for accounting and bookkeeping positions. All courses in this program satisfy semester unit requirements necessary to qualify to sit for the Uniform Certified Public Accountant (CPA) Examination. Students interested in becoming a CPA will find this program particularly useful.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Define the essential elements of the major taxable entities: individuals, partnerships, and corporations, estates, and trusts.

ADMINISTRATION OF JUSTICE

ASSOCIATE IN SCIENCE DEGREE IN ADMINISTRATION OF JUSTICE FOR TRANSFER

The Associate in Science in Administration of Justice for Transfer Degree is an excellent way to develop base concepts of criminal law, corrections and criminal justice in the United States. This degree will provide a basis for understanding Core principles used in criminal justice, and therefore prepare graduates for career opportunities in the field of criminal justice. Students in the Associate in Science in Administration of Justice for Transfer Degree can develop careers in areas such as education, detention officer, dispatcher, probation/parole officer, police officer, deputy sheriff and attorney. The Criminal Justice department offers courses from beginning to advanced. All courses are designed to develop students’ observation skills, practical application and written abilities. Students will be prepared for transfer into a baccalaureate degree program in Criminal Justice at a CSU.
PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Differentiate the roles of the law enforcement, courts, and corrections components of the criminal justice system.

2. Explain the legal justifications required for conducting a search and an arrest, and the exceptions to these requirements.

3. Identify the foundational requirements for the admissibility and the exclusion of evidence in a criminal court proceeding.

ANTHROPOLOGY

ASSOCIATE IN ARTS DEGREE IN ANTHROPOLOGY FOR TRANSFER

The Associate in Arts in Anthropology for Transfer degree focuses on a critical and holistic analysis of humankind, their many cultural adaptations, both globally and throughout time, and the vast diversity that humankind exhibits, both past and present. Students in the Anthropology Transfer program will gain a basic, though in-depth, understanding of the various fields and sub-fields of anthropology, as well as the theoretical underpinnings of this holistic discipline. Students will engage in courses such as Cultural Anthropology; Physical Anthropology; Archaeology; Magic, Witchcraft and Religion; Racial and Ethnic Relations in America; among others. After earning the AA transfer degree, students will be prepared to continue on for a baccalaureate degree in Anthropology.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Analyze the origins and development of the human species from a cultural and technological perspective.

2. Compare and contrast variations in social customs unique to individual cultures.

3. Assess the importance of culture to the human species.

4. Analyze and evaluate the various theories set forth that explain the origins and development of humans, and human culture.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Anthropology for CSU Transfer.

ART

ASSOCIATE IN ARTS DEGREE IN ART

The Associate of Arts in Art degree focuses on visual literacy and provides an opportunity to develop skills that are needed to be successful in the field of art. Students build both their confidence and their portfolios while participating in rigorous problem solving and conceptual assignments. The major introduces students to foundations, history and technical knowledge of Art. Students acquire skills to build a diverse contemporary program that will promote critical thinking, creative problem solving and aesthetic understanding.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate the skills to undertake a conceptual analysis of art.
2. Understand and apply concepts and methods of composition.
3. Demonstrate knowledge of significant examples of the Visual Arts.
4. Design and plan finished works of art.
5. Create or manufacture finished works of art based on initial designs.

**Total units that may be double counted** | 6

**Transferable Electives (as needed to reach 60 transferable units)** | 3-5

**DEGREE TOTAL UNITS (max)** | 60 units

( ) Description in parentheses indicates credit earned in AAT.

**ART HISTORY**

**ASSOCIATE IN ARTS DEGREE IN ART HISTORY FOR TRANSFER**

The Associate in Arts in Art History for transfer degree is designed to acquaint students with the history of art and its function as a global language. This includes but is not limited to painting, drawing, sculpture, ceramics, printmaking, jewelry, photography, textiles, architecture, graphic and performance arts. Courses are designed to foster an understanding of visual communication through study in context, culture, social, political, economic and religious climates in differing historical eras. Students develop skills in visual analysis, interpretation of images and texts, use of historical sources and engagement in scholarly debates. Students are constantly challenged to think creatively as well as disciplined ways as they learn about the history of art through the world’s cultures. Students will be prepared for a baccalaureate degree in Art History.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Demonstrate the skills to undertake a conceptual analysis of art.

2. Understand and apply concepts and methods of composition.
3. Demonstrate knowledge of significant examples of the visual arts.

4. Be prepared for ensuing courses of Art History and Studio Arts.

5. Design and plan finished works of art.

6. Create or manufacture finished works of art based on initial designs.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Art History for CSU Transfer.

**AUTOMOTIVE TECHNOLOGY**

The Automotive Technology program at Golden West College is designed to provide students with the opportunity to successfully prepare for careers in the automotive service industry as entry-level technicians or other related occupations. It is certified by the National Automotive Technicians Education Foundation (NATEF) and its courses and instructions align with NATEF requirements and standards. Advanced course work is also available to employed technicians to meet state licensing requirements or to pursue promotional opportunities. Instructors are well qualified to teach in their areas of expertise and are certified by the National Institute for Automotive Service Excellence (ASE) which has national prominence and recognition by the automotive industry.

The lab facilities, operations and equipment are intended to reflect industry standards to assist students for easy transition into employment opportunities.

**AUTOMOTIVE: CHASSIS AND DRIVETRAIN SPECIALIST ASSOCIATE IN ARTS**

Students are given two options in order to prepare for a specialized field of study within the Automotive Technology program, the Chassis and Drivetrain option and the Engine Performance and Emissions option. New students entering either option are encouraged to consider taking preparation classes in automotive theory and computer skills before enrolling in the regular required courses for the certificate. This is intended to ensure successful performance in the required courses unless students have received prior training or education related to the recommended courses that would fulfill preparation expectations. These courses may normally be available in sequential patterns that would allow completion of the certificates within a two-year time frame.

Students will be responsible for providing their own textbooks, personal safety equipment, protective clothing, a basic hand tool set, and project related materials. The cost of these items will vary according to place of purchase.
PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Measure and convert assigned unit pieces to interpret the appropriate SAE and metric unit. (Celsius to fahrenheit and inches to millimeters).
2. Identify a fault (ac no air) and will perform a (repair) to then evaluate a successful (fix) in a lab situation.
3. Analyze and diagnose automotive engines and related components for correct system operation.
4. Demonstrate mastery of diagnostic tools and equipment used for automotive repair.

AUTOMOTIVE: ENGINE PERFORMANCE AND EMISSION SPECIALIST CERTIFICATE OF ACHIEVEMENT

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Identify, analyze, and solve a variety of business problems.
2. Develop an understanding of business issues to make informed business decisions.
3. Demonstrate effective communication skills used in today’s business environment.

BUSINESS ADMINISTRATION ASSOCIATE IN ARTS DEGREE

This major is designed to prepare students for careers in business in both the private and public sectors. It also prepares students for further studies in business, management, and other related disciplines.

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Identify, analyze, and solve a variety of business problems.
2. Develop an understanding of business issues to make informed business decisions.
3. Demonstrate effective communication skills used in today’s business environment.
BUSINESS ADMINISTRATION
ASSOCIATE IN SCIENCE DEGREE IN BUSINESS ADMINISTRATION FOR TRANSFER

The Associate in Science in Business Administration for Transfer (AS-T) degree is designed to provide students with the common Core of lower division courses required to transfer and pursue a baccalaureate degree in Business Administration. This includes business degrees with options in accounting, finance, human resources management, international business, management, operations management, and marketing. The Associate in Science in Business Administration for Transfer (AS-T Business Administration) degree aligns with the CSU Bachelor of Arts/Science in Business Administration.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Identify, analyze, and solve a variety of business problems.
2. Develop an understanding of business issues to make informed decisions.
3. Demonstrate effective communication skills used in today's business environment.
4. Prepare and analyze financial reports in order to facilitate the financial aspects of business administration.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AS in Business Administration for CSU Transfer.

Due to constraints outside of the department's control, some courses may not be offered every semester.

Students show progress by passing their classes every semester.

BUSINESS ADMINISTRATION CERTIFICATE OF ACHIEVEMENT

This program is designed to prepare students for careers in business in both the private and public sectors. The curriculum is suitable for students who are looking to enter the workforce for the first time, as well as working students who want to learn business fundamentals to help them advance in their current jobs. This program will prove to be valuable to any student who wishes to attain a general business education to bolster his/her current skill set.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Identify, analyze, and solve a variety of business problems.
2. Develop an understanding of business issues to make informed decisions.
3. Demonstrate effective communication skills used in today's business environment.

CADD-COMPUTER AIDED DRAFTING

ASSOCIATE IN ARTS DEGREE IN COMPUTER AIDED DESIGN AND DRAFTING

This program prepares students for careers in the Mechanical, Electrical, Industrial, Civil or Architectural drafting fields. Students will utilize the latest CAD systems to design and develop their assignments. Opportunities for employment are available in many related commercial companies.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Develop competency in basic drafting, enabling them to pursue careers in engineering, professional arenas, or to further their academic pursuits.

2. Have practical experience in Computer Aided Drafting and Design.

3. Demonstrate an understanding of Engineering and Mechanical CAD Drafting and 3D Design.

DEGREES, CERTIFICATES, AND TRANSFER PLANNING

TECHNICAL DRAFTING OPTION (ONE-YEAR)
CERTIFICATE OF SPECIALIZATION

This is a two-semester program that will prepare the student for an entry-level job in Technical or Mechanical Drafting. Training concentrates on basic drafting and computer practice, which provide experiences in applying technical skills to practical problems. Acquired skills include precision dimensioning, basic working drawings, and computer-aided drafting. Courses are designed and offered to provide for completion within one year.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Use Computer Aided and Manual drafting methods to create a variety of presentation drawings as found in industry.
2. Use Engineering organization standards, technical vocabulary and industry conventions of working drawings for mechanical, structural, and industrial project types.
3. Develop viable computer skills by using current CAD and 3D CAD software applications to create drafting drawings, presentation graphics and 3D design image models for project solutions.
4. Develop resource skills to understand manufacturing material systems, sustainable trends and manufacturing machinery for a variety of project types.

COMMUNICATION STUDIES

ASSOCIATE IN ARTS DEGREE IN COMMUNICATION STUDIES FOR TRANSFER

The Communication Studies Transfer major focuses on how people construct, use, and interpret messages across multiple channels to inform, persuade, manage, relate, and generally influence each other within and across varying cultural venues. Emphasis is also placed on identifying and valuing disparate systems of social norms and values that influence the human communicative process. Students will learn and understand the various theoretical and pragmatic skills that enable them to navigate social interaction within multiple interpersonal, small group, public, and intercultural contexts. Students will thus become familiar with both field-specific nomenclature as well as effective oral, listening, and critical thinking skills needed to effectively manage communication encounters in diverse social environments. Students will be prepared for a baccalaureate degree in Communication Studies, Speech Communications, or a similar degree.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Construct, use, and interpret messages across multiple channels to inform, persuade, manage, relate, and generally influence each other within and across varying cultural venues.
2. Identify and value disparate systems of social norms and values that influence the human communicative process.
3. Understand the various theoretical and pragmatic skills that enable them to navigate social interaction within multiple interpersonal, small group, public, and intercultural contexts.
4. Become familiar with both field-specific nomenclature as well as effective oral, listening, and critical thinking skills needed to manage effective communication encounters in a diverse society.

**COMPUTER BUSINESS APPLICATIONS**

Office Administration’s Computer Business Applications (CBA) department teaches a full range of state-of-the-art technology application courses from Introduction to Computers to intermediate/advanced skill levels of Microsoft Office. These hands-on courses, along with other computer technology courses and fundamental business skill courses, promote technology proficiency, communication, collaboration, and critical thinking. Courses offered through CBA prepare students to succeed in any type of public, private, governmental, educational, health, manufacturing, and industrial employment environment that use state-of-the-art computer technology.

The Administrative Assistant major provides the essential business and technology proficiency skills needed to gain entrance into top-level administrative assistant positions. The skills acquired with this certificate will prepare one for working closely with business, corporate, medical, scientific, and engineering management professionals by creating and/or assisting with written correspondence, reports, speeches, conference proceedings, technical material, and dealing with daily administrative processes. Students will become knowledgeable with administrative office procedures, proficient with filing and records skills, acquire proper proofreading skills, and become skillful using the Internet. Specialized duties include intermediate to advanced expertise in the Microsoft Office Suite such as generating business correspondence, presentations, spreadsheets, charts, coordinating calendars, travel arrangements, expense reports, and managing databases. Successful completion of this certificate will help students focus on and prepare for the Core level of the Microsoft Office Specialist Exams (MOS), and the expert level MOS for Word.

**ADMINISTRATIVE ASSISTANT ASSOCIATE IN ARTS DEGREE**

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Apply the principles of Standard English and apply them to written communication.  
2. Sharpen proofreading skills by finding and correcting errors in business documents.  
3. Effectively use a computer to process data, manage folders and files, customize the windows environment, and work with hardware, printers, and various software applications.  
4. Analyze spreadsheet data and create charts and graphs.  
5. Compose various business documents, such as letters, reports, manuscripts, and memorandums.  
6. Create and manage a database.  
7. Integrate information among the various applications to consolidate large amounts of data.  
8. Customize and explore a personal information manager and e-mail programs.  
9. Research topics and evaluate information on the Internet.  
10. Focus and prepare for the Microsoft Office Specialist (MOS) Core Exams (Access, Excel, PowerPoint, and Word) and the MOS Expert Exam for Word.

COMPUTER BUSINESS APPLICATIONS
ASSOCIATE IN ARTS

The Computer Business Application major will provide an introduction to computers and computer literacy as well as a working knowledge of the most frequently used computer business applications used in today's businesses. Students will learn how to effectively use a computer to process data, manage folders and files, customize the Windows environment, work with hardware and printers; analyze spreadsheet data and create charts and graphs; compose various business documents, such as letters, reports, manuscripts, and memorandums and perform mail merge operations; create and manage a database; integrate information among the various applications; customize and explore a personal information manager and email program to integrate with other technologies; examine business accounting records and perform sound business decisions based on financial reports; and research and evaluate topics on the Internet. Successful completion of this certificate will help students focus on and prepare for the Core level of the Microsoft Office Specialist Exams (MOS), and the expert level MOS for Word.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Identify and describe terminology relating to the operation of the computer; and effectively use a computer to process data, manage folders and files, customize the Windows environment, work with hardware, printers, and various software.

2. Analyze spreadsheet data and create charts and graphs.

3. Manage large workbooks; use advanced sorting and filtering techniques; and create charts, diagrams, and templates in EXCEL.

4. Compose various business documents, such as letters, reports, manuscripts, and memorandums.

5. Build WORD documents from reusable content and revise documents using Markup Tools.

6. Create templates and review, publish, and protect presentations in POWERPOINT; apply advanced graphic techniques; enhance a presentation with audio and video; and deliver a presentation.

7. Create and manage a database.

8. Enhance ACCESS tables, queries; and customize forms and reports.

9. Integrate information among the various applications to consolidate large amounts of data.

10. Customize and explore a personal information manager and e-mail programs.

11. Examine business accounting records and perform sound business decisions based on financial reports.

12. Research and evaluate topics on the Internet.

13. Focus and prepare for the Microsoft Office Specialist (MOS) Core Exams (Access, Excel, PowerPoint, and Word) and the MOS Expert Exam for Word.

MICROSOFT OFFICE CERTIFICATE OF SPECIALIZATION

This certificate of specialization is designed to provide the student with a working knowledge of the Microsoft OFFICE Suite. Specialized duties include composing correspondence, creating spreadsheets, managing databases, and creating presentations. Integrating information among the various applications for dissemination to staff and clients is essential in running and operating an efficient business and/or organization. Successful completion of this certificate will help students focus on, prepare for, and accomplish the Microsoft Certified Application Specialist exams. Successful completion of this certificate of specialization is a stepping stone for students wishing to continue with this course of study and achieve the Computer Business Applications Certificate of Achievement. Some of the courses in this certificate may not be available every semester. It is strongly recommended that students possess correct touch-control keyboarding skills prior to enrolling in any of these courses. Students are requested to check Advisories.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Describe how the Internet works.
2. Describe the differences between operating system software and application software.
3. Identify and describe the basics of the Windows operating system.
4. Compose, send, and manage incoming e-mail messages.
5. Create, edit, and format documents using MS Word.
6. Create and construct worksheets using formulas and functions and inserting charts using MS Excel.
7. Create tables, queries, forms, and reports using MS Access.
8. Create, edit, and format a presentation and apply transitions using MS PowerPoint.

CERTIFIED BUSINESS PROFESSIONAL: CAP CERTIFICATE HOLDERS OPTION

Individuals who have passed the Certified Administrative Professional (CAP) exam administered by the Institute for Certification of the International Association of Administrative Professionals (IAAP) may be awarded 30 units of course work toward the Associate in Arts Degree at Golden West College. The 30 course credits (with units earned and a credit grade) awarded to Certified Professional Secretary and/or Certified Administrative Professional certificate holders will be recorded on the student’s transcript upon completion of the remaining
Associate in Arts degree requirements at Golden West College and/or upon completion of the 12-unit residency requirement.

Eligibility Requirements:
- Supply evidence of CAP certification from IAAP to the Enrollment Center at Golden West College.
- Meet with the GWC counselor for this area to complete a Course and Credit Selection Agreement following the appropriate Certified Business Professional curriculum.
- Complete an application of eligibility.

Note: If the student has taken or wishes to take any of the Core courses listed, the student may select other course units on the Course and Credit Selection Agreement to replace those units.

Students who have successfully completed the certified administrative professional examination will be awarded 19 (nineteen) units of credit in the following courses. (These courses will establish the area of emphasis for the AA degree.)

## COMPUTER SCIENCE

Students are offered a wide variety of courses which fall into three broad categories:

- Survey and Computer Literacy.
- Programming languages such as C, Visual Basic, C++, Java, and C#.
- Advanced topics in Operating Systems, Web Programming, Data Structures, and Video Game Development.

## SOFTWARE DEVELOPMENT ASSOCIATE IN ARTS DEGREE

### PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Design and build single-user applications.
2. Design and build multi-user web-based applications.
3. Design and build single-user database environments.

## SOFTWARE DEVELOPMENT CERTIFICATE OF ACHIEVEMENT

The Software Development certificate at Golden West College is designed to provide formal training for individuals who seek entry into the rapidly growing fields of computer software engineering, systems analysis, application development, and systems software. Students utilize the latest tools to learn programming languages, algorithms, operating system environments, and web-based multi-user application architectures. Classes are conducted in smart classrooms with the latest instructional tools. Sizable projects are undertaken in each class providing the students with an opportunity to add the projects to their portfolios, and knowledge to their skill sets.

Students can apply the skills they learn through this program, to: general computing (corporate applications, databases, web applications); entertainment media development (3-D computer animation for video games and movies); engineering applications (computer-aided manufacturing, robotics, and product simulations); and emerging technologies (artificial intelligence, urban simulation, augmented reality, and biotechnology process simulation).

### PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Design and build single-user applications.
2. Design and build multi-user web-based applications.
3. Design and build single-user database environments.

**VIDEO GAME DEVELOPMENT CERTIFICATE OF ACHIEVEMENT**

The Game Development Certificate at Golden West College is designed to prepare students for challenging and rewarding careers in computer-based game development, 3D Graphics Programming, Computer Animation, and other exciting fields. Students utilize the latest tools to learn about 3D computer graphics, console and PC based games, mobile games, and multiplayer online games. Classes are conducted in smart classrooms with the latest instructional tools. A sizable project is undertaken in each class providing the students with an opportunity to add an exciting project to their portfolios.

Students can apply the skills they learn through this certificate program, to general computing (corporate applications, databases, web applications); entertainment media development (3-D computer animation for film/video); engineering applications (computer-aided manufacturing, robotics, and product simulations); and emerging technologies (artificial intelligence, urban simulation, augmented reality, and biotechnology process planning).

### PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Describe the hardware and software components of a video game system.
2. Design and build a single-user 2D and 3D video game.
3. Design and build a multi-user PC or Mobile game.
4. Evaluate existing game engines, script games in those engines, build and deploy characters and models.
ASSOCIATE IN ARTS DEGREE IN COSMETOLOGY

The Cosmetology Program consists of two options: general Cosmetology and Esthetician. The general Cosmetology program consists of a minimum of 1600 hours of training to provide entry level skills to students who desire a career in the cosmetology profession. Students will develop expertise in the science and techniques of hair, skin makeup and lab experience in cosmetology. The one-semester Esthetician program consists of a minimum of 600 hours of training to prepare the student for a career in skin care. The student will learn bone structure, chemistry of products, skin analysis, use of packs and masks, electric modalities, corrected makeup, and correct use of products.

Upon completion, the student is eligible to take the California State Board examination to become a Licensed Cosmetologist or Licensed Esthetician. Students in this program must maintain a minimum grade of C (2.0 GPA) in all courses in order to advance to the next level in the program.

Both program options are offered as full-time, day-only programs. Students attend classes Monday through Friday from 8:00 AM to 4:30 PM. Student attendance is mandatory. The Cosmetology major or Certificate of Achievement can be completed in five 9-week terms.

English-speaking and comprehension skills are critical to success as well as safety in this program. Students with inadequate English proficiency may be dropped from the program until adequate proficiency is achieved.

The Cosmetology Department has established standards of conduct and personal grooming. Additionally, there are attendance policies that must be adhered to by all students enrolled in the program. For further information regarding requirements, contact the Cosmetology Office.

State law requires that students be at least 17 years of age and have a valid social security number when applying for the California State Board examination.

MATERIAL COSTS

The Cosmetology Department Office will provide information about the required uniform, shoes and material fees which covers the cost of the cosmetology kit. Kits and textbooks are to be purchased on the first day of instruction at 8:00 am from the Golden West College Bookstore. Kits and textbooks cannot be purchased before the first day of school.

STUDENTS WITH PREVIOUS HOURS IN THE COSMETOLOGY OPTION

Students with previous hours completed in another cosmetology program MUST provide proof of training of the completed hours to the Cosmetology Office upon acceptance to the program. Students will be required to enroll in Level I and must maintain a 2.0 GPA or higher in all Cosmetology courses before moving to the next level. Transfer hours are not to exceed 450 hours and will not be added to hours earned in the GWC Cosmetology Program until the student completes all required hours and operations in Level IV. Transfer students are not eligible to pre-apply.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Perform, practice, and demonstrate all areas of cosmetology while observing the safety and sanitation rules set forth by the California Board of Barbering and Cosmetology.
2. Demonstrate the skills necessary to build and maintain an ongoing clientele in the cosmetology salon environment and industry.
3. Use good moral conduct and good work ethics within the cosmetology industry.
4. Demonstrate knowledge of cosmetology industry requirements regarding resumes, hiring, and keeping records of business transactions.

CRIMINAL JUSTICE

PROGRAM REQUIREMENTS

As a prerequisite for admittance to the Regular Basic Course (Police Academy) and the Specialized Investigators’ Basic Course (State Investigators Academy), applicants must certify that they are free from any physical, behavioral, emotional, or mental condition that would adversely affect their behavior so as to create an undue risk of harm to themselves, other students, instructors, or other persons. If the Program Director determines an applicant is not free from such a physical, behavioral, emotional, or mental condition, the Program Director, with the agreement of the Vice President of Instruction and Student Learning, shall, as soon as possible, arrange for such an applicant to be examined by one of the following: 1) a licensed physician, or 2) a licensed clinical psychologist who has a Ph.D. in psychology and at least five years of postgraduate experience in diagnosis and treatment of emotional and mental disorders. This expert will determine if the denial of admission to the program was based upon reasonable grounds. If so, the applicant will not be admitted to the program. If the expert determines reasonable grounds do not exist, the applicant will be admitted to the program. Applicants may appeal the denial of admission to the Division Dean. Following the appeal to the Dean, applicants may make a final written appeal to the Vice President of Instruction and Student Learning.

Maintenance of a satisfactory physical, behavioral, emotional, and mental condition is required throughout enrollment in the Basic Course Programs. If at any time the Program Director determines a student is not meeting this requirement, the Program Director may refer the student to a physician or clinical psychologist and follow the procedures outlined in the preceding paragraph. The physician or psychologist will determine if the student should be dismissed from the program. Students may appeal their dismissal to the Division Dean. Following the appeal to the Dean, students may make a final written appeal to the Vice President of Instruction and Student Learning of the College. The College does not assume any responsibility for the student’s physical, behavioral, emotional or mental condition. The student at all times is personally responsible for these conditions and is obligated to report in writing to the course instructor if the student’s ability to participate in the course is impaired in any way.

Basic Course Programs

A. Regular Basic Course (RBC)
   (Police Academy)

Criminal Justice G064, and G065 are the required courses identified as the Regular Basic Course (Police Academy Program). The Academy entrance requirements will be verified through successful completion of Criminal Justice G054 (Pre-Academy orientation Class). The following prerequisites and requirements are applicable to the Regular Basic Course.

Students must possess a valid California Driver’s License.

Students must not have any Federal or State Felony convictions.

Students must obtain from the Department of Justice written certification that there is nothing in their criminal history background which would disqualify them from owning, possessing, or having under their control, any firearm capable of being concealed on their person.

Students must certify their physical fitness for the course by obtaining and providing the college with the results of a medical examination including a resting EKG, verified and interpreted by a physician (Agency affiliates refer to item #10).

Students must successfully complete a P.O.S.T. prescribed reading and writing skills examination.

Students must pass a job-related physical agility test.

Students must participate in an oral interview to determine their suitability for the academy program and potential for employment as a police officer.

Students must pass a Traits Profile Assessment and be free from any physical, behavioral, emotional, or mental condition that would adversely affect their behavior so as to create an undue risk of harm to themselves, students, instructors or other persons.

Students must execute an agreement assuming the risk of harm from participating in the course and releasing the District from any liability from such harm.

Agency affiliates are expected to meet the minimal standards prescribed by P.O.S.T.

Contact the Criminal Justice Training Center office for Academy admission procedures.

B. Specialized Investigators’ Basic Course (SIBC)
   (State and County Welfare Fraud Investigator Academy)

Criminal Justice G090 and G098 are the required courses for the Specialized Investigators’ Basic Course (SIBC). The following prerequisites and requirements are applicable to the Specialized Investigators’ Basic Course:

Students must be employed by a state or county agency and sponsored by the employing agency.
Students must be appointed by a state or county agency into a specialized investigator or welfare fraud Investigator position as described in California Penal Code Sections 832.5 and 113510.5.

Students must possess a valid California Driver’s License.

Students must not have any Federal or State Felony convictions.

Students must successfully pass a California Peace Officer Background investigation by their employing agency.

Students must execute an agreement assuming the risk of harm from participating in the course and releasing the District from any liability from such harm.

Students are expected to meet the minimal standards prescribed by the Commission on Peace Officers Standards and Training.

Contact the Criminal Justice Training Center office for Specialized Investigators’ Course admission procedures.

**POLICE ACADEMY**

**ASSOCIATE IN ARTS DEGREE**

**PROGRAM LEVEL LEARNING OUTCOMES**

The student will demonstrate the skills, abilities, and knowledge to enter a peace officer field-training program, and execute the duties of a peace officer in society.

**order of Courses and When Offered**

The required courses set forth under either of the two academy programs must be taken concurrently. The required courses are commonly referred to as the “police academy.” They consist of approximately 1,000 hours of instruction delivered over a 24-week period in the Regular Basic Course and approximately 640 hours of instruction delivered over a 16-week period in the Specialized Investigators’ Basic Course. Each of these police academy programs are offered two to three times per calendar year.

**CRIMINAL JUSTICE**

**ASSOCIATE IN ARTS DEGREE - ADMINISTRATION OF JUSTICE**

Theories, principles, and techniques of law enforcement agencies, juvenile justice, and corrections.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Differentiate the roles of the law enforcement, courts, and corrections components of the criminal justice system.

2. Evaluate the biological, psychological, and social causes of criminal behavior.

3. Evaluate sources of information for criminal investigations.

4. Describe crimes by their names, elements, and classifications.

5. Explain the legal justifications required for conducting a search and an arrest, and the exceptions to these requirements.

6. Evaluate legal arguments, and explain constitutional and statutory limits on the application of law.

7. Identify the foundational requirements for the admissibility and the exclusion of evidence in a criminal court proceeding.

8. Develop effective reading, writing, speaking, listening, and nonverbal communication skills for a variety of audiences.

9. Discuss the Six Pillars of Character as defined by the Josephson Institute of Ethics: trustworthiness, respect, fairness, responsibility, justice and fairness, caring, civic virtue and citizenship, and how they apply to personal and professional environments.

CRIMINAL JUSTICE - CORRECTIONS
ASSOCIATE IN ARTS DEGREE
Theories, principles, and techniques of juvenile justice and corrections.

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Describe the roles of corrections professionals within the adult and juvenile justice systems.
2. Recognize the differences in staff and inmate hierarchies within the correctional environment.
3. Identify the components of an integrated and strategic supervision model for community corrections that reduces offender recidivism.
4. Describe the principles of evidence-based practice used by human service professionals to achieve effective interventions.
5. Explain the legal justifications required for conducting a search and an arrest, and the exceptions to these requirements.
6. Describe crimes by their names, elements, and classifications.
7. Develop effective reading, writing, speaking, listening, and nonverbal communication skills for a variety of audiences.
8. Evaluate legal arguments, and explain constitutional and statutory limits on the application of law.
9. Identify the foundational requirements for the admissibility and the exclusion of evidence in a criminal court proceeding.
10. Discuss the Six Pillars of Character as defined by the Josephson Institute of Ethics: trustworthiness, respect, fairness, responsibility, justice and fairness, caring, civic virtue and citizenship, and how they apply to personal and professional environments.
LAW ENFORCEMENT CERTIFICATE OF ACHIEVEMENT

This curriculum was developed with an advisory committee comprised of Criminal Justice administrators. Its purpose is to provide basic fundamentals for entry into any type of Criminal Justice agency. The curriculum leads to a Certificate of Achievement in Criminal Justice.

It is suggested that courses be taken in the order they are listed. However, courses may be taken in any order provided prerequisites have been met. Following are the three different options to obtain this certificate.

As a prerequisite for admittance to the Regular Basic Course (Police Academy) and the Specialized Investigators’ Basic Course (State Investigators Academy), applicants must certify that they are free from any physical, behavioral, emotional, or mental condition that would adversely affect their behavior so as to create an undue risk of harm to themselves, other students, instructors, or other persons. If the Program Director determines an applicant is not free from such a physical, behavioral, emotional, or mental condition, the Program Director, with the agreement of the Vice President of Instruction and Student Learning, shall, as soon as possible, arrange for such an applicant to be examined by one of the following: 1) a licensed physician or 2) a licensed clinical psychologist who has a Ph.D. in psychology and at least five years of postgraduate experience in diagnosis and treatment of emotional and mental disorders. This expert will determine if the denial of admission to the program was based upon reasonable grounds. If the expert determines reasonable grounds do not exist, the applicant will be admitted to the program. Applicants may appeal the denial of admission to the Division Dean. Following the appeal to the Dean, applicants may make a final written appeal to the Vice President of Instruction and Student Learning.

Maintenance of a satisfactory physical, behavioral, emotional, and mental condition is required throughout enrollment in the Basic Course Programs. If at any time the Program Director determines a student is not meeting this requirement, the Program Director may refer the student to a physician or clinical psychologist and follow the procedures outlined in the preceding paragraph. The physician or psychologist will determine if the student should be dismissed from the program. Students may appeal their dismissal to the Division Dean. Following the appeal to the Dean, students may make a final written appeal to the Vice President of Student Instruction and Learning of the college. The College does not assume any responsibility for these conditions and is obligated to report in writing to the course instructor if the student’s ability to participate in the course is impaired in any way.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Differentiate the roles of the law enforcement, courts, and corrections components of the criminal justice system.
2. Evaluate the biological, psychological, and social causes of criminal behavior.
3. Summarize the punishment philosophies of criminal law.
4. Demonstrate appropriate First Aid procedures.
5. Develop effective reading, writing, speaking, listening, and nonverbal communication skills for a variety of audiences.
6. Evaluate legal arguments, and explain constitutional and statutory limits on the application of law.
7. Discuss and practice the Six Pillars of Character as defined by the Josephson Institute of Ethics: trustworthiness, respect, fairness, responsibility, justice and fairness, caring, civic virtue and citizenship, and how they apply to personal and professional environments.

DANCE

ASSOCIATE IN ARTS DEGREE IN DANCE

The Dance Program of the Performing Arts Department, Arts and Letters Division includes general education, for AA degree preparation, and transfer to upper division at colleges and universities. The 25 courses offered cover a wide variety of dance styles in small classes with individual attention to the dancer’s needs. The Dance Department plays an active role in the community by presenting workshops, master classes, and performances in the community at schools and special events. The members of the faculty are professional artists who provide services to the campus and community in the form of public performances, fundraising, concert tours, adjudication, and significant outreach for the recruitment of new students.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Develop competency in modern dance, ballet, and jazz dance, enabling them to pursue careers in education, health and fitness, professional arenas, or to further their academic dance pursuits.

2. Gain an overview of the historical, cultural, and scientific dimensions of dance.

3. Explore the fundamental skills and techniques necessary for the public performance of dance.

4. Have practical experience in the production aspects of dance.

5. Demonstrate an understanding of the craft and aesthetic qualities of dance orally, practically, and in writing.

GWC GE Pattern, CSU GE or IGETC Pattern:  
21-39

DEGREE TOTAL UNITS (maximum):  
60 units

Recommended classes from Dance and other academic areas:
Dance G101 Viewing Dance, Theater Arts G106 Acting 1, Theater Arts G175, G176, G177, G178 Technical Theater, Music G101 Music Appreciation, Biology G220 Human Anatomy

Rapid prototyping, materials, safety, individualized projects and presentations for portfolio development. Completion of this certificate prepares successful students for employment as entry level designers, design interns, model makers, technicians, and CAD designers. Students who complete this certificate will have many opportunities to create excellent examples of artwork for their professional portfolio, dramatic presentations, and participation in the semi-annual GWC Design Student Show.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Critically evaluate what they and other students have created.

2. Design and construct gallery shows, exhibits, and portfolio presentations for public review, critique and evaluation.

### DESIGN

CERTIFICATE OF ACHIEVEMENT

The Design Certificate of Achievement was created to help prepare students with the fundamental artistic, digital and technical skills required for careers in various design fields including interior, transportation, toys, manufacturing, fashion, furniture, and model making.

The course of study includes the fundamental artistry, technical and digital knowledge and skills that are typically found in all of the professional design fields. Emphasis is placed on design theory, ideation, form and function, problem solving, composition, individual creativity, universal design principles, 2D and 3D visualization, conceptual analysis, model making, CAD, perspective, rendering, rapid visualization techniques,
ASSOCIATE IN ARTS DEGREE IN DIGITAL MEDIA

This major will prepare the student for employment in the field of graphic design illustration. It consists of experiences in applied design, digital imaging, graphic design principles, layout and design, and web page design. The focus is upon an introduction to advertising, visual communication, and skills in graphic design, illustration, and preparing art for reproduction.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Generate artwork utilizing advanced principles of design and applying these to a multimedia environment.

2. Interpret terminology for effective generation and discussion of advanced level digital art projects.

3. Utilize software to generate advanced level digital art projects.

DIGITAL MEDIA
CERTIFICATE OF ACHIEVEMENT

The Digital Media certificate provides formal training for individuals who seek entry into the rapidly growing field of digital media, encompassing digital video production, audio recording, and digital arts. Students utilize the latest tools to learn about digital editing on computers using industry standard software and operating systems environments. Classes are conducted in smart classrooms with the latest instructional tools. Sizable projects are undertaken in each class providing the students with an opportunity to add the projects to their portfolios and knowledge to their skill sets. Students can apply the skills they learn through this program in digital media to careers in multimedia production, digital video production, digital audio engineering, web design and development, corporate communications and graphic arts.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Produce professional audio recordings.
2. Produce professional digital video recordings.
3. Design and build multi-user web-based applications.
4. Edit audio, video and graphic art content in a digital environment.

Semester 1
Course       Title                  Units
DM G100      Digital Media, Introduction  3
DM G110      Digital Audio, Introduction  3

Semester 2
Course       Title                  Units
DM G140      TV Studio Production, Introduction  3
DART G150    Photoshop, Beginning  3

Semester 3
Course       Title                  Units
DM G111      Audio Post Production  3
DM G160      Video Editing and Motion Graphics  3

Semester 4
Course       Title                  Units
DART G178    Introduction To Web Page Design  
DM G200      Applied Digital Media  3

Total Units: 24

GRAPHIC DESIGN AND PRODUCTION OPTION
CERTIFICATE OF ACHIEVEMENT

This option will prepare the student for employment in the field of graphic design illustration. It consists of experiences in lettering, applied design, photography, and reproduction processes. The focus is upon an introduction to advertising thinking, visual communication, and skills in graphic design, illustration, and preparing art for reproduction.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Generate artwork utilizing advanced principles of design and applying these to a multimedia environment.
2. Interpret terminology for effective generation and discussion of advanced level digital art projects.
3. Utilize software to generate advanced level digital art projects.

Semester 1
Course       Title                  Units
Digital Arts G103  Digital 2D Design  3
Digital Arts G150  Photoshop, Beginning  3
Art G115        Typography  3

Semester 2
Course       Title                  Units
Digital Arts G135  Introduction to Adobe Illustrator  3
Digital Arts G152  Using Photoshop, Intermediate  3
Digital Arts G170  Graphic Design Principles  3

Semester 3
Course       Title                  Units
Digital Arts G174  Introduction to Page Layout & Design- Adobe InDesign  3
Digital Arts G179  Prepress  3

Semester 4
Course       Title                  Units
Digital Arts G222  Digital Imaging  3
Digital Arts G177  Graphic Design Principles On The Computer  3

Total Units: 30
AUDIO RECORDING
CERTIFICATE OF SPECIALIZATION

This certificate of specialization in Audio Recording is offered to prepare students for a career in Audio Engineering, and also prepare students for upper division courses in Digital Media.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Create and record a project using MIDI (Musical Instrument Digital Interface) sequencing and software instruments.
2. Create a mix and perform the proper steps to produce a final product for various digital media.
3. Set up a complex microphone array (24 tracks) for a band and record digital signals in a tracking session.
4. Produce a digital portfolio comprised of sound recordings, mixed, and mastered.

BIOTECHNOLOGY MEDIA DESIGN
CERTIFICATE OF SPECIALIZATION

This certificate emphasizes the foundational digital media skills required to design and create professional media products for the biotechnology field. Students will develop conceptual pathways related to interdisciplinary STEAM fields, experiment with mixed digital media, including 3D modeling, and discuss the importance of research, models, and props in the design and execution of the final product.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Generate artwork utilizing advanced principles of design and applying these to a multimedia environment in the biotechnology field.
2. Interpret terminology for effective generation and discussion of advanced level digital art projects in the biotechnology field.
3. Utilize software to generate digital art projects.

GRAPHIC DESIGN ADVANCED PRODUCTION
CERTIFICATE OF SPECIALIZATION

This certificate will prepare the student for a career in the field of graphic design. The focus is upon graphic design skills in page layout and design, visual communication and prepress for the reproduction process.

Program Level Learning Outcomes
Upon completion of this program, students will be able to:

1. Generate artwork utilizing advanced principles of design and applying these to a multimedia environment.
2. Interpret terminology for effective generation and discussion of advanced level digital art projects.
3. Utilize software to generate advanced level digital art projects.

VIDEO EDITING
CERTIFICATE OF SPECIALIZATION

The Certificate of Specialization in Video Editing encompasses technical skills, aesthetics, and workflow knowledge to provide industry-level expertise in nonlinear editing, media management and motion graphics. The goal of the certificate is to provide the student with a solid foundation focused on industry-standard editing and content organization techniques. The Certificate of Specialization prepares the student for entry-level employment as an Assistant Editor, Digital Imaging Technician or Editor in government, education or private business sector. The certificate covers everything from editing short-form promos, commercials, and music videos to full-length feature films and digital media. The student works with the most popular industry tools to develop technique and practice technical skills such as visual effects, sound, color correction, and finishing. The certificate also addresses story structure and narrative tools in editing. The student completes the certificate with a deep, robust understanding of all key components of TV and film editing. As part of the certificate of specialization students are able to obtain industry certification in Adobe Premier and AVID Media Composer.

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Identify and describe three advanced editing principles and practices.
2. Apply advanced editing principles in editing of a narrative sequence.
3. Apply advanced editing principles in editing of a three to five minute dialogue sequence.

GRAPHIC DESIGN WEBSITE DESIGN
CERTIFICATE OF SPECIALIZATION

This certificate will prepare the student for a career in the field of web design. The focus is upon web design skills in designing the look, layout, functionality and organization of websites.

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Describe the web page design process.
2. Design and build simple web pages.
3. Design and build advanced web pages.
4. Evaluate current web pages on the Internet.
Semester 1

DM G163 | Introduction to Motion Graphics | 3

Total units: 12

VIDEO PRODUCTION
CERTIFICATE OF SPECIALIZATION

The Digital Media Certificate of Specialization/Video Production has been designed for the student who seeks a career as a working professional in digital media industry; including corporate, education, internet, cable and broadcast video production.

The certificate provides a course of study which will enable the successful student to plan and facilitate studio and field-based video production, including producing, filming, editing, sound mixing and graphic design.

Students have the opportunity to work for and serve internships at a variety of commercial TV stations, motion picture studios, video post-production houses, and cable networks.

Digital media production encompasses a variety of industries, including journalism, advertising and entertainment.

Employment and internship opportunities exists for students in noncommercial media venues such as educational media at schools and colleges and in-house media production at major corporations.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Develop solid base in the theory and technology skills required for professional careers in digital media industries.
2. Acquire real world, hands on experiences in basic software and hardware tools utilized in digital media production.
3. Develop interpersonal skills and professional demeanor that will enable students to work effectively and cooperatively as team players on collaborative projects.
4. Generate creative solutions to challenging assignments, demonstrating a clear understanding of project needs and technological demands.

Semester 1
Course | Title | Units
--- | --- | ---
DM G141 | Documentary Video Production | 3
DM G102 | Writing and Producing for Digital Media | 3

Semester 2
Course | Title | Units
--- | --- | ---
DM G260 | Non-Linear Editing II | 3
DM G163 | Introduction to Motion Graphics | 3

Total units: 12

ELEMENTARY TEACHER EDUCATION
ASSOCIATE IN ARTS DEGREE IN ELEMENTARY TEACHER EDUCATION FOR TRANSFER

The Associate of Arts in Elementary Teacher Education for Transfer Degree is designed for students seeking to enter the teaching profession with K-8 settings and plan to transfer to a four-year college or university to pursue the baccalaureate degree and to meet California state requirements for teaching. With careful planning the student desiring to transfer will be able to complete the Associate in Arts Degree while concurrently satisfying the lower division transfer preparation for the baccalaureate degree and the requirements for the State-approved Multiple Subjects Credential Program.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Understand the historical context of elementary education, including its relationship to contemporary society and culture.
2. Identify qualities of an effective teacher as outlined in the California Standards for Teaching Profession.
3. Have significant preparation in meeting subject matter competency in preparation for the Multiple Subject Examination Teaching exam (MSET).
4. Develop a comprehensive professional portfolio for the teaching profession.
5. Obtain early classroom experiences via observational and practical experiences in the classroom.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Elementary Teacher Education for CSU Transfer.

ENERGY EFFICIENCY AND RENEWABLE ENERGY

ASSOCIATE IN ARTS DEGREE IN ENERGY EFFICIENCY AND RENEWABLE ENERGY

The Energy Efficiency and Renewable Energy (EERE) program at Golden West College is designed to provide formal training for individuals who seek entry into the Energy Efficiency Assessment Service field. Students will learn to conduct energy audits, and to establish energy efficiency benchmarks for physical infrastructures to help utilize resources more efficiently and reduce cooling and energy consumption in buildings and processes. Students will also learn to provide analyses and recommendations to help efficiently upgrade and expand the power, cooling, and space to support new equipment or design a new facility.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate basic safety rules and safe attitudes in all activities.
2. Analyze residences and businesses utility bills to focus on reducing energy usage.
3. Use energy efficiency diagnostic tools such as door blowers and duct blasters to determine air infiltration into buildings.
4. Calculate energy usage in terms of electrical, mechanical and heat energy units.
5. Demonstrate ability to recommend alternative energy methods to reduce utility costs and provide green energy substitutes for fossil fuel energy forms.

It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan.

ENERGY AUDITOR CERTIFICATE OF ACHIEVEMENT

The Energy Auditor Certificate of Achievement at Golden West College is designed to provide formal training for individuals who seek entry into the Energy Efficiency Assessment Service field. Students will learn to conduct energy audits, and to establish energy efficiency benchmarks for physical infrastructures to help utilize resources more efficiently and reduce cooling and energy consumption in buildings and processes. Students will also learn to provide analyses and recommendations to help efficiently upgrade and expand the power, cooling, and space to support new equipment or design a new facility.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate basic safety rules and safe attitudes in all activities.
2. Analyze residences and businesses utility bills to focus on reducing energy usage.
3. Use energy efficiency diagnostic tools such as door blowers and duct blasters to determine air infiltration into buildings.
4. Calculate energy usage in terms of electrical, mechanical and heat energy units.

Welcome to Golden West College
### SOLAR ENERGY

#### CERTIFICATE OF ACHIEVEMENT

The Solar Energy certificate at Golden West College is designed to provide formal training for individuals who seek entry into the rapidly growing fields of photovoltaic and thermal solar energy fields. Students will learn to design, install, and maintain photovoltaic and solar heating equipment and understand the relevant building codes. Students will also learn to perform site analysis for the installation of such equipment. Sizable projects are undertaken in each class providing the students with an opportunity to add the projects to their portfolios and knowledge to their skill sets.

#### PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

2. Know Photovoltaics Principles as related to electricity.
3. Complete a solar site analysis for installer.
4. Understand electric and solar thermal load analysis.
5. Develop an understanding of Grid verses Off-Grid systems.
6. Know photovoltaic and solar thermal system components and their applications.
7. Learn different system installation applications relating to modules.
8. Know how to maintain and/or troubleshoot an existing system.
9. Develop a clear understanding of electrical, solar thermal, site, equipment and hazards during installation processes.

### SOLAR ENERGY TECHNOLOGY

#### CERTIFICATE OF SPECIALIZATION

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Explore career opportunities and paths within the associated industries.
2. Understand the safety, environmental, and social impacts of solar energy use.
3. Compare solar energy systems, their applications and performances, and their predicted energy savings and economics.
4. Apply theoretical knowledge in a realistic environmental studies work setting.
ENGLISH

ASSOCIATE IN ARTS DEGREE IN ENGLISH FOR TRANSFER

Students enrolled in the Associate in Arts in English for Transfer degree (AA-T in English) graduate with demonstrated skills in writing, literary analysis and critical thinking. They will build vital research skills and learn to synthesize outside information into their own writings.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Compose essays of various lengths, up to ten pages, that are guided by thesis statements.
2. Produce writing for different purposes, which may include description, cause and effect, classification, definition, comparison and contrast, textual analysis, argumentative research, and creative fiction or non-fiction.
3. Support thesis statements with different types of proof: logic, anecdote, textual interpretation, research.
4. Edit and revise their own writing to reflect knowledge of correct English grammar, spelling, punctuation, manuscript format, and other literary conventions.
5. Find, evaluate, and selectively present appropriate researched evidence in the course of an essay.
6. Summarize texts, compare them to other readings and ideas, recognize that a single text may be interpreted in more than one way, and discuss them in terms of genre categories.
7. Comprehend college-level texts that represent a variety of genres and rhetorical strategies such as irony, understatement, parody, and more.
8. Articulate generic differences between poetry, narrative fiction, and drama.
9. Demonstrate familiarity with some canonical works and/or authors of English and American literature.

Below is a recommended sequence for this transfer major:

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in English for CSU Transfer.
FLORAL DESIGN AND SHOP MANAGEMENT

ASSOCIATE IN ARTS DEGREE IN FLORAL DESIGN AND SHOP MANAGEMENT

The Floral Design and Shop Management program trains students by offering excellent instruction of industry skills and practical training necessary to secure employment in the floral design industry. Students receive hands-on experience and quality instruction with instructors who are accredited by the American Institute of Floral Designers (AIFD). The Floral Design program is recognized as the Shirley Haas Student Chapter of the American Institute of Floral Designers (SAIFD). Golden West College’s Shirley Haas Chapter is the only SAIFD chapter in Southern California and students may choose to apply. The objective of SAIFD is to further the students’ education and participation in floral design through conventions at local and state levels, and at the National AIFD Symposium. The Shirley Haas Chapter of SAIFD is one of the education-based pathways aimed at preparing students for national accreditation with AIFD.

The program is aligned with the California Certified Florist’s Certificate and completion of this program will help prepare students for the state exam. Students will learn an internationally recognized occupation and portable skill. The California Certified Florist’s certificate is another approved education-based pathway to accreditation with AIFD. Our alignment with CCF therefore reinforces the opportunities offered our students. Courses not only teach technical skills necessary to gain employment but also address the multicultural and international aspect of this industry. Other courses challenge students to pursue their creativity and critical thinking skills. Some courses prepare students to be a salesperson, manager, business owner or entrepreneur.

The program offers employment opportunities by supporting local businesses by acting as a job clearing house. Students have the opportunity to participate in professional industry events, such as the California State Floral Association’s Annual Event, Top Ten Design Competition and Student Competition, the AIFD National Symposium and local industry design shows. Students also have the opportunity to participate in the construction of floral designs for campus events that support student success.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Create an arrangement illustrating the elements and principles of color theory and floral design.
2. Distinguish floral industry standards for application to commercial venues.
3. Identify and categorize varieties of flowers and foliage by genus and species.
4. Illustrate and produce industry standard floral designs used in wedding décor, sympathy tributes, window display, permanent botanicals and event design.
5. Identify principles and practices of flower shop operation.

**FRENCH**

**ASSOCIATE IN ARTS DEGREE IN FRENCH**

The French major is designed to meet the needs of both the student who wishes to transfer to a four-year institution and the student who wishes to achieve basic conversational ability in French. Completion of the French major provides students with the opportunity to move into the curriculum at a four-year institution leading to a baccalaureate degree and then to possible careers requiring multiple language proficiency.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Demonstrate understanding of World languages, grammar, vocabulary, idiomatic expressions, and World languages speakers’ culture and apply it to communicate orally, using appropriate pronunciation on designated topics in public and in interpersonal situations.
2. Integrate grammar, vocabulary, idiomatic expressions, and culture to communicate in writing.
3. Apply, clearly and effectively, vocabulary, grammar, idiomatic expressions, and culture to synthesize, analyze, evaluate, and derive meaning of implicit and explicit written materials.
4. Apply knowledge of vocabulary, grammar, idiomatic expressions, and culture to accurately recognize and comprehend spoken messages in World languages.

**Major Total:** 18

**GE Pattern:** GWC AA, CSU General Education Breadth or IGETC Pattern: 21-39

**DEGREE TOTAL UNITS (maximum):** 60 units

**GEOGRAPHY**

**ASSOCIATE IN ARTS IN GEOGRAPHY FOR TRANSFER DEGREE**

The Associate in Arts in Geography for transfer degree focuses broadly on Earth’s physical and human/cultural landscapes. Geography describes and explains the locations, distributions, and interrelationships of all surface features, both physical and human/cultural. The purpose of the degree is to develop geographic literacy—a critical understanding of the planet. Defined as a spatial science, geography is the study of places, where those places are in relation to other places and features on earth, and the relationships between people and their environments. An understanding of geography is crucial to long term progress and sustainability, especially in our increasingly interconnected world. Students in the Geography Transfer program will investigate a broad range of geographical topics in both the social science and physical science subdivisions of geography. Students will be prepared to complete a baccalaureate degree in geography and pursue careers in education, research, planning, environmental consulting, GIS, international business, and government. The intent of an Associate Degree for transfer is to assist students in seamlessly transferring to a California State University.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Describe the locations and distributions of major surface features, both human and natural/physical.
2. Discover and explain the spatial and causal relationships among human and natural phenomena.
3. Apply the tools and techniques of geography to develop understanding and appreciation of the planet.
4. Below is a recommended sequence for this transfer major. Please note, this sequencing is dependent on the following:

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Geography for CSU Transfer.

## GEOLOGY

### ASSOCIATE IN SCIENCE DEGREE IN GEOLOGY FOR TRANSFER

The Associate in Science in Geology transfer degree focuses on an understanding of internal processes responsible for the formation of the Earth from a scientific perspective. Students choosing the geology degree program will study a range of natural science concepts including plate tectonics, climate change, and the evolution of the dynamic planet Earth. This degree employs the scientific method to understand the formation of the Earth, including how volcanoes, and mountain building events change the geography and ecosystems of the Earth. Students will explore geologic time as it relates to the origins, and evolution of life through the fossil record. An understanding of the formation of economically important mineral and fossil fuel resources is an important aspect of the degree program. A portion of this course will focus on the diverse California geology and coastal development. Completion of this major will provide students with a well-rounded understanding of human impacts on the globe and the ways geologic hazards such as earthquakes, floods, and landslides impact human development.

### PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Define the application of the scientific method to geology and the forces, which allows scientists to develop theories of the natural forces that shape the evolving Earth.

2. Describe the processes of plate tectonics as it relates to mountain building events, volcanoes, earthquakes, and evolution of landscapes.

3. Define the processes of mineral and rock formation and the importance of economic resources.

4. Evaluate geologic landscapes and structures, such as faults, folds and the physical forces required to develop a geologic landscape.

5. Relate geologic time and the fossil record to past climates and the tectonic and ecological environments responsible for the formation of the Earth.

6. Study past climates both warmer, and cooler than current conditions, and how ice ages impacted climate and shaped landscapes.

### DEGREE TOTAL UNITS (max):

60 units

( ) descriptor in parentheses indicates credit earned in AAT.
a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AS in Geology for CSU Transfer.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Describe the structure, pace, and causal agents of changing historical contexts.
2. Employ interpretative skills to reach reasoned conclusions from historical evidence.
3. Evaluate cultural, socio-political, and economic contexts through historical time.

Below is a recommended sequence for this transfer major:

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in History for CSU Transfer.

HISTORY

ASSOCIATE IN ARTS DEGREE IN HISTORY FOR TRANSFER

The Associate in Arts in History for Transfer degree focuses on a critical analysis of the past in order to understand how it has influenced our identities and shaped today’s societies. Students choosing this major will study a range of historical subjects including United States History, World History, and Western Civilization. In addition, students will learn how to identify historical significance, to analyze historical evidence, and to construct historical arguments based on primary and secondary sources. Completion of this major will provide students with a well-rounded understanding of history and equip them with the skills of a historian. Students will be prepared to work toward a baccalaureate degree in History at the CSU level.

INTERPRETING

AMERICAN SIGN LANGUAGE INTERPRETING
ASSOCIATE IN ARTS DEGREE

Orange County and neighboring areas are rich in part-time job opportunities for Sign Language Interpreting. This program is designed to provide students with sign interpreting skills sufficient for entry-level employment. Emphasis is on use of American Sign Language.

Career opportunities include:

American Sign Language Interpreter
Teacher for the Deaf and Hard of Hearing
Audiologist
Speech Pathologist

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Operate within a cultural knowledge of the Deaf.
2. Transliterate and interpret between spoken English and American Sign Language (ASL).
3. Interpret between ASL and spoken English.
4. Understand specialized vocabulary and ethical practices that enable the student to function effectively as an interpreter for the Deaf.

Note: Sign G180 - American Sign Language 1 (4 units) and Sign G185 American Sign Language 2 (4 units) or equivalent courses need to be taken prior to starting the certificate program. They are not counted towards the total units for the certificate.

Semester 1

Course   Title                      Units
Sign G280  American Sign Language 3  4

KINESIOLOGY

ASSOCIATE IN ARTS DEGREE IN KINESIOLOGY FOR TRANSFER

The Associate in Arts in Kinesiology for Transfer degree is an integrated discipline that focuses on scientific, functional and mechanical processes of the human body. Students will learn and understand how to display increasing confidence and preparation in a wide range of areas including, but not limited to: sports medicine, exercise physiology, philosophy, sociology and psychology of sport, personal training, biomechanics, motor development and coaching. This degree will prepare students to pursue further study and achievement of a baccalaureate degree in the discipline of Kinesiology.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate an understanding of the scientific, functional and mechanical processes of the human body.
2. Apply strong verbal and writing communication both in academic and professional settings.
3. Demonstrate an understanding of movement and skill in a variety of sports and activities.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Kinesiology for CSU Transfer.

---

Students planning to transfer to a four-year college or university should complete courses specific to the transfer institution of choice. Therefore, it is important to verify transfer major preparation through consultation with a GWC Teaching Counselor.

## ASSOCIATE IN ARTS DEGREE IN LIBERAL ARTS: EMPHASIS IN ARTS AND HUMANITIES

### PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation.

2. Value aesthetic understanding and incorporate these concepts when constructing value judgments.

### ASSOCIATE IN ARTS DEGREE IN LIBERAL ARTS: EMPHASIS IN BUSINESS AND TECHNOLOGY

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Effectively manage and lead organizations.
2. Understand the place of business and technology within the global economy.
3. Critically apply ethical standards to business practices and decisions.

ASSOCIATE IN ARTS DEGREE
IN: LIBERAL ARTS: EMPHASIS IN MATHEMATICS

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Solve linear and non-linear equations in the real and complex number system.
2. Calculate probabilities of independent and mutually exclusive events and conditional probability using appropriate formulas and theorems.
3. Compute derivatives of basic functions and the derivatives of their sums, differences, products, quotients, and compositions.
4. Solve right-angle and oblique triangles and use appropriate laws to solve applied problems.
5. Perform matrix operations, evaluate determinants, and solve systems of linear equations using appropriate computational techniques.

Course Listing
Choose any combination from the following list to total at least 18 units. Selections must include one math course at the level of Math G180 or above. Students should check with a counselor to see which courses will transfer to their target university.

Science: One science class from the list identified for the Science Area of Emphasis

ASSOCIATE IN ARTS DEGREE
IN: LIBERAL ARTS: EMPHASIS IN SCIENCE

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Demonstrate a strong factual framework of knowledge about the natural world.
2. Use critical thinking skills.
3. Use a variety of experimental and analytical techniques.
4. Use a variety of data collection and display methods.

**ASSOCIATE IN ARTS DEGREE IN LIBERAL ARTS: EMPHASIS IN SOCIAL AND BEHAVIORAL SCIENCES**

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Study human experience in the context of the larger society by applying investigative methods to collect, interpret, and present scientific data.
2. Analyze social change, analyze social problems, and analyze and develop social policies.
3. Think critically about how findings and ideas in social science can be applied to explain phenomena and events that influence the larger society.

ASSOCIATE IN ARTS DEGREE:
EMPHASIS IN SOCIAL SCIENCES

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Compare and evaluate research pertaining to the broad principles of social sciences and the ways social scientists in a particular discipline conduct research.
2. Demonstrate an application of investigative methods to collect, interpret, and present scientific data on social science theories.
3. Demonstrate how social science findings can be employed to: (a) analyze social change, (b) analyze social problems, and (c) analyze and develop social policies.
4. Explain how findings and ideas in social science can be applied to explain phenomena and events that influence the larger society.

ASSOCIATE IN ARTS DEGREE IN RETAIL MANAGEMENT AND ENTREPRENEURSHIP

This curriculum provides students with the fundamentals of marketing, sales, and customer service and prepares students that are pursuing 4-year business and marketing degrees. The program is well suited to provide academic and career foundations for marketing related fields including communication skills, marketing concepts and techniques, and related technologies.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Explain how marketing management is a business discipline focused on the practical application of marketing techniques and the management of a firm’s marketing resources and activities.
2. Describe how marketing managers are often responsible for influencing the level, timing, and composition of customer demand in a manner that will achieve the company’s objectives.
3. Define roles and responsibilities related to marketing, sales, and customer service.
4. Develop vital skills for effective business writing and communication that are necessary for successful careers in sales and marketing.
5. Analyze and leverage market research, marketing strategy, marketing communication techniques, and technology.

**RETAIL MANAGEMENT**

**CERTIFICATE OF ACHIEVEMENT**

This Retail Management Certificate, designed in collaboration with industry leaders, prepares individuals for promotion in management in the retail field. This program is also intended to help students develop an understanding of the retail manager’s job and the requirements for success in the field.

The certificate is designed to prepare current and future retail employees for the fast-paced challenges in a competitive industry. This certificate includes business essentials such as accounting and marketing, and also emphasizes the “soft skills” of behavioral management and communication required for career success. Completion of the Retail Management certificate enhances the opportunity for entry employment as well as advancement in a retail career.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Develop a business plan for a small business which will include a mission statement, organizational structure, financial plan, cost analysis, and logistics and supply chain management.
2. Develop guidelines for customer service for both suppliers and customers.
3. Incorporate business solutions software to logistics and supply chains.

ENTREPRENEURSHIP AND SMALL BUSINESS MANAGEMENT
CERTIFICATE OF ACHIEVEMENT

This curriculum is designed for students seeking to start, manage, and successfully run their own small businesses. The program is suited for students who are working and wish to move into management positions in their present jobs or who wish to open their own businesses.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Develop the necessary skills to start, manage, and successfully run a small business, including start-up procedures, management, marketing, leadership, and finances.

2. Develop strategic planning and effective decision making processes necessary to start and run a successful business.

3. Analyze a company’s internal strengths, weaknesses and organizational culture against the opportunities and threats in the external environment.

4. Identify key functions, skills, and competitive goals to be successful in today’s business landscape.

5. Develop skills in communication, team-building, problem-solving, and motivation.

MARKETING

ASSOCIATE IN ARTS DEGREE IN MARKETING

This program provides students with fundamental knowledge of marketing, sales, and customer service and prepares students that are pursuing further studies in the business and marketing disciplines. The curriculum delivers academic and career foundations for marketing and equips students with pertinent communication skills and related concepts, techniques, and technologies.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Express how the marketing discipline is focused on the practical application of marketing techniques and proper management of a firm’s marketing resources and activities.

2. Describe how effective marketing influences the level, timing, and composition of customer demand in a manner that achieves a company’s objectives.

3. Analyze and leverage market research, marketing strategy, marketing communication techniques, and technology.

4. Define roles and responsibilities related to marketing, sales, and customer service.
5. Develop vital skills for effective business writing and communication that are necessary for successful careers in sales and marketing.

**MARKETING**

**CERTIFICATE OF ACHIEVEMENT**

This curriculum is designed for students seeking marketing, sales, and or customer service careers in small to large businesses. The program is well suited to provide academic and career foundations for marketing related fields as well as practical marketing and sales processes and tools to improve related job and career performance.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Express how the marketing discipline is focused on the practical application of marketing techniques and proper management of a firm’s marketing resources and activities.

2. Explain how marketing management is a business discipline focused on the practical application of marketing techniques and the management of a firm’s marketing resources and activities.

3. Describe how marketing managers are often responsible for influencing the level, timing, and composition of customer demand in a manner that will achieve the company’s objectives.

4. Define roles and responsibilities related to marketing, sales, and customer service.

5. Develop vital skills for effective business writing and communication that are necessary for successful careers in sales and marketing.

**Mathematics**

**ASSOCIATE IN SCIENCE DEGREE IN MATHEMATICS FOR TRANSFER**

By successfully completing the courses for an AS-T in Mathematics at Golden West College, the student will gain a practical and theoretical understanding for future studies in mathematics. Students satisfying requirements for the Associate in Science in Mathematics for Transfer are guaranteed transfer into a bachelor’s program in mathematics at a California State University campus. Students intending to transfer to a particular CSU campus or to a university or college that is not part of the California State University system should consult with a counselor when planning to complete the degree to verify that a particular college acknowledges and accepts the
AS-T in Mathematics conferred by Golden West College.

PROGRAM LEVEL LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. State and interpret the definition of derivatives, and compute the derivatives of basic and transcendental functions of one or more variables. (Math 180, Math 185, Math 280)

2. Apply concepts of differential and integral calculus of one or more variables to solve problems involving rates, area, volume, and lengths of arcs. (Math 180, Math 185, Math 280)

3. State and interpret the definition of integrals, and calculate definite and indefinite integrals involving basic and transcendental functions. (Math 180, Math 185)

4. Graph equations in the rectangular, polar, cylindrical, and spherical coordinate systems, curves defined parametrically, conic sections, vectors, and vector valued functions. (Math 280)

5. Solve first-order differential equations and compute partial derivatives. (Math 185, Math 280, Math 282)

6. Perform matrix operations, eigenvalue and eigenvector computations and applications. (Math 235)

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Mathematics for CSU Transfer.

## MUSIC

### ASSOCIATE IN ARTS DEGREE IN MUSIC FOR TRANSFER

The Associate in Arts in Music for Transfer Degree at Golden West College is designed to prepare students to successfully transfer to a CSU campus as Music Majors. Due to the fact that Music Majors begin major coursework in the freshman year; students must successfully complete all of the required courses to be awarded the Associate in Arts in Music for Transfer Degree. The Associate in Arts in Music for Transfer Degree program is designed for students to complete the first two years of Core Major coursework that is required at CSU campuses, and prepare for success on CSU subject placement exams. Students should be aware that most CSU campuses require placement exams for Music Majors, even with a completed Associate in Arts Transfer Degree.

### PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate written and aural understanding of diatonic and chromatic music theory principles.
2. Consistently execute a collegiate level of performance and musicianship in a solo setting.
3. Consistently execute a collegiate level of ensemble etiquette, musicianship and performance in a large ensemble setting.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Music for CSU Transfer.

GWC GE Pattern, CSU GE Breadth, or IGETC: 21-39

DEGREE TOTAL UNITS (max): 60-69 units

NURSING

Contact information: nursing office@gwc.cccd.edu

Nursing practice is dynamic, diverse and offers a wide variety of employment opportunities in health care. Graduates of the GWC School of Nursing are employed in all area hospitals and health care agencies. In addition, the curriculum prepares the student for a smooth transition into an RN - Bachelor of Science in Nursing (BSN) program.

The School of Nursing is approved by the California Board of Registered Nursing (BRN) and accredited by the Accreditation Commission for Education in Nursing (ACEN).

ADMISSION PROCEDURE - BASIC ASSOCIATE DEGREE PROGRAM

Applications are accepted once a year. Admissions will be offered for both the fall and spring semesters from this one application period. Please visit our website for current filing period dates and to determine your filing status. The application is available online at least three months prior to the filing period.

The following minimum academic and other requirements must be met by prescribed deadlines by all applicants to become eligible candidates:

1. Completion of the on-line nursing orientation. A confirmation page printed and attached to the application.

2. High school graduate or equivalency. A copy of the HS diploma or official transcript must be submitted with the application if you do not have a college degree.

3. Official transcripts from each college attended (or currently enrolled) must be attached to the application.

   Note: All foreign transcripts must be translated by an official agency prior to application to the Nursing Programs. This is required to evaluate equivalency of both high school education and college courses.

4. The following four prerequisites need to be completed prior to submitting an application:

   - English G100
   - Biology G220
   - Biology G225
   - Biology G210

   Note: Course equivalencies for courses taken at other accredited colleges will be determined as part of the admission process.

   There is a 5 year recency requirement for the pre-requisite science classes. If these classes were taken more than five years ago, and there is documented work or other experiences related to the course content, please visit the School of Nursing website (www.goldenwestcollege.edu/nursing) to review the process to waive recency. If there is no documentation of this, the course must be repeated prior to filing an application.

APPLICATION PROCESSING

Once prospective students have met the minimum academics and other requirements, they are eligible to file an application.

Applications and all required documents must be submitted by the deadlines to be considered for admission.

Completed applications that have met the deadlines undergo an in-depth evaluation.

Meeting minimum requirements does not guarantee admission to the School of Nursing. Selection is based on the points received for the multi-criteria as published on the School of Nursing website. As part of this multi-criteria, all students are required to take a readiness test. Currently, all students must take the Test Of Essential Academic Skills (TEAS).

Candidates, who meet the program requirements for admission, progress to the pool of qualified applicants.

Notification letters are sent to all applicants. Those selected
for admission must accept their invitation, according to specific
details and dates outlined in their acceptance letter; or an
alternate candidate will be offered the space.

PROGRAM REQUIREMENTS

Applicants who are selected must successfully meet or
complete the following requirements by specified deadlines
and are responsible for any expenses incurred in meeting
these requirements.

Specific information will be provided to selected applicants
once they have accepted their place in the nursing program.

1. Physical Examination: The results of this required physical
examination must indicate appropriate physical and
emotional health standards for the program.

2. Proof of a current American Heart Association CPR card
- Level C.

3. Registered Nurse student malpractice insurance.

4. Uniforms and professional supplies and equipment.

5. Transportation: Adequate, reliable transportation is
required.

6. Background Check and urine drug testing.

NURSING PROGRAM ENROLLMENT
INFORMATION

To enroll in nursing coursework, all selected applicants must
meet the academic, contractual and safety requirements.

No selected applicant who is presently under treatment for
substance abuse, or who has been under such treatment
within six months of the date of his or her application, may
enroll in the Nursing Program.

All selected applicants must be able to perform specified
manipulative and/or sensory functions, as follows:

1. Be able to hear well enough (average of 30 decibel in
each ear) to respond to calls for help from individuals
remote from the location of the student.

2. Be able to safely maneuver the equipment used to
administer medications orally and intramuscularly and be
able to see and hear well enough to monitor indications
on the instruments regarding the medications being
administered.

3. Be able to start effective cardiopulmonary resuscitation.

4. Be able to maneuver a totally helpless adult to the side of
a bed and to turn and position the patient.

5. Be able to physically maneuver and support a helpless
adult.

6. Be able to see well enough to observe critical
symptomatology; have sufficient manipulative ability to
record such symptomatology in writing.

7. Be able to maneuver well enough to physically protect
himself or herself from possible injury caused by
emotionally disturbed or combative patients.

8. Have sufficient physical mobility to respond rapidly to
situations involving the health and safety of patients.

To enroll in nursing coursework, the selected applicant needs
to be free from any physical, behavioral, emotional or mental
condition that would adversely affect his/her behavior so as
to create an undue risk or harm to himself or herself, other
students, instructors, or other persons. If an applicant disputes
a determination that he/she is not free from such a physical,
behavioral, emotional or mental condition, the applicant may
be required, at his/her expense, to be examined by either a
licensed physician and/or surgeon, or by a licensed clinical
psychologist. If the health practitioner deems the applicant safe
to participate in the nursing program, the information is shared
with the Program Director to determine if the applicant is
granted admission.

To attend coursework in the clinical setting, the student must
speak conversational English so as to be understood easily by
clinical agency staff and patients. Effective communication in
spoken English is required to ensure the safety of the patients
in the clinical setting.

To meet hospital contractual requirements, applicants will
provide a copy of their Social Security card upon enrollment.

The above conditions also apply to students who are currently
enrolled in the Nursing Program. Maintenance of good health
(physical, behavioral and emotional) is essential for continuation,
and the criteria and conditions explained above are operative
throughout the student’s time in the program.

BASIC ASSOCIATE DEGREE PROGRAM

Completion of this curriculum qualifies students to receive the
Associate Degree in Nursing (ADN) and prepares students
for a smooth transition to a Bachelor’s Degree in Nursing
(BSN) program. Graduates are eligible to take the National
Licensing Examination for Registered Nurses (NCLEX).

A minimum grade of “C” must be achieved in each course
required for this program. Unless taken prior to the semester
in which they are listed below, courses must be taken in the
ordered indicated.
Recommended advisory: Completion of Math G030 and/or placement at the college level math prior to entry.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Provide and manage the care of patients using the nursing process.
2. Support the nursing process by evidence based practice resulting in safe and competent patient care.
3. Focus on assessment to accurately appraise patient's conditions to provide safe, competent patient centered care.
4. Implement therapeutic communication with patients, families and other health care team members while effectively utilizing various forms of advanced technology in the health care setting.
5. Incorporate the patient and family as the central focus of care and serve as a patient advocate.
7. Continue their professional education and display initiative for personal growth and commitment as a professional within the discipline of nursing.

Note: The Nursing program is currently under revision therefore please check with a GWC counselor or the website (www.goldenwestcollege.edu/nursing) for the most recent updates.

To meet GWC graduation requirements, students need to successfully complete: Math G160 Statistics (4 units), and English G110 Critical thinking (4 units)

These two classes may be taken before you start the nursing program or any semester of the nursing program. If you have a Bachelor's degree you may not need to take these two classes.

Total units for graduation: 72

Transfer Credit and Credit by Examination for Applicants with Previous nursing Education:

Applicants with previous nursing education in an approved school of nursing (RN) may apply for transfer credit and/or credit by examination.

CHALLENGE POLICY

In accordance with Board of Registered Nursing regulations, students who have experience or education in a specific area of nursing may challenge any Golden West College nursing course. In order to do so, the student must meet the following Nursing Program entrance requirements:

Acceptance as a regular student at Golden West College including meeting all program academic and other requirements.

1. Completion of 12 college units with GPA of at least 2.0.
2. Qualifying test scores on the college placement test in English and Math.
3. Evidence of physical and emotional fitness by medical examination.
4. Meet the specifics of the School of Nursing Challenge policy as delineated in the School of Nursing Student Handbook.

TRANSFER CREDIT

Credit for nursing courses taken at an accredited school of nursing (RN) will be granted upon the following conditions:

1. Candidates must qualify for admission as listed above.
2. Candidates must be recommended by the program director of the previous school of nursing.
3. Course work must have been completed within the last two years.
4. Credit will be given for nursing courses comparable to those offered at Golden West College.

5. Credit for general education courses will be granted according to the college policy.

6. A minimum of one academic semester must be spent in the Golden West College Core Nursing Program and the student must complete at least 12 units at GWC.

STUDENTS WITH AN EARNED BACHELOR’S DEGREE

To obtain an Associate Degree in Nursing, students who have baccalaureate or higher degrees are only required to complete the course work required for completion of the registered nursing program, including prerequisites and nursing course work. These students are not required to complete any other courses required by the college for an associate degree.

ADMISSION PROCEDURE - NURSING CAREER LADDER (LVN-RN)

This one year option is designed specifically for California Licensed Vocational nurses. The following minimum requirements must be met by all applicants in order to become eligible candidates.

Admission Requirements and Application Process

1. Complete applications to the Career Ladder Program that are submitted by the deadline are evaluated.

2. Applicants who meet the criteria of this selection process will be classified as qualified applicants.

3. Applicants who do not meet the criteria will be informed of this in writing.

4. Qualified applicants often outnumber the available spaces in the class. The final selection of the qualified applicants accepted in to the program is accomplished by a random lottery selection process.

5. Notification letters are sent to all applicants. Those selected for admission must accept their invitation, in writing, by the specified date or an alternate candidate will be offered the space.

6. Upon acceptance, applicants will be given information to allow them to complete the program requirements.

7. Accepted applicants will be required to meet the costs of the physical examination, uniforms and accessories in addition to the usual college fees. The start up costs are approximately $2500.

PROGRAM REQUIREMENTS (LVN – RN PROGRAM)

Applicants who are selected must successfully meet or complete the following requirements and are responsible for any costs incurred. Specific information will be provided to the selected applicants once they have accepted their place in the nursing program.

1. Proof of a current LVN license in the State of California with no restrictions or limitations.

2. Physical Examination: The results of this required physical examination must indicate appropriate physical and emotional health standards for the program.

3. Proof of a current American Heart Association CPR card - Level C.

4. Registered Student Nurse/LVN Malpractice Insurance.

5. Uniforms and professional supplies and equipment.

6. Transportation: Adequate, reliable transportation is required.

7. Background Check and urine drug testing.

8. Achieve a passing score on the designated pre-enrollment assessment.

Course and unit credit is awarded for Nursing G100 and G150: 20

A minimum grade of “C” or “P” (pass) must be achieved in each course required for this program.

Recommended advisory: Completion of Math G030 and/or placement at the college level math prior to entry.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Provide and manage the care of patients using the nursing process.

2. Support the nursing process by evidence based practice resulting in safe and competent patient.

3. Focus on assessment to accurately appraise patient’s conditions to provide safe, competent patient centered care.

4. Implement therapeutic communication with patients, families and other health care team members while effectively utilizing various forms of advanced technology in the health care setting.
5. Incorporate the patient and family as the central focus of care and serve as a patient advocate.

6. Exhibit professional behaviors and follow professional and ethical standards.

7. Continue their professional education and display initiative for personal growth and commitment as a professional within the discipline of nursing.

To meet GWC graduation requirements, students need to successfully complete: Math G160 Statistics (4 units), and English G110 Critical thinking (4 units).

These two classes may be taken before you start the nursing program or any semester of the nursing program. If you have a Bachelor’s degree you may not need to take these two classes.

Placement in the nursing program is based on an individual assessment of academic readiness, clinical competence and work experience.

Total units for graduation: 60

THIRTY UNIT OPTION
LICENSED VOCATIONAL NURSES AND PSYCHIATRIC TECHNICIANS

Applicants who hold a current California Vocational Nurse or Psychiatric Technician license, or the equivalent, may qualify for the California Registered Nurse licensure examination without completing the entire Associate Degree Nursing Program outlined above. LVNs may elect to take a non-degree program consisting of not more than 30 units in nursing and related science courses. Licensed PTs may challenge theory and clinical portions of the Nursing Program when they believe they already have the required knowledge and skills. For more information, please review information about this process in the Student Handbook available on the School of Nursing website (www.goldenewestcollege.edu/nursing)

Continuing Education

Golden West College offers California Board of Registered Nursing and Board of Vocational Nursing approved courses for Continuing Education in Nursing credit. Golden West College is designated as a provider of Continuing Education for Registered Nurses by the Board of Registered Nursing.

PEACE STUDIES

ASSOCIATE IN ARTS DEGREE IN PEACE STUDIES (PENDING STATE APPROVAL)

The overall purpose of the program in Peace Studies is to provide formal training for students, including potential leaders, with peacemaking and conflict management skills they can apply to daily life situations, regardless of their academic disciplines or chosen professions. The program has been developed to provide an interdisciplinary perspective to the study of conflict, violence, war, and peace. Such an approach is essential in view of the highly complex, interconnected, interdependent world in which we live. This requires an understanding that allows people to respond creatively, rather than thoughtlessly, to conflict and violence at various levels.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Characterize the value of peace and demonstrate theories related to both positive and negative peace.

2. Analyze and discuss issues related to peace, conflict and societal problems at all levels.

3. Critically think about their role in the world and their possible contributions to a more peaceful world. Demonstrate effective leadership skills by working/participating in at least two group projects.

4. Articulate an understanding of how the application of negotiation, conflict resolution and peace building tools can be used to achieve personal, communal, national and international goals.

5. Locate and critically evaluate educational materials concerning specific conflicts and their causes in at least two contemporary issues.
6. Apply theory in academic disciplines such as literature, communication, political science and philosophy to the field of peace studies.

### PHILOSOPHY

**ASSOCIATE IN ARTS DEGREE IN PHILOSOPHY FOR TRANSFER**

The Associate in Arts in Philosophy for Transfer degree focuses on a critical analysis of philosophical history, ideas, and concepts as well the development of analytical, critical thinking, writing, and reading skills. Students choosing this major will study a range of philosophical subjects including metaphysics, epistemology, logic, and ethics. In addition, students will learn how to identify philosophical principles and concepts, critically analyze texts, and generate proper arguments. Completion of this major will provide students with a well-rounded understanding of Philosophy and equip them with the skills of a philosopher. Students will be prepared to enter a baccalaureate degree program in Philosophy.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Describe the basic problems in philosophy and traditional approaches to the issues.

2. Employ critical thinking and analytic skills to better evaluate and understand arguments in many disciplines.

3. Evaluate philosophical concepts as they pertain within and outside of the discipline and across cultures and belief systems.

**Required Totals**

- Major Total: 19
- GE Pattern GWC AA, CSU GE Breadth or IGETC Pattern: 21-39

**DEGREE TOTAL UNITS (maximum):** 60 units
PROGRAM LEVEL LEARNING OUTCOMES

1. Upon completion of this program, students will be able to:

2. Understand the basic principles and concepts of physics.

3. Use these principles and concepts in solving problems in the various areas of physics.

4. Understand the methods of physicists.

5. Appreciate the importance of physics.

6. Appreciate that physics is an active, unfinished area of work in which many people are, today, actively engaged.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities.

PHYSICS

ASSOCIATE IN SCIENCE DEGREE IN PHYSICS FOR TRANSFER

The goal of the physics program at Golden West College is to develop a student’s ability in analyzing and understanding the physical world in which we live through the use of mathematical analysis and laboratory experimentation using qualitative and quantitative reasoning, and to prepare our students for upper division and graduate level physics programs, and ultimately for a career in physics or any STEM related field. A physics education that emphasizes problem solving and critical thinking, as well as hands on experimentation makes physics graduates very desirable to government agencies and to private employers in all science related fields as well as in other specialized areas such as medicine, law, and financial institutions. The Associate in Science in Physics for Transfer Degree will help a student to seamlessly transfer to the CSU in a baccalaureate degree program.
POLITICAL SCIENCE

ASSOCIATE IN ARTS DEGREE IN
POLITICAL SCIENCE FOR TRANSFER

Political science, the systematic and rigorous study of government, public policy and the political behavior of individuals, groups, and institutions, is becoming increasingly crucial in a complex and controversial world. Most social, economic and moral issues have political implications, and governmental policy affects most aspects of daily life. The goal of the Associate in Arts in Political Science for transfer degree (ADT) is to provide students with an understanding of the American political system and other political systems within the context of global forces, international conflicts, ideological systems and diversity. Courses in this degree are designed to introduce students to the field of political science and the primary subfields of political science, and to equip students with the specialized research and analytical skills necessary to examine political issues. This analytical framework will familiarize students with the more generalized problem-solving skills sufficient to allow them to make valuable contributions to any vocation or enterprise they pursue.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate knowledge of important findings, theories, and changing issues relevant to political science;

2. Demonstrate critical thinking about political issues and evaluate theories’ and arguments’ major assertions, background assumptions, the evidence used to support assertions, and their explanatory value;

3. Utilize appropriate investigative methods and appropriate technologies to access relevant research;

4. Manage information and prepare and present their work effectively.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Political Science for CSU Transfer:

Major Total: 18-19

CSU General Education Breadth or IGETC Pattern: 37-39

Total units that can be double counted: 9

Transferable Electives (as needed to reach 60 transferable units): 11-14

DEGREE TOTAL UNITS (max) 60 units

( ) Descriptor in parentheses indicates credit earned in AAT.

*Students in the 3rd and 4th semesters would do well to decide whether to focus on international courses (G110 and G101 or G120) or to focus on theory and law (G150 and G130) for their electives.

ASSOCIATE IN ARTS DEGREE IN
POLITICAL SCIENCE

Political science, the systematic and rigorous study of government, public policy and the political behavior of individuals, groups, and institutions, is becoming increasingly crucial in a complex and controversial world. Most social, economic and moral issues have political implications; and governmental policy affects most aspects of daily life. The goal of the Associate in Arts Degree in Political Science is to provide students with an understanding of the American political system and other political systems within the context of global forces, international conflicts, ideological systems and diversity. Courses in this major are designed to introduce students to the field of political science and the primary subfields of political science, and to equip students with the specialized research
and analytical skills necessary to examine political issues. This analytical framework will familiarize students with the more generalized problem-solving skills sufficient to allow them to make valuable contributions to any vocation or enterprise they pursue.

This Associate in Arts in Political Science is intended for students who plan to complete a bachelor’s degree in a similar major at a university. This degree may be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU transfer system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate knowledge of important findings, theories, and changing issues relevant to political science;
2. Demonstrate critical thinking about political issues and evaluate theories’ and arguments’ major assertions, background assumptions, the evidence used to support assertions, and their explanatory value;
3. Utilize appropriate investigative methods and appropriate technologies to access relevant research;
4. Manage information and prepare and present their work effectively.

DEGREE TOTAL UNITS (maximum): 60 units

*Students in the 3rd and 4th semesters would do well to decide whether to focus on international courses (G101 or G120) or to focus on theory and law (G150 and G130) for their electives.

PSYCHOLOGY

ASSOCIATE IN ARTS DEGREE IN PSYCHOLOGY FOR TRANSFER

Before following this pattern, see a GWC counselor for advise on how this pattern fits into your Student Educational Plan in Degree Works (http://goldenwestcollege.edu/admissions/priority.html)

The Psychology Transfer major covers the contemporary perspectives on understanding human behavior: biological, psychodynamic, learning-based, humanistic, cognitive, and sociocultural, as well as the effects of nature verses nurture on behavior and abilities. Students learn how to analyze the various methods used to study behavior, including the naturalistic observation method, the correlational method, the experimental method, kinship studies, the epidemiological method, and the case-study method. Students choosing this major will gain an understanding of the definition of normal vs. abnormal behavior, as well as describe the different types of mental health professionals and the basic features of psychotherapy and drug therapies.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Characterize the nature of psychology as a science.
2. Understand and apply psychological principles to personal, social, and organizational issues.
3. Use reasoning to recognize, develop, defend, and criticize arguments related to conclusions about psychological issues.
4. Identify appropriate applications of psychology in solving problems, such as the origin and treatment of abnormal behavior; pursuit and effect of healthy lifestyles, psychology-based interventions in clinical, educational community, and other settings.
Below is a recommended sequence for this transfer major. Please note, this sequencing is dependent on the following:

The student places into the English and Math course levels listed for the first semester.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Psychology for CSU Transfer. Due to constraints outside of the department’s control, some courses may not be offered every semester.

Students show progress by passing their classes every semester:

**ASSOCIATE IN ARTS DEGREE IN PSYCHOLOGY**

Before following this pattern, see a GWC counselor for advice on how this pattern fits into your Student Educational Plan in Degree Works (http://goldenwestcollege.edu/admissions/priority.html).

(Note: This is not the Associate in Arts degree in Psychology for CSU Transfer. For more information, go to this link: http://www.goldenwestcollege.edu/transfercenter/aatransfer/)

Psychology is devoted to the understanding, prediction, and control of human behavior. It seeks to understand and explain both normal and abnormal behavior, mental ability, perception, development, and differences in individuals. It also explores human emotions, thoughts, and motives. Programs in Psychology intend to prepare students for careers in psychology or to provide a background for further study in education, business, law, law enforcement, medicine, and other social sciences.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Characterize the nature of psychology as a science.
2. Understand and apply psychological principles to personal, social, and organizational issues.
3. Use reasoning to recognize, develop, defend, and criticize arguments related to conclusions about psychological issues.
4. Identify appropriate applications of psychology in solving problems, such as the origin and treatment of abnormal behavior; pursuit and effect of healthy lifestyles, psychology-based interventions in clinical, educational community, and other settings.

The student places into the English and Math course levels listed for the major.

Due to constraints outside of the department’s control, some courses may not be offered every semester.
Students show progress by passing their classes every semester.

Below is a recommended sequence for this major. Please note, this sequencing is dependent on the following:

Semester 1

SCIENCE

ASSOCIATE IN ARTS DEGREE IN CHEMISTRY

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Develop a working knowledge of inorganic and organic chemistry, including calculations, reactions, and nomenclature.

2. Develop an understanding of how chemistry is applied in other fields.

3. Improve problem-solving and critical thinking skills.

4. Be actively engaged in hands-on experiences in both the classroom and the laboratory.

5. Interpret experimental information, develop relationships, and correlate that experimental information with theory.

6. Write quality laboratory reports, with well-developed discussions and conclusions.

7. Develop confidence in laboratory skills, operate independently during many procedures, and learn to design experiments.

ASSOCIATE IN ARTS DEGREE IN GENERAL BIOLOGY

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Compare and contrast different life forms that inhabit earth regarding modes of reproduction, metabolism, and adaptation.

2. Demonstrate the understanding of various interrelationships that exist between life forms and also the interactions that occur in different ecosystems on earth.

3. Relate how the theory of evolution unifies the significant principles of biological science.

4. Confidently and accurately perform various experiments and activities in biology lab classes, including the correct use of different types of standard biology lab equipment.

5. Apply critical thinking and analytical skills to correctly interpret data they have produced in lab or data that is presented to them.

6. Explain biological concepts, theories, current research or other related topics clearly and concisely in the form of lab reports, essays, formal written papers or oral presentations.

7. Demonstrate the understanding of how biology correlates with other sciences such as chemistry, astronomy, ecology, geology or physics.

ASSOCIATE IN ARTS DEGREE IN PHYSICS

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

Understand the basic principles and concepts of physics.

Use these principles and concepts in solving problems in the various areas of areas of physics.

Understand the methods of physicists.

Appreciate the importance of physics.

Appreciate that physics is an active, unfinished areas of work in which many people are today actively engaged.

ASSOCIATE IN ARTS DEGREE IN SOCIOLOGY FOR TRANSFER

The Associate in Arts in Sociology for Transfer degree focuses on human interaction at the macro/structural level and the micro/interactive level. Students will learn processes of creation and maintenance of social order, as well as social dynamics, with primary emphasis on cultural diversity. Application of
sound theoretical principles and obtaining adequate empirical support are stressed. Completion of this major will provide a solid foundation for people interested in a wide variety of careers, including: social welfare, gerontology, urban planning, business, education, and public health. Students will be prepared for a baccalaureate degree in Sociology.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Understand various social contexts and be able to communicate effectively within each environment.
2. Use critical thinking skills to apply theoretical constructs to human interaction.
3. Use methodological skills to test theoretical constructs, providing support for theories or disproving them.
4. Build on the work of other social scientists in the understanding of human interaction in the creation and maintenance of social order.
5. Understand processes and effects of social change.

**SPANISH**

**ASSOCIATE IN ARTS DEGREE IN SPANISH FOR TRANSFER**

The Associate in Arts in Spanish for Transfer Degree is an excellent way to develop critical thinking, analytical and communicative skills. It provides a basis for understanding culture, and therefore prepares graduates for many careers in a multicultural world. Communications with others is more and more vital with the growing global interdependence and technological connectivity. Students in the Associate in Arts in Spanish for Transfer can develop careers in areas such as education, diplomatic services, anthropology, economics, political science, literature, sociology, and linguistics. While teaching has traditionally been the principle area of employment, other careers, such as interpreting, translating, research, public relations, international commerce, tourism, and publishing are possible.

The department offers courses from beginning to advanced level. All courses are designed to develop the students’ listening comprehension, speaking, reading and writing skills, as well as to provide a general overview of Spanish-speaking civilizations and cultures. Students will be prepared for transfer into a baccalaureate degree program in Spanish at a CSU.

**PROGRAM LEVEL LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Apply knowledge of vocabulary, grammar, idiomatic expressions and culture to accurately recognize and comprehend spoken messages in Spanish.
2. Demonstrate understanding of Spanish grammar, vocabulary, idiomatic expressions, and Spanish speakers’ culture and apply it to communicate orally, using appropriate pronunciation on designated topics in public and in interpersonal situations.
3. Apply, clearly and effectively, vocabulary, grammar, idiomatic expressions, and culture to synthesize, analyze, evaluate and derive meaning of implicit and explicit written material in Spanish.
4. Integrate grammar, vocabulary, idiomatic expressions, and culture to communicate in writing in Spanish.

**CSU General Education Breadth or IGETC Pattern:** 37-39

**Total units that may be double counted:** 6-9

**Transferable Electives:** 8-11

**DEGREE TOTAL UNITS (maximum):** 60 units

If a student places out of any course and is not awarded units for that course, the student will have to take additional units to compensate for the course/units needed to reach at least 18 total units in the major (per Title 5 regulations). Course substitutions are made at the discretion of the local college and may or may not be delineated in the local degree. Suggested substitutions include courses in List A.

### ASSOCIATE IN ARTS DEGREE IN SPANISH

The Spanish major is designed to meet the needs of both the student who wishes to transfer to a four-year institution and the student who wishes to achieve basic conversational ability in Spanish. Completion of the Spanish major provides students with the opportunity to move into the curriculum at a four-year institution leading to a baccalaureate degree and then to possible careers requiring multiple language proficiency.

### PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply knowledge of vocabulary, grammar, idiomatic expressions and culture to accurately recognize and comprehend spoken messages in Spanish.

2. Demonstrate understanding of Spanish grammar, vocabulary, idiomatic expressions, and Spanish speakers’ culture and apply it to communicate orally, using appropriate pronunciation on designated topics in public and in interpersonal situations.

3. Apply, clearly and effectively, vocabulary, grammar, idiomatic expressions, and culture to synthesize, analyze, evaluate and derive meaning of implicit and explicit written material in Spanish.

4. Integrate grammar, vocabulary, idiomatic expressions, and culture to communicate in writing in Spanish.

5. Recognize and analyze lectures and dialogues dealing with civilization and culture of Spanish speaking countries.

# Theater Arts

## Associate in Arts Degree in Theater Arts for Transfer

The Theater Arts Department provides student opportunities to study the art and craft of theater. Students who enroll in the Associate in Arts in Theater Arts for transfer degree prepare for transfer education and/or careers related to theatrical history and literature, performance, design/technology, and management. Theater Arts Majors are introduced to theatrical history and literature, scenic, costume, lighting, sound, and make-up design and technology, acting, directing, and management through coursework and production opportunities. Critical thinking and problem solving skills are acquired through production assignments. Students are encouraged to develop academic and artistic skills enabling them to be successful in further study or employment. Students will be prepared for a baccalaureate degree in Theater Arts.

## Program Level Learning Outcomes

Upon completion of this program, students will be able to:

1. Understand the historical context of theater and drama, including its relationship to contemporary society and culture.

2. Have a practical, working knowledge of how to produce a play on stage, including all related performance, script, design, and technical aspects.

3. Have the ability to critically evaluate what they and others have created.

4. Develop necessary skills to be proficient in an area of theatre (performance, technical, directing, or theatre management) with the ability to identify, analyze and resolve specific problems pertaining to that area.

5. Have experience with individual and collaborative processes needed to produce and understand theatre.

This is the major pattern for students planning to transfer to a CSU. It is strongly recommended that students contact a GWC counselor to develop an official Student Educational Plan to discuss non-CSU universities, or if they have questions about the CSU AA in Theater Arts for CSU Transfer.

ASSOCIATE IN ARTS DEGREE IN THEATER ARTS

The Theater Arts Major provides student opportunities to study the art and craft of theater. Careers for the Theater Arts major include actor, director, producer, dramaturge, designer; technician and crafts-person, stage manager, arts manager, choreographer, playwright, screenwriter, journalist, art consultant, communications, public relations and marketing, and teaching in secondary and postsecondary education. Students learn and acquire skills in the historical, theoretical, and pragmatic elements of Theater Arts.

PROGRAM LEVEL LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Understand the historical context of theater and drama, including its relationship to contemporary society and culture.

2. Have a practical, working knowledge of how to produce a play on stage, including all related performance, script, design, and technical aspects.

3. Have the ability to critically evaluate what they and others have created.

4. Develop necessary skills to be proficient in an area of theatre (performance, technical, directing, or theatre management) with the ability to identify, analyze and resolve specific problems pertaining to that area.

5. Have experience with individual and collaborative processes needed to produce and understand theatre.

ACCOUNTING

Also see Business, Management, and Marketing sections.

ACCOUNTING G100 - 3 Units
Accounting for Small Business
(Formerly known as: Accounting Elements)

This is a beginning course in practical accounting as applied to merchandising firms, professional individuals and to personal service operations. Students become familiar with practical accounting procedures by completing weekly assignments based on lectures and text readings. Some problems will be solved using computer applications. Lecture. Letter grade only. Transferable to CSU.

ACCOUNTING G101 - 4 Units
Financial Accounting
Advisories: Accounting G100

This course explores accounting as an information system and it is used by investors, creditors, and other stakeholders to make decisions. It introduces the accounting cycle, recording and reporting of business transactions, application of generally accepted accounting principles, and preparation of financial statements. The course examines issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and business ethics. C-ID ACCT 110 Lecture. Letter grade only. Transferable to CSU; UC.

ACCOUNTING G102 - 4 Units
Managerial Accounting
Prerequisites: Accounting G101

This course is the second semester continuation of Acct G101- Financial Accounting. This course provides a study of accounting and financial information used to manage operations. The course content covers cost accounting concepts, cost behavior, cost structure, cost-volume-profit analysis, budgeting, responsibility accounting, and other management-related topics. Some problems will be solved using computer software applications. C-ID ACCT 120 Lecture. Letter grade only. Transferable to CSU; UC.

ACCOUNTING G110 - 3 Units
Payroll Accounting and Taxation

This course will present a review of the underlying theory and application of various state and federal payroll taxes. Payroll preparation, payroll forms, and recent payroll legislation are covered in detail. Lecture. Letter grade only. Transferable to CSU.

ACCOUNTING G111 - 3 Units
Income Tax - Federal
(Formerly known as: Business G113)
Advisories: Accounting G111

Study of Federal Income Tax as it relates to small businesses, including recent and proposed tax changes. Lecture. Optional pass/no pass grade. Transferable to CSU. May not be offered each semester.

ACCOUNTING G112 - 4 Units
Managerial Accounting
Prerequisites: Accounting G101

This course is the second semester continuation of Acct G101- Financial Accounting. This course provides a study of accounting and financial information used to manage operations. The course content covers cost accounting concepts, cost behavior, cost structure, cost-volume-profit analysis, budgeting, responsibility accounting, and other management-related topics. Some problems will be solved using computer software applications. C-ID ACCT 120 Lecture. Letter grade only. Transferable to CSU; UC.

ACCOUNTING G113 - 3 Units
Business Income Tax
(Formerly known as: Business G113)
Advisories: Accounting G111

Study of Federal Income Tax as it relates to small businesses, including recent and proposed tax changes. Lecture. Optional pass/no pass grade. Transferable to CSU.

ACCOUNTING G115 - 3 Units
Issues in Taxation I--EA and CPA Exam Preparation

This course covers theory & application utilizing Internal Revenue Service income tax publications. Topics will include Basis, Property Transactions, Contributions to a Partnership, Partnership Inside & Outside Basis, Corporate Formation, Corporate Liquidations and Redemptions, and Capital Gains & Losses. Knowledge of generally accepted accounting principles is strongly encouraged. This course is designed to meet the requirements of the Enrolled Agent Tax Specialist Certificate and review for CPA certification. Lecture. Optional pass/no pass grade. Transferable to CSU.

ACCOUNTING G119 - 1 Unit
Tax Software Preparation

A basic tax preparation course utilizing Turbo Tax (or similar) software. Topics will include understanding the flow of input to output in tax software; preparation of basic to complex 1040 tax returns; understanding how to access and use the ancillary software features; very basic programming logic; accessing software updates via Internet patches. While TurboTax software will be utilized the student will learn issues and topics generic to all commercial brands of tax software. Lecture. Optional pass/no pass grade. Transferable to CSU.

ACCOUNTING G130 - 3 Units
Computerized Accounting

This course uses a computerized, integrated financial accounting system to record financial information. Subjects include journals, ledgers, budgets, sales and purchasing transactions, accounts payable, accounts receivable, and payroll as they are used in accounting information systems. Microsoft Excel is also used to prepare and analyze financial statements. Lecture. Optional pass/no pass grade. Transferable to CSU.
ACCOUNTING G210 - 3 Units
Cost Accounting
A study of accounting concepts and
principles as they apply to the needs of business. The course includes the
determination of costs for manufacturing firms, the study of job-order and process
cost accounting, the analysis of costs and decision making. Lecture. Letter grade only. Transferable to CSU. May not be offered each semester.

ACCOUNTING G211 - 4 Units
Intermediate Accounting I
(Formerly known as: Intermediate Accounting A)
Prerequisites: Accounting G101
This course in financial accounting expands on topics introduced in earlier financial accounting courses such as cash, receivables, inventory, long-term assets, etc. Additional topics in the accounting conceptual framework, current financial reporting issues, investments, and revenue recognition principles are also covered. Students will be expected to demonstrate problems using an online homework system. May be used as credit to sit for the Uniform CPA examination. Lecture. Optional pass/no pass grade. Transferable to CSU.

ACCOUNTING G212 - 4 Units
Intermediate Accounting 2
(Formerly known as: Intermediate Accounting B)
Prerequisites: Accounting G211
Second course in intermediate series in financial accounting that covers current and long-term liabilities, income taxes, pensions and post-retirement benefits, leases, stockholders’ equity, earnings per share, and statement of cash flows. In addition, changes and/or in accounting methods, accounting estimates, or reporting entity are analyzed. Disclosure issues in financial statements are also addressed. Students will be expected to complete problems using an online homework system. May be used as credit to sit for the Uniform CPA examination. Lecture. Optional pass/no pass grade. Transferable to CSU.

ACCOUNTING G215 - 3 Units
Internal Control Compliance: Sarbanes Oxley
Advisories: Accounting G101
This course provides an introductory study of the Sarbanes Oxley Act of 2002 and its implementation. Course will include the purposes of internal controls and their documentation and maintenance. Emphasis is on the important accounting cycles impacting the financial data such as revenue cycle, expenditure cycle, capital cycle, etc. Designed as preparation for upper division audit courses or to participate in public sector compliance effort. Lecture. Optional pass/no pass grade. Transferable to CSU.

ACCOUNTING G220 - 3 Units
Forensic Accounting, Introduction
(Same as: Criminal Justice G220)
This course provides an introduction to the fundamentals and techniques of investigative and forensic accounting. The development of forensic accounting as a discipline and its interaction with business, law, auditing and information systems will be explored. Subjects include financial statement and tax fraud, divorce and bankruptcy, identity theft and various white-collar crimes. Forensic principles necessary to detect, prevent and prosecute financial crimes will be explored. Lecture. Optional pass/no pass grade. Transferable to CSU.

ACCOUNTING G235 - 3 Units
Quickbooks Pro for Accountants
Advisories: Accounting G100 or Accounting G101
This course teaches students to use QuickBooks for general accounting and reporting purposes, payroll, cash and treasury functions, as well as management of receivables and payables. Banking transactions, journal entries, monthly adjustments, and preparation of financial statements will be covered. Lecture. Optional pass/no pass grade. Transferable to CSU.

ANTHROPOLOGY G100 - 3 Units
Introduction to Cultural Anthropology
Advisories: English G100
An introduction to the theories, methods, and applications of anthropological inquiry. The course includes a discussion of the history of the discipline; the characteristics of culture; fieldwork methods and professional ethics; culture and communication; subsistence strategies; economics; social and political organization; and the impacts of globalization on cultures around the world. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ANTHROPOLOGY G110 - 3 Units
Introduction to Archaeology
An introduction to the theories, methods and applications of archaeological inquiry using a comparative approach to reconstruct the social and political systems of ancient world cultures. The course includes a discussion of fieldwork methods; dating techniques; human paleontology; faunal and botanical evidence; historical archaeology; cultural resource management; and professional ethics. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ANTHROPOLOGY G140 - 3 Units
Magic, Witchcraft, and Religion
This course is a cross-cultural study of systems of magic, witchcraft and religion from the past and the present. Emphasis will be placed on the practical influences of social life, human biological and psychological needs, and the environment. Special topics include myth, religious healing, witchcraft and sorcery, Shamanic practice, magic, ritualism, symbolism, and their influences on contemporary religious practices. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
ANTHROPOLOGY G150 - 3 Units
Indians of North America
An examination of native American Indian cultures and their environments. The class will examine the major culture areas of Native North America in an attempt to analyze the mechanisms and causation of culture change and adaptation. The class will review the subsistence, religion, art, social organization and environment of specific case studies and relate the data to theoretical models. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ANTHROPOLOGY G185 - 3 Units
Physical Anthropology
(Formerly known as: ANTH G120 Introduction to Physical Anthropology)
This is an introductory course in the concepts, methods of inquiry and theory of biological evolution and their application to the human species. Specific focus is on molecular, Mendelian and population genetics, mechanisms of evolution of homo sapiens and non-human primates, paleoanthropology, biocultural adaptations, human variation, and current bioethical issues. The philosophy of science and the scientific method serve as foundations to the course. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ANTHROPOLOGY G185L - 1 Unit
Physical Anthropology Lab
(Formerly known as: Introduction to Physical Anthropology Lab, ANTH G121)
Prerequisites: Enrollment in or completion of Anthropology G185 or Anthropology G120
This laboratory course covers cellular biology; evolutionary principals; human genetics and heredity; human, hominin and non-human primate anatomy; primate fossil records; forensic anthropology; and modern human biological variation. Pre-requisite or co-requisite: ANTH G185 (Physical Anthropology), Lab. Optional pass/no pass grade. Transferable to CSU; UC.

ARCHITECTURAL TECHNOLOGY

ARCHITECTURAL TECHNOLOGY G160 - 3 Units
Introduction to Computer-Assisted Drafting for Architecture (AUTO-CAD)
Advisories: Architecture G100 or G140
An introductory course in computer-assisted drafting for architecture. A study of the organization, components, and concepts of CAD and its applications in the architectural profession. Includes use of AutoCAD software for architectural drafting and design drawings. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

ARCHITECTURAL TECHNOLOGY G162 - 3 Units
3D CAD For Architecture
Advisories: Architecture Technology G160 or equivalent experience.
Using 3D Architectural Computer Aided Drafting (CAD) industry standard software, this course is an introduction to the design, digital modeling and rendering of architectural project solutions. Course experiences in lecture and lab will include the development and plotting of selected 3D architectural conceptual modeling from CAD files or project design documents. Lecture & lab. Letter grade only. Transferable to CSU.

ART

ART G100 - 3 Units
Introduction to Art
(Same as: Humanities G102)
An introductory course for both the general interest and art major student. A survey of the nature and role of the visual arts in society. Art theory, art practices and an overview of art history will be covered. The media of art will also be explored. Field trips are required. Field trips required. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ART G103 - 3 Units
History of Asian Art
This course serves as a comprehensive introduction to the art traditions of India, Southeast Asia, China, Korea, and Japan. The historical development of the arts is examined within their broader cultural context. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ART G104 - 3 Units
Contemporary Art History
(Formerly known as: History of Modern Art)
(Same as: Humanities G114)
A survey of the history of modern art, beginning at 1900 and concluding with contemporary art of today. Painting, sculpture, printmaking, architecture, photography, video, and ceramics are studied as an integral part of cultural patterns and developments in twentieth century art. The course will include illustrated lectures, readings, and field trips to current exhibitions. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ART G105 - 3 Units
Art History and Appreciation I - Prehistoric to Renaissance
(Formerly known as: History and Appreciation of Art)
(Same as: Humanities G100)
This is a survey of prehistoric art to the Renaissance period, stressing the basic principles and history of art demonstrated in painting, sculpture, and architecture. Illustrated lectures, reading, and museum reports are included in the course. UC Credit Limitations: Maximum credit of one course for Art G105 and Art G105H. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ART G105 HONORS - 3 Units
Art History and Appreciation I - Prehistoric to Renaissance, Honors
(Formerly known as: Art History and Appreciation I, Honors)
(Same as: Humanities G100 Honors)
The focus of this course is a survey of art, beginning with Prehistoric art and concluding with Gothic art. We will
study painting, sculpture and architecture as an integral part of cultural patterns and development. Slide accompanied lectures, reading and written assignments are included in this course. Study assignments involve visits to major art museums and current exhibitions. The honors course intensifies the focus on research, exploration and critical thinking. Most enhancements to the regular Art G105/Humanities G10 are qualitative rather than quantitative. While there is additional reading and writing, the intensified focus on critical thinking holds students to a higher standard: all their oral and written work must manifest a commitment to, and a capacity for, academic excellence. UC Credit Limitations: Maximum credit of one course for Art G105 and Art G105H. Lecture. Letter grade only. Transferable to CSU; UC.

ART G106 - 3 Units
Art History and Appreciation 2 - Renaissance to Present
(Formerly known as: Art History and Appreciation 2)
(Same as: Humanities G110)
This is a survey of the history of art beginning with the Italian Renaissance and concluding with modern art. Painting, sculpture, and architecture are studied as an integral part of cultural patterns and developments. Illustrated lectures, reading, and field trips to current exhibitions. Study assignments involve at least one visit to a major art museum. UC Credit Limitations: Maximum credit of one course for Art G106 and Art G106H. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ART G106 HONORS - 3 Units
Art History and Appreciation 2 - Renaissance to Present, Honors
(Formerly known as: Art History And Appreciation 2, Honors)
(Same as: Humanities G110 Honors)
This course is a survey of the history of art, beginning with the Italian Renaissance and concluding with modern art. We will study painting, sculpture, and architecture as an integral part of cultural patterns and development. Illustrated lectures, reading and field trips to current exhibitions are included in the course. Study assignments involve at least two visits to major art museums. The Honors course intensifies the focus on research, exploration and critical thinking. Most enhancements to the regular Art G106/Humanities G10 are qualitative rather than quantitative. While there is additional reading and writing, the intensified focus on critical thinking holds students to a higher standard: all their oral and written work must manifest a commitment to, and a capacity for, academic excellence. UC Credit Limitations: Maximum credit of one course for Art G106 and Art G106H. Lecture. Letter grade only. Transferable to CSU; UC.

ART G107 - 3 Units
Color and Design: 2D
(Formerly known as: Two Dimensional Design)
A basic course in the application and appreciation of the art principles and art elements as they relate to two dimensional design. Selected problems using line, color, shape, value, and texture. Required for art majors. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G109 - 3 Units
Color and Design: 3D
(Formerly known as: Three Dimensional Design)
A basic course in three dimensional design developing knowledges, skills, appreciation and aesthetic judgment. A series of problems shall necessitate the exploration and comprehension of the visual elements and principles. Required of art majors. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G110 - 3 Units
Typography
(Formerly known as: Digital Arts G115)
Advisories: Digital Arts G135
This course is an introduction to the history of the evolution and application of typography and its many applications for the perception of meaning, intention and personality of the written word. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

ART G116 - 3 Units
Drawing 1
Beginning drawing of natural and man-made forms from observation and imagination. Experimentation with media processes and composition. Required of art majors. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G117 - 3 Units
Drawing 2
A continuing of drawing skills and techniques begun in Art G116. Emphasis on developing the student's own style and interest. Projects will be related to the individual student's needs as much as possible. More time is allotted for drawing on location and experimentation with various media. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G118 - 3 Units
Life Drawing 1
Figure drawing from male and female models. Study of volumes, perspective, and composition of the human form. Field trips and criticism. Required of art majors. C-ID ARTS 200 Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G119 - 3 Units
Life Drawing 2
Continuing observation and drawing of the human form to help create broader revelations and attitudes concerning drawing and the self. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.
ART G121 - 3 Units  
**Ceramics 1**  
This is an introductory ceramics course in which students learn basic design, creative development, hand-building, throwing, glaze techniques, firing and ceramic terminology. The course covers aesthetics and creative development of clay objects examining historical and personal modes of expression. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G122 - 3 Units  
**Ceramics 2**  
**Prerequisites:** Art G121  
This is an intermediate level ceramics course following Art G121. The principles of ceramic materials, techniques, and design of hand-built and thrown work will be emphasized along with the introduction of mold making, glaze making and kiln loading. Specific aesthetic and technical criteria of ceramic design including historical applications will be emphasized. Mold making, glaze making and kiln loading will also be introduced. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G130 - 3 Units  
**Painting 1**  
This course offers an introductory study in the fundamentals of painting and composition through learning about the materials, tools, and various approaches to painting in oil and/or acrylics. Focus is on exploration of painting materials, perceptual skills, color theory, paint mixing and technique. Emphasis is on creative responses to materials and subject matter, technical mastery and direct observation from life. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G131 - 3 Units  
**Painting 2**  
**Prerequisites:** Art G130  
This is an advanced course structured as a progression from Painting 1. Students continue practicing the techniques of painting, focusing on the development of advanced technical skills relating to traditional and experimental approaches. Students will explore Contemporary painting and personal expression through naturalistic representation, abstraction, non-representation and mixed media. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G140 - 3 Units  
**Life Painting 1**  
This is a beginning course in figure paintings. Emphasis will vary from a portrait approach to nude studies. A thorough explanation of color theory and painting methods will be given. Mediums include oils and acrylics. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G142 - 3 Units  
**Sculpture 1**  
Exploration of beginning sculpture using three dimensional principles, techniques, and concepts. Students will utilize a wide range of materials and practices with attention to creative self expression and historical concepts. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G143 - 3 Units  
**Sculpture 2**  
 Exploration of a variety of sculptural materials experiences with plaster and cement, clay. Class stresses Twentieth Century abstract art concepts. Students will supply all materials and will be responsible for attending field trips. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G150 - 3 Units  
**Printmaking 1**  
An exploratory course designed to introduce and give studio experience in etching, relief and lithography printmaking. This course will include etching, acquating, photo etching, woodcuts, linocuts, stone and metal plate lithography printmaking, and multi-color printmaking. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G151 - 3 Units  
**Printmaking 2**  
A course designed to prepare students in a more advanced studio experience in the Relief and Intaglio area of printmaking, with special emphasis on the history of printmaking in relation to relief and intaglio. History of Printmaking will span from 500 BC to development of metal plates in the 1600s to present day contemporary printmaking. This course will include multi-plate color relief printmaking, reductive relief with linoleum and/or woodblock, chine colle, large format relief and introduction to monoprints. Edition printing, advanced technical skills, continued development of personal imagery and unique style will be stresses. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G221 - 3 Units  
**Ceramics 3**  
**Prerequisites:** Art G122  
This course is a continuation of Art G122 involving further development of ceramic building techniques. Historical and contemporary works will be emphasized. The student will also learn to safely and efficiently calculate a glaze. The safe preparation and use of electric and gas kilns will be covered. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G223 - 3 Units  
**Ceramics 4**  
**Prerequisites:** Art G221  
This course is for those who wish to develop specific ceramic skills with emphasis on the aesthetic development of personal style in addition to presenting an exhibition and/or portfolio for advanced education or exhibition purposes. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G250 - 3 Units  
**Printmaking 3**  
An advanced course designed for students to investigate and develop personal imagery through the medium of printmaking. This course will include deeper exploration with intaglio, relief,
multi color printing, solar plate etching, monotypes, monoprints, woodcuts and chine colle. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ART G251 - 3 Units
Printmaking 4
A detailed study of the variety of printmaking methods, exploring conceptual and/or personal visions. This class is designed as a seminar with a strong emphasis placed on combining techniques, expanding material vocabulary and experimenting with new processes. Seminars covering both historical and contemporary issues of printmaking will be presented to broaden the student’s critical dialogue. The course content is thematic in nature and each seminar within the course differs from the other offerings in the same course. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

ASTRONOMY

ASTRONOMY G100 - 3 Units
Introduction to Astronomy
An introduction to the models and nomenclature of modern Astronomy. This includes the solar system, the Milky Way, and the universe. The historical perspective is emphasized. A survey of the methods of astronomical observation is also presented. Lecture. Letter grade only. Transferable to CSU; UC.

ASTRONOMY G100 LAB - 1 Unit
Introduction to Astronomy Lab
Corequisites: Enrollment in or completion of Astronomy G100
Advisories: Mathematics G030
An introduction to a cross section of the concepts and models used by astronomers to elucidate the nature of planets, stars, and galaxies. The practical application of methods involving the analysis of electromagnetic radiation will be emphasized. This course with Astronomy G100 satisfies the general education natural science requirement. Lab. Optional pass/no pass grade.

AUTOMOTIVE TECHNOLOGY

AUTOMOTIVE TECHNOLOGY G101 - 3 Units
Introduction to Automotive Technology
This course is designed to teach the student about the operation and maintenance of modern automobiles. There is an emphasis on the theory of the basic operating systems, including engine, electrical, chassis, and driveline systems. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY G110 - 5 Units
Engine Repair
This is an introductory course that provides students with theory, knowledge and skills necessary to perform minor and major service on automotive gasoline powered engines. Instruction is given and lab experience provided in engine diagnosis, removal, disassembly, analysis and inspection, precision measurements, re-assembly and installation. Information presented is based on the Automotive Service Excellence (ASE) A-1 Engine Repair Tasks and Standards intended to prepare students for the ASE Certification Examination. Lecture and Lab. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY G120 - 5 Units
Electrical/Electronic Systems, Introductory
Advisories: Auto G101
This is an introductory course that provides students with theory, knowledge, and skills necessary to understand electrical flow and advanced automotive electronic diagnostic and repair concepts. Coursework presented is based on the Automotive Service Excellence (ASE) A-6 Electrical/Electronics Tasks and Standards intended to prepare students for the ASE Certification Examination. Lecture and Lab. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY G130 - 4.5 Units
Engine Performance: Basic Theory/Diagnosis
Advisories: Automotive Technology G101 and G120
This is an introductory course that covers theory, knowledge, and skills necessary to understand engine performance concepts. Instruction is given and lab experience provided which will enable students to successfully perform diagnostics and repair on engine management and related systems. Information presented is based on the Automotive Service Excellence (ASE) Engine Performance Tasks and Standards intended to prepare students for the ASE A-8 Engine Performance certification examination. Lecture & Lab. Lecture & lab. Letter grade only. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY G131 - 4.5 Units
Engine Performance, Advanced
Advisories: Automotive Technology G130
This is an advanced course that covers theory, knowledge, and skills necessary to understand advanced engine performance concepts. Instruction is given and lab experience provided
which will enable students to successfully perform diagnostics and repair on complex engine management and related systems. Information presented is based on the Automotive Service Excellence (ASE) Engine Performance Tasks and Standards intended to prepare students for the ASE A-8 Engine Performance Certification examination. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**AUTOMOTIVE TECHNOLOGY**
**G140 - 5 Units**  
**Automotive Chassis: Brakes**  
This is an introductory course that covers theory, knowledge, and skills necessary to understand automotive disc and drum brake systems, antilock-braking systems and related components. Instruction is given and lab experience provided which will enable students to successfully perform diagnostics and repair on automotive brake systems. Information presented is based on the Automotive Service Excellence (ASE) Engine Performance Tasks and Standards intended to prepare students for the ASE A-5 Brakes examination. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**AUTOMOTIVE TECHNOLOGY**
**G141 - 4.5 Units**  
**Automotive Chassis: Steering & Suspension**  
This is an introductory course that covers theory, knowledge, and skills necessary to understand automotive steering and suspension systems and related components. Instruction is given and lab experience provided which will enable students to successfully perform related diagnostics and repair. The coursework is based on the Automotive Service Excellence (ASE) Tasks and Standards intended to prepare students for the ASE A-4 Suspension & Steering Certification examination. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**AUTOMOTIVE TECHNOLOGY**
**G145 - 5 Units**  
**Basic Clean Air Car Course**  
This course is the first in a series of courses required by the Bureau of Automotive Repair (BAR) to obtain an Advanced Emissions Specialist license. The course will cover rules and regulations, history of the California Smog Check Program, a study of five-gas analysis, oxygen sensors, an overview of all emission control devices offered in California since 1975 and an introduction to onboard diagnostics second generation (OBD II). The theory in this course is reinforced with hands-on skill practice. Students must complete this course before submitting an application to the BAR for an Advanced Emissions Specialist license. Lecture & lab. Letter grade only. Transferable to CSU.

**AUTOMOTIVE TECHNOLOGY**
**G150 - 4 Units**  
**Manual Drive Trains & Axles**  
This is a course that provides the students with theory, knowledge, and skills necessary to understand automotive manual drive trains and transaxles concepts. Instruction is given and lab experience provided in diagnosis, removal, disassembly, analysis and inspection, precision measurements, re-assembly and installation. Information presented is based on the Automotive Service Excellence (ASE) A-3 Manual Drive Train and Axles Tasks and Standards intended to prepare students for the ASE Certification Examination. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**AUTOMOTIVE TECHNOLOGY**
**G151 - 4 Units**  
**Automatic Transmissions and Transaxles**  
This is an introductory course that provides the students with theory, knowledge, and skills necessary to understand automotive automatic transmission and transaxle concepts. Instruction is given and lab experience provided in diagnosis, removal, disassembly, inspection, precision measurements, re-assembly and installation. The coursework is based on the Automotive Service Excellence (ASE) Tasks and Standards intended to prepare students for the ASE A-2 Automatic Transmission and Transaxle Certification examination. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**AUTOMOTIVE TECHNOLOGY**
**G160 - 4 Units**  
**Heating and Air Conditioning**  
This is an introductory course that covers theory, knowledge, and skills necessary to understand automotive Heating, Ventilation, and Air Conditioning (HVAC) systems. Instruction is given and lab experience provided which will enable students to successfully perform diagnostics and repair on both manual and automatic HVAC systems. EPA-accepted techniques for recovering and recycling R134 and R12 refrigerants will also be covered. Coursework is based on the Automotive Service Excellence (ASE) Tasks and Standards intended to prepare students for the ASE A-7 Heating and Air Conditioning certification examination. Lecture & lab. Letter grade only. Transferable to CSU.

**AUTOMOTIVE TECHNOLOGY**
**G170 - 3 Units**  
**Hybrid Vehicles**  
This course is a hands-on approach to the world of hybrid, fuel cell and electric powered vehicles. Discover how this new technology works as it replaces existing fossil fueled engines. Examine existing technologies, conversion processes, testing, assembly, operation, and maintenance of hybrid-electric, fuel cell and battery powered electric vehicles. Appropriate safety related instruction is included. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**AUTOMOTIVE TECHNOLOGY**
**G173 - 5 Units**  
**Electric Vehicles**  
Prerequisites: AUTO G120, minimum grade of B and AUTO G170, or Concurrently enrolled in Auto G170  
Corequisites: AUTO G170  
This course further the student's skills in
electric vehicle (EV) theory and provides an introduction to advanced EV designs and propulsion systems. The course includes: EV design and construction; the testing, assembly, operation and maintenance of EVs; the influence of battery management design; advanced technology batteries and intelligent charging systems; and alternative EV drive systems. Appropriate safety related instruction will be included in each segment. This course is designed to help the field technician prepare for the Automotive Service of Excellence (ASE) Light Duty Hybrid / Electric Vehicle Specialist (L3) exam. Students will also need to complete Automotive Technology G170 to prepare for the ASE (L3) exam. Lecture & lab. Letter grade only. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY
G175 - 5 Units
Automotive Diesel
Prerequisites: Auto G110 and Auto G120
Advisories: Auto G130
This is an introductory course that will allow students to understand diesel engines, diesel fuel systems, and the theory and operation of related diesel systems. Instruction will be given in the classroom setting as well as hands on laboratory learning. This will allow students to successfully perform diagnostics and repair on light duty trucks and passenger cars equipped with diesel engines. This course will prepare students to pass the Automotive Service Excellence (ASE) A9 Light Vehicle Diesel Engines test. Lecture & lab. Letter grade only. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY
G181 - 4 Units
Chassis and Drivetrain Specialist I
Auto G201 is the first of two training courses leading to the Auto Technology Chassis and Drivetrain Specialist Certificate. It covers three automotive technical areas: Electrical, brakes, and manual transmissions. Students will be responsible for providing their own textbooks, personal safety equipment, protective clothing, a basic hand tool set, and project related materials. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY
G201 - 14 Units
Chassis and Drivetrain Specialist 1
Prerequisites: Auto G201
Auto G201 is the second of two training courses leading to the Auto Technology Chassis and Drivetrain Specialist Certificate. It covers two automotive technical areas: Steering and Suspension, and Automatic Transmissions. Auto G202 has a prerequisite of Auto G201. Students will be responsible for providing their own textbooks, personal safety equipment, protective clothing, a basic hand tool set, and project related materials. Lecture & lab. Letter grade only. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY
G202 - 9 Units
Chassis and Drivetrain Specialist 2
Prerequisites: Auto G201
Auto G202 is the second of two training courses leading to the Auto Technology Chassis and Drivetrain Specialist Certificate. It covers two automotive technical areas: Steering and Suspension, and Automatic Transmissions. Auto G202 has a prerequisite of Auto G201. Students will be responsible for providing their own textbooks, personal safety equipment, protective clothing, a basic hand tool set, and project related materials. Lecture & lab. Letter grade only. Transferable to CSU.

AUTOMOTIVE TECHNOLOGY
G203 - 14.5 Units
Engine Performance Specialist 1
Auto G203 is the first of two training courses leading to the Auto Technology Engine Performance Specialist Certificate. It covers three automotive technical areas: Engine repair, electrical basics, and engine performance. Students will be responsible for providing their own textbooks, personal safety equipment, protective clothing, a basic hand tool set, and project related materials. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

BIOLOGY

BIOLOGY G100 - 4 Units
Introduction to Biology
This is a survey course emphasizing basic concepts of cell biology, animal and plant physiology, genetics and evolution, and plant, animal and human ecology. This course is specifically designed for non-science majors and is recommended to meet the general education breadth requirements. A traditional format may be followed on lectures, demonstrations, and laboratories may be integrated into the learning system. UC Credit Limitations. No credit if taken after Biology G180; maximum credit of one course for Biology G100 and G100H. Lecture & lab. Letter grade only. Transferable to CSU; UC.

BIOLOGY G101 - 3 Units
The Biology of Food and Cooking
Advisories: Chemistry G110, or AP Chemistry with a grade of C or better, or AP Biology with a grade of C or better
The Biology of Food and Cooking is a lecture-only survey course covering the same topics as Biology G100: Introduction to Biology (non-majors) with a focus on examples from food and cooking. In this demonstration-filled class we will use the methods and reagents of the kitchen to learn the basics of molecular and cell biology, genetics, ecology and evolution. Despite
the fact that there is not an associated lab with this course, critical thinking skills and practice with the scientific method will be addressed through the many in-class demonstrations, small group activities, and kitchen experiments (out-of-class assignments). Access to a kitchen is required to complete some assignments. Lecture. Letter grade only. Transferable to CSU; UC.

**BIOLOGY G104 - 3 Units**  
**Marine Life**  
This course examines the marine environment, interaction of species, populations and communities, including geology of ocean basins, physical and chemical characteristics of the ocean basins. A survey of marine plants and animals through invertebrates, fish, reptiles, birds and mammals. The renewable and nonrenewable resources from the ocean realm. The influence of humans on the health of the environment. Current issues-including the concepts of: (global warming, types of pollution and the consequences thereof, greenhouse effects, and fisheries management) Lecture. Letter grade only. Transferable to CSU; UC.

**BIOLOGY G104L - 1 Unit**  
**Marine Life Laboratory**  
Corequisites: Enrollment in or completion of Biology G104  
This course explores the basic principles of the life sciences taking its examples from the sea. The ecological relationship between humans and the sea is emphasized. This course is designed for non-science majors and is recommended to meet the general education breadth requirements, or the natural science requirement with Biology G104. Lab. Letter grade only. Transferable to CSU; UC.

**BIOLOGY G110 - 3 Units**  
**Ecology and Field Biology**  
This course is a survey course that integrates lectures, laboratory experiences and field trips to emphasize the natural environment, ecological processes of Southern California, and the roles that humans assume as they change the environment and ecology of the areas from which resources are taken. This course is recommended to meet the laboratory requirement for an associate in arts degree. Lecture & lab. Letter grade only. Transferable to CSU; UC.

**BIOLOGY G120 - 3 Units**  
**Health and Disease**  
(Formerly known as: Man and Disease)  
An introduction to the study of human anatomy, physiology with a comprehensive study of diseases which affect man. Diseases will be studied from historical and contemporary point of view, with particular references to causes, means of transmission, normal and abnormal functioning of the body. Lecture & lab. Letter grade only. Transferable to CSU; UC.

**BIOLOGY G160 - 3 Units**  
**Physiology and Disease Mechanisms**  
Advisories: Biology G225  
This course will discuss and utilize the principles of physiology to analyze the symptoms and signs of disease. Emphasis is given to cardiovascular, respiratory, and renal diseases although all body systems are discussed. Intended for students in or aspiring to various health professions including nursing. Lecture. Letter grade only. Transferable to CSU; UC.

**BIOLOGY G180 - 5 Units**  
**Cell and Molecular Biology**  
(Formerly known as: Principles of Biology)  
Prerequisites: Mathematics G030 or Mathematics Placement Assessment and Chem G180, or Chem G185, or Chem G220, or Chem G225  
Advisories: English G099  
This course is designed as the first in a three-course sequence for students desiring to major in biology. The topics to be covered in this course are among those which serve to unify the science of biology. Included in these concepts are: prokaryotic and eukaryotic cell structure, function and homeostasis, cell reproduction and metabolism, cell communication, classical and molecular genetics, molecular biology, biotechnology, and evolution. C-ID: BIOL 190 Lecture & lab. Letter grade only. Transferable to CSU; UC.

**BIOLOGY G182 - 4 Units**  
**Zoology**  
(Formerly known as: Biology G185 - Principles of Zoology)  
Prerequisites: Math G030 or Mathematics Placement Assessment  
Advisories: Biology G180  
This course provides students with a broad foundation of Kingdom Animalia, and animal-like protists. It focuses on ecological, evolutionary, anatomical and physiological relationships. Topics include embryology, body plan, life strategies, reproductive modes and life cycles of each animal phylum. This course gives a solid background in animal science for those students preparing to transfer to a four-year institution or professional school (dental, pharmacy or optometrist schools, for example) The laboratory portion of this course will emphasize hands-on learning using dissection, models, slides, charts, living specimens and non-living specimens. Students will gain experience in using the microscope to study protists and animal tissues. Lecture & lab. Letter grade only. Transferable to CSU; UC.

**BIOLOGY G183 - 4 Units**  
**Botany**  
(Formerly known as: Biology G190 - General Botany)  
Prerequisites: Math G030 or Mathematics Placement Assessment  
Advisories: Biology G180  
This course is designed to satisfy the major requirements for an Associate or Baccalaureate degree in the Biological Sciences. Biology G183 complements Biology G180 and G182 as the third of three in a sequence of survey courses. Topics include: fundamentals of chemistry and biochemistry; cytology, with an emphasis on plant cytology; fundamentals of biological energy; catalysis, cellular respiration and photosynthesis; Mendelian and molecular
BIOLOGY G205 - 1 or 2 Units
Biology Laboratory Learning Skills
Prerequisites: Instructor Permission
This is a course in which students will help peers in lab sections of Biology classes. After successfully completing a lab course, students will assist lab instructors by monitoring lab safety, clarifying lab skills and techniques, and explaining experiments that are presented. Students will prepare and present one or more oral and/or written presentations of topics not covered in lecture. This course is recommended for students interested in teaching science. Lab. Letter grade only. Transferable to CSU.

BIOLOGY G221 - 4 Units
Human Anatomy
(Formerly known as: Biology G175)
Prerequisites: Biology G100, or G180, or G220, or G221 and English G099 or Placement Test and Mathematics Placement Assessment
A course in basic human anatomy, covering the major body systems and including topics of both gross and microstructure of the organ systems. Designed for paramedical biology majors (nursing, x-ray technicians, dental hygiene, physical therapy, etc.) and physical education majors. Will not satisfy transfer requirements for biology majors. UC Credit limitations: Maximum credit of two courses for Biology G220, G221 and G225. Lecture & lab. Letter grade only. Transferable to CSU; UC.

BIOLOGY G225 - 4 Units
Human Physiology
(Formerly known as: Biology G175)
Prerequisites: Biology G100 or Biology G155 or Biology G180 or Biology G221 and English G099 or Placement Test and Mathematics Placement Assessment
This course covers physiological function of the basic systems of the human body. Emphasis will be on integration of body systems and the inter-relationships for maintaining body homeostasis. Designed for paramedical biology majors (nursing, x-ray technicians, dental hygiene, physical therapy, etc.) and physical education majors. Will not satisfy transfer requirements for biology majors. UC Credit limitations: Maximum credit of two courses for Biology G220, G221 and G225. Lecture & lab. Letter grade only. Transferable to CSU; UC.

BIOLOGY G210 - 5 Units
General Microbiology
Prerequisites: Biology G100, or G180, or G220, or G225 and English G099 or Placement Test, and Mathematics Placement Assessment
Major concepts of general microbiology are discussed, including 1) procaryotic and eucaryotic cell types, 2) structural organization of cells, 3) cellular metabolism, regulation of metabolism, and genetics, 4) host-parasite relationships, 5) microorganisms in human health and disease, 6) immunology and serology, 7) recombinant DNA technology, 8) growth of microbial cells, 9) controlling growth by chemical and physical means. Bacteria, fungi, algae, protozoa, and viruses are studied. Laboratory skills include: microscopy, staining techniques, cultivation techniques, and aseptic techniques. Lecture & lab. Letter grade only. Transferable to CSU; UC.

BUSINESS
Also see Accounting, Management, and Marketing sections.

BUSINESS G100 - 3 Units
Introduction to Business
A survey in business providing a multi-disciplinary examination of how culture, society, economic systems, legal systems, political systems, financial institutions, and human behavior interact to affect a business organization's policies and practices within the U.S. and a global society. Demonstrates how certain influences impact the primary areas of business and affect the ability of a business to achieve its organizational goals. Such influences include organizational structure and design, leadership, human resource management,
organized labor practices, marketing, organizational communication, technology, entrepreneurship, legal affairs, accounting, financial practices, and stocks and securities markets. Lecture. Letter grade only. Transferable to CSU; UC.

BUSINESS G108 - 3 Units
Legal Environment of Business
This course provides an introduction to the principles of law and federal and state judicial systems that influence and reflect the ethical, social, and political environments in which business operates. Areas of constitutional law, administrative law, agency law, employment law, antitrust law, environmental law, and international law will be explored. Additional topics include contracts, torts, crimes, forms of business organization, ethics, product liability, government regulations, and securities regulation. C-ID BUS 120

UC credit limitations: Maximum credit of one course for Business G108 and Business G110. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

BUSINESS G110 - 3 Units
Business Law
This course is an introduction to the legal system in which businesses and individuals operate and covers fundamental legal principles pertaining to business transactions. Topics include sources of law and ethics, contracts, torts, agency, criminal law, business organizations, judicial and administrative processes, courts and their jurisdiction, warranties, product liability, and employment. UC credit limitation: maximum credit of one course for Business G108 and G110. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

BUSINESS G121 - 3 Units
Personal Finance
An introductory course in financial affairs involving management of expenditures. The course includes the budgeting process, using consumer loans and credit, savings on taxes, decisions on transportation and home buying, insurance planning, investments, financial planning, career planning, retirement and estate transfer decisions. Lecture. Letter grade only. Transferable to CSU.

BUSINESS G125 - 3 Units
Business English
A review and reinforcement of basic grammar, punctuation, vocabulary, proofreading skills, spelling, word division, capitalization, sentence construction, and dictionary usage. Emphasis is on more effective communication by providing an accurate knowledge and precise application of standard English in both verbal and written professional communications. Lecture. Optional pass/no pass grade. Transferable to CSU.

BUSINESS G130 - 3 Units
Introduction to Business Writing
Advisories: Completion of English G099 is strongly recommended. This course provides a basic understanding of business communication and develops confidence and skill in writing effective business letters, memos, electronic communications, and informal reports. Particular focus will be placed on forming a solid foundation for writing business documents, eliminating writer’s block, improving writing techniques, increasing editing and proofreading skills, and developing actual practice in writing, positive, negative, neutral, and persuasive communications. Lecture. Optional pass/no pass grade. Transferable to CSU.

BUSINESS G139 - 3 Units
Business Communication
Prerequisites: English G100
This course focuses on the development and refinement of the written and oral communication skills that are necessary for success in today’s dynamic business environment. Emphasis will be placed on solving simple-to-complex business problems through critical thinking, research, analysis, and evaluation. Students will communicate these results through effective planning, organizing, outlining, drafting, revising, and finalizing business documents. Oral presentation skills, employment preparation and job-search techniques are also covered. C-ID BUS 115 Lecture. Letter grade only. Transferable to CSU.

BUSINESS G153 - 1.5 Units
Writing an Effective Business Plan
This course is designed to guide the student in the planning, preparation, and the completion of a successful business plan. The student will develop the tools and confidence in the writing of their own business plan which will serve as a guide in promoting growth, profitability, and social responsibility in achieving their business goals. Suitable for any current business owner or entrepreneur; business, management, or marketing student. This class is critical for contemporary business leaders and owners to understand how to develop a strong business plan that will be used to secure the business and provide a guideline for future growth and profitability. Lecture. Optional pass/no pass grade. Transferable to CSU.

BUSINESS G170 - 3 Units
Introduction to Business Software Solutions
( Same as: Computer Science G170)
This course will provide students with knowledge and understanding of current software systems that enable businesses to ship and deliver materials and services. It will survey practices in enterprise software solutions such as Enterprise Resource Planning, Supply Chain, and Customer Relationship Management. The course will provide an overview of the use of technology to improve productivity and efficiency which is an essential part of today’s business landscape. Recommended for people desiring a future in Management, IT Management, Business or Accounting. Lecture. Optional pass/no pass grade. Transferable to CSU.
BUSINESS G210 - 3 Units
Securities and Investments
Principles of investments, risks/reward analysis, characteristics of stocks and bonds, overview of investment alternatives, role of mutual and money market funds. Lecture. Optional pass/no pass grade. Transferable to CSU.

CHEMISTRY

CHEMISTRY G110 - 5 Units
Introduction to Chemistry
Prerequisites: Mathematics G010 or appropriate score on the Math Placement Assessment.
An introduction to some of the basic principles of inorganic, organic and biochemistry. Lectures, demonstrations and laboratories are integrated into a learning system equivalent to three hours lecture, four hours lecture-laboratory a week. UC Credit limitations: Maximum credit of one course for Chemistry G110 and G130; no credit if taken after Chemistry G180. Lecture & lab. Letter grade only. Transferable to CSU; UC.

CHEMISTRY G130 - 4 Units
Preparation for General Chemistry
(Formerly known as: Introduction to Chemical Principles)
Prerequisites: Mathematics G010 or appropriate score on the Math Placement Assessment.
This course is an introduction to the principles and calculations of chemistry. Practice in basic laboratory techniques. It is designed specifically for students planning to take Chemistry G180 (General Chemistry). UC Credit limitations: Maximum credit of one course for Chemistry G110 and G130; no credit if taken after Chemistry G180. C-ID CHEM 101 Lecture & lab. Letter grade only. Transferable to CSU; UC.

CHEMISTRY G180 - 5 Units
General Chemistry A
(Formerly known as: General Chemistry I)
Prerequisites: Mathematics G030 or appropriate score on the Math Placement Assessment.
Advisories: Chemistry G130
This course covers stoichiometry, acids, bases, redox reactions, gas laws, solid and liquid states, changes of state, modern atomic concepts, periodicity and chemical bonding. It is intended for majors and minors in science and engineering. The laboratory portion of the course provides an application of lecture concepts in the laboratory and further practice in quantitative/ qualitative laboratory methods. Letter grade is the only option in this course. C-ID CHEM 110 Lecture & lab. Letter grade only. Transferable to CSU; UC.

CHEMISTRY G185 - 5 Units
General Chemistry B
(Formerly known as: General Chemistry II)
Prerequisites: Chemistry G180
This course provides an introduction to kinetics, principles and types of chemical equilibria, acids and bases, thermochemistry, electrochemistry, coordination compounds, nuclear chemistry and nomenclature of organic compounds. C-ID CHEM 120S Lecture & lab. Letter grade only. Transferable to CSU; UC.

CHEMISTRY G220 - 5 Units
Organic Chemistry A
(Formerly known as: Organic Chemistry I)
Prerequisites: Chemistry G185
This course offers a study of the compounds of carbon and their reactions with emphasis upon structure/reactivity relationships and mechanisms. The laboratory emphasizes standard organic techniques, investigations, and spectroscopic methods for identification. C-ID CHEM 160S Lecture & lab. Letter grade only. Transferable to CSU; UC.

CHEMISTRY G225 - 5 Units
Organic Chemistry B
(Formerly known as: Organic Chemistry II)
Prerequisites: Chemistry G220
A continuation of the study of the compounds of carbon and their reactions with emphasis upon structure/reactivity relationships and mechanisms, including chemistry of carbonyl compounds, aromatic compounds and molecules of biological importance. The laboratory includes reactions and workup design, separation and identification of an unknown mixture, multistep synthesis and additional spectroscopy. C-ID Chem 160S Lecture & lab. Letter grade only. Transferable to CSU; UC.

CHINESE

CHINESE G180 - 5 Units
Elementary Chinese I
(Formerly known as: Elementary Chinese)
Fundamentals of Chinese grammar, reading, writing and speaking simple Chinese. Native speakers are eligible for Chinese G180 only by permission of instructor. This course is equivalent to two years of high school Chinese. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

COLLEGE

COLLEGE G050 - 1 Unit
Introduction to Online Learning
Using computer tools, online course systems, and MyGWC, students will develop skills that will enable them to successfully complete distance learning programs. This course addresses the online technical competencies and computer skills needed for distance learning success. Lecture. Pass/no pass only. Not transferable, not degree applicable.

COLLEGE G090 - 1 Unit
Study Skills for College
Advisories: ESL G051
This course introduces students to basic college success skills: goal setting and time management, memory and concentration, lecture note-taking, learning styles, reading effectiveness, test taking strategies, and stress management. Students will learn how to integrate these skills into college course work. Lecture. Optional pass/no pass grade. Not transferable, not degree applicable.
Communication Studies

Communication Studies G100 - 3 Units
Interpersonal Communication
This course is a survey of the process, analysis and theory of one-to-one oral communication. Content areas include self-concept, perception, cultural influences, listening, verbal messages, nonverbal messages, conversation, relational development and conflict management. Students will learn theories that explain human communication behavior and in addition will be required to practice effective interpersonal communication skills in various contexts. C-ID COMM 130 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

Communication Studies G110 - 3 Units
Public Speaking
This course focuses on understanding and applying the fundamental principles of public speaking. These speech skills include identifying the purpose, selecting the topic, conducting research, organizing content and outlining the speech, choosing appropriate language, using effective visual aids, adapting to the audience and occasion, and delivering the speech in a manner that is both verbally and nonverbally effective, while also learning to evaluate the speeches of others. Students will learn to present information clearly, reasonably, and persuasively by giving individual speeches and participating in group presentations. Recommended for Speech Communication, Business and Education majors. UC Credit Limitations: COMM G110 and G110H combined—maximum credit, one course. C-ID COMM 110 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

Communication Studies G112 - 3 Units
Small Group Dynamics
This course is recommended for Communication Studies, Business, Education majors & individuals interested in participating effectively in groups in work or community settings. C-ID COMM 140 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

Communication Studies G220 - 3 Units
Essentials of Argumentation
This is a course presenting the principles of argumentation: reasoning, critical thinking, and the analytical skills necessary to construct arguments and refutations. Recommended for Communication Studies, Business and Education majors. C-ID COMM 120 Lecture. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

Communication Studies G225 - 3 Units
Negotiation and Mediation
(Same as: Peace Studies G225)
Advisories: Communication Studies G100
This course presents theories and skills to address and settle conflict situations by utilizing the negotiation and mediation processes. The student will learn how to assess conflict situations and determine the appropriateness of negotiation and mediation. Students will learn theories and skills through lecture, role playing, dialogue and in-class simulations. Students will also examine different contexts for negotiation and mediation including family, school, community and business situations. Videos and student presentations of negotiation and conflict resolution topics complement the lectures, simulations and role playing. Lecture. Optional pass/no pass grade. Transferable to CSU.
COMMUNICATION STUDIES

G255 - 3 Units
Intercultural Communication
(Formerly known as: Communication Studies G175)
Advisories: Comm G100 or Comm G108
This course analyzes the study of communication from an intergroup, culture-general perspective. General theories of communication (e.g., uncertainty/anxiety reduction, relationship development, nonverbal expectancy violations, ingroup-outgroup stereotyping) are integrated with theories of cultural difference (e.g., individualism-collectivism, cultural variability, low-high context communication, cultural value orientations, dimensions of culture, Confucian cultural patterns) to explain, predict and improve communication behavior. Communication is examined in both cross-cultural and intercultural settings, with the goal of increasing intercultural effectiveness and minimizing prejudice and discrimination. C-ID COMM 150 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

COMMUNICATION STUDIES

G260 - 3 Units
Organizational Communication
This course focuses on understanding and applying the fundamental principles of communication in organizations. These elements include organizational communication models, the role of ethics and diversity, basic communication skills, interviewing skills, communicating in groups and teams, conflict management, leadership, and presentation skills. Students will learn to analyze, adapt, and improve their communication strategies in organizational settings by applying and practicing the knowledge and skills acquired in this course. Recommended for Communication Studies, Business and Education majors. Lecture. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS

APPLICATIONS G101 - 1 Unit
Computer Keyboarding, Introduction, Part 1
(Same as: first third of Computer Business Applications G100)
A basic computer keyboard presentation using ‘touch’ techniques including an introduction to symbol-key reaches. This course assumes that the student has never had a formal keyboarding class or does not know ‘touch’ techniques. The student will learn some basic word processing concepts to make keyboarding quick and easy. Lab. Optional pass/no pass grade. Transferable to CSU.

APPLICATIONS G115 - 3 Units
Filing & Records Management
This course is a comprehensive introduction to records management for both manual and computerized records systems. Emphasis will be placed on the efficient control of proper filing rules, along with the proper methods of storing, retrieving, and disposing of alphabet, subject, numeric, and geographic records; emphasis also placed on the principles governing filing and maintenance of paper, automated, and electronic imaging records. Lecture. Optional pass/no pass grade. Transferable to CSU.

APPLICATIONS G117 - 3 Units
Proofreading Skills
Advisories: Computer Business Applications G101 or keyboarding speed of 35 words a minute.
This course is designed to develop or improve proofreading skills for business or personal use, and includes units in proper use of the dictionary, proofreading for typographical errors, and proofreading for effective communication. This course also includes exercises in proofreading for errors in spelling, word division, format, capitalization, expression of numbers, punctuation, grammatical construction, and word usage. Lecture. Optional pass/no pass grade. Transferable to CSU.

APPLICATIONS G119 - 3 Units
Administrative Business Procedures
Advisories: Computer Business Applications G101 or keyboarding speed of 35 words a minute.
This course is designed to prepare a student for an entry-level office support position. Current office procedures will be stressed. Topics will include handling written correspondence, business records, and office equipment; making travel arrangements; using reference sources to prepare simple reports; and assisting with meeting and conference preparation. Lecture. Optional pass/no pass grade. Transferable to CSU. May not be offered each semester.

APPLICATIONS G120 - 2 Units
QuickBooks Pro
QuickBooks Pro is a Business Accounting course designed to assist the student and entrepreneur interested in using the computer to keep accounting books in good order and in making sound business decisions based on financial reports. Business accounting records are set up to handle chart of accounts, merchandise, customers and receivables, vendors and payables, banking, and reports. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

APPLICATIONS G145 - 2 Units
Introduction to Computers
This course provides a hands-on introduction to computer concepts and computer literacy. Students learn fundamental skills of computer hardware; identify and develop software application, Internet, and networking skills. Students will generate computer input and output using MS Word and Excel; identify and describe the importance of technology in the world we live in, and learn how to purchase or update computers. This course
is designed for students who have no prior experience with computer concepts. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER BUSINESS APPLICATIONS G149 - 2 Units**

**Outlook**
Advisories: Proper keyboarding and basic computer skills are suggested. This course will prepare students to use Outlook to compose and send e-mail messages; work with incoming messages; use Outlook folders to organize the Inbox; and manage appointments, events, and meetings. Topics include managing the Outlook environment; creating and formatting Item Content; managing e-mail messages, Contacts, Calendar Objects; and working with Tasks, Notes, and Journal Entries. This course covers the skills needed to prepare for the Outlook Core Microsoft Office Specialist Exam (MOS). Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER BUSINESS APPLICATIONS G152 - 3 Units**

**MS Windows**
Advisories: CBA G145, Introduction to the PC, or equivalent experience. This course provides a hands-on comprehensive introduction to the MS Windows environment. Students will learn fundamental skills of the Windows operating system such as file and folder organization and management; personalizing the Windows environment; managing Windows Media Center, Homegroups, Libraries, Windows Live Essentials, and Windows Touch; working with the Internet and E-mail; protecting the computer; searching for information and collaborating with others; connecting to network and mobile computing; maintaining hardware and software; and improving system performance. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER BUSINESS APPLICATIONS G155 - 2 Units**

**WORD, Introduction**
Advisories: Keyboarding experience would be helpful. This course will prepare students to use WORD to create professional-looking documents for a variety of purposes and situations. Topics include sharing and maintaining documents; formatting content; applying page layout and reusable content; including illustrations and graphics in a document; proofreading documents; applying references and hyperlinks; performing mail merge operations. This course, together with CBA G156, reviews the skills needed to prepare for the Core Microsoft Office Specialist Exam (MOS). Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER BUSINESS APPLICATIONS G156 - 2 Units**

**WORD, Intermediate**
Advisories: Computer Business Applications G155 This course will prepare students to use intermediate and advanced features of WORD to create tables; insert graphics and create SmartArt and charts; apply and modify styles; create footnotes, endnotes, outlines, indexes, and tables of content; create comments and hyperlinks. Topics include using styles and creating multilevel lists and charts; creating web pages and using advanced proofing options; building documents from reusable content and revising documents using markup tools. This course, together with CBA G155, reviews the skills needed to prepare for the Core Microsoft Office Specialist Exam (MOS). Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER BUSINESS APPLICATIONS G157 - 2 Units**

**WORD, Advanced**
Advisories: Computer Business Applications G156 This course will prepare students to build on their knowledge of the basic and intermediate features of WORD to produce agendas, letterheads, envelopes, business cards, contact disk labels, calendars, flyers and announcements, brochures, and other specialty documents. Students will also work with templates, wizards, page layout, graphic features, Mail Merge, WordArt, and layout design to create desktop publishing documents. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER BUSINESS APPLICATIONS G160 - 2 Units**

**EXCEL, Introduction**
This course will prepare students to use EXCEL to create and edit professional-looking spreadsheets for a variety of purposes and situations. Topics include managing the worksheet and workbook environment; creating cell data; formatting cells and worksheets; applying formulas and functions; presenting data visually by creating charts; sharing worksheet data with other users; and analyzing and organizing data. This course, together with CBA G161, reviews the skills needed to prepare for the EXCEL Core Microsoft Office Specialist Exam (MOS). Proper keyboarding skills and basic computer skills suggested. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER BUSINESS APPLICATIONS G161 - 2 Units**

**EXCEL, Intermediate**
Advisories: Computer Business Applications G160 This course will prepare students to use intermediate to advanced features of EXCEL to audit and validate workbook data; consolidate data and link workbooks and worksheets; work with external data sources; create data tables, pivot tables, and pivot charts; use templates; and work with macros. Topics include using financial and lookup functions, define names, and validate data; managing large workbooks and using advanced sorting and filtering; and creating charts, diagrams, and templates. This course, together with CBA G160, reviews the skills needed to prepare for the EXCEL Core Microsoft Office Specialist Exam (MOS). Lecture & lab. Optional pass/no pass grade. Transferable to CSU.
COMPUTER BUSINESS APPLICATIONS G165 - 2 Units ACCESS, Introduction
This course will prepare students to use MS Office ACCESS to design and create a database by creating tables, determining the Primary keys, any additional fields, and determining and implementing relationships between tables; and design and create queries, forms, and reports. Topics include managing the Access environment; building tables; building forms; creating and managing queries; and designing reports. This course, together with CBA G166, reviews the skills needed to prepare for the ACCESS Core Microsoft Office Specialist Exam (MOS). Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G166 - 2 Units ACCESS, Intermediate
Advisories: Computer Business Applications G165 or equivalent experience
This course will prepare students to use intermediate to advanced skills of MS Office ACCESS. Topics include enhancing tables, queries, forms, and reports; building links, relationships, and indexes; designing and building advanced queries, forms, and reports; managing import and export specifications; using mail merge and advanced navigation techniques; using special controls and tools for check boxes, combo boxes, tab controls, and add hyperlinks; creating and editing macros and modules. This course, together with CBA G165, reviews the skills needed to prepare for the ACCESS Core Microsoft Office Specialist Exam (MOS). Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G170 - 2 Units PowerPoint, Introduction
This course prepares students to use POWERPOINT to create and edit professional-looking presentations as well as enhance presentations with clip art, pictures, shapes, and Word Art. Topics include creating a slide presentation; working with graphical and multimedia elements; creating charts and tables; applying transitions and animations; collaborating on presentations; preparing presentations for delivery; and delivering presentations. This course, together with CBA G171, reviews the skills needed to prepare for the POWERPOINT Core Microsoft Office Specialist Exam (MOS). Proper keyboarding and basic computer skills are suggested. Eight-week course. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G171 - 2 Units PowerPoint, Intermediate
Advisories: Computer Business Applications G170 or equivalent knowledge
This course prepares students to use POWERPOINT at the intermediate to advanced level. Topics include creating templates and reviewing, publishing, and protecting presentations; applying advanced graphic techniques and inserting audio and video; and delivering presentations. Students learn customizing colors and effects; layering and grouping techniques; animating and using multimedia effects; customizing themes and slide masters; preparing presentations for delivery and electronic distribution. This course, together with CBA G170, reviews the skills needed to prepare for the POWERPOINT Core Microsoft Office Specialist Exam (MOS). Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G181 - 4 Units MS Office
Advisories: Proper keyboarding skills and basic computer skills are suggested.
This course covers computer business applications used in today's businesses to create, edit, and format various documents, spreadsheets, databases, and presentations. Learn how to create professional-looking documents using WORD; develop and create spreadsheets with formulas and charts using EXCEL; create slide show presentations with multimedia effects using POWERPOINT; design, create, and organize data with tables, queries, forms, and reports using ACCESS; integrate files and data among WORD, EXCEL, ACCESS, and POWERPOINT. This course, together with CBA G183, reviews the skills needed to prepare for the Core Microsoft Office Specialist (MOS) Exams for Word, Excel, Access, and PowerPoint. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G182 - 2 Units MS Office, Introduction
Advisories: Proper keyboarding skills and basic computer skills are suggested.
This course will help students transition to the commonly used features and functionality of the latest Microsoft Office suite of application software, as well as update their skills in file management techniques by searching for and locating files and folders. This course is designed for students who have worked with earlier versions of Microsoft Office applications, such as Word, Excel, Access, and PowerPoint, and who wish to upgrade their skills with the latest version. Topics include using the new user interface, contextual tabs, ribbons, and commonly used features and functions to create and edit Word documents, work with Excel spreadsheets, work with Access databases, and create and edit dynamic presentations in PowerPoint. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G183 - 4 Units MS Office, Intermediate
Advisories: CBA G181 or equivalent
This course covers computer business applications used in today's businesses using intermediate to advanced features and functionality of Microsoft Office to create, edit, and format various business documents, spreadsheets, databases, and presentations. Students will learn how to use styles, lists, charts, web pages, advanced proofing options,
and markup tools using WORD; use advanced functions, sorting and filtering options, and create charts, diagrams, and templates using EXCEL; enhance tables, queries, forms, and reports using ACCESS; and apply advanced graphic, audio, and video techniques using POWERPOINT. This course, together with CBA G181, reviews the skills needed to prepare for the Core Microsoft Office Specialist Exams (MOS) for Word, Excel, Access, and PowerPoint. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G190 - 1.5 Units
Internet, Introduction
This course provides hands-on experience using the most popular Internet browsers and email tools. Emphasis will be placed on topics related to searching the Web and downloading data, including search engines, digital rights management, online storage providers, Web-based collaboration services, working with email, and protecting a computer from viruses. Proper keyboarding skills and basic understanding of computer concepts is recommended prior to enrolling in this course. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G195 - 1.5 Units
Acrobat, Introduction
This course is designed for students who wish an introductory, hands-on experience with Adobe Acrobat software, which has become the essential tool for universal electronic document exchange. Students will learn to convert existing documents to an interactive multi-platform Portable Document Format (PDF) file that can be distributed electronically; to create Adobe PDF from Web pages; to use Acrobat Professional in the document review cycle; to put documents online; and to use Acrobat to fill out forms. With Adobe Acrobat students will be able to publish any document in PDF, preserving the exact look and content of the original and making its content available to any user who has downloaded the free Acrobat Reader computer program readily available on the Internet. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER BUSINESS APPLICATIONS G196 - 2 Units
Overview of Web Design
This course presents an overview of the fundamentals of Web design including some of the broad concepts and practices necessary for good Web design. Students will briefly review the historical, technical, and practical aspects of Web design, and will be introduced to basic Web design concepts. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE

COMPUTER SCIENCE G101 - 3 Units
Computer Literacy
This course is designed to provide students with a brief overview of computing concepts and terminology. It will acquaint the student with the social implications of pervasive computer technology in our society. A good course for the student who wants a first experience in computing. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

COMPUTER SCIENCE G102 - 4 Units
Computer Software Development, Introduction
This course will introduce students to the basic principles of computers and software development. Computer architecture concepts and principles of operation, operating systems basics, file management, and software development principles will be discussed, demonstrated and practiced. Common programming languages, including Java, C, C++, and Visual Basic will be discussed and small programs in each language will be written. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G121 - 4 Units
Creating Game Artwork, Introduction
Advisories: Computer Science G130
This course is a study in the process of computer game artwork and animation. Students will be introduced to the basic building blocks of 3D game artwork and the process of its creation. Concepts of graphics objects, rendering, shading, alpha blending, texture mapping, and materials will be discussed. Students will learn hands on 3D computer modeling techniques as well as texture map creation using a digital imaging software and UV mapping tools. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G127 - 4 Units
Introduction to Programming with PHP and MySQL
Advisories: Comp Sc G102 or Comp Sc G130
This course will cover the fundamentals of Web-based software development using the PHP scripting language together with HTML and MySQL Open Source Database. The process of software development will be discussed to include: designing, writing source code, executing, and testing and debugging. Data types, arithmetic and logical expressions, debugging, looping, branching, modularization, simple database access, simple database structures and simple HTML will be discussed in lectures and practiced through lab projects. Web-based Internet applications will be designed and created. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G130 - 4 Units
Survey of Computer Science/Information Technology
This class surveys computer science and information technology with emphasis on computer business applications. The student will be exposed to computer concepts including components of a computer, operating systems, utility
programs, terminology, communications, networking, internet usage, ethical issues and computer application software, such as word processing, spreadsheets, database, database query and presentation software. The student will complete projects in a desktop computer environment. Lecture & lab. Optional credit/no credit or grade. Transferable to CSU; UC. IT IS 120 Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

**COMPUTER SCIENCE G135 - 4 Units**  
**UNIX/Linux Operating System**  
Advisories: Computer Science G102 or Computer Science G103  
This course provides an overview of UNIX / Linux Operating System. Students will learn concepts such as file system, variables and permissions, plus file and directory management commands, editors, filters, links and redirection. Lab sessions will be provided to practice and finish home works executing UNIX / Linux commands, both in the shell and the Graphical User Interface (GUI) environments. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

**COMPUTER SCIENCE G145 - 4 Units**  
**C Language Programming**  
Advisories: Previous computer programming experience.  
This course is a study of structured programming and systematic software development using the C language. Various data types, arrays, pointers, structures, and functions will be used to implement data tables, string functions, and interface algorithms. This course may be required for transferring Engineering/Math/Science majors. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

**COMPUTER SCIENCE G147 - 4 Units**  
**Game Programming, Introduction**  
Advisories: Computer Science G177 or G178  
This course is designed to study the principles of computer game development. Students will be introduced to the basic building blocks of computer games and learn about the various game engines. Concepts of graphics objects, rendering, shading, transformation, alpha blending, stenciling, texture, and materials will be discussed and practiced. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER SCIENCE G148 - 4 Units**  
**Game Programming, Intermediate**  
Advisories: Computer Science G147  
This course will present intermediate techniques and principles in developing computer games. Students will study and develop custom game engines, experiment with custom shaders using HLSL (High-Level Shading Language), interact with gaming input devices, study object motion and collision, integrate sound, and build and import characters using animation software. Visual Studio .Net will be used to create managed DirectX programs on the Windows platform. Lecture & lab. Optional pass/no pass grade. Transferable to CSU. Offered spring semester only.

**COMPUTER SCIENCE G149 - 4 Units**  
**Game Programming, Advanced**  
Advisories: Computer Science G148  
This course will present advanced techniques and principles in developing multiplayer computer games. Students will study and develop advanced game engines, optimized 3D rendering subsystems, Level Editors, and artificial intelligence algorithms for multiplayer online games. Visual Studio .Net and DirectX will be used to create multiplayer games on the Windows platform. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER SCIENCE G150 - 4 Units**  
**Mobile Game Programming**  
Advisories: Computer Science G148  
This course will cover the principles of video game development for mobile devices. Students will be introduced to the basic building blocks of mobile platforms and the tools and components available for developing video games for these platforms. Concepts of graphics libraries, simulation tools, debugging facilities, memory and performance limitations, and development methodologies will be discussed and practiced. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**COMPUTER SCIENCE G153 - 4 Units**  
**Java Programming, Introduction**  
Advisories: Computer Science G102, Math G030  
This course will cover the fundamentals of software development using the Java Language. The discussions of software development process will include: designing, writing source code, compiling, linking, executing, and debugging. Data types, arithmetic and logical expressions, debugging, looping, branching, modularization, dynamic memory allocation, classes and objects will be discussed in lectures and practiced through lab projects. Both console and GUI-based (Graphical User Interface) applications will be designed and created. C-ID COMP 122 Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

**COMPUTER SCIENCE G154 - 4 Units**  
**Data Structures with Java**  
(Formerly known as: Java Data Structures, Advanced)  
Prerequisites: CS G153 or CS G175  
Advanced programming techniques and Object Oriented Programming principles in Java will be exploited in learning the concepts of data structures. Students will gain theoretical and hands-on experience with the implementation of typical data structures (e.g., arrays,
Welcome to Golden West College

COURSES

queues, stacks, linked-lists, trees, hashing, and graphs) used in programming applications. Principles of recursion, sorting, searching, optimization, classes, objects, inheritance, and polymorphism will be explored and practiced. Lecture & lab. Letter grade only. Transferable to CSU; UC. Offered spring semester only.

COMPUTER SCIENCE G167 - 4 Units
iPhone Programming with Objective C
Advisories: Successful completion of at least one course in C programming or one of these Object Oriented (OO) languages, C++, C# (CSharp), or Java, and should understand OO design and development concepts.
This course will cover the fundamentals of iPhone application development using the Objective-C Language and the iPhone SDK (Software Development Kit). The application development process will include: designing for MVC (Model-View-Controller), writing source code, compiling, linking, executing, debugging, and testing. The theory and use of Cocoa and Cocoa Touch, Xcode, Interface Builder, Core Audio /Animation /Data /Location, UIKit (User Interface), GameKit and App design will be discussed in lectures and practiced through lab projects. iPhone applications will be designed and created. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G168 - 4 Units
iPhone Programming with Web
Advisories: CS G185 or equivalent or have at least 6 months of active experience in developing Web pages using HTML/CSS/JavaScript.
This course will cover fundamentals of iPhone mobile web application development utilizing current technologies including, but not limited to, HTML5 (HyperText Markup Lang.), CSS3 (Cascading Style Sheets), JavaScript, AJAX (Asynchronous JavaScript And XML (eXtensible Markup Language)), the Web DOM (Document Object Model), Dashcode and Dashcode templates, and Dashboard Widgets. iPhone applications will be designed and created. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G170 - 3 Units
Introduction to Business Software Solutions
(Use Business G170) This course will provide students with knowledge and understanding of current software systems that enable businesses to ship and deliver materials and services. It will survey practices in enterprise software solutions such as Enterprise Resource Planning, Supply Chain, and Customer Relationship Management. The course will provide an overview of the use of technology to improve productivity and efficiency which is an essential part of today’s business landscape. Recommended for people desiring a future in Management, IT Management, Business or Accounting. Lecture. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G171 - 4 Units
SQL Programming, Introduction
Advisories: Computer Science G145 or G153
This course will cover the fundamentals of database development using Structured Query Language (SQL). Using Access and Microsoft SQL Server, students will create databases, tables, indexes, rules, triggers, stored procedures, views, users, groups, and various other database objects. Complex SQL queries and transactions will also be discussed and implemented. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G176 - 4 Units
Java Database Programming
Advisories: Computer Science G154
This course will cover the fundamentals of database programming using Java related technologies such as JDBC and Swing. Multi-tiered client/server and web-based applications will be discussed and created that will utilize Microsoft Access and Microsoft SQL Server databases. Structured Query Language will be discussed and practiced. Principles of distributed software development using J2EE will also be discussed. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G177 - 4 Units
Visual Basic.NET
Advisories: Computer Science G153 or G175
This course will cover software development in the Microsoft .NET framework. Visual Basic .NET will be used as the development tool to discuss and practice Windows-based and Web-based applications. This course prepares students for Microsoft.NET Framework Web-Based Development Certificate and Windows Client Development Certificate. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.
COMPUTER SCIENCE G178 -
4 Units
Visual C# .NET
Advisories: Computer Science G153 or G175
This course will cover software development in the Microsoft .NET framework. Visual C# .NET will be used as the development tool to discuss and practice Windows-based applications and Web-based applications. This course prepares students for Microsoft .NET Framework Web-Based Development Certificate and Windows Client Development Certificate. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G179 -
4 Units
C++ Programming, Advanced
Advisories: Experience with Object Oriented Programming in C++, including templates.
This course covers advanced features of software development using the C++ language. Topics covered will include input/output streams, file input and output, exception handling, Standard Template Library (STL) including string class, sequential and associative containers. Understanding function objects, STL algorithms, adaptive containers, bitset class and smart pointers will also be discussed in lectures and practiced through lab projects. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

COMPUTER SCIENCE G185 -
3 Units
World Wide Web
Advisories: Computer Science G130
Discussions will include: the history, present status, and future trends of global communications via the Internet; network topologies and communication protocols; and Internet servers (World Wide Web, gopher, etc.). Student will search the Internet’s cyberspace, create HTML (HyperText Markup Language) pages, learn Java Scripting, and Cascading Style Sheets (CSS), understand e-mail, File Transfer Protocol, and various other internet elated tools and utilities. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G189 -
4 Units
Data Structures with C++
Prerequisites: Computer Science G153 or Computer Science G175
This lecture and laboratory course will cover the Data Structures and Object Oriented Programming concepts using the C++ language. Arrays, queues, stacks, linked-lists, trees, hashing, graphs, recursion, sorting, searching, optimization, classes, objects, inheritance, and polymorphism will be discussed and practiced. C-ID COMP 132 Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC. Offered spring semester only.

COMPUTER SCIENCE G193 -
3 Units
MCTS Certification Preparation Windows Forms Applications
Advisories: Computer Science G175, G178, and G179
This lecture and laboratory course will prepare the advanced student for the Microsoft MCTS (Microsoft Certified Technology Specialist) exam for Windows Forms Applications. Students will create desktop applications with the .NET Framework using C# and Visual Studio. Students will review the C# programming language, including data types, operators, control structures, classes and methods. Students will use the .NET Framework and Windows Forms to build graphical user interfaces for desktop applications, build modal and modeless dialogs and work with .NET controls, use ADO.NET (ActiveX Data Objects) to work with data sources and display data. Other topics include: error handling and debugging; control application configuration; developing and consuming web services; file Input/Output; using XML (Extensible Markup Language) data with DataSets; and deploying windows forms applications. Lab exercises will include creating and deploying windows desktop applications. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G194 -
3 Units
MCTS Certification Preparation .NET Framework Applications
Advisories: Computer Science G175, G178, G179
This lecture / laboratory course prepares the advanced student for Microsoft MCTS (Microsoft Certified Technology Specialist) exam for .NET Framework Applications. Students will utilize features of the .NET Framework using C# programming language to build sophisticated applications and will examine these object-oriented programming topics: inheritance, partial classes and generics, .NET interfaces, managing data with .NET object and generic collections, LINQ (Language Integrated Query), synchronous and asynchronous delegate methods calls and managing callbacks, Thread / ThreadPool classes, reflection, ADO.NET (ActiveX Data Objects), Microsoft SQL Server, and Structured Query Language (SQL) will be used in building real-life enterprise applications. Web Services will be studied and created to provide internet-wide sharing of business services. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G195 -
4 Units
Client-Server Application Development
Advisories: Computer Science G177
This course will cover the fundamentals of Client-Server application development. Two- and Three-tier enterprise application design and development topologies will be discussed and practiced through assignments. Visual Basic.Net, Visual C# .Net, ADO.Net (ActiveX Data Objects), Microsoft SQL Server, and Structured Query Language (SQL) will be used in building real-life enterprise applications. Web Services will be studied and created to provide internet-wide sharing of business services. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.
COMPUTER SCIENCE G196 - 4 Units
Web Programming with .NET
Advisories: Computer Science G177 or G178
Students will study and build eCommerce and eBusiness applications using various tools, languages, & utilities to include: Visual Basic .Net, C#, Code Behind, Active Server Pages.Net, ActiveX Data Objects.Net, Structured Query Language (SQL) & Common Gateway Interface. Web services will be discussed and implemented using XML, SOAP, WSDL, & UDDI. This course prepares students for Microsoft .NET Framework Web-Based Development Certificate. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

COMPUTER SCIENCE G198 - 4 Units
Enterprise Java Development with J2EE
Advisories: Computer Science G154
This course will cover the fundamentals of enterprise-level, distributed and database-driven Java applications using J2EE (Java 2 Enterprise Environment). Various J2EE related technologies will be discussed and practiced including: JavaServer Pages (JSP), Enterprise JavaBeans (EJB), JDBC (Java Database Connectivity), Servlets, Applets, JNDI (Java Naming and Directory Interface), Jars, XML (Extended Markup Language), session and state management. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

COMPUTER SCIENCE G242 - 3 Units
Computer Architecture and Organization
Advisories: Computer Science G175 or Computer Science G153
This course will cover the organization and behavior of real computer systems at the assembly-language level. The mapping of statements and constructs in a high-level language onto sequences of machine instructions is studied, as well as the internal representation of simple data types and structures. Numerical computation is examined, noting the various data representation errors and potential procedural errors. C-ID COMP 142 Lecture. Letter grade only. Transferable to CSU; UC.

COMPUTER SCIENCE G262 - 3 Units
Discrete Structures
Prerequisites: Computer Science G153 or Computer Science G175 and Math G030 or Mathematics Placement Assessment
This course is an introduction to the discrete structures used in Computer Science with an emphasis on their applications. Topics covered include: Functions, Relations and Sets; Basic Logic; Proof Techniques; Basics of Counting; Graphs and Trees; and Discrete Probability. C-ID COMP 152 Lecture. Letter grade only. Transferable to CSU; UC.

COOPERATIVE WORK EXPERIENCE G100 - 1 Unit
Personal Career Seminar
Prerequisites: Student must have: (1) Consent of Program Coordinator or designee. (2) Working in a job directly related to college major or career goal. (3) Must be initially enrolled in a minimum of seven (7) units including Work Experience.
This Career Seminar is designed for employed Cooperative Work Experience students who wish to gain higher levels of occupational competence. Students will complete a job portfolio. Topics will be explored that expressly relate to actual work experience learning, activities and issues. Veterans may utilize this course to obtain V.A. educational benefits for the related Cooperative Work Experience credit. Lecture. Optional pass/no pass grade. Transferable to CSU. May not be offered each semester.

COOPERATIVE WORK EXPERIENCE G101 - G104 - 1-4 Units
Cooperative Work Experience
Prerequisites: Student must have: (1) Consent of Program Coordinator or designee. (2) Working in a job directly related to college major or career goal. (3) Must be initially enrolled in a minimum of seven (7) units including Work Experience.
Designed to offer students the opportunity to earn credit for learning experiences identified in their job. Employment must relate to the student’s educational or career goals. The learning value will be identified through the use of job related objectives. Letter grade only. Transferable to CSU.

COSMETOLOGY
COSMETOLOGY G021 - 11 Units
Cosmetology, Level I
A beginning course in cosmetology which acquaints the beginning student with basic scientific theory in anatomy, chemistry, physiology, bacteriology, sterilization, cytology, mycology, California State Board rules and regulations and the principles of wet hairstyling, hair cutting, hair coloring, permanent waving, scalp treatment and professional ethics. Level I is the first in a series of five. Each week of instruction consists of 40 hours or 8 hours per day. Lecture & lab. Letter grade only.

COSMETOLOGY G022 - 11 Units
Cosmetology, Level II
An intermediate course in cosmetology which acquaints the student with basic scientific theory in trichology, occupational health and safety, communicable diseases in the workplace, dermatology, communication skills and the principles of facials, manicuring, men and women’s hair cutting, staining, hair coloring, chemical straightening and permanent waving. Students will begin to practice operations on live models in order to perfect their skill. Level II is the second in a series of five. Each
week of instruction consists of 40 hours or 8 hours per day. Lecture & lab. Letter grade only.

COSMETOLOGY G023 - 8 Units
Cosmetology, Level III
Prerequisites: Cosmetology G022
An advanced course in cosmetology that acquaints the student with basic scientific theory in electricity as it applies to cosmetology, heat and light energy, neurology, ostoology, occupational safety precautions of HIV/AIDS, and hepatitis B, disorders of the skin, scalp and hair, salon management, ergonomics. This course acquaints the student with the principles of advanced facials and manicuring and introduces long hair design. The student engages in manipulative training and practices these skills on patrons from the community in a beauty salon atmosphere. Level III is the third in a series of five. Each week of instruction consists of 40 hours or 8 hours per day. Lecture & lab. Letter grade only.

COSMETOLOGY G024 - 8 Units
Cosmetology, Level IV
Prerequisites: Cosmetology G023
An advanced course in cosmetology that acquaints the student with scientific theory in cosmetic chemistry, hazardous substances, wigs and hair pieces, professional development, business skills, employment opportunities, personal record keeping, salesmanship and the principles of advanced hair sculpting, coloring and styling techniques. The student engages in manipulative training and practices these skills on patrons from the community in a beauty salon atmosphere. Level IV is the fourth in a series of five. Each week of instruction consists of 40 hours or 8 hours per day. Lecture & lab. Letter grade only.

COSMETOLOGY G025 - 8 Units
Cosmetology, Level V
Prerequisites: Cosmetology G024
An advanced course in Cosmetology which acquaints the student with the State Board of Cosmetology examination and preparation for job interview skills. The student engages in advanced manipulative training and practices these skills on patrons from the community in a beauty salon atmosphere. Level V is the fifth in a series of five. Each week of instruction consists of 40 hours or 8 hours per day. Lecture & lab. Letter grade only.

COSMETOLOGY G029 - 6 Units
Cosmetology to Barber Crossover Level 1
Prerequisites: Cosmetology Proof of Training Certificate
This is the first level of two courses that provides training for the cosmetologist in the various aspects of barbering and prepares the student for the California State Board Barber Examination. This course consists of technical instruction and practical operations covering those barber practices that are not a part of the required training or practice of a cosmetologist. Lecture/Lab. Letter grade only.

COSMETOLOGY G030 - 6 Units
Cosmetology to Barber Crossover Level 2
Prerequisites: COSM G029 with a C or better
This is the second level course that provides training for the cosmetologist in the various aspects of barbering and prepares the student for the California State Board Barber Examination. The course offers additional theory hours and advanced techniques in the areas of haircutting, rest facials and facial shaving. Lecture/Lab. Letter grade only.

COSMETOLOGY G032 - 7 Units
Barbering Level 2
Prerequisites: COSM G031
A beginning course in barbering which acquaints the student with scientific theory in trichology, occupational health and safety considerations, disinfection and sanitation, the principles of facials, shaving, men and women's haircutting, haircoloring, chemical straightening and permanent waving. Students will begin to practice operations on live models in order to perfect their skill. Level 2 is the second in a series of six. Lecture/Lab. Letter grade only.

COSMETOLOGY G033 - 7 Units
Barbering, Level 3
Prerequisites: Cosmetology G032
An intermediate course in barbering which acquaints the student with men's hair replacement, chemistry, electricity, light therapy, treatment of the hair and scalp as they relate to the profession of barbering. Additional theory and practical applications will be included as they relate to the subjects of haircutting, haircoloring, texture services, facials and hair styling. Students will practice on mannequins and live models in a salon atmosphere in order to perfect their skills. Level 3 is the third in a series of six. Letter Grade Only. Non-transferable Lecture/Lab. Letter grade only.

COSMETOLOGY G034 - 7 Units
Barbering, Level 4
Prerequisites: COSM G033
An advanced course in barbering which acquaints the student with advanced techniques in men and women's haircutting, hair styling, haircoloring, bleaching, permanent waving, chemical straightening, shaving, communication skills, professional ethics, salesmanship, client record keeping, decorum, and basic tax information relating to booth renters, independent contractors, employee and employers. The student engages in manipulative training and practices these skills on patrons from the community in a salon atmosphere. Level 4 is the fourth in a series of six. Lecture & lab. Letter grade only.
COSMETOLOGY G035 - 7 Units  
**Barbering, Level 5**  
Prerequisites: COSM G034  
An advanced course in barbering which acquaints the student with preparation for job interview skills. The student engages in advanced manipulative training and practices these skills on patrons from the community in a salon atmosphere. Level 5 is the fifth in a series of six. Lecture & lab. Letter grade only.

COSMETOLOGY G036 - 7 Units  
**Barbering, Level 6**  
Prerequisites: COSM G035  
An advanced course in barbering which prepares the student for the State Board of Barbering Examination. The student engages in advanced manipulative training and practices these skills on patrons from the community in a salon atmosphere. Level 6 is the last in a series of six. Lecture & lab. Letter grade only.

COSMETOLOGY G071 - 9 Units  
**Esthetics - Level 1**  
This is the first session of two nine week courses comprising of 360 hours to be applied to a State Board Certification in Esthetics. This course is designed to introduce the beginning student to standards of professional conduct and to scientific theory of all subjects dealing with skin care, (i.e. anatomy, histology of the skin). It also provides a laboratory experience with an emphasis on skin care techniques, such as massage, hair removal, skin analysis, use of electrical modalities, as well as basic makeup. Lecture & lab. Letter grade only.

COSMETOLOGY G072 - 9 Units  
**Esthetics - Level 2**  
Prerequisites: COSM G071  
This is the second session of two nine week courses comprising of 360 hours to be applied to a State Board Certification in Esthetics. It is designed to provide a more in-depth knowledge of Esthetics including the scientifc theory pertinent to skin (i.e. chemistry, nutrition). The students will learn skin care theory and receive more advanced laboratory training including the application of chemical peels, massage techniques, hair removal and proper use of electrical facial modalities. Students will learn the skills required to render most professional services. Lecture & lab. Letter grade only.

COUNSELING  
COUNSELING G100 - 1.5 Units  
**Career Planning**  
Advisories: English G098  
This course is designed to assist students in developing intelligent career decisions. Standardized assessments, discussions and assignments will enable the student to clarify values, interests, abilities and personality characteristics that fit with possible career options. Lecture. Pass/no pass only. Transferable to CSU.

COUNSELING G103 - 1 Unit  
**Educational Planning for Student Success**  
Advisories: English G099  
This course is designed to introduce students to a successful college and transfer experience. The course introduces college survival skills including college expectations, college resources, and academic policies. Definitions and requirements for vocational certificates, Associate of Arts degrees, baccalaureate and higher degrees are covered. An overview of higher education in California and transfer policies and processes will be covered. Students develop a Student Educational Plan (SEP) based on individual educational goals and discuss strategies for selecting a major. Lecture. Pass/no pass only. Transferable to CSU.

COUNSELING G104 - 3 Units  
**Career and Life Planning**  
(Formerly known as: Career and Life Planning: A Holistic Approach)  
Advisories: English G099  
This is an extensive career and life planning course within the broad perspective of psychological, sociological, and physiological theories. Emphasis will be placed on self-esteem/self-concept, values, needs and goals, motivation, skill development, and gender and cultural issues in the workplace and the global economy. The historical view of careers, current career trends, and employment outlook will be studied. Various methods of researching academic and career opportunities will be explored to assist students with completing a career action plan. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

COUNSELING G110 - .5 Units  
**Academic Planning: GWC AA/CERT**  
Advisories: Completion of Assessment Testing in Math and English or ESL  
Introduction to the resources and planning process needed for students who plan to pursue a Certificate and/or an AA/AS/AA-T/AS-T degree from Golden West College. Designed to enable students to actively participate in planning their educational goals by providing information about the process and requirements for graduation. Each student will produce an educational plan specific to his or her academic and career goal. Lecture. Pass/no pass only. Transferable to CSU.

COUNSELING G111 - .5 Units  
**University Transfer Planning**  
Advisories: Completion of Assessment Testing in Math and English or ESL  
This course will provide in-depth information and assistance with the transfer process to four-year colleges/universities. It is designed to enable students to actively participate in planning their educational goals through the completion of an educational plan including course sequencing needed to successfully transfer. Lecture. Pass/no pass only. Transferable to CSU.

COUNSELING G199 - 1.5 Units  
**Employability Skills**  
(Formerly known as: Counseling Topics)  
Presentation, discussion and study of professional and personal development issues. Topics include employability skills, values clarification, motivation, responsibility and accountability, self esteem, time management, goal setting,
personal financing, resume writing, and interviewing skills. Intended for students wishing to deal with issues relating to their own professional and personal development and/or helping others with these issues. Lecture. Lecture. Pass/no pass only. Transferable to CSU.

**CRIMINAL JUSTICE**

**CRIMINAL JUSTICE G005 - 0.25-0.5 Units**

**Arrest and Control Techniques**
Prerequisites: Criminal Justice G064
Continuing professional training for in-service officers that is intended to meet the new legislative mandated training requirements. This section deals with arrest and control techniques in the areas of carotid holds, take down and arrest procedures, handcuffing, etc. A one week course. Lecture. Pass/no pass only.

**CRIMINAL JUSTICE G020 - 1.5 Units**

**Radar Operator Recertification**
Prerequisites: Criminal Justice G064
This P.O.S.T. (Peace Officers Standards and Training) certified course is designed to provide an update on the legal and technical use of police traffic radar. It includes an overview of the characteristics and functions of radar components, effects of radar use, and calibration techniques. Lecture. Pass/no pass only.

**CRIMINAL JUSTICE G021 - 0.5 Units**

**Laser Operator Certification**
Prerequisites: Criminal Justice G064
Advisories: Criminal Justice G020
This P.O.S.T. certified course is designed to provide training on use of police traffic LASER (Light Amplification of Stimulated Emission of Radiation) - also referred to as LIDAR (Light Detection and Ranging) for speed and distance measuring. The course gives an overview of the characteristics and functions of LASER components as well as the effects of LASER use. It also includes techniques for the verification of the calibration of the LASER device. Lecture. Pass/no pass only.

**CRIMINAL JUSTICE G046 - 4 Units**

**Civilian Supervisory, Law Enforcement**
P.O.S.T. certified course providing newly appointed or experienced civilian supervisors with formal training in the concepts, techniques and practical application of basic supervisory skills as they pertain to police operations. An eighty hour; two week course. Lecture. Pass/no pass only.

**CRIMINAL JUSTICE G054 - 2 Units**

**Police Academy, Regular Basic Course, Orientation**
This course is designed to familiarize the student with the police academy training program and provide a better understanding of the requirements and commitments that must be considered. This comprehensive program will assess the suitability and employability of potential academy recruits. Students will be required to complete job-related tests in preparation for the police academy and a career as a police officer. A four-week course. Lecture & lab. Pass/no pass only.

**CRIMINAL JUSTICE G055 - 1.5 Units**

**Pre-Academy Physical Fitness**
The Pre-Academy Physical Fitness Course is designed to prepare students for the physical aspects of the police academy course approved by the California Commission on Peace Officer’s Standards and Training (POST). Students will perform various physical exercises including the POST-mandated physical agility test (99-yard agility run, body drag, six-foot solid wall, six-foot chain link fence & 500-yard run), cardiovascular endurance exercises, and various calisthenics. Proper body mechanics, techniques, and conditioning principles will be applied with an emphasis on proper nutrition and injury prevention. Lecture & lab. Pass/no pass only.

**CRIMINAL JUSTICE G064 - 23 Units**

**Police Academy - Regular Basic Course**
Prerequisites: Criminal Justice G054
Corequisites: Criminal Justice G065
This course provides the fundamentals of basic police training in compliance with the minimum standards established by the California Commission on Peace Officer Standards and Training (POST). The training includes community based policing concepts, techniques, and observation of application. Student will be graded and evaluated on academic accomplishment, physical skills, handgun proficiency, and demeanor. Forty hours per week for 24 weeks. Lecture & lab. Letter grade only.

**CRIMINAL JUSTICE G065 - 2 Units**

**Police Academy - Lifetime Health & Fitness**
Prerequisites: Criminal Justice G054
Corequisites: Criminal Justice G065
The Lifetime Fitness course stresses the important components of a lifestyle that supports the development and maintenance of good physical and mental health and reduces the risk of illness or injury. The primary focus emphasizes sound physical and mental health and the direct impact on the fitness and endurance of the law enforcement professional. Lecture & lab. Letter grade only.

**CRIMINAL JUSTICE G067 - 1.5 Units**

**Advanced In-Service Training Issues**
New laws and court decisions, arrest, search and seizure, changes in enforcement policy, new concepts in police technology, community relations, police ethics and integrity. Lecture. Pass/no pass only.
CRIMINAL JUSTICE G070 - 4 Units
Sergeant Supervisory, Law Enforcement
P.O.S.T. certified 80-hour course. Fundamentals of police supervision and management, including training, supervision and evaluation. Lecture. Pass/no pass only.

CRIMINAL JUSTICE G078 - 6.5 Units
Public Safety Dispatcher Basic (Intensive Format)
Advisories: The student should be currently employed as a dispatcher for a public safety agency. The student should have a basic understanding of the following subjects as they apply to the position of dispatcher: California statutory codes, law enforcement radio codes; the phonetic alphabet; military time; police jargon and abbreviations; telephone and radio procedures. The purpose of this course is to provide the student with an understanding of the basic roles, responsibilities, and duties of a dispatcher within a public safety agency. This course provides standardized dispatcher training and introduces students to the skills and knowledge necessary to work in a communications center in a productive and professional manner. This extended format course is approved by the California Commission on Peace Officer Standards and Training (P.O.S.T) and is designed for the entry level student who is not currently employed as a dispatcher with a public safety agency. Lecture & lab. Letter grade only.

CRIMINAL JUSTICE G079 - 6.5 Units
Public Safety Dispatcher Basic (Extended Format)
The purpose of this course is to provide the student with an understanding of the basic roles, responsibilities, and duties of a dispatcher within a public safety agency. This course provides standardized dispatcher training and introduces students to the skills and knowledge necessary to work in a communications center in a productive and professional manner. This extended format course is approved by the California Commission on Peace Officer Standards and Training (P.O.S.T) and is designed for the entry level student who is not currently employed as a dispatcher with a public safety agency. Lecture & lab. Pass/no pass only.

CRIMINAL JUSTICE G070 - 6.5 Units
Public Safety Dispatcher Basic (Extended Format)
The purpose of this course is to provide the student with an understanding of the basic roles, responsibilities, and duties of a dispatcher within a public safety agency. This course provides standardized dispatcher training and introduces students to the skills and knowledge necessary to work in a communications center in a productive and professional manner. This extended format course is approved by the California Commission on Peace Officer Standards and Training (P.O.S.T) and is designed for the entry level student who is not currently employed as a dispatcher with a public safety agency. Lecture & lab. Letter grade only.

CRIMINAL JUSTICE G080 - 2 Units
Communications Training Officer
Prerequisites: Criminal Justice G078 and minimum of one year experience as a public safety dispatcher
This course provides the fundamentals of one to one dispatcher training, demonstration skills for teaching 911/ public safety radio techniques and methods of evaluating probationary public safety dispatchers. Will provide the student with skills necessary to effectively manage the demands of the assignment as a trainer. Lecture. Pass/no pass only.

CRIMINAL JUSTICE G090 - 15 Units
Specialized Investigator’s Basic Course (SIBC)
Prerequisites: Current employment as a Specialized Investigator or Specialized Investigator Trainee in a California law enforcement agency
Corequisites: Criminal Justice G098
This course presents the basic knowledge, skills and ethical standards to satisfy the minimum required learning domains established by the California Commission of Peace Officers Standards and Training (POST) for persons serving as Specialized Investigators in the State of California. The course includes academic, physical, psychomotor and affective (ethical behavior) student learning objectives. Letter grade does not guarantee receiving a POST certificate. Students must achieve success in all domains established by POST standards to be awarded a POST certificate of completion. Lecture & lab. Letter grade only.

CRIMINAL JUSTICE G091 - 1 Unit
Leadership Development Program
This course is designed to teach the necessary components for examining and learning the essentials of leadership and to recognize and distinguish issues which influence police integrity, public trust, and loyalty. It analyzes the evaluation policy of the law enforcement agency. It appraises the current system, and examines how assertive leadership influences the behavior and performance of subordinates. It also teaches preparation and formulation of employee performance appraisals. It compares and assesses the supervisor’s role in the disciplinary process. In addition, it examines connection between leadership and effective communication. The difference between civil and criminal accountability will be explored and debated along with the concept and application of Community Oriented Policing and Problem Solving. Lecture & lab. Pass/no pass only.

CRIMINAL JUSTICE G092 - 4 Units
SWAT, Special Weapons and Tactics, Basic
Prerequisites: Criminal Justice G064 and permission of Criminal Justice Training Center
Concepts, planning, tactical operations, approach/entry/search techniques; use of chemical agents, weapons, rappelling and task-related physical activities. A two-week course. Lecture. Pass/no pass only.

CRIMINAL JUSTICE G095 - 3 Units
Leadership Development Program for Law Enforcement
Prerequisites: Criminal Justice G064 and G070
This course is designed to teach the necessary components for examining and learning the essentials of leadership and to recognize and distinguish issues which influence police integrity, public trust, and loyalty. It analyzes the evaluation policy of the law enforcement agency. It appraises the current system, and examines how assertive leadership influences the behavior and performance of subordinates. It also teaches preparation and formulation of employee performance appraisals. It compares and assesses the supervisor’s role in the disciplinary process. In addition, it examines connection between leadership and effective communication. The difference between civil and criminal accountability will be explored and debated along with the concept and application of Community Oriented Policing and Problem Solving. Lecture & lab. Pass/no pass only.
CRIMINAL JUSTICE G098 - 3 Units
Report Writing for Specialized Investigators' Basic Course
Corequisites: CJ G090
This course satisfies the investigative report writing minimum standards established by the California Commission on Peace Officers Standards and Training (POST) for persons serving as Specialized Investigators in California. Lecture. Letter grade only. Transferable to CSU.

CRIMINAL JUSTICE G099 - 2 Units
P.O.S.T. Instructor Certification
Prerequisites: Criminal Justice G064 or approval by director of Criminal Justice Training Center
This course specifically addresses delivery of the POST (California Commission on Peace Officer Standards and Training) Basic Course curriculum and is designed to expand and enhance the competency and effectiveness of the criminal justice instructor. Course components are structured to deal with the subject matter expertise, various instructional techniques, adult learning concepts, student driven learning and validation exercises. Lecture & lab. Pass/no pass only.

CRIMINAL JUSTICE G107 - 3 Units
Drugs, Health, and Society
(Also as: Health Education G107)
This course will explore the different categories of drugs, such as over-the-counter, prescription, and illegal “recreational drugs”. Drugs and their relationships to a person’s health and wellbeing will be discussed. The motivation to use drugs, abuse and addiction, family concerns, identification of drugs, enforcement, and addiction intervention methods will also be reviewed. Lecture. Optional pass/no pass grade. Transferable to CSU.

CRIMINAL JUSTICE G110 - 3 Units
Criminal Investigation
This course addresses the fundamentals of criminal investigation including searches, interview and interrogation techniques, crime scene investigation, sources of information, and case preparation and management. C-ID AJ 140 Lecture. Letter grade only. Transferable to CSU.

CRIMINAL JUSTICE G115 - 3 Units
Organized Crime and Terrorism
This course analyzes the cultural and historical bases of organized crime and terrorism. Described are the social and theoretical background of the phenomena, the roles of culture and religion, and examples of organized criminal and terrorist activities. Options in dealing with organized crime and terrorism are reviewed. Lecture. Letter grade only. Transferable to CSU.

CRIMINAL JUSTICE G123 - 3 Units
Juvenile Law
This course provides a study of the juvenile justice system including the roles of the three components of the criminal justice system: law enforcement, courts, and corrections. It examines patterns of criminal delinquent behavior and the historical and modern theories that explain this behavior and how to control it. This course also examines dependent children as a result of abuse and neglect. Lecture. Letter grade only. Transferable to CSU; UC.

CRIMINAL JUSTICE G128 - 3 Units
Criminal Procedure & Evidence
This course provides an overview of procedural criminal and evidentiary law. This course examines state and federal constitutional, statutory, and case law governing criminal prosecutions and post-conviction proceedings. Lecture. Letter grade only. Transferable to CSU; UC.

CRIMINAL JUSTICE G130 - 3 Units
Character Development for Law Enforcement
This course defines the principals of personal character as they relate to ethics and it establishes the critical role that character plays in the ethical decision making of a person’s personal and professional life. It examines how ethical choices impact the professional law enforcement environment and the subsequent effect on police service. Additionally, the course considers how character influences the training, supervision, management and leadership of successful law enforcement organizations. This exceptional course is the only known curriculum that specifically addresses character and how this quality relates and affects professional law enforcement. A thirty-two hour course. Lecture. Optional pass/no pass grade. Transferable to CSU.

CRIMINAL JUSTICE G137 - 3 Units
Community Relations and Special Issues in Criminal Justice
This course addresses multiple social issues challenging law enforcement today. It explores the vital aspects of Community Oriented Policing and Problem Solving, Proactive/Reactive Policing, cultural diversity, prejudice/discrimination/hate/stereo-typing/victim selection/victimization, and other social forces that shape human values and attitudes. The course examines current demographic trends, dynamics, and interactions of California’s minority groups and multi-faceted sub-cultures as they relate to the criminal justice system in a free society. C-ID AJ 160 Lecture. Letter grade only. Transferable to CSU; UC.

CRIMINAL JUSTICE G139 - 3 Units
Emergency Medical Response
First response course taught from a law enforcement perspective. Covers CPR, first aid, and response to special occurrences. Meets Title 22 and POST (California Commission on Peace Officer Standards and Training) requirements. Students receive American Red Cross certification in Professional Racer and Emergency Response/First Aid. Lecture. Letter grade only. Transferable to CSU.

www.goldenwestcollege.edu
CRIMINAL JUSTICE G140 - 3 Units
Introduction to Criminal Justice
Advisories: English G100
This course analyzes the characteristics of the criminal justice system. The course introduces students to the history of criminal law, the legal process, and theories of punishment. The course focuses on the interrelationship of the criminal justice system components in a multicultural context, crime reporting methodology, theories of crime causation, and current challenges to the system. C-ID AJ 110 Lecture. Letter grade only. Transferable to CSU.

CRIMINAL JUSTICE G141 - 3 Units
Concepts of Criminal Law
(Formerly known as: Criminal Law I)
Advisories: English G100
This course offers an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals, and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. This course utilizes case law and case studies to introduce students to criminal law. The completion of this course offers a foundation upon which upper-division criminal justice course will build. The course will also include some limited discussion of prosecution and defense decision making, criminal culpability, and defenses to crimes. C-ID AJ 120 Lecture. Letter grade only. Transferable to CSU; UC.

CRIMINAL JUSTICE G146 - 3 Units
Police Report Writing
Advisories: Criminal Justice G142
Techniques communicating facts, information and ideas in an effective, simple, clear and logical manner; as they are applied to various types of reports and memoranda used in the criminal justice system. Emphasis is on criminal justice technology, interviewing techniques, the proper use of English, organization of information, and practical application of these areas in note taking, proper completion of felony and misdemeanor crime reports, memos and routine forms, and the presentation of testimony in court. Lecture. Letter grade only. Transferable to CSU.

CRIMINAL JUSTICE G150 - 3 Units
Introduction to Corrections
This course is designed to introduce students to corrections-based systems. It covers all aspects of corrections and how they relate to the entire criminal justice system. Students will study probation, parole, jail and prison programs currently in use in the United States. Incarceration trends will be analyzed, and how political environments effect the prosecution and sentencing process. Students will explore different institutional programs, including the use and effectiveness of community based corrections programs. Students will gain an understanding of the issues related to managing inmates in institutions and the constitutional issues that surround the corrections system. Lecture. Letter grade only. Transferable to CSU.

CRIMINAL JUSTICE G151 - 3 Units
Practical Aspects of Corrections
Advisories: Criminal Justice G150
This course is a follow-up course to Criminal Justice G150 (Introduction to Corrections) and explores practical aspects of the modern correctional environment. It includes concepts of correctional ideology including professionalism, victimology, restorative justice, sentencing, diversion, juveniles in the adult system, and issues related to inmates with special needs. This course also studies the characteristics and needs of male, female, and juvenile inmates, and explores constitutional issues related to these inmate classifications. Lecture. Letter grade only. Transferable to CSU.

CRIMINAL JUSTICE G152 - 3 Units
Probation and Corrections: Case Planning and Supervision
This course provides a comprehensive introduction to effective case planning, supervision, and intervention techniques for probation and corrections officers working with adult and juvenile criminal offenders. This course offers the student a practical introduction to a career as a probation, parole, or corrections officer. Lecture. Letter grade only. Transferable to CSU.

CRIMINAL JUSTICE G220 - 3 Units
Forensic Accounting, Introduction
(Same as: Accounting G220)
This course provides an introduction to the fundamentals and techniques of investigative and forensics accounting. The development of forensic accounting as a discipline and its interaction with business, law, auditing and information systems will be explored. Subjects include financial statement and tax fraud, divorce and bankruptcy, identity theft and various white-collar crimes. Forensic principles necessary to detect, prevent and prosecute financial crimes will be explored. Lecture. Optional pass/no pass grade. Transferable to CSU.

DANCE

DANCE G100 - 2 Units
Modern Dance I - Beginning
This course provides instruction and practice in fundamental modern dance techniques, improvisation and composition. Development of an understanding and appreciation of modern dance as an art form. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G101 - 3 Units
Viewing Dance
“Viewing Dance” is an introduction to contemporary dance theatre through viewing dance films and performances. The historical development of dance from ritual to contemporary forms will be primarily discussed in relation to
Western-based genres of dance, such as, ballet, modern, tap, and jazz. Students will view associated dance works and discuss relevant components. Students will be required to attend a live performance and submit a critique. Discussions and assignments will address social and psychological concerns, sexuality, race, gender, and aesthetics, as they come into play within the art form of dance. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G105 - 1 Unit
Dance Conditioning and Stretches
This course provides instruction and practice in fundamental stretching techniques, strength conditioning, and correction of body alignment. Students will learn stretch combinations on the floor, with partners and at the ballet barre. There will be discussions of anatomical theories and exercises leading to correct body alignment. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G106 - 1 Unit
Dance Conditioning, Intermediate
Advisories: Dance G105
This course provides instruction and practice in intermediate level dance conditioning techniques, which includes Pilates training, Hatha yoga, gyrokinetics yoga, ballet floor barre and fitness training techniques. There will be discussion of nutrition and anatomical theories leading to correct body alignment. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DANCE G112 - 0.5-1 Units
Ballroom Dance
A course designed to acquaint students with the fundamentals and various styles of ballroom dancing. There will be an introduction and overview to smooth, Latin, swing, and variety dances. The basics and variations of dances to be taught may include but are not limited to Fox Trot, Waltz, Cha Cha, Tango, Swing, Polka, Salsa, Country, Two Step, Cajun, and Hustle. The course overview is intended to cover the basic footwork, variations, styling, rhythm, timing, lead-follow, and dance characteristics of the dances taught. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G115 - 2 Units
Tap Dance 1 - Beginning
(Formerly known as: Beginning Tap Dance)
This course is designed to develop beginning tap dance techniques. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G120 - 1-1.5 Units
Ballet 1 - Beginning
Instruction and practice in fundamental ballet techniques. Students will learn basic alignment, warm-ups, barre work, enter floor adage, and allegro dance combinations including discussions on ballet terminology. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G125 - 2 Units
Jazz Dance 1 - Beginning
(Formerly known as: Jazz Dance 1)
This course provides instruction and practice in the techniques and styles of jazz dance. It is a course designed to develop jazz dance techniques using resource and movement materials. Experience in the creation, development and performance of jazz dance using jazz and rock music as the accompaniment. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G130 - 2 Units
Dance for Musical Theater
This course is designed to acquaint the students with basic dance movements and techniques for musical stage productions. Students will learn choreography from famous stage and film musicals. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G135 - 0.5-1 Units
Mid-Eastern Dance
This is a technique course emphasizing the social and stage dances from the region designated as the Near and Middle East. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G136 - 0.5-1 Units
Intermediate/Advanced Mid-Eastern Dance
Advisories: Dance G135
This is a technique course emphasizing the social and stage dances from the region designated as the Near and Middle East which incorporates choreography, improvisation, movement, vocabulary, styling, veil work, and finger cymbal playing. Instruction at the intermediate and advanced levels is offered. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G145 - 2 Units
Modern Dance 2 - Intermediate
(Formerly known as: Intermediate Modern Dance)
Instruction and practice in intermediate level modern dance technique. Students will learn modern dance warm-up techniques and combinations choreographed to live and recorded accompaniment. Students will have the opportunity to improvise and choreograph their own dance studies. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G150 - 2 Units
Tap Dance 2 - Intermediate
(Formerly known as: Rhythm Tap Styles)
Instruction and practice in intermediate tap dance techniques. A thorough study of many rhythms and tempos, using tap sounds as the medium for the composition. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G155 - 2 Units
Ballet 2 - Intermediate
Instruction and practice in intermediate ballet techniques. Classroom participation in barre work, complex center practice and intermediate adage and allegro ballet combinations. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.
DANCE G160 - 2 Units
Commercial Dance Styles
Instruction and practice in intermediate jazz exercise techniques, jazz dance combinations, and complete jazz dances choreographed to jazz, rock and musical theater music. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G220 - 2 Units
Modern Dance 3 - Advanced
(Formerly known as: Advanced Modern Dance)
Instruction and practice in advanced level modern dance techniques, theory, improvisation, and composition. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G215 - 2 Units
Tap Dance 3 - Advanced
(Formerly known as: Advanced Tap Dance)
A complete study in advanced tap techniques in both rhythm and Broadway tap styles. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

DANCE G220 - 2 Units
Ballet 3 - Advanced
Advanced level ballet techniques. Classroom participation in barre work, complex center practice and advanced adagio and allegro combinations. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

DANCE G225 - 2 Units
Jazz Dance 2 - Advanced
(Formerly known as: Advanced Jazz Dance)
Instruction and practice in advanced jazz dance techniques. Students will learn jazz warm-up exercises, jazz combinations and complete dances choreographed to jazz, rock, and musical theater music. Current styles, staging, and composition of jazz dances will be included. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G230 - 2 Units
Choreography
Instruction and practice of the elements of dance and the theories of choreography. Students will improvise and choreograph their own solo and group studies. There will be a variety of performance opportunities. Placement by audition only. Enrollment not accepted until audition at the first class meeting. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G235 - 2 Units
Modern Dance Ensemble
A course designed for the dance student to learn new or previously choreographed modern dance works. These dances will be learned in their entirety and perfected to performance level. Students will perform the work at public performances during the semester. Placement by audition only. Enrollment not accepted until audition at the first class meeting. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

DANCE G240 - 1-2 Units
Tap Dance Ensemble
A performance group for the advanced tap dancer. Students will learn and perfect several new or previously choreographed tap works. Students will be expected to perform publicly during the semester. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G245 - 1-2 Units
Performance Ensemble
A performance group for the intermediate and advanced dancer. Students will learn and perfect several new or previously choreographed works. Students will be expected to perform publicly during the semester. Placement by audition only. Enrollment not accepted until audition at the first class meeting. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

DANCE G250 - 1-2 Units
Studio Production and Performance
Prerequisites: Retention based upon successful audition
Corequisites: Enrollment in intermediate technique class such as Dance G145, G150, G155 or G160
This course is designed to instruct students interested in producing original choreography and performing in the dance studio at GWC and elsewhere in the community. They may also perform in an instructor's choreography. All aspects of the production are studied: Choreography, lighting, costuming, publicity, music, scenery design, and staging. Placement by audition only. Enrollment not accepted until audition at the first class meeting. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DANCE G260 - 2-3 Units
Dance Production and Performance
A course designed to prepare students for the creation and performance of dance with all the aspects of the dance production, i.e., choreography, lighting, costuming and music. Practical experience is obtained through college and community dance performances such as the annual student dance concert in the Golden West College Theater. Placement by audition only. Enrollment not accepted until audition at the first class meeting. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

DESIGN

DESIGN G101 - 2 Units
Introduction to Design
This is an introductory course for both the general interest and design major student. It provides a survey of design in contemporary society including a variety of design career options. Design theory, practices and overview of art and design history will be covered. Emphasis will be on experiencing design through lecture, lab, field observations.
and projects. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**DESIGN G105 - 3 Units**  
*Introduction to Design Materials and Technical Processes*  
This is an introductory hands-on course that enables students to apply their design ideas to plastics, wood and metal. Appropriate safety instruction for both hand and basic power tools is included. Lectures include information on safety, machine operation, basic materials, processes, fasteners, adhesives and finishes. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**DESIGN G131 - 3 Units**  
*Perspective and Rendering Systems*  
This course provides the fundamentals of drawing detailed perspective systems and fundamental rendering techniques commonly used by designers for accurate and dramatic presentations. The course emphasis is on understanding and developing proper perspective techniques. Basic rendering techniques are introduced. Lecture & lab. Letter grade only. Transferable to CSU.

**DESIGN G132 - 3 Units**  
*Rendering and Perspective Systems*  
The emphasis of this course is on progressive rendering techniques. Fundamentals of drawing detailed perspective systems are also reviewed. Lecture & lab. Letter grade only. Transferable to CSU.

**DESIGN G150 - 3 Units**  
*Design Drafting*  
This course provides an introduction to manual and computer-aided drafting. Includes descriptive geometry; mechanism sketching; orthographic and isometric drafting; blueprint reading, printing and plotting. Lecture & lab. Letter grade only. Transferable to CSU; UC.

**DESIGN G154 - 3 Units**  
*Modeling and Prototyping Techniques*  
Advisories: Design G105/Art G192  
This is an intermediate course in the materials, processes and techniques for creating 3D mock-ups, models and prototypes used by designers. Students will use plastics, wood, metal and other materials for their presentation displays. Appropriate safety instruction for studio equipment is included. Lectures and demonstrations include advanced techniques in model making and finishing. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**DESIGN G170 - 3 Units**  
*Introduction to 2D and 3D Digital Design*  
Advisories: Design G150  
This course is an introduction to PC based 2D and 3D software used by designers. Lectures, demonstrations and coursework allow students to develop professional-quality, original artwork and digital images. This hands-on course focuses on introducing students to the basic tools and techniques used for creating and editing digital photographs and images. Students will be able to generate virtual 2D and 3D projects and subsequently utilize rapid prototyping techniques for making solid models. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**DESIGN G232 - 3 Units**  
*Rapid Visualization Techniques*  
Advisories: Design G131 and G132, or completion of either G131 or G132 with concurrent enrollment in the other. This course provides an introduction to technical drawing and rapid visualization techniques for the presentation of design concepts employed by professional design studios. Lecture & lab. Letter grade only. Transferable to CSU.

**DESIGN G250 - 3 Units**  
*Portfolio Development, Review and Critique*  
This course is for students who want to compile their design work into a portfolio that will catch the attention of a portfolio review committee, prospective employer or client. The emphasis of this course is on competitive portfolio development. This course will allow student to update their skills and portfolio to the most current design career standards. Lectures and demonstrations cover aspects of design portfolio planning and production. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

### DIGITAL ARTS

**DIGITAL ARTS G100 - 3 Units**  
*Introduction to Digital Arts*  
This hands-on introductory course covers the fundamentals of scanner usage, digital cameras, and printers as digital design tools. This course also introduces the student to an array of today’s popular software used in the Digital Arts environment. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**DIGITAL ARTS G103 - 3 Units**  
*Digital 2D Design*  
This course is an introduction to the basic visual vocabulary used by visual artists and designers. Using Macintosh computers and software programs such as Illustrator, Photoshop and Painter, students will explore the use of the computer as a design tool. Students will explore the concepts of line, mass, texture, color, light, harmony, composition, perspective, pattern, and illusion to develop an awareness of elements used to indicate form. Hue, value and saturation will be explored as an introduction to color theory. Students will learn ways to observe details in the environment around them and are encouraged to create meaningful art utilizing the visual elements of design. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**DIGITAL ARTS G135 - 3 Units**  
*Introduction to Adobe Illustrator*  
This course provides an introduction to the computer application Adobe Illustrator, a vector-based computer graphic program. This application has become the industry standard in computer 2D graphic projects. The class explores all facets of this computer program using the most recent edition. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.
DIGITAL ARTS G150 - 3 Units
Photoshop, Beginning
Use Adobe Photoshop for digital compositing, typography, image repair, video and web image construction for business, graphic design, the web and digital media fields. Consideration is given to Photoshop industry terms, legal "rules" for image usage, digital workflow, the tools and the basic functions of the software. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL ARTS G152 - 3 Units
Using Photoshop, Intermediate
Advanced usage of Adobe Photoshop for digital compositing, filter usage, typography and outputting as used in Business and the Web. Consideration is also given to Photoshop terms, modes, color balance, shadows/reflections, light sources, the Photoshop digital working environment, the tools and the advanced functions of the software. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL ARTS G170 - 3 Units
Graphic Design Principles
Introduction to visual communication principles as practiced in the graphic design profession. These principles relate to the choice, placement, organization and theme management of graphic elements. These graphic elements are illustrations, photographs, symbols, blocks of type and decorative accessories. Class projects are fashioned after real world projects encountered in the first years of professional work. These projects are produced on computers in the Macintosh Lab using important computer applications encountered in most job sites. The class introduces process selection, problem solving, client relations, production techniques, and print or multimedia connections. Required of all graphic design majors. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL ARTS G174 - 3 Units
Introduction to Page Layout &
Design - Adobe InDesign
An introduction to electronic page layout and design using today’s popular software such as Adobe InDesign. This course includes beginning principles of document design combined with detailed software instruction that will enable the student to master basic principles of topography and publishing. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL ARTS G177 - 3 Units
Graphic Design Principles on the
Computer
A studio format class in the new computer lab where students use their acquired graphic techniques and talents to prepare portfolio quality graphic design. Using a variety of software programs the course combines graphics, illustration, lettering, and photography to communicate ideas and concepts clearly and effectively. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL ARTS G180 - 3 Units
Introduction to Web Page Design
This course provides a basic introduction to designing and preparing images and media for the Web. The student will learn how to make interesting and dynamic-looking Web sites and Web graphics with the popular applications Dreamweaver, Photoshop, and WordPress. The student will learn to identify the audience, determine appropriate content, and assemble a Web site. The class will cover classic principles of design, how the principles apply to Web design, and the issues and constraints of designing complex, multi-layered sites. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL ARTS G179 - 3 Units
Prepress
Advisories: Digital Art G174 or Digital Art G176
Preparing documents for output for both commercial printing and online distribution presents its own set challenges. This advanced Publishing & Prepress course is designed to use today’s software such as QuarkXpress, or Adobe InDesign to prepare not only a commercially acceptable portfolio, but to prepare the student to output professional quality documents for use in both print media and electronic media, using software with built-in support for both HTML and PDF files. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL ARTS G181 - 3 Units
Introduction to Web Animation
(Formally known as: Introduction to
Web Animation Using Flash)
Advisories: DART G178
A basic introduction into what web designers and multimedia developers need to know to develop highly interactive content and animation graphics for the web and multimedia using Adobe Flash and Adobe Edge. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL ARTS G195 - 3 Units
Introduction to Biotechnology
Media Design
Advisories: Digital Arts G150
This course emphasizes the foundational digital media skills required to design and create professional media products for the BioTech field. Students will develop conceptual pathways related to interdisciplinary STEAM fields, experiment with mixed digital media, including 3D modeling, and discuss the importance of research, models, and props in the design and execution of the final product. Career options, self-promotion, and practical application of digital media skills will also be discussed. Lecture & lab. Letter grade only. Transferable to CSU. 
DIGITAL MEDIA

DIGITAL MEDIA G100 - 3 Units
Digital Media, Introduction
The history, concepts and theory behind digital media as well as basic video production process, digital video techniques, camera and recording basics, script and production formats, video and audio fundamentals, digital recording and editing basics, basic microphone technique, digital mixing, and digital signal processing will be surveyed. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

DIGITAL MEDIA G102 - 3 Units
Writing and Producing for Digital Media
Introduces techniques in writing for electronic media including film, radio, television, cable television, the internet and multi-media. The course emphasizes the preparation of scripts in proper formats. This includes fundamental technical, conceptual and stylistic issues related to writing fiction and non-fiction scripts for information and entertainment purposes in film and electronic media. Includes a writing evaluation component as a significant part of the course requirement. Course examines principles and techniques used in producing digital media for streaming, broadcast, cable and film. Lecture. Letter grade only. Transferable to CSU.

DIGITAL MEDIA G112 - 3 Units
Sound Recording I
(Formerly known as: Digital Media G050)
This course covers the fundamental concepts in audio recording technology. Topics include studio business practices, microphones, mixing, signal processors, the sound field, monitors, recording and editing techniques. Lab experiences include recording and mixing projects for output to CD, DVD, iTunes podcast, or YouTube. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL MEDIA G115 - 3 Units
Sound Recording II
Advisories: Digital Media G112
This course is a continuation of DM G112. Topics include advanced concepts in audio recording technology. Students will gain experience in current industry information including studio procedures, talent and songwriting, audio production techniques, and DVD audio. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL MEDIA G118 - 3 Units
Digital Audio Production
(Formerly known as: Music G051)
This course is a study of the theory and practice of audio production in radio, television, film and digital recording applications. Students will gain experience in current industry information including studio procedures, talent and songwriting, audio production techniques, and DVD audio. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.
DIGITAL MEDIA G130 - 3 Units
History of Electronic Media
Students in this course will analyze their personal media habits while also examining media’s influence on culture and society. This course invites students to think about ways in which they receive and perceive news and entertainment. The course examines the history of mass communications, its functions, economics, content and evolution of radio, television, film, recording industry, the Internet and new media. Social, political, regulatory, ethical and occupational impact of electronic media are also studied. Lecture. Letter grade only. Transferable to CSU; UC.

DIGITAL MEDIA G140 - 3 Units
TV Studio Production, Introduction
(Formerly known as: Media Production, Introduction)
This course introduces theory, terminology and operation of a multi-camera television studio and control room. Topics include studio signal flow, directing, theory and operation of camera and audio equipment, switcher operation, fundamentals of lighting, graphics, video control and video recording and real-time video production. Lecture & lab. Letter grade only. Transferable to CSU.

DIGITAL MEDIA G141 - 3 Units
Intro to Single Camera Video Production
(Formerly known as: Documentary Video Production)
The course provides an introduction to the history, theory, terminology, and operation of single camera video production, including composition and editing techniques, camera operation, portable lighting, video recorder operation, audio control and basic editing. The course exam single camera production for documentaries, news, corporate/training videos, public service announcements, narrative and producing for the web. This course focuses on the aesthetics and fundamentals of scripting, producing (documentary, news, scripted narrative, training, public service) single video formats and genres) directing on location, postproduction, and exhibition/distribution. C-ID FTVE 130 Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL MEDIA G160 - 3 Units
Video Editing 1
(Formerly known as: Video Editing and Motion Graphics)
This course explores theory and techniques in digital video editing. Course covers fundamental techniques and concepts of digital video, editing principles, and visual storytelling. The course reviews the process of video editing throughout the entire development of a media project. There is an emphasis on image sequencing and story continuity, the use of visual effects, color correction, media management, narration, and industry terminology. Students will apply these concepts through a series of digital video projects that showcase effective storytelling through the use of technology. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL MEDIA G162 - 3 Units
Video Editing 2
(Formerly known as: Non-Linear Editing II)
Advisories: DM G160
This course is a continuation of DM G160. Video Editing I and explores advanced theory, principles and techniques used in nonlinear editing. The class progresses through creating a sequence, inputting source footage, assembling and trimming sequences, editing audio, creating titles, working with special effects, and outputting a finished program. Additional topics include creating multi-layered effects, keyframing, creating templates, 3D effects, and work with nested layers. Class time is divided between discussion of theory, demonstration and hands-on practice. Students will edit segments from feature films, commercials and promos. The course is designed for experienced video editors and developers of interactive media. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL MEDIA G163 - 3 Units
Introduction to Motion Graphics
This course provides the student with study principals, concepts and practices used in the production of motion graphics. The course also examines the history and development of broadcast motion graphics. The course includes classroom demonstrations and extensive hands-on labs that cover the topics of audio, color keying, motion tracking, stabilization and animation techniques using Adobe After Effects. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL MEDIA G170 - 3 Units
Sound Sequencing Production
This course covers sequencing of sound on an audio recording workstation using Logic Studio. Students will sequence several styles of sound using different instrumentation and utilizing many software instruments and beat creation. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL MEDIA G200 - 3 Units
Applied Digital Media
This course is a capstone course for students preparing for a career in digital media. Students apply theory and use concepts to create projects emphasizing professional appearance, visual and audio quality, and problem-solving techniques in individual and group assignments. This course requires skills in audio, video, and digital arts that will be combined to create professional level products. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DIGITAL MEDIA G260 - 3 Units
Video Editing 3
(Formerly known as: Non-Linear Editing I)
Advisories: DM G160
This course is a capstone course for students preparing for a career in digital media. Students apply theory and use concepts to create projects emphasizing professional appearance, visual and audio quality, and problem-solving techniques in individual and group assignments. This course requires skills in audio, video, and digital arts that will be combined to create professional level products. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DRAFTING
DRAFTING G090 - 0.5-1 Units
CAD Drafting Laboratory
Corequisites: Architecture G160 or G162, Drafting G101, G105, G110, G170
For students desiring or needing extra CAD lab hours. The student will perform exercises which will be assigned in one of the prerequisite classes. Lab. Optional pass/no pass grade.
DRAFTING G101 - 4 Units
Basic Computer Aided Design Drafting
This lecture/lab course is a survey of the basic fundamentals of drafting using Computer Aided Drafting (CAD) and is designed to develop the ability to think in three dimensions and to interpret data from blueprints and sketches. The course includes: freehand sketching, use of dimensioning, multi-view projection, pictorial drawing, sectioning, and basic CAD menus. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

DRAFTING G105 - 3 Units
Basic Engineering Drafting I, Computer Aided Drafting
The course will cover the study of correct letter styles for drafting, geometric construction, multi-view projection, basic dimensioning, threads & fasteners, isometric drawing and single auxiliary projection. All drafting problems will be drawn using computer aided drafting, (CAD), with AutoCAD software. Lecture & lab. Letter grade only. Transferable to CSU.

DRAFTING G110 - 3 Units
Basic Engineering Drafting II, Computer Aided Drafting
Advisories: Drafting G105
The course will cover precision dimensioning, threads & fasteners, working drawings and assemblies, isometric drawing, single and secondary auxiliary projection, basic descriptive geometry and writing resumes. All drafting problems will be drawn using computer aided drafting, (CAD), with AutoCAD software. Lecture & lab. Letter grade only. Transferable to CSU.

DRAFTING G170 - 3 Units
Advanced 3D Mechanical Design
Advisories: Drafting G110
This is an advanced solid modeling design course for mechanical drafters, designers, and engineers. Students will use the most current Computer Aided Drafting (CAD) software and computer lab projects to develop solid models, assemblies and drawings and to solve mechanical design problems. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

ECOLOGY

ECOLOGY G100 - 3 Units
Human Ecology
An investigation of the current problems of man’s relationship with the environment and possible solutions to these problems. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ECONOMICS

ECONOMICS G10 - 3 Units
Contemporary Economic Issues and Problems
(Formerly known as: American Economic Problems)
Provides an introduction to the basic tools and concepts of economic analysis with an emphasis of applying economic theory to current problems and issues. Topics include scarcity, decision making, supply and demand, and the effects of policy applied to selected issues such as crime, drug control, healthcare, pollution, and poverty. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ECONOMICS G110 - 3 Units
Economic History of the United States
(Same as: History G110)
A survey of the economic transformation of the U.S. from colonial times to the present. Emphasis is on the social and political consequences of economic development and change as well as Americas’ involvement in international economic interdependency. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ECONOMICS G120 - 3 Units
Economic Problems
This course is an introductory course in applying economic analysis to the aggregate economy. Topics include measurement of economic activity, money and financial institutions, monetary and fiscal policy, long run growth, and international trade. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

EDUCATION

EDUCATION G102 - 1 Unit
Teaching Diverse Contemporary Classrooms
Introduction to teaching and learning skills for potential teachers. This course will address the qualities of an effective teacher, components and purposes of an effective professional portfolio and critical issues in diverse contemporary classrooms. Course includes 10 hours of arranged fieldwork. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

EDUCATION G103 - 2 Units
Technology Proficiencies for Teachers I
Advisories: Computer Business Applications G101 and CBA G145
Based on the Technology Standards for a CA K-12 Preliminary Teaching Credential, this class focuses on the technology proficiencies required prior to credential candidates being issued a preliminary Multiple or Single Subject Credential. Students successfully completing a portfolio in technology proficiencies related to K-12 curriculum will receive a Proficiency Training Certificate from the Orange County Department of Education. Most, but not all, technology application skills are transferable between the Macintosh and Windows environment. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

ECONOMICS G175 - 3 Units
Principles of Macro Economics
(Formerly known as: Economics G285 Macro-Economics)
Prerequisites: Mathematics G030 or Mathematics Placement Assessment
Advisories: Economics G170
This course is an introductory course applying economic analysis to the aggregate economy. Topics include measurement of economic activity, money and financial institutions, monetary and fiscal policy, long run growth, and international trade. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
EDUCATION G200 - 3 Units
The Teaching Profession
This course examines the opportunities, requirements, responsibilities and rewards in teaching, as well as the skills needed and problems encountered in the classroom. Course includes 40 hours of assigned fieldwork. Lecture & lab. Letter grade only. Transferable to CSU; UC.

ENGINEERING TECHNOLOGY
G100 - 4 Units
Electrical Fundamentals: AC-DC Circuits
A first course in a series of courses designed to fit the needs of an electronic engineering technician. Behavior of resistive, inductive, and capacitive devices, passive electrical networks, and a study of circuit theorems is covered. A supporting lab experience with use of basic test equipment is included. Lecture & lab. Letter grade only. Transferable to CSU.

G150 - 3 Units
Measuring Principles and Process Control
A study of industrial instrumentation: devices, processes and control systems. Theory and lab experience include circuits and devices used to sense and control electrical and mechanical force: Pressure, flow, liquid level, temperature, stress, strain, speed, and distance. Lab experience interfacing Programmable Logic Controllers (PLC’s) and Data Acquisition (DAQ’s) systems with sensors and control elements. Lecture. Letter grade only. Transferable to CSU.

ENGLISH AS A SECOND LANGUAGE
G011 - 5 Units
ESL Core Course, Level 1
Advisories: Concurrent enrollment in ESL G013
This is the first in a series of seven levels. It is a beginning ESL core course for students who are learning basic skills in English reading, writing, listening, speaking, and grammar. In this course, students will be introduced to simple present, simple past, simple future and present progressive verb tenses and basic English word order patterns. At the completion of the course, they will be able to read very basic English prose and engage in rudimentary conversations. No previous study of English is required. Lecture & lab. Pass/no pass only. Not transferable, not degree applicable. May not be offered each semester.

G012 - 3 Units
ESL Reading/Writing, Level 1
Advisories: ESL G011 and/or concurrent enrollment in ESL G021 and ESL G023
This is a beginning discrete skills course designed to give intensive practice in reading, writing, and grammar as it relates to reading comprehension. Students will develop the ability to write with a simple concrete vocabulary and read simple descriptive narrative, and informative materials with understanding. Lecture. Pass/no pass only. Not transferable, not degree applicable.

G013 - 3 Units
ESL Listening/Speaking, Level 1
Advisories: Concurrent enrollment in ESL G011
Beginning ESL listening/speaking course designed to give intensive practice in listening, speaking and pronunciation in spoken grammar. At the completion of the course, students will be able to understand simple spoken English and engage in rudimentary conversations. Not applicable to AA degree. Lecture. Pass/no pass only. Not transferable, not degree applicable. May not be offered each semester.

G021 - 5 Units
ESL Core Course, Level 2
Prerequisites: ESL G011 and G013 or placement by ESL assessment process.
Advisories: ESL G022 and ESL G023
This is the second in a series of seven levels. It is a high beginning ESL core course for students who are learning basic skills in English reading, writing, listening, speaking, and grammar. In the course, students will focus on simple and progressive verb tenses and basic sentence patterns. At the completion of the course, they will be able to read and write basic English sentences, and engage in simple oral communication. Lecture & lab. Pass/no pass only. Not transferable, not degree applicable. May not be offered each semester.

G022 - 3 Units
ESL Reading/Writing, Level 2
Prerequisites: ESL G012 or placement by ESL assessment process.
Advisories: ESL G011 and/or concurrent enrollment in ESL G021 and ESL G023
A high beginning discrete skills course designed to give intensive practice in reading, writing, and grammar. Students will develop the ability to write with a concrete vocabulary and read simple descriptive narrative, and informative materials with understanding. Lecture. Pass/no pass only. Not transferable, not degree applicable. May not be offered each semester.

G023 - 3 Units
ESL Listening/Speaking, Level 2
Prerequisites: ESL G013 or placement by ESL assessment process.
Advisories: ESL G011 and/or concurrent enrollment in ESL G021 and/or ESL G022
A high beginning discrete-skills course designed to give intensive practice in listening, speaking, and pronunciation in spoken grammar. Students will develop confidence in conversation with a limited vocabulary on everyday matters. Lecture. Pass/no pass only. Not transferable, not degree applicable. May not be offered each semester.
ENGLISH AS A SECOND LANGUAGE G031 - 5 Units
ESL Core Course, Level 3
Prerequisites: ESL G021 and G023 or placement by ESL assessment process.
Advisories: ESL G032 and/or ESL G033
Third in a series of seven levels. Low intermediate ESL core course in English reading, writing, speaking, listening, and grammar. In the course, students will focus on mastery of simple and progressive verb tenses, simple passive voice, indirect object patterns, modals, idiomatic expressions, and simple subordination. At the completion of the course, students will be able to use simple time and space orders in sentences and paragraphs and use correct word order in conversation. Lecture & lab. Pass/no pass only. Not transferable, not degree applicable. May not be offered each semester.

ENGLISH AS A SECOND LANGUAGE G032 - 3 Units
ESL Reading/Writing, Level 3
Prerequisites: ESL G022 or placement by ESL assessment process.
Advisories: ESL G021 and/or ESL G022 and/or concurrent enrollment in ESL G031 and/or ESL G033.
An intermediate discrete skills course designed to give intensive practice in reading, writing, and grammar. Students will read selections ranging from simple information to high-interest stories and develop the ability to write short narrative and descriptive paragraphs on familiar topics, using a variety of simple verb tenses, simple subordination and coordination. Lecture. Pass/no pass only. Not transferable, not degree applicable. May not be offered each semester.

ENGLISH AS A SECOND LANGUAGE G033 - 3 Units
ESL Listening/Speaking, Level 3
Prerequisites: ESL G023 or placement by ESL assessment process.
Advisories: ESL G021 and/or concurrent enrollment in ESL G031 and/or ESL G032.
A low intermediate discrete-skills course designed to give intensive practice in listening, speaking, and pronunciation. Students will engage in social dialogues, role playing and conversations in response to TV, video and class lectures. Stress on pronunciation of vowel sounds and end consonant clusters. Lecture. Pass/no pass only. Not transferable, not degree applicable. May not be offered each semester.

ENGLISH AS A SECOND LANGUAGE G034 - 3 Units
ESL Core Course, Level 4
Prerequisites: ESL G031 and ESL G033 or placement by ESL assessment process.
Advisories: Concurrent enrollment in ESL G042 and/or ESL G043
Fourth in a series of seven levels. Intermediate ESL core course in English reading, writing, speaking, listening, and grammar. In the course students will focus on present perfect tense and on compound and complex sentences, expository writing forms, appropriate levels of diction, and topic sentence ideas. At the completion of the course, they will be able to write simple process, reason, and results pieces with control of sentence word order; they will also be able to distinguish central ideas and supporting details in structured readings. Lecture & lab. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH AS A SECOND LANGUAGE G041 - 5 Units
ESL Core Course, Level 4
Prerequisites: ESL G031 and ESL G033 or placement by ESL assessment process.
Advisories: ESL G042 and/or ESL G043
An intermediate discrete-skills course designed to give intensive practice in listening, speaking, and pronunciation. Students will engage in social dialogues, role playing and conversations in response to TV, video and class lectures. Stress on pronunciation of vowel sounds and end consonant clusters. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH AS A SECOND LANGUAGE G042 - 3 Units
ESL Reading/Writing, Level 4
Prerequisites: ESL G032 or placement by ESL assessment process.
Advisories: ESL G031 and/or ESL G032 and/or concurrent enrollment in ESL G041 and/or ESL G043
This course is the fifth in a series of seven levels. It is a high intermediate ESL core course in English reading, writing, speaking, listening, and grammar. In the course students will focus on the more difficult adjective and adverbial clauses; past and future perfect tenses; expository writing patterns, such as cause and effect and comparison and contrast; inference and tone in reading; and listening without visual clues. At the completion of the course, they will have emerging control of expository forms, of tone, and of providing contextual clues. Lecture & lab. Pass/no pass only. Not transferable, not degree applicable.
ENGLISH AS A SECOND
LANGUAGE G052 - 3 Units
ESL Reading/Writing, Level 5
Prerequisites: ESL G042 or placement by ESL assessment process.
Advisories: ESL G041 and/or concurrent enrollment in ESL G051 and/or ESL G053
This course is fifth in a series of six reading courses. It is a high intermediate discrete skills course designed to give intense practice in reading, writing, and grammar. Students will read multi-paragraph pieces of wide general interest and pieces about abstract topics; they will distinguish between main and subordinate ideas and recognize major differences in tone. They will develop the ability to write transitional phrases between simple expository paragraphs and use a variety of compound and complex sentence patterns in subordination and coordination. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH AS A SECOND
LANGUAGE G053 - 3 Units
ESL Listening/Speaking, Level 5
Prerequisites: ESL G043 or placement by ESL assessment process.
Advisories: ESL G041 and/or concurrent enrollment in ESL G051 and/or ESL G052
This course is the fifth in a series of seven courses. It is a high intermediate discrete-skills course designed to give intense practice in listening, speaking, and pronunciation. Students will begin elementary guided note taking in response to a variety of simple lectures. Emphasis in speaking is placed on presenting short reports and using a variety of stress and intonation patterns to convey meaning. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH AS A SECOND
LANGUAGE G061 - 4 Units
ESL Core Course, Level 6
Prerequisites: ESL G051, G052 and G053 or placement by ESL assessment process.
Advisories: Concurrent enrollment in ESL G062 and/or ESL G063
This is the sixth in a series of seven levels. It is a low advanced ESL core course in English reading, writing, speaking, listening, and grammar. In the course, students will focus on adverbial and noun clauses, adverbial transformations and participial forms, basic essay form, and a range of developmental readings. At the conclusion of the course students will be able to write and converse about these materials in predominantly correct standard English. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH AS A SECOND
LANGUAGE G062 - 3 Units
ESL Reading/Writing, Level 6
Prerequisites: ESL G052 or placement by ESL assessment process.
Advisories: ESL G051 and/or concurrent enrollment in ESL G061
This course is the sixth in a series of six reading courses. This is a low-advanced discrete skills course designed to give intense practice in reading, writing, and grammar. Students will develop the ability to read and analyze a range of selected essays, articles, and fictional pieces and to write fully developed paragraphs of cause/effect, classification, and problem/solution based on the readings. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH AS A SECOND
LANGUAGE G063 - 3 Units
ESL Listening/Speaking, Level 6
Prerequisites: ESL G053 or placement by ESL assessment process.
Advisories: ESL G051 and/or concurrent enrollment in ESL G061
This course is the sixth in a series of seven courses. It is a low advanced discrete-skills course designed to give intensive practice in listening, speaking, and study skills. Students will continue to develop skills in guided note-taking from lectures and discussion. They will engage in conversations based on a variety of topics with an emphasis on appropriate vocabulary, syntax, and register. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH AS A SECOND
LANGUAGE G071 - 4 Units
ESL Core Course, Level 7
Prerequisites: ESL G061 and G063 or placement by ESL assessment process.
Advisories: Concurrent enrollment in ESL G073.
This is the last in a series of seven levels. It is an advanced ESL core course in English reading, writing, speaking, listening, and grammar. In the course, students will focus on analytic reading skills, paragraph writing, and refining their use of English syntax and style. At the conclusion of the course, they will have the skills to fulfill the entry requirements for English 010. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH AS A SECOND
LANGUAGE G073 - 2 Units
ESL Listening/Speaking, Level 7
Prerequisites: ESL G063 or placement by ESL assessment process.
Advisories: ESL G061 and/or concurrent enrollment in G071.
This course is the seventh in a series of seven courses. This is an advanced discrete-skills course in listening, speaking and study skills with guided and free note-taking from lectures and discussions. The major focus of this class is to develop students’ listening proficiency, particularly for listening to lectures and note-taking, but some emphasis will be placed on speaking practice with the aim of developing linguistic proficiency. At the completion of the course, they will have improved note-taking and vocabulary skills over a wide range of academic topics. Lecture. Pass/no pass only. Not transferable, not degree applicable.
ENGLISH

ENGLISH G098 - 3 Units
Developmental Writing and Reading
(Formerly known as: English G009)
This course is designed for students with native fluency in English who need extensive reading and writing preparation for college-level work. Reading components of this course promote student confidence by focusing on comprehension, vocabulary, and retention to promote student success and confidence. Writing components focus on sentence, paragraph, and short-essay writing. Students will concentrate on writing main ideas that are adequately supported by clear explanations, details, and examples. Some students may need additional assistance from the Writing Center. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH G099 - 3 Units
Preparation for College Writing and Reading
(Formerly known as: Reading and Writing Essentials, English G010)
Prerequisites: English G009 or English G098 or English as a Second Language G071 or Placement Test
This course is designed for students who need additional reading and writing preparation for entry into English G100. It includes paragraph and essay writing, critical reading, and some grammar review. Some students may need additional support from the Writing Center. Lecture. Pass/no pass only. Not transferable, not degree applicable.

ENGLISH G100 - 3 Units
Freshman Composition
Prerequisites: English G010 or English G099 or Placement Test
Composition and revision of essays, critical thinking, critical reading and documentation. Recommended for all liberal arts majors and those planning to transfer to a four-year college or university. Instructor may recommend up to one additional hour per week in the Writing Center. Lecture. UC Credit limitations: English G100 and English G100H combined--maximum credit, one course. C-ID ENGL 100 Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G100 HONORS - 3 Units
Freshman Composition, Honors
Prerequisites: English G099 or Placement Test
The Golden West Honors program offers highly motivated students an enriched academic experience, challenging them with stimulating, rigorous assignments leading them to advanced level of critical thinking. Most enhancements to the standard English G100 course are qualitative rather than quantitative. While there is additional reading, some on a fairly high level, the intensified focus on critical thinking holds students to a higher standard: all their oral and written work must manifest a commitment to, and a capacity for; academic excellence. The list of readings features more classic essays and difficult writers than the usual English G100 bibliography and intensifies the focus on research, personal style and critical thinking. UC Credit Limitations: English G100 and English G100H combined--maximum credit, one course. C-ID ENGL 100 Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G110 - 4 Units
Critical Thinking, Reading and Writing Through Literature
Prerequisites: English G100
This course teaches students to apply critical thinking and research skills to reading, analyzing and writing about literary genres in order to formulate arguments. Students learn to use inductive and deductive reasoning and recognize logical fallacies, rhetorical strategies, and implicit meaning. Reading and writing components for the Honors version will be significantly intensified, as will the instructor’s expectations in regards to scholarly work in which the students will be engaged. Recommended for English majors and prospective teachers. UC Credit Limitation: English G110 and English G110H combined--maximum credit, one course. C-ID ENGL 110 Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G112 - 3 Units
Appreciation of Literature
Prerequisites: English G100
This course is a broad introduction to literary genres, elements and techniques in cultural/historical context. Literary works will be chosen from all three genres and various historical periods. The readings will illustrate various genres, historical contexts and cultural contexts, as well as the relationships between them. C-ID ENGL 120 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ENGLISH G114 - 3 Units
Great Myths and Legends
Prerequisites: English G100
This course surveys the famous myths and legends of various world cultures. Readings include original myths and legends as well as critical approaches. The course deals with universal topics such as creation, destruction, and the relationship between gods and the natural world. UC Credit limitations: English G114 and English G114H combined--maximum credit, one course. C-ID ENGL 114 Lecture. Letter grade only. Transferable to CSU; UC.
ENGLISH G114 HONORS - 3 Units
Great Myths and Legends, Honors
Prerequisites: English G100
As in the regular English G114 course, honors students will examine myths and legends dealing with such archetypes as the hero; motifs of the quest; the nature of the gods; passages into young adulthood, marriage, and death; the relationship between gods and people. However, the course of study will feature more reading from original sources, more intense focus on views of reality embedded in different culturesí myths and styles, plus more attention to the assumptions implicit in different approaches to myth. The course will also intensify the focus on research and critical thinking. UC Credit limitations: English G114 and English G114H combined--maximum credit, one course. Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G143 - 3 Units
Children's Literature
(Formerly known as: Introduction to Children's Literature)
Prerequisites: English G100 or English G100H
This course introduces representative works of children's and young adult literature and develops students' close reading and analytical writing skills while promoting an appreciation for the aesthetic qualities and prominent themes of these genres. C-ID ENGL 180 Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G155 - 3 Units
American Literature 1865 to Present
(Formerly known as: American Literature: Post-Civil War to the Present)
Prerequisites: English G100
This course is a study of American Literature from the Civil War to the present. C-ID ENGL 135 Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G160 - 3 Units
Masterpieces of World Literature Through the Renaissance
(Formerly known as: Masterpieces of World Literature)
Prerequisites: English G100
A study of world masterpieces through the European Renaissance. The important contributions and achievements from the literature of both Western and Eastern countries and eras are studied for their artistic merit and for their influences on modern thought. UC Credit limitations: English G160 and English G160H combined--maximum credit, one course. C-ID ENGL 140 Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G160 HONORS - 3 Units
Masterpieces of World Literature Through the Renaissance, Honors
(Formerly known as: Masterpieces of World Literature Honors)
Prerequisites: English G100
As in the regular course, students evaluate classic works in the light of abiding topics relevant to our timeówar, love, death, alienation, transcendence, political responsibility, the environmentósharpening the focus on critical thinking and research. Using a comparative approach, the course gives added consideration to historical context and connections with such extra-literary fields as biology, economics, philosophy and psychology. Additional foci include problems of translation and the kinds of significance generated by style. Finally, students attend more to theoretical approaches, assessing diverse methodologies and their implications for understanding. UC Credit limitations: English G160 and English G160H combined--maximum credit, one course. C-ID ENGL 145 Lecture. Letter grade only. Transferable to CSU; UC.
ENGLISH G181 - 3 Units
**Shakespeare**
(Formerly known as: English G180)
Prerequisites: English G100
In this course students will study the plays and poems of William Shakespeare. The course will focus on the politics, culture, and aesthetics of Shakespeare’s work, as well as providing students with a knowledge of Shakespeare’s influence on contemporary dramatists and poets. UC Credit Limitations: English G181 and English G181H combined—maximum credit, one course. Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G181 HONORS - 3 Units
**Shakespeare, Honors**
(Formerly known as: English G180 Honors)
Prerequisites: English G100
In this course honors students will participate in an intensive study of the works of Shakespeare and his dramatic and poetic contemporaries. Students will be expected to read more plays and poems written by Shakespeare than in the standard class, and expected to write longer, more critically researched essays than in the standard Shakespeare course. Out-of-class enrichment activities attending live productions of Shakespeare’s plays, viewing (and writing about) movie adaptations of Shakespeare’s work—will also be expected. UC Credit Limitations: English G181 and English G181H combined—maximum credit, one course.

In addition, students will be held to a higher level of academic excellence: the instructor will expect essays, in-class presentations, and classroom contributions to discussions will reflect a level of academic and intellectual rigor and nuance that is consistent with the standards of the Golden West College Honors Program. UC Credit Limitations: English G181 and English G181H combined—maximum credit, one course. Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G270 - 3 Units
**British Literature to 1800**
(Formerly known as: English G290, Major British Authors)
Prerequisites: English G100
A study of selected writers in English literature to 1800. C-ID ENGL 160 Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G275 - 3 Units
**British Literature Since 1800**
(Formerly known as: English G295, Major British Authors)
Prerequisites: English G100
A study of selected writers in English literature from 1800 to present. C-ID ENGL 165 Lecture. Letter grade only. Transferable to CSU; UC.

ENGLISH G280 - 3 Units
**Creative Writing**
Prerequisites: English G100
This creative writing course is for students who wish to explore writing in the four literary genres. Students will engage in formal analysis of the genres in order to create their own texts. There is informal discussion and criticism of student writing by the class and instructor: Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ENGLISH G281 - 3 Units
**Creative Writing: Prose**
Prerequisites: English G100
A course for those who enjoy writing and want to concentrate on some form of prose: the short story, magazine article, screen play, stage play, autobiography, personal essay, etc. Informal discussion and criticism of student work by the instructor and the class. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ENGLISH READING & WRITING CENTER G002 - 0.5 Units
**Grammar 2: Essential Grammar**
This is a computer based course recommended for students enrolled in ESL G021, G031, and G041. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G003 - 1.25 Units
**Grammar 3: Building Sentences**
This is a Writing and Reading Center course designed to help students master basic sentence mechanics, such as: using capital letters, end marks, commas, quotation marks, colons, semi-colons, hyphens and dashes correctly. It also helps students understand spelling rules, plurals, and possessives. This is a computer based course recommended for students enrolled in ESL G041, G051, G061, G071 and English G009 and G010. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G011 - 1 Unit
**Building Vocabulary Skills 1**
This Writing and Reading Center course is designed for beginning ESL students in courses such as ESL G011 and G021, who possess a vocabulary of approximately 600 words and need practice with basic English. Students will practice a variety of strategies for learning and retaining vocabulary used...
in everyday written communication. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G012 - 1 Unit
Building Vocabulary Skills II
This Writing and Reading Center course is designed for intermediate level ESL students in courses such as ESL G031 and G041, who possess a vocabulary of approximately 1700 words and need practice with words used in a basic English. Students will practice a variety of strategies for learning and retaining vocabulary used in everyday written communication. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G013 - 1 Unit
Building Vocabulary Skills III
This Writing and Reading Center course is designed for intermediate ESL students in courses such as ESL G051 and G061, who possess a vocabulary of about 2300 words and need practice with a basic level of academic vocabulary. Students will practice a variety of strategies for learning and retaining vocabulary used in everyday written communication. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G014 - 1 Unit
Building Vocabulary Skills IV
This Writing and Reading Center course is designed for advanced ESL students in courses such as ESL G071, who possess a vocabulary of at least 3000 words and want to prepare for basic English courses. Students will practice a variety of strategies for learning and retaining college level vocabulary. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G015 - 1 Unit
Academic Vocabulary Skills I
This Writing and Reading Center course is designed for students of basic level English courses such as English G009 and English G010 who need practice with intermediate academic vocabulary. Students will practice a variety of strategies for learning and retaining vocabulary used in an academic environment. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G016 - 1 Unit
Academic Vocabulary Skills II
This Writing and Reading Center course is designed for students in college level English courses such as English G100 and English G110 who need practice with advanced academic vocabulary. Students will practice a variety of strategies for learning and retaining vocabulary used in an academic environment. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G020 - 0.18-0.5 Units
Writing Center Conference I
This is a self-paced, variable unit course offering individualized instruction designed to meet your specific needs in areas such as getting started, development and organization of ideas, grammar, punctuation and ESL. This writing course may be either self-selected or recommended by your instructor in another course that requires written assignments. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G021 - 0.5 Units
Writing a Unified Essay
This course instructs students in the process of essay writing, including generating ideas, writing a first draft, revising, and using a variety of introductions and conclusions. Students will practice the five-paragraph essay both with self-generated topics and with responses to reading assignments. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G022 - 1.25 Units
Writing In the Work Place
This is a Writing and Reading Center course designed to teach students how to write simply and effectively in business settings. It focuses on how to write memos, directions, letters, meeting documents, reports, and how to fill-out forms. This is a computer based course which uses PLATO learning software. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G023 - 0.5 Units
Writing a Unified Paragraph
(Formerly known as: ENGL 034, ENGL 012AB)
This course instructs students in the process of developing a unified paragraph. It includes sections on prewriting techniques, developing a topic sentence and support sentences, and writing and revising a unified paragraph. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING CENTER G024 - 1 Unit
Writing a Unified Essay
This course instructs students in the process of essay writing, including generating ideas, writing a first draft, revising, and using a variety of introductions and conclusions. Students will practice the five-paragraph essay both with self-generated topics and with responses to reading assignments. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.
ENGLISH READING & WRITING
CENTER G025 - 0.18 Units
Writing the University Application Letter
This short course guides students through the process of writing the Personal Statement required with the University of California application. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING
CENTER G030 - 0.5 Units
Guided Reading Development
(Formerly known as: ENGL 024, ESL 024)
A course for the development of reading, writing and vocabulary skills for students of all levels: beginning ESL to native speakers. Open entry/ open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING
CENTER G031 - 1 Unit
English Reading for ESL
This reading course will best serve English as a Second Language students at the 030/040/050 levels. It focuses on developing key reading strategies within the context of authentic newspaper articles. The exercises that accompany the readings emphasize pre-reading and predicting outcomes, comprehension, scanning, recognizing main ideas, making inferences, and understanding and using contextualized vocabulary. Open entry/ open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING
CENTER G032 - 0.5 Units
Reading for College Success
For native speaking students and advanced ESL students who desire college level reading skills. This lab course is designed to complement all academic courses that require advanced reading skills by increasing reading comprehension, context, vocabulary, retention, and speed. Open entry/ open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING
CENTER G034 - 2 Units
Intermediate Reading Strategies
(Formerly known as: ENGL 050AB)
This course is for students who want to build stronger foundational reading skills. This Writing Center lab course is designed around the PLATO reading software program, a computer based curriculum. This course covers a variety of reading skills, encourages active reading, and develops critical thinking skills. Open entry/open exit. Lab. Pass/ no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENGLISH READING & WRITING
CENTER G035 - 2 Units
Advanced Reading Strategies
This course is for students who want to build advanced college reading skills across several content areas, such as literature, social sciences, history, and science. This computer - based lab course is designed around PLATO reading software and will help students develop reading comprehension and critical thinking skills. Students will learn specific strategies necessary to read college-level material in a variety of disciplines. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ENVIRONMENTAL STUDIES
G100 - 3 Units
Introduction to Environmental Studies
An interdisciplinary course designed to give the student a general overview of the environmental studies field. A basic understanding of issues related to the environmental compartments of air, soil and water; historical events, economic, political, and cultural concepts, regulations, and technology will be presented. An overview of career opportunities and paths within the environmental industry will be presented. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

ENVIRONMENTAL STUDIES
G103 - 3 Units
Environmental Conservation
This course introduces the student to the concepts of energy efficiency, energy conservation and energy auditing and assessment. Students will learn to inspect, test, and measure energy usage in buildings. In addition, students will learn to recommend energy efficient steps to reduce building energy usage through practical and cost-effective installation of insulation and retrofitting of energy efficient doors, windows, and appliances. Lecture. Optional pass/no pass grade. Transferable to CSU.

ENVIRONMENTAL STUDIES
G140 - 3 Units
Environmental Education and Interpretation
This course is designed to introduce the guiding principles for interpreting nature and culture. Existing educational materials, options for environmental program education delivery, and the development of interpretative centers will be examined. Students participate in environmental education and interpretation programs through collaboration with local and international agencies and organizations, and with industry. Career paths and opportunities will be presented. Lecture. Optional pass/no pass grade. Transferable to CSU.

ENVIRONMENTAL STUDIES
G141 - 3 Units
Introduction to Recycling and Resource Management
This course introduces general terminology and principles regarding recycling, resource management and zero waste. The history of waste and resource management in California, including residential, commercial and institutional reuse, recycling, and composting programs, is addressed. An overview of national, state, and local legislation and regulations related to resource management and recycling is presented and explained. The course covers the original 3Rs (reduce, reuse, recycle), plus recovery, remanufacture and repurchase. Lecture. Optional pass/ no pass grade. Transferable to CSU.
ENVIRONMENTAL STUDIES
G142 - 3 Units
Culture and Zero Waste
This course will provide an overview of our “throw-away” culture and the motivations behind the economics of consumerism. Key issues of the course include carbon footprint, plastics in our environment, consumer laws and mindsets. It will identify key government agencies and policies and how to collaborate and obtain funding for outreach. Environmental educational skills, programs, and methods will be reviewed. Case studies of successful youth campaigns will be explored and the basics of establishing strong youth educational programs will be examined. Lecture. Optional pass/no pass grade. Transferable to CSU.

ENVIRONMENTAL STUDIES
G143 - 3 Units
Resource Management and Zero Waste for Communities
This course will identify how resource management and zero waste policies and programs are developed within a community, what type of planning and facilities are needed, and how to finance the systems. Students will also review sample zero waste community plans and discuss different approaches communities have taken in developing zero waste plans. Students will also learn business recycling tools for local government, best practices for RFPs (Request for Proposals) and contracts, understanding enforcement options, design of resource recovery parks, performance reporting and financial records, Extended Producer Responsibility and Local Producer Responsibility policies and programs, bans, rules and incentives, and developing local markets and uses. Lecture. Optional pass/no pass grade. Transferable to CSU.

ENVIRONMENTAL STUDIES
G144 - 3 Units
Resource Management and Zero Waste in Business
This course will provide hands-on applications and tools for students to design, implement and oversee waste reduction and resource management programs as they relate to business and industry. This course will study the zero waste business principles, detailing how businesses can implement those principles to achieve zero waste. Examination of case studies demonstrates how different companies have addressed and resolved issues in pursuing zero waste. This course will also provide students with an understanding of how to plan and implement commercial food and organic programs. Lecture. Optional pass/no pass grade. Transferable to CSU.

ENVIRONMENTAL STUDIES
G160 - 4 Units
Solar Energy I-Thermal Technologies and Applications
(Same as: Engineering Technology G162)
This course provides a comprehensive introduction to solar photovoltaic (PV) energy systems, including cell design and manufacturing technologies. A range of PV applications will be presented including grid connections, rural electrification, transportation designs, stand-alone systems, consumer products, and the supply of electrical power to satellites in space. Career paths and opportunities within associated industries will be presented. Lecture. Optional pass/no pass grade. Transferable to CSU.

ENVIRONMENTAL STUDIES
G170 - 3 Units
Renewable Energy Sources and Applications
(Same as: Engineering Technology G170)
This course provides a comprehensive overview of the principal types of renewable energy including solar, thermal, photovoltaic, bio, hydro, tidal, wave, wind, geothermal, hydrogen, and fuel cell. The underlying physical and technological principles of renewable energy resources, their environmental impact, current applications and future prospects will be examined. Career paths and opportunities within associated industries will be presented. Lecture. Optional pass/no pass grade. Transferable to CSU.

ENVIRONMENTAL STUDIES
G180 - 0.5-3 Units
Ecotourism Destinations
The course will introduce students to the concepts, principles, planning and management of ecotourism destination activities, which promote cultural and environmental awareness while providing beneficial economic opportunities to the local community. Destination activity guidelines will be presented including the practical skills, and techniques necessary for assisting communities in the development of an ecotourist itinerary, educational program and marketing plan. Field activities will be a major component of the program. This course will be offered as a variable unit value according to the complexity of the focused destinations. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

ENVIRONMENTAL STUDIES
G190 - 1.5-3.5 Units
Environmental Studies Practicum
Designed to provide environmental studies learners with a practicum cooperatively planned by a private, public or non-profit agency and the
environmental studies faculty. Focus is on providing students with an opportunity to apply environmental studies theory in a realistic work setting. The course includes classroom/online discussion of issues directly related to the practicum. Student’s practicum can take place locally, nationally or internationally. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

ESL WRITING CENTER

ESL WRITING CENTER G011 - 1 Unit
Basic Present, Past, and Future Tense Skills Development
(Formerly known as: ESLW G012, G013)
This course focuses on the correct usage of present, past, and future tense verbs. Students will learn when to use these tenses, how to ask questions and give answers, and how to use contractions, how to form wh-questions, how to form the negative, and how to use the verb “be.” Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ESL WRITING CENTER G025 - 0.5 Units
Sentence Combining and Past Habit-“Used to”
(Formerly known as: ESLW G015)
This course is a study of introductory sentence combining in written English, focusing on coordinating conjunctions and simple adverb clauses of time, contrast, and cause and effect. This course also focuses on the correct usage of “Used To” to talk about past habits or past situations that no longer exist in the present. Students will learn to contrast the past and the present using “used to” and time expressions. The lessons include learning to ask and answer yes/no and wh-questions, form negative sentences, and differentiate between “used to” and “be used to” (be accustomed to). Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ESL WRITING CENTER G026 - 0.5 Units
Introduction to Spelling and Prepositions
(Formerly known as: ESLW G027)
This course focuses on basic spelling rules which help students to use sounds to spell correctly. This course also provides an introductory study of prepositions used in written English, focusing on prepositions of place and time. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ESL WRITING CENTER G044 - 0.5 Units
The Formation and Use of Modal Auxiliaries
This course focuses on the correct usage of Modals. Students will learn what Modals are, how to form them, and how they are used. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ESL WRITING CENTER G054 - 0.5 Units
The Formation and Use of Passive Voice, and Participial Adjectives
(Formerly known as: ESLW G055)
This course focuses on the correct usage of passive voice and participial adjectives. Students will learn what they are, how to form them, and where they are used. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

ESL WRITING CENTER G056 - 1 Unit
Present and Past Perfect and Perfect Progressive Tenses
(Formerly known as: ESLW G057, G058, G059)
This class focuses on the usage of the present perfect, present perfect progressive, past perfect, and the past perfect progressive tense forms and their applications in writing. Open entry/open exit. Lab. Pass/no pass only. Open entry/open exit. Not transferable, not degree applicable.

FLORAL DESIGN

FLORAL DESIGN G10 - 2.5 Units
Basic Floral Design
(Formerly known as: Floral Design G010)
This course is an introduction to the fundamentals of theory, techniques and skills currently practiced in the floral industry. The course includes applied art principles, cut flower and foliage care and botanical identification, handling practices, proper use of florist’s tools and materials, pricing of floral products and historical period designs. This course prepares students for entry-level positions in the floral industry. Detailed instruction and demonstrations are given on various arrangement styles and flowers to wear. Students utilize lab time to execute class projects. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

FLORAL DESIGN G111 - 2.5 Units
Floral Business Practicum
(Formerly known as: Floral Design G01 I, Floral Business Practicum I)
Advisories: Floral G110
This is an intermediate course which reinforces basic floral knowledge emphasizing art elements and principles of design. It also introduces additional design styles and industry techniques. Additionally, students will explore the duties of a shop operator including pricing for profit, salesmanship, merchandising and management. Proper care, handling techniques of fresh flowers/foliages, flower classification and flower/foliage botanical identification are reviewed. Theory of design, techniques and color concepts are reinforced as students create floral arrangements and corsages. Emphasis is on sharpening basic skills and creating cost/profit awareness. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.
COURSES

FLORAL DESIGN G115 - 2 Units
Wedding Designs
(Formerly known as: Floral Design G015, Floral Design-Wedding Designs.)
Advisories: Floral G110
This course provides the student with theory and lab experience in the complex styling of floral pieces specific to weddings. The course explores the advanced techniques of design, identifies the latest in floral bridal trends and execution of traditional floral compositions for wedding décor. Body flowers, carrying pieces, ceremony and reception designs will be executed. Consultation, service, delivery procedures, ordering and pricing will be covered. Completed lab projects are taken home by the student. Lecture and lab. Completion of the Floral Design and Shop Management Certificate prepares students for state certification and national accreditation. Advisory: Floral G110 - Basic Floral Design Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

FLORAL DESIGN G120 - 2 Units
Advanced Designs in Global Floristry
(Formerly known as: Floral Design G020, Designs in Global Floristry A.)
Advisories: Floral G110
Globalization has changed the floral focus to include intercontinental design techniques and imported products. This class increases awareness and appreciation of cultural influence and country specific designs. This course provides practical application and construction of design styles with an emphasis on International floral customs, European floral designs, sympathy tributes and dual purpose designs, such as wedding and event décor. Lecture and lab. Completed lab projects are taken home by the student. Completion of the Floral Design and Shop Management Certificate prepares students for state certification and national accreditation. Advisory: Floral G110 - Basic Floral Design Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

FLORAL DESIGN G125 - 2 Units
Advanced Floral Design - Events and Display
(Formerly known as: Floral Design G025, Advanced Floral Design-Event P)
Advisories: Floral G110
This course focuses on the advanced design skills and techniques used to create thematic floral arrangements for special events and window display. Planning, organization, design, and delivery as well as party props, room décor, table treatments and display elements are emphasized in this course. Theory and lab experience accentuate art principles and creative thematic approaches to floral design. Students will design and create a themed floral arrangement during labs. Completed lab projects are taken home by the student. Completion of the Floral Design and Shop Management Certificate prepares students for state certification and national accreditation. Advisory: Floral G110 - Basic Floral Design Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

FLORAL DESIGN G127 - 2 Units
Creativity and Competition
(Formerly known as: Floral Design G027)
Advisories: Floral G110
This course focuses on advanced design skills and techniques emphasizing the use of the student’s own imagination and creative talent to create individualized, non-standard, contemporary flower arrangements. Theory and lab experience will broaden the student’s design expertise and personally expand and develop creative potential. Creativity development, stimulation of the imagination, critical thinking and practice of technical skills prepare students to participate in competitions, separating the designer from the copier. Completion of the Floral Design and Shop Management Certificate prepares students for state certification and national accreditation. Advisory: Floral G110 - Basic Floral Design Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

FLORAL DESIGN G132 - 2 Units
Permanent Botanicals
(Formerly known as: Floral Design G032, Permanent and Seasonal)
Advisories: Floral G110
This course provides the student with history, theory and lab experience in the use of permanent botanicals as a medium of floral design. Instruction includes the use of artificial floral product and preserved natural plant materials. The course emphasizes the principles and elements of design, color theory, and the mechanics and techniques of construction for home decor and commercial interior applications. Theory and lab experience accentuates the preservation process of flowers and foliage for use in floral design. Completion of the Floral Design and Shop Management Certificate prepares students for state certification and national accreditation. Advisory: Floral G110 Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

FLORAL DESIGN G150 - 2 Units
Floral Productions Practicum
(Formerly known as: Floral Design G050, Floral Placement and Productio)
Advisories: Floral G110
This course provides practical experience to gain proficiency in advanced commercial floral design skills. Practical applications and construction of industry standard floral décor stress color theory and elements of floral design. Personal marketability, resume building and portfolio creation are emphasized. Flower identification by genus, species and common name, aligns with state certification requirements. Lab practicum develops advanced floral design techniques. Completion of the Floral Design and Shop Management Certificate prepares students for state certification and national accreditation. Advisory: Floral G110 Lecture & lab. Optional pass/no pass grade. Transferable to CSU.
FRENCH

FRENCH G060 - 3 Units
Practical French, Beginning
Development of basic skills in the language. Practice in pronunciation and comprehension of French and introduction of basic structural patterns. Lecture. Optional pass/no pass grade.

FRENCH G180 - 5 Units
Elementary French 1
(Formerly known as: Elementary French)
This is an introductory course in the French language. Students learn to understand, speak, read, and write basic French. This is a proficiency-oriented course to acquire French for real life situations. Classes are conducted in French. Native speakers are eligible by permission of the instructor only. This course is equivalent to two years of high school French. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

FRENCH G185 - 5 Units
Elementary French 2
(Formerly known as: French, Elementary)
Prerequisites: French G180 or 2 years of high school French
A continuation and completion of French G180. Further development emphasizing reading ability. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

GEOGRAPHY

GEOGRAPHY G100 - 3 Units
World Regional Geography
Recommended for transfer students majoring in anthropology, economics, geography, history, sociology and the natural sciences. An introduction to geography through a regional study of a variety of environments with emphasis on the ways humans have adapted to and/or changed them. The regions studied will include the Americas, Eurasia, Africa, Australia and islands and oceans. C-ID GEOG 125 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

GEOGRAPHY G180 - 3 Units
Introduction to Geography: Physical Geography
Recommended for transfer students majoring in anthropology, economics, geography, history, sociology and the natural sciences. A study of the basic physical elements of the geographical environment, with particular attention to the earth as a planet, its structural features, landforms, meteorological and climatological phenomena, vegetation, soils and environmental regions. C-ID GEOG 110 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

GEOGRAPHY G180L - 1 Unit
Physical Geography Laboratory
(Formerly known as: GEOG G181)
Prerequisites: Enrollment in or completion of GEOG G180
Corequisites: Enrollment in or completion of GEOG G180
This course is designed to provide supplemental, practical laboratory exercises that correlate to topics covered in Physical Geography G180. Lab experience will include map analysis and interpretation, weather prognostication, landform processes and evolution, tectonics, biogeography, and habitat analysis. C-ID GEOG 111 Lab. Letter grade only. Transferable to CSU; UC.

GEOGRAPHY G185 - 3 Units
Cultural Geography
(Formerly known as: Geography G104, Introduction to Geography: Cultura)
Recommended for transfer students majoring in anthropology, economics, history, geography or sociology. An introduction to geography through a topical study of the patterns of human occupation and land use over the earth's surface and the correlation with the natural environment. Particular emphasis will be given to population density, agriculture, politics, language, religion, folk and popular culture, urbanization and industrialization. C-ID GEOG 120 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

GEOLOGY

GEOLOGY G105 - 3 Units
General Geology
This is a course designed specifically for non-science majors desiring a three unit non-laboratory survey course in geology. Including an introduction the Scientific Method and how it applies to natural processes on Earth. Content includes coverage of both the physical and historical aspects of geology with emphasis on recent discoveries of plate tectonics. Students will study topics from physical geology such as minerals, rock classification, surface processes, structure and interior processes responsible for landform development. This course will also cover historical topics such as the geologic time scale, fossil record, Earth's history and evolution of life from marine organisms to land plants and animals. UC credit limitations: No credit if taken after Geology G110. Lecture. Letter grade only. Transferable to CSU; UC.
Welcome to Golden West College  

**GEOLOGY G106 - 4 Units**  
**Earth Science for Teachers**  
This lecture/laboratory study of introductory Earth Science includes physical and historical geology, physical oceanography, and meteorology. Planetary science and astronomy. The Scientific Method will be employed in relation to Earth Science. The subjects covered are part of the state of California science standards for K-12 classes. Emphasis will be placed on how these topics should be addressed by teachers within the California Science Framework. A field trip will be required. Lecture & lab. Letter grade only. Transferable to CSU; UC. Offered fall semester only.

**GEOLOGY G110 - 4 Units**  
**Physical Geology**  
(Formerly known as: Geology G100)  
An introductory survey of physical geology and the scientific method. This course includes the internal and surface processes responsible for shaping the Earth and formation of natural resources and geologic landscapes. Past and present geologic processes such as mountain building, climate change, and the evolution of life in the fossil record will be covered. Resource extraction, identification of minerals and rocks with the natural processes are covered in lecture and laboratory work. Recognition of geologic hazards both natural and human caused. Utilizing Geographical Information Systems (GIS), maps, digital satellite images are included in laboratory work. C-ID GEOL 101 Lecture & lab. Letter grade only. Transferable to CSU; UC.

**GEOLOGY G120 - 4 Units**  
**Historical Geology**  
Advisories: Completion of a high school or college level course in general geology, geology for non-science majors, or geology for teachers. Students who completed high school geology should have done so within the past two years. This course utilizes the scientific method to understand the geologic and biological evolution of the Earth over geologic time. The tectonic process responsible for mountain building will be used to study the evolution of life and climate cycles, which resulted in diverse geologic and biological settings. The geologic time scale will be employed to understand the stratigraphic sequence of sedimentary rocks and the fossil sequences in rocks. The lab portion will be used to identify mineral, rocks and fossils as they relate the fauna of the geologic and climate setting of the period. Lecture & lab. Letter grade only. Transferable to CSU; UC. Offered spring semester only.

**HEALTH EDUCATION**

**HEALTH EDUCATION G100 - 3 Units**  
**Personal Health**  
(Formerly known as: Health Education)  
This course is designed to provide students with the knowledge to lead a healthy life. Areas covered include wellness, emotional health, stress management, aging, physical well-being, nutrition and weight control, drugs, reproduction and parenting, prevention of diseases and consumer health. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

**HEALTH EDUCATION G107 - 3 Units**  
**Drugs, Health, and Society**  
(Same as: Criminal Justice G107)  
This course will explore the different categories of drugs, such as over-the-counter, prescription, and illegal “recreational drugs”. Drugs and their relationships to a person’s health and wellbeing will be discussed. The motivation to use drugs, abuse and addiction, family concerns, identification of drugs, enforcement, and addiction intervention methods will also be reviewed. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

**HEALTH EDUCATION G135 - 3 Units**  
**Nutrition and Health**  
(Formerly known as: Nutrition)  
This course provides an integrated overview of the physiological, psychological and sociological concepts of nutrition and health. Topics will cover many different aspects and views of nutrition and how it affects health throughout the life cycle. Lecture. Letter grade only. Transferable to CSU; UC.

**HISTORY**

**HISTORY G110 - 3 Units**  
**Economic History of the United States**  
(Same as: Economics G120)  
A survey of the economic transformation of the U.S. from colonial times to the present. Emphasis is on the social and political consequences of economic development and change as well as Americas’ involvement in international economic interdependency. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

**HISTORY G120 - 3 Units**  
**Asian Civilizations**  
This course compares and contrasts geographic and demographic patterns and the dynamics of primitive, modern, and transitional Asian societies. Major political, economic, sociocultural developments, and religious traditions of India, China, Japan, Korea, and Southeast Asia will be presented in an historical perspective. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

**HISTORY G121 - 3 Units**  
**History of American Women**  
(Formerly known as: History G165)  
Explores the historical role of the American woman, comparing the images developed in our culture with the reality of women’s lifestyles and contributions to economic, political and social change. Emphasis will be on the twentieth century woman. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

**HISTORY G132 - 3 Units**  
**History of Britain and Ireland I**  
This course is a survey of British and Irish history from the Neolithic Age to the 17th century. It explores how various cultures (Celtic, Pictish,
Roman, Anglo-Saxon, Scandinavian, and Norman-French) struggled for supremacy and survival over several thousand years culminating in the ascendancy of England. Major topics include Celtic culture, Roman imperialism, Viking impact, Norman conquest and the reigns of the Tudors and Stuarts. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HISTORY G135 - 3 Units
History of Britain and Ireland II
This course is a survey of British and Irish history from the 17th century to the present day. Content spans the major political, economic, social, cultural and intellectual forces that have shaped the UK and Eire. Historical emphasis is placed on constitutional development, the preconditions and process of Industrial Revolution, Scottish Highland Clearances, Irish potato famine, Irish partition, the origins and consequences of British imperialism, World Wars, and contemporary British and Irish cultural life. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HISTORY G140 - 3 Units
California History
Recommended for transfer students. A background in American history is helpful. A survey of California’s social, economic and political development with concentration on recurring and current issues. The period following the gold rush to the present day is emphasized. Recommended for transfer students. A background in American history is helpful. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HISTORY G150 - 3 Units
History of Latin America
A survey of Latin American history from pre-Columbian times to the present. Emphasis is placed on the interplay of Iberian, African, and Indian influences upon social and cultural evaluation. Also stressed are Latin American relations with the United States in the 19th and 20th centuries. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HISTORY G161 - 3 Units
World History I
(Formerly known as: History G190, World History to 1500)
A broad survey of the early development of civilizations around the world. The course examines geographic and human influences and compares the differences and similarities in the early civilizations. The survey goes up to the period of broad cultural contacts of the 15th century. Recommended for transfer students. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HISTORY G162 - 3 Units
World History 2
(Formerly known as: History G195, World History Since 1500)
This course is an exploratory survey of diverse cultural, political and socio-economic societies in the main geographical areas of the world since 1500, including events and ideas. The course also focuses on the contemporary challenges of global interaction and interdependence. Recommended for transfer students. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HISTORY G170 - 3 Units
History of the United States to 1876
A survey of American historical development from the founding of English colonies through Reconstruction. The course emphasizes the evolution of political, economic and social institutions and ideas. Recommended for transfer students. Essential for history and political science majors. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HISTORY G175 - 3 Units
History of the United States since 1876
A survey of American history since the Civil War. The course emphasizes the development of the modern American society and economy, and American participation in world affairs. Recommended for transfer students.

HISTORY G180 - 3 Units
Western Civilization I
(Formerly known as: History of Western Civilization I)
This course explores the concept of Western Civilization from its origins in ancient Mesopotamia via civilizations in ancient Egypt, Greece, Rome, and medieval Europe to the Renaissance (c.1500). The emphasis is on a wide spectrum of human creativity, ideas, beliefs, institutions and endeavor. Throughout the time period the dynamics of change and continuity will be questioned and analyzed. Recommended for all transfer students majoring in the liberal arts, the humanities or the social sciences. C-ID HIST 170 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HISTORY G185 - 3 Units
Western Civilization 2
(Formerly known as: History of Western Civilization 2)
This course explores the concept of Western Civilization from the Renaissance (c.1500) to the modern era. Topics include Reformation, Scientific Revolution, Enlightenment, Constitutionalism, French Revolution, Industrial Revolution, Romanticism, Nationalism, Totalitarianism, and Consumerism. The dynamics of change and continuity throughout the period will be questioned and analyzed. Recommended for all transfer students majoring in the liberal arts, the humanities or the social sciences. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
HUMANITIES

HUMANITIES G100 - 3 Units
Art History and Appreciation I - Prehistoric to Renaissance
(Formerly known as: History and Appreciation of Art)
(Same as: Art G105)
This is a survey of prehistoric art to the Renaissance period, stressing the basic principles and history of art demonstrated in painting, sculpture, and architecture. Illustrated lectures, reading, and museum reports are included in the course. Art majors planning to transfer should enroll in Art G105. UC Credit Limitations: Humanities G100 and G100H combined--maximum credit, one course. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G100 HONORS - 3 Units
Art History and Appreciation I - Prehistoric to Renaissance, Honors
(Same as: Art G105 Honors)
The focus of this course is a survey of art, beginning with Prehistoric art and concluding with Gothic art. We will study painting, sculpture and architecture as an integral part of cultural patterns and development. Slide accompanied lectures, reading and written assignments are included in this course. Study assignments involve visits to major art museums and current exhibitions. The honors course intensifies the focus on research, exploration and critical thinking.
Most enhancements to the regular Art G105/Humanities G100 are qualitative rather than quantitative. While there is additional reading and writing, the intensified focus on critical thinking holds students to a higher standard: all their oral and written work must manifest a commitment to, and a capacity for, academic excellence. UC Credit Limitations: Humanities G100 and G100H combined--maximum credit, one course. Lecture. Letter grade only. Transferable to CSU; UC.

HUMANITIES G101 - 3 Units
History of Radio, Television and Broadcasting
This course is designed for students interested in the history of the motion picture, television programs and radio programs. Documentary films, experimental films, feature-length motion pictures and television shows will be shown in class. The new generation of public broadcast radio programs will be studied in addition to listening to classic selections from the period in radio history known as 'The Golden Years of Radio.' In addition to viewing and hearing landmark examples from these three areas which will provide the historical overview, students will learn to recognize and understand the great sociological and psychological influences these three media have had on our daily lives. Designed as a general interest course for all students. Highly recommended for theater, commercial music and journalism majors. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G102 - 3 Units
Introduction to Art
(Same as: Art G100)
An introductory course for both the general interest and art major student. A survey of the nature and role of the visual arts in society. Art theory, art practices and an overview of art history will be covered. The media of art will also be explored. Required field trips. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G103 - 3 Units
World Music
(Same as: Music G103)
This course is a survey of music of selected cultures outside the tradition of Western art music. Divided into three general categories, the course examines folk music, tribal music, and art structures. Audio recordings and filmed examples introduce the student to instrumental and vocal techniques, musical structures, and performance contexts. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G104 - 3 Units
History and Appreciation of Opera
(Same as: Music G104)
This course is a guide to attending and understanding performances of opera and related forms. It examines the history of opera, from its inception in Florence and Milan, Italy, during the transition from the Renaissance to the Baroque eras around 1600 up to modern times. In addition, the course reviews the precursors of opera, the cultural currents that led to the invention of opera, and musical genres related to or descended from opera such as: orperetta, musical theatre, oratorio and cantata. Written review of three live performances is required. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G108 - 3 Units
History and Appreciation of the Musical Theater
(Same as: Theater Arts G108, Music G108)
A course in all of the elements which make the Musical Theater one of the premier art forms of the 20th Century. The student will explore the history of the form as well as examine the roles of composer, bookwriter, lyricist, performer, and others relative to writing and mounting a production. Videos and live performances will be utilized to enhance the learners knowledge of the medium. Lecture. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

HUMANITIES G110 - 3 Units
Art History and Appreciation 2 - Renaissance to Present
(Formerly known as: History and Appreciation of Art)
(Same as: Art G106)
This is a survey of the history of art beginning with the Italian Renaissance and concluding with modern art. Painting, sculpture, and architecture are studied as an integral part of cultural patterns and developments. Illustrated lectures, reading, and field trips to current exhibitions. Study assignments involve at least one visit to a major...
art museum. Art majors planning to transfer should enroll in Art G106. UC Credit Limitations: Humanities G110 and G110H combined--maximum credit, one course. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G110 HONORS - 3 Units
Art History and Appreciation 2 - Renaissance to Present, Honors
(Same as: Art G106 Honors)
This course is a survey of the history of art, beginning with the Italian Renaissance and concluding with modern art. We will study painting, sculpture, and architecture as an integral part of cultural patterns and development. Illustrated lectures, readings and field trips to current exhibitions are included in the course. Study assignments involve at least two visits to major art museums. The Honors course intensifies the focus on research, exploration and critical thinking. Most enhancements to the regular Art G106/Humanities G110 are qualitative rather than quantitative. While there is additional reading and writing, the intensified focus on critical thinking holds students to a higher standard: all their oral and written work must manifest a commitment to, and a capacity for, academic excellence. UC Credit Limitations: Humanities G110 and G110H combined--maximum credit, one course. Lecture. Letter grade only. Transferable to CSU; UC.

HUMANITIES G114 - 3 Units
Contemporary Art History
(Formerly known as: History of Modern Art)
(Same as: Art G104)
A survey of the history of modern art, beginning at 1900 and concluding with contemporary art of today. Painting, sculpture, printmaking, architecture, photography, video and ceramics are studied as an integral part of cultural patterns and developments in twentieth century art. The course will include illustrated lectures, readings and field trips to current exhibitions. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G120 - 3 Units
History and Appreciation of Music
(Same as: Music G101)
This course is designed to help students enjoy listening to all styles of music with emphasis on what to listen for in music. This course emphasizes an historical survey of popular music of yesterday, today and tomorrow known as European and American “classical” music, and includes brief introduction to several other styles as well. This course uses film, videotape, DVD, CD presentations, and listening assignments. Attending one live concert is required. UC Credit Limitations: Humanities G120 and G120H combined--maximum credit, one course. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G120 HONORS - 3 Units
History and Appreciation of Music, Honors
(Same as: Music G101 Honors)
As in the regular course, Honors students will examine elements of musical style (rhythm, melody, dynamics, texture, form, timbre), deepening the experience by considering culturally bound and intercultural musical features within the context of Western “classical” music, plus the interactions between Western and non-Western music. However, our list of reading, listening and viewing assignments will feature a broader selection than those offered in the usual Music G101/ HumG120 bibliography, discography and videography. The course will also intensify the focus on research, evaluation of personal taste and critical “active” listening. Attendance at and review of three professional performances required. UC Credit Limitations: Humanities G120 and G120H combined--maximum credit, one course. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G122 - 3 Units
History and Literature of Music
(Same as: Music G165)
A survey of western art music from approximately 1700 to the present. Formal analysis and examination of the musical styles of music from the Baroque, Classic, Romantic and Modern eras, with listening examples of typical masterworks from each. A course for music majors and minors who come to the course with previous formal music study, or considerable informal listening and concert attendance. Lecture. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

HUMANITIES G126 - 3 Units
Music In Motion Pictures
(Same as: Music G126)
This course is an introduction to the use of music in motion pictures in terms of dramatic purposes and musical style. Emphasis is on how music reinforces the emotional impact, plot delineation, dramatic pacing and mood evocation in the film. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G132 - 3 Units
Introduction to the Theater
(Same as: Theater Arts G100)
A course designed to introduce students to all aspects of theater. This course examines theater history, acting, directing and the technical elements of scenery, lighting, sound, costume and make-up. Lecture, demonstration, and classroom participation will be utilized. Students are required to see college produced plays. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G135 - 3 Units
History and Appreciation of the Cinema
(Same as: Theater Arts G102)
This course is designed for students who want to develop an appreciation for and obtain a perspective on the cinema, including its historical, artistic, cultural and myth-making aspects. Topics will include film genres, filmmaking techniques (e.g. what does a director...
COURSES

do? What is editing?), film language, narrative devices, themes, film theory and criticism, film studios and the star system, relationship between film and literature, and other subjects. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G139 - 3 Units
History of Rock Music
(Formerly known as: Humanities G145)
(Same as: Music G139)
This course is an in depth study of rock music; emphasis includes rock roots, blues/R & B, Elvis & early rock. Also Beatles and 60's rock, metal, "New Wave," punk, alternative, rap, 90's "grunge," industrial, techno and other musical styles and social topics. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

HUMANITIES G143 - 3 Units
History of Jazz
(Formerly known as: Humanities G140 Jazz: A History and Appreciation)
(Same as: Music G143)
This course is a survey of jazz, a uniquely American art form. The class traces the history and development of jazz, from its musical predecessors and beginnings to contemporary styles. Audio recordings introduce the student to the techniques, styles, and performers of jazz. Three hours lecture, one and one-half hours listening in Multi-Media Center a week. Optional credit/no credit or grade. Transfer credit: CSU; UC. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

INTERPRETING

INTERPRETING G100 - 3 Units
Introduction to Sign Language Interpreting
Advisories: Basic knowledge of American Sign Language
This course is designed to provide students with the historical and theoretical knowledge of the interpreting profession. Topics include: The history of interpreting, roles and responsibilities of an interpreter, the Code of Ethics, relevant organizations, interpreter skills and competencies, overview of various settings, terminology, the interaction of American Deaf and Hearing Cultures, business practices and systems of evaluation and certification. Lecture. Optional pass/no pass grade. Transferable to CSU.

INTERPRETING G130 - 3 Units
Beginning Voice to Sign
Advisories: Sign G280
This course reviews the principles, concepts and theories of interpreting and introduces the processes, skills and techniques of interpreting from English to American Sign Language. Both consecutive and simultaneous interpreting are explored. The student will begin the development of skills required to accurately interpret a spoken message into sign language. Lecture. Letter grade only. Transferable to CSU.

INTERPRETING G135 - 3 Units
Advanced Voice to Sign
Advisories: Interpreting G130
This course enhances the processes, skills, and techniques of interpreting from English to American Sign Language. The student will continue to develop skills required to accurately interpret a spoken message into sign language. The concepts of transliterating and interpreting will be reviewed and expanded. Practice will provide the student with the skills necessary to match the interpreting process to the needs of the deaf consumer. Lecture. Letter grade only. Transferable to CSU.

INTERPRETING G155 - 3 Units
Beginning Sign to Voice
(Formerly known as: Basic Sign to Voice)
Advisories: Sign G280
This course introduces the processes, skills and techniques of interpreting from American Sign Language to English. Both consecutive and simultaneous methods of interpreting will be explored. The student will begin the development of skills required to accurately interpret a signed message into English. Lecture. Letter grade only. Transferable to CSU.

INTERPRETING G160 - 3 Units
Advanced Sign to Voice
Advisories: Interpreting G155
This is a course in advanced processes, skills and techniques of interpreting from American Sign Language into oral English. Both consecutive and simultaneous methods of interpreting will be enhanced. Lecture. Letter grade only. Transferable to CSU.

INTERPRETING G170 - 3 Units
Interpreting In Educational Settings
Advisories: Sign G285, Interpreting G135, Interpreting G155
This course emphasizes the role and responsibilities of an interpreter in educational settings including elementary, secondary and post-secondary. Processes of interpreting are examined and implemented in an effort to prepare educational interpreters to be qualified, certified and to satisfy the California state mandates for educational interpreters. Lecture. Optional pass/no pass grade. Transferable to CSU.

INTERPRETING G190 - 3 Units
Specialized Interpreting Situations/ Practicum
Advisories: Interpreting G130 or G155
This course examines the role and responsibilities of an interpreter in varied interpreting settings. The practical aspects of interpreting will examined and implemented in an effort to prepare students to work in a wide variety of situations and settings. Students will be given opportunities to explore medical, educational, legal and religious, and theatrical settings. Lecture. Letter grade only. Transferable to CSU. Offered spring semester only.

JOURNALISM

JOURNALISM G180 - 3 Units
Introduction to Mass Communications
(Formerly known as: Journalism G160/ Humanities G160)
A survey of the major forms of mass media and their influence on the artistic, cultural and social expression of
contemporary society. An evaluation and appreciation of advertising, propaganda, public relations, magazines, newspapers, books, radio, television, film, recorded music and the Internet, including the impact of social media. Students will learn to analyze and identify trends, cause and effect and ethical issues in the mass media to help them become critical consumers of the media. C-ID JOUR 100 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

**JOURNALISM G185 - 3 Units**  
*Writing for News Media*  
(Formerly known as: BVP G111)  
Students will develop the skills which are needed to organize and write stories for print and broadcast media, including newspapers, radio, television and magazines. This includes extensive exercises in writing, interviewing and other skills, including working with sound and pictures recorded in the field. Students will also develop a knowledge of the ethics and law of print and broadcast news. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

**JOURNALISM G284 - 2 Units**  
*Newspaper Production*  
Class members will help produce The Western Sun. All class members required to attend regular staff meetings. Emphasis will be placed on creation, revision and preparation for publication of the campus newspaper/website. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**JOURNALISM G285 - 3 Units**  
*Newspaper Production, Advanced*  
This is a course in newspaper production. Class members will produce The Western Sun campus newspaper and website. Students will learn to write articles and take photographs for news, opinion, arts/entertainment and sports sections of the newspaper and website. Students will work on special projects related to the newspaper or website. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**JOURNALISM G286 - 1 Unit**  
*Western Sun Editorial Board*  
Editorial board members will be responsible for directing production of The Western Sun. Instructor approval required. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**JOURNALISM G288 - 3 Units**  
*Newspaper, Managing and Editing*  
All class members required to attend regular staff meetings. Class open to those students accepting editorial positions or special assignments on The Western Sun. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

**KINESIOLOGY**

**KINESIOLOGY G100 - 3 Units**  
*Introduction to Kinesiology*  
This course is an introduction to the interdisciplinary approach to the study of human movement. An overview of the sub-disciplines (e.g. physiology, biomechanics, exercise & sport psychology) in kinesiology will be provided along with career opportunities in the areas of teaching, coaching, allied health, and fitness professions. Courses in lifelong learning and self-development provide the opportunity to equip learners for lifelong understanding and development of themselves as integrated physiological, social, and psychological beings. C-ID KIN 100 Lecture. Letter grade only. Transferable to CSU; UC.

**KINESIOLOGY G281 - 3 Units**  
*Prevention and Care of Athletic Injuries*  
Introduction and application of basic principles to the prevention, assessment, treatment and rehabilitation of athletic injuries. This course applies basic principles of anatomy, physiology, pathology and biomechanics to athletic injuries. Lecture. Letter grade only. Transferable to CSU; UC.

**KINESIOLOGY G110 - 3 Units**  
*Mental Skills for Performance*  
Enhance performance. This course will cover theory and application of how performance impacts one’s psychology, as well as how one’s psychology impacts performance. Lecture. Letter grade only. Transferable to CSU; UC.

**LEARNING**

**LEARNING G005 - 2 Units**  
*How to Survive in College*  
Designed to orient new students to Golden West College, its services, and the unique features of its learning systems. Also provides students an overview of learning skills needed to succeed in college and ways to acquire them. The units earned for this course may not be applied toward the 60 units required for graduation. A twelve-week course. Lecture. Pass/no pass only. Not transferable, not degree applicable.
LEARNING SKILLS

LEARNING SKILLS G002 - 0.5-1 Units
Reading Readiness
(Formerly known as: SPED G002, Computer Tutor Lab for Reading)
This course is designed to provide independent study opportunities for Disabled Students Programs and Services (DSPS) students in the Resource/High Tech Center. This course is a self-paced lab to address individual needs in reading skills. Students must be referred through assessment and/or instructor. Registration is available only through the DSPS Office. Lab. No credit. Open entry/open exit. Not transferable, not degree applicable.

LEARNING SKILLS G006 - 0.5-1 Units
Math Readiness
(Formerly known as: SPED G006, Computer Tutor Lab for Math)
This course is designed to provide independent study opportunities for Disabled Students Programs and Services (DSPS) students in the Resource/High Tech Center. This course is a self-paced lab to address individualized needs in math skills. Students must be referred through assessment and/or instructor. Registration is available through the DSPS Office. Lab. Pass/no pass only. Not transferable, not degree applicable.

LEARNING SKILLS G921 - 0 Units
Supervised Tutorial Services Attendance
This course provides tutorial assistance to students requesting educational support to increase student success. May be repeated as necessary. Hours by arrangement. Permission to register will be given at the Tutorial and Learning Center. Lab. No credit. Open entry/open exit. Not transferable, not degree applicable.

LEARNING SKILLS G922 - 0 Units
Student Computer Lab Attendance
This course provides current Golden West College students an open computer laboratory offering high-speed Internet access, personal e-mail accounts, color printing, scanning, Microsoft Office, and other heavily used and appropriate software to increase the probability of success in their coursework. Students must currently be earning units at Golden West College to enroll in this class. May be repeated as necessary. Hours by arrangement. Open entry/open exit. Lab. No credit. Open entry/open exit. Not transferable, not degree applicable.

LEARNING SKILLS G927 - 0 Units
Learning Skills Lab
(Formerly known as: High Tech Center/ACE Lab)
This course is designed to provide students with opportunities to use necessary adaptive technology. The adaptive technology allows students to enhance their success in various college settings. Registration is available only through the Disabled Students Programs and Services (DSPS) Office. Lab. Open entry/open exit. May be repeated as necessary. Hours by arrangement. Lab. No credit. Open entry/open exit. Not transferable, not degree applicable.

LEARNING SKILLS G928 - 0 Units
Technology for Learning
(Formerly known as: Special Accommodations)
This course is designed to provide students with opportunities to use necessary adaptive technology for testing and assessment. The center provides an inclusive environment to help students realize their academic potential. In accordance with the Americans with Disabilities Act and Title 5 of the California Code of Regulations, this facility provides accommodations such as, but not limited to: additional timing, specialized equipment, and readers. The center provides equal access to students to enhance academic success. Registration is available only through the Disabled Students Programs and Services (DSPS) Office. Lab. Open entry/open exit. No credit. Open entry/open exit. Not transferable, not degree applicable.

LIBRARY

LIBRARY G110 - 1 Unit
Information Competency and Library Research
(Formerly known as: Introduction to Library Resources)
This librarian-guided instruction course uses a workbook to introduce students to a variety of print and electronic information resources necessary for college level research. Students will demonstrate their skills development with weekly assignments using and evaluating library resources and materials. Lecture. Pass/No pass only. Transferable to CSU.

LIBRARY G120 - 1 Unit
Libraries and the Internet
This course introduces students to college level, online research, including how to locate, use, and evaluate information from the Internet. This course provides librarian guided study with student skills demonstration using library college research resources such as the GWC Library online databases and Internet resources such as online directories, virtual libraries, and search engines. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MANAGEMENT

MANAGEMENT G110 - 3 Units
Elements of Management
Also see Accounting, Business, and Marketing sections.
This course covers the framework of management principles and explores the functional roles of planning, organizing, leading, and controlling within business organizations. Lecture. Optional pass/no pass grade. Transferable to CSU.

MANAGEMENT G111 - 3 Units
Human Resources Management
Employment, wages and salary, and labor relations are explored from the viewpoint of employees and first-line supervision. Practical handling of a variety of typical personnel problems encountered in business and industry are simulated through the use of role playing. An objective of this course is
to provide an unbiased consideration of labor and management problems in industry and to show the need for cooperation. Lecture. Optional pass/no pass grade. Transferable to CSU.

**MANAGEMENT G115 - 3 Units**

**Essentials of Organizational Behavior**
(Formerly known as: Behavioral Management)

Emphasis will be placed on the application of behavioral science approach to management and employer/employee relationships. Various psychological principles which affect employee motivation and productivity will be explored in depth. Also included will be experiential exercises and role-playing. Lecture. Optional pass/no pass grade. Transferable to CSU.

**MANAGEMENT G130 - 3 Units**

**Team Building and Group Dynamics**

Students are led through all aspects of team formation and management, such as goal setting, assessment, mid-course correction, and closure. Lecture. Optional pass/no pass grade. Transferable to CSU.

**MANAGEMENT G140 - 3 Units**

**Business and Organizational Ethics**

This course introduces students to the ethical concepts that are relevant to resolving moral issues in business, including development of reasoning and analytical skills needed to apply ethical concepts to business decisions. Identification of the moral issues involved in the management of specific problem areas in business and an examination of the social and natural environments within which moral issues in business arise are also emphasized. Lecture. Optional pass/no pass grade. Transferable to CSU.

**MANAGEMENT G152 - 3 Units**

**Starting a Business - Entrepreneurial Small Business**
(Formerly known as: Small Business Ownership and Management)

This course covers the basics of planning and starting a new business including personal and organizational readiness, entrepreneurship options and opportunities, business idea development and analysis, business plan development, funding and support resources, and new business launch. Lecture. Letter grade only. Transferable to CSU.

**MANAGEMENT G155 - 3 Units**

**Customer Service**
(Formerly known as: Customer Service for the 21st Century)

This course covers the skills, strategies, and techniques required in the 21st century for developing, improving, and delivering quality customer service to attract new customers, retain existing customers, and increase overall profitability within an organization. Lecture. Optional pass/no pass grade. Transferable to CSU.

**MANAGEMENT G162 - 3 Units**

**Managing a Small Business**

This course covers the concepts, operations, and approaches for managing a small business. Content areas include planning and budgeting, accounting basics, marketing and promotion, employee and contractor management, inventory management, risk management, and business growth and improvement. Lecture. Letter grade only. Transferable to CSU.

**MARKETING G100 - 3 Units**

**Retail Management**

Studies deal with the operations of an established retail business. Problems of merchandising (buying, pricing, stock control, credit control, public, and personnel relations) are considered. Emphasis is placed upon solution of actual retail problems. Lecture. Letter grade only. Transferable to CSU. May not be offered each semester.

**MARKETING G140 - 3 Units**

**Internet Marketing - e-Commerce**
(Formerly known as: E-Commerce--Selling On The Internet)

This course examines internet marketing and electronic commerce, how it is conducted and managed, its major opportunities, limitations, issues, and risks. It also explores interdisciplinary topics in internet marketing and electronic commerce that have increasing importance in both business-to-consumer and business-to-business processes. Pertinent issues include web protection, social media marketing, internet commerce, online security, and virus protection. Lecture. Optional pass/no pass grade. Transferable to CSU.

**MATHEMATICS**

**MATHEMATICS G009 - 1 Unit**

**Medication Calculations for Nurses**

This course presents a review of decimals, fractions and percents as utilized by medical professionals to calculate drug dosages. Dosage calculations are presented using ‘dimensional analysis.’ Additional applications include conversion between the metric, apothecary and household systems, dosage calculations based upon body weight, intravenous infusions, intramuscular calculations, and preparation of dilutions. Lecture. Optional pass/no pass grade. Not transferable, not degree applicable.

**MATHEMATICS G010 - 4 Units**

**Elementary Algebra**

Properties of real numbers; simplifying polynomial, rational, and radical expressions; solving linear, quadratic, rational, and radical equations in one variable; the rectangular coordinate system; graphing linear equations in two variables; and solving systems of linear equations in two variables. Applications
of mathematical concepts. Equivalent to a first-year high school algebra course. Taught in a combined large lecture and laboratory format. Software used requires access to a computer with Windows operating system. Lecture & lab. Letter grade only. Not transferable, not degree applicable.

**MATHEMATICS G030 - 4 Units**  
**Intermediate Algebra**  
Prerequisites: Mathematics G010 or Mathematics Placement Assessment  
This course is equivalent to a second-year high school algebra course. Topics include absolute value, rational exponents, radicals, linear equations and inequalities, quadratic equations and inequalities, functional notation, linear and quadratic functions, conic sections, logarithms, exponential and logarithmic functions, linear systems in two and three variables, sequences, and series. Lecture. Letter grade only.

**MATHEMATICS G100 - 3 Units**  
**Liberal Arts Mathematics**  
Prerequisites: Mathematics G030 or Mathematics Placement Assessment  
Using and expanding upon the skills gained from intermediate algebra, this course offers the liberal arts student an applications-oriented, problem-solving exploration into a variety of mathematical fields including geometry, trigonometry, statistics, and business mathematics. This course is designed not only to meet college general education requirements but to help generate a positive attitude toward and an interest in mathematics. Lecture & lab. Letter grade only. Transferable to CSU; UC.

**MATHEMATICS G104 - 3 Units**  
**Mathematics for Elementary Teachers**  
(Formerly known as: Mathematics for Elementary Teachers 1)  
Prerequisites: Mathematics G030 or Mathematics Placement Assessment  
Topics include problem solving skills, structure and arithmetic of the real number system, other numeration systems, set theory, and manipulatives. This course is designed for students planning to be elementary teachers. Student should complete Mathematics G020 (high school geometry) before taking the CBEST test, or the second math course for elementary teachers at a four-year school. Lecture & lab. Letter grade only. Transferable to CSU; UC.

**MATHEMATICS G115 - 4 Units**  
**College Algebra**  
Prerequisites: Mathematics G030 or Mathematics Placement Assessment  
This course is designed for students needing to improve algebra skills necessary for success in Math G140 and Math G180. Topics include linear and quadratic functions and their graphs, polynomial and rational functions and their graphs, exponential and logarithmic functions and their graphs, solving systems of equations, matrices and determinants, counting and probability. UC Credit Limitations: Math G115 and G170 combined—maximum credit, one course. Lecture. Letter grade only. Transferable to CSU; UC.

**MATHEMATICS G120 - 3 Units**  
**Trigonometry**  
Prerequisites: Mathematics G030 or Mathematics Placement Assessment  
Advisories: Mathematics G020  
This course is a study of the circular and trigonometric functions. The topics include inverses, graphs, solutions of triangles, conditional equations, identities, vectors, complex numbers, polar coordinates, parametric equations, and applications of these concepts. A scientific calculator is recommended. Lecture. Letter grade only. Transferable to CSU.

**MATHEMATICS G140 - 4 Units**  
**Business Calculus**  
(Formerly known as: Math130)  
Prerequisites: Mathematics G115 or Mathematics G170 or Mathematics Placement Assessment  
This course is designed for students of business, management, and social science who need only one semester of calculus that covers a variety of topics that usually span parts of three semesters of calculus. Topics include functions, limits and continuity, differentiation, integration, graphing, the calculus of two variables and applications of the derivative and integral. This course does not prepare a student to enter Mathematics G180 or G185. UC Credit Limitations: Math G140, G180 and G180H combined—maximum credit, one course. Lecture. Letter grade only. Transferable to CSU; UC.

**MATHEMATICS G160 - 4 Units**  
**Introduction to Statistics**  
Prerequisites: Mathematics G030 or Mathematics Placement Assessment  
Topics include concepts and procedures of descriptive and inferential statistics; collecting, classifying, tabulating, graphing univariate and bivariate data; measures of central tendencies, variation, percentiles, probability, binomial, normal, T, Chi-square and F distributions; making inferences, decisions and predictions. This course develops statistical thinking through the study of and applications to data sets in the social and behavioral sciences, business, and other disciplines. The use of a graphing calculator and/or statistical analysis computer programs is integrated into the course. UC Credit Limitations: Math G160 and G160H combined—maximum credit, one course. UC credit limitations. See counselor. C-ID MATH 110 Lecture. Letter grade only. Transferable to CSU; UC.

**MATHEMATICS G170 - 5 Units**  
**Precalculus**  
Prerequisites: Mathematics G120 or Mathematics Placement Assessment  
This course will cover topics required for studying calculus. Particular emphasis will be placed on the analysis of polynomial, rational, exponential, logarithmic, trigonometric and inverse functions. Other topics include vectors, analytic geometry, linear systems, matrices, elementary theory of equations, polar coordinates, sequences, series,
and complex numbers. This course is essential for those students planning to study Mathematics G180 (Calculus 1). UC Credit Limitations: Math G115 and G170 combined—maximum credit, one course. Math G170 (maximum credit, 4 units.) Lecture. Letter grade only. Transferable to CSU; UC.

MATHEMATICS G180 - 5 Units
Calculus 1
Prerequisites: Mathematics G170 or Mathematics Placement Assessment or Math G115 and Math G120
This is the first course in a three-course sequence designed for mathematics, science and engineering majors. The topics covered in this course include analytic geometry, functions, limits, continuity, differentiation and integration of functions. Applications of differential and integral calculus are included throughout the curriculum. UC credit limitations. See counselor: C-ID MATH 211

The student should plan to complete the first three semesters of calculus at Golden West College to maintain continuity. Lecture. Letter grade only. Transferable to CSU; UC.

MATHEMATICS G185 - 5 Units
Calculus 2
Prerequisites: Mathematics G180 or Mathematics G180H
This is the second course in a three-course sequence designed for mathematics, science and engineering majors. The topics covered in this course include methods of integration, applications of the definite integral, transcendental functions, polar and parametric functions, indeterminate forms, improper integrals, convergence and divergence of sequences and series including power series, and conic sections. (The student should plan to complete the first three semesters of calculus at Golden West College to maintain continuity.) C-ID MATH 221 Lecture. Letter grade only. Transferable to CSU; UC.

MATHEMATICS G235 - 4 Units
Applied Linear Algebra
(Formerly known as: Math 290)
Prerequisites: Mathematics G185
Introduction to linear algebra, classical linear algebra problems, and applications to computer science and related technologies including matrices, determinants, linear spaces, linear transformations, and eigenvalues. Lecture. Letter grade only. Transferable to CSU; UC. Offered spring semester only.

MATHEMATICS G280 - 5 Units
Calculus 3
Prerequisites: Mathematics G185
This is the third course in a three-course sequence, designed for mathematics, science and engineering majors. Topics include vectors in three-dimensional space, curves and surfaces, functions of several variables, partial differentiation, the gradient, the curl, the divergence, multiple integration, Green’s Theorem, Gauss’ (Divergence) Theorem and Stokes’ Theorem. The student should plan to complete the first three semesters of calculus at Golden West College to maintain continuity. C-ID MATH 230 Lecture. Letter grade only. Transferable to CSU; UC.

MATHEMATICS G282 - 4 Units
Ordinary Differential Equations
Prerequisites: Mathematics G185
This course provides students with an introduction to the theory, techniques and applications of ordinary differential equations. The topics covered include first-order differential equations, higher-order differential equations, power series solutions, Laplace transforms, systems of differential equations and numerical methods. C-ID MATH 240 Lecture. Letter grade only. Transferable to CSU; UC.

MATHEMATICS G285 - 5 Units
Introduction to Linear Algebra and Differential Equations
(Formerly known as: Ordinary Differential Equations)
Prerequisites: Mathematics G185
This course is designed to introduce students to the fields of Linear Algebra and Differential Equations. Topics include matrices, determinants, vector spaces, linear systems of equations, inner product spaces, first and second order differential equations, systems of differential equations, and Laplace transforms. Lecture. Letter grade only. Transferable to CSU; UC. Offered fall semester only.

MUSIC

MUSIC G025 - 1-3 Units
Rehearsal & Performance-Band Showmanship
Prerequisites: Retention is based upon successful audition.
This is an enrichment course designed to enhance musical performance and showmanship. Lab. Pass/no pass only. MUSIC G026 - 1-3 Units
Survey of Contemporary Band Literature
Prerequisites: Retention is based upon successful audition. This course will instruct students in music sight reading techniques, the music notation counting system, and develop the student’s music reading skills. Students will be able to apply these techniques to contemporary band music. Lab. Optional pass/no pass grade.

MUSIC G060 - 3 Units
Singing Solo Pop Songs
This class is aimed toward solo performances and historical studies of the American popular song. The student will perform selected songs with accompaniment in class and in front of live audiences. Emphasis will be placed on correct interpretation of the songs, utilization of microphones, and a strong nucleus of the best in popular song literature. Lecture. Optional pass/no pass grade.
MUSIC G064 - 3 Units
Commercial Songwriting I
This course is intended to give the student an opportunity to evaluate many types and styles of popular music by its outstanding practitioners (Including Bob Dylan, Paul Simon, Stevie Wonder, Lennon and McCartney, Elton John, Jackson Browne and Randy Newman), and to compose lyrics and music in various song forms that will help them be competitive in today’s musical market place. Selected student’s compositions may be performed and recorded by members of the commercial program. T Lecture. Optional pass/no pass grade.

MUSIC G065 - 2 Units
Commercial Songwriting II
This course is designed for the advanced songwriter and encompasses copyright, studio demos, radio playlists, the song markets and source materials available to today’s composer. Each songwriter will experience all aspects of the art from creation and evaluation through final polishing, demo tapes and publication. Lecture & lab. Optional pass/no pass grade. May not be offered each semester.

MUSIC G066 - 3 Units
Commercial Musicianship
This one-semester course is designed to bring each commercial performance or arranging student to a minimum level of competency in the harmonic and formal structure of modern commercial music. Topic studies will include triads and added tones, basic chord voicings, melodic construction, the keyboard as a writing tool, planning an arrangement, simple song forms, copying, ear training and simple dictation. Lecture. Optional pass/no pass grade.

MUSIC G068 - 4 Units
Commercial Arranging & Orchestration
Advisories: Music G066
This course of study is designed to allow the student to use his or her basic knowledge of music in a progressive series of study units to build competency in: knowledge of ranges and transposition for instruments; writing for voices; planning an arrangement; standard copying techniques; basic chord voicings; writing for small combos; writing for large jazz bands; writing for strings; and projects to be agreed upon by student and instructor. Electronic synthesizers will be used to assist students in arrangement planning. Lecture. Optional pass/no pass grade.

MUSIC G072 - 2 Units
Improvisation Workshop
Of utmost importance to all performance and arranging students is the ability to create melodic and harmonic ideas mentally, and to translate these ideas into written or played material. Traditional and modern scales, as well as primary and expanded chords, will be used as a basis for creative experimentation. The student will improvise on his/her major instrument. The arranging student will create material at the keyboard. Extensive listening assignments will be an important part of each student’s experiences. Lecture & lab. Optional pass/no pass grade.

MUSIC G095 - 3 Units
Managing Your Career in Music
This course is designed for the commercial music major. Personal and business finance, aspects of the law, credit, management and marketing techniques directly and indirectly related to the commercial music industry will be presented and discussed. Lecture. Letter grade only.

MUSIC G101 - 3 Units
History & Appreciation of Music
(Same as: Humanities G103)
This course is a survey of music of selected cultures outside the tradition of Western art music. Divided into three general categories, the course examines folk music, tribal music, and art structures. Audio recordings and filmed examples introduce the student to instrumental and vocal techniques, musical structures, and performance contexts. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G101H - 3 Units
History & Appreciation of Music, Honors
(Same as: Humanities G120 Honors)
As in the regular course, Honors students will examine elements of musical style (rhythm, melody, dynamics, texture, form, timbre), deepening the experience by considering culturally bound and intercultural musical features within the context of Western “classical” music, plus the interactions between Western and non-Western musics. However, our list of reading, listening and viewing assignments will feature a broader selection than those offered in the usual Music G101/ HumG120 bibliography, discography and videography. The course will also intensify the focus on research, evaluation of personal taste and critical “active” listening. Attendance at and review of three professional performances required. UC Credit Limitations: Music G101 and G101H combined–maximum credit, one course. C-ID MUS 100 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G103 - 3 Units
World Music
(Same as: Humanities G103)
This course is a survey of music of selected cultures outside the tradition of Western art music. Divided into three general categories, the course examines folk music, tribal music, and art structures. Audio recordings and filmed examples introduce the student to instrumental and vocal techniques, musical structures, and performance contexts. Lecture. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

MUSIC G104 - 3 Units
History & Appreciation of Opera
(Same as: Humanities G104)
This course is a guide to attending presentations, and listening assignments. Attending one live concert is required. UC Credit Limitations: Music G101 and G101H combined–maximum credit, one course. C-ID MUS 100 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
and understanding performances of opera and related forms. It examines the history of opera, from its inception in Florence and Milan, Italy, during the transition from the Renaissance to the Baroque eras around 1600 up to modern times. In addition, the course reviews the precursors of opera, the cultural currents that led to the invention of opera, and musical genres related to or descended from opera, such as: operetta, musical theatre, oratorio and cantata. Written review of three live performances is required. Lecture. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

MUSIC G109 - 1 Unit  
**Symphonic Band**  
Prerequisites: Retention based upon successful audition.  
The Symphonic Band is a performance ensemble that studies, rehearses, and performs the music of the standard band repertoire. Members of the ensemble are expected to possess a basic mastery of the playing skills of their chosen instrument as well as the fundamentals of musicianship. The ensemble performs frequently. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G110 - 2 Units  
**Golden West Symphonic Band**  
Prerequisites: Retention based upon successful audition.  
The primary performing band representing the college in the community. Emphasis on study and performance of music from standard band repertoire. Performances on campus and away include concerts, outdoor activities and athletic events. A band tour may be planned for spring semester. This course may be taken 4 times. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G116 - 3 Units  
**Theory and Musicianship 1**  
(Formerly known as: Theory I (Diatonic))  
Advisories: Music G115  
This is the first course in a four-semester sequence presenting the basic techniques and materials, principles and practice of diatonic harmony, integrated with musicianship. Topics cover a brief review of music fundamentals, introduction to four-part chorale writing principles, figured bass, primary-secondary triads, cadences, non-harmonic tones; integrated with aural skills development to include sight-singing, melodic, two-part, and rhythmic dictation. C-ID MUS 120  
Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G117 - 3 Units  
**Theory and Musicianship 2**  
Prerequisites: Music G116  
This is the second course in a four-semester sequence that presents the basic techniques and materials, principles and practice of diatonic harmony, integrated with musicianship; compositional techniques, four-part harmony, secondary triads; introduction to modulation; analysis of selected forms and compositional devices, integrated with sight-singing and ear training; and melodic, harmonic, and rhythmic dictation. C-ID MUS 130  
Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G120 - 1 Unit  
**Masters Chorale**  
Prerequisites: Retention based upon successful audition.  
A large chorus which performs suitable music from all historical periods. Participation in concerts on campus, field trips, occasional brief section rehearsals and overnight tour in spring semester also required. Schedule of work outside class announced at the beginning of each semester. Each student will provide his own standard music dress. This course may be taken 4 times. Lab. Optional pass/no pass grade. Transferable to CSU; UC.
MUSIC G121 - 1 Unit  
College Choir  
Prerequisites: Retention based upon successful audition.  
A large choral group singing music in all styles. Open to beginning through advanced singers with an emphasis in the development of vocal technique and music reading. This course may be taken 4 times. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G122 - 1 Unit  
Chamber Choir  
Prerequisites: Retention based upon successful audition.  
A select vocal ensemble which performs suitable music from all historical periods. Extensive participation in concerts on campus, field trips. Occasional brief section rehearsals. Schedule of performances announced at the beginning of each semester. Each student must provide his own standard performance dress (except tuxedo). Financial aid available for qualified students who cannot provide their own required items of clothing. This course may be taken 4 times. C-ID MUS 180 Lab. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G126 - 3 Units  
Music in Motion Pictures  
(Same as: Humanities G126)  
This course is an introduction to the use of music in motion pictures in terms of dramatic purposes and musical style. Emphasis is on how music reinforces the emotional impact, plot delineation, dramatic pacing and mood evocation in the film. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G139 - 3 Units  
History of Rock Music  
(Formerly known as: Music G185)  
(Same as: Humanities G139)  
This course is an in depth study of rock music; emphasis includes rock roots, blues/R & B, Elvis & early rock. Also Beatles and 60’s rock, metal, “New Wave,” punk, alternative, rap, 90’s “grunge,” industrial, techno and other musical styles and social topics. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G141 - 1 Unit  
Piano I  
(Formerly known as: Beginning Piano I)  
Piano instruction for those with no previous keyboard experience or no previous formal music instruction of any sort. Sight reading, playing by ear, keyboard harmony, scales and keyboard technique. One hour of practice daily is assumed. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G142 - 1 Unit  
Beginning Piano II  
Advisories: Music G141 or equivalent  
Continuation of Music G141. Reading music, piano keyboard harmony and scales in major keys. Regular daily practice is essential for success in this course. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G143 - 3 Units  
History of Jazz  
(Formerly known as: Music G136 Jazz: A History and Appreciation)  
(Same as: Humanities G143)  
This course is a survey of jazz, a uniquely American art form. The class traces the history and development of jazz, from its musical predecessors and beginnings to contemporary styles. Audio recordings introduce the student to the techniques, styles, and performers of jazz. Three hours lecture a week, one and one-half hours listening in Multi-Media Center a week. Optional credit/no credit or grade. Transfer credit: CSU; UC. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G145 - 2 Units  
Beginning Piano 1  
(Formerly known as: Beginning Piano 1)  
Piano instruction for those with no previous keyboard experience or no previous formal music instruction of any sort. Sight reading, playing by ear, keyboard harmony, scales and keyboard technique. One hour of practice daily is assumed. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G146 - 2 Units  
Intermediate Voice  
(Formerly known as: Music146AB)  
Advisories: Music G145  . Concurrent enrollment in Music G115, G121, or G141 or G142 recommended for those who do not read music.  
This course is a continuation of Music G145 for singers with two years of choral experience or one semester of private lessons or voice class. It prepares for solo and group singing by improving breathing, vocal tone, range agility, volume, diction, health, expression and self-confidence at the second semester level. Sing songs from musical theatre, film, folk, popular, and classical repertory, in English, Italian and students' first languages, memorized from printed music. One hour daily practice and attendance at one approved voice recital required. A pianist accompanies classes. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G147 - 2 Units  
Advanced Voice  
Advisories: Music G146. Concurrent enrollment in Music G115, G121, or G141 - G142 is recommended for students who do not read music.  
This course is the third and fourth semester continuation of Music G146 for singers with two semesters of private lessons or voice class. It prepares for solo and group singing by improving breathing, vocal tone, range, agility, volume, diction, health, expression and self-confidence. Students sing songs from musical theatre, opera, film, folk, popular and classical repertory, in English, Italian, German, French, and students’ first languages, memorized from printed music. One hour daily practice and attendance at one approved voice recital required. A pianist accompanies classes. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
MUSIC G150 - 2 Units
Voice for Musical Theater 1
(Formerly known as: Broadway and Opera Singing)
(Same as: Theater G146)
Advisories: Music G115, G121, or G141 - G142 recommended for those who do not read music.
This course teaches vocal technique, self-confidence in vocal performance and character development for singers, actors and dancers at an introductory level. Students sing songs from musical theater and/or opera in English and first languages. An audition is not required. Daily practice is required. A pianist accompanies the classes. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G151 - 2 Units
Voice for Musical Theater 2
(Formerly known as: MUSIC 151 AD, Broadway and Opera Voice Class)
(Same as: Theater G146)
Prerequisites: Music G150 or Theater G146
Advisories: Music G115, or G121, or G141 - G142 recommended for those who do not read music.
This course teaches vocal technique, self-confidence in vocal performance and character development for singers, actors and dancers at a beginning level. Students sing songs from musical theater and/or opera in English and first languages. An audition is not required. Daily practice is required. A pianist accompanies the classes. Lecture. Optional pass/no pass grade. Transferable to CSU.

MUSIC G152 - 2 Units
Voice for Musical Theater 3
(Same as: Theater G156)
Prerequisites: Music G151 or Theater G148
Advisories: Music G115, or Music G121, or Music G141 and Music G142 - recommended for those who do not read music.
This course teaches vocal technique, self-confidence in vocal performance and character development for singers, actors and dancers at an intermediate level. Students sing songs from musical theater and/or opera in English and first languages. An audition is not required. Daily practice is required. A pianist accompanies the classes. Lecture. Optional pass/no pass grade. Transferable to CSU.

MUSIC G153 - 2 Units
Voice for Musical Theater 4
(Same as: Theater Arts G158)
Prerequisites: Music G152 or Theater Arts G156 or Permission of Instructor
This course teaches vocal technique, self-confidence in vocal performance and character development for singers, actors and dancers at an advanced level. Students sing songs from musical theater and/or opera in English and first languages. An audition is not required. Daily practice is required. A pianist accompanies the classes. Lecture. Optional pass/no pass grade. Transferable to CSU.

MUSIC G157 - 2 Units
Studio Singing
Prerequisites: Retention in class is dependent upon a successful audition. The student will be expected to demonstrate fundamental music reading skills and an ability to sing jazz harmonies and rhythms accurately.
This is a course in studio singing and is designed for the vocal musician who wishes to learn the many styles and disciplines of the recording vocalist. Upon passing the audition, each student will be recorded on tape and perform live, as a soloist and in groups. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

MUSIC G158 - 2 Units
Studio Singing
Prerequisites: Retention in class is dependent upon a successful audition. The student will be expected to demonstrate fundamental music reading skills and an ability to sing jazz harmonies and rhythms accurately.
This is a course in studio singing and is designed for the vocal musician who wishes to learn the many styles and disciplines of the recording vocalist. Upon passing the audition, each student will be recorded on tape and perform live, as a soloist and in groups. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

MUSIC G159 - 2 Units
Symphonic Band, Advanced Skills
Advisories: Music G119
This course is for students who perform at an advanced level on a standard band instrument. Students in this course are expected to develop sophisticated skills beyond standard participation in the Symphonic Band. Performance of solos, the development of score reading abilities, student composition and/or arranging and conducting/leadership roles within the performance ensemble will be explored. Brass, Percussion, and Woodwind sectional rehearsal techniques will be developed. This course may be taken 4 times. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G216 - 3 Units
Theory and Musicianship 3
(Formerly known as: Theory II (Chromatic))
Prerequisites: Music G117
This is the third course in a four-semester sequence that incorporates concepts from Theory and Musicianship 2. Through writing and analysis, this course will include an introduction to chromatic harmony, secondary/applied chords, modulation, borrowed chords, introduction to Neapolitan and augmented-sixth chords. Additional development and application of the rhythmic, melodic, and harmonic materials occurs through ear training, sight-singing, analysis, and dictation. C-ID MUS 140 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
MUSIC G217 - 3 Units
Theory and Musicianship 4
Prerequisites: Music G216
This is the fourth course in a four-semester sequence that incorporates
the concepts from Theory and Musicianship 3. Through writing and
analysis, this course will include: post-Romantic techniques such as borrowed
chords and modal mixture, chromatic
mediants, Neapolitan and augmented-
sixth chords, 9th, 11th and 13th
chords, altered chords and dominants;
and 20th century techniques such as:
Impressionism, tone rows, set theory,
pandiatonicism and polytonalism, meter
and rhythm. Additional development
and application of the rhythmic,
melodic, and harmonic materials occurs
through ear training, sight-singing,
analyzing, and dictation. C-ID MUS 150
Lecture. Optional pass/no pass grade.
Transferable to CSU; UC.

MUSIC G241 - 2 Units
Intermediate Piano I
Second semester of piano study. Reading
music at the keyboard. Sight reading.
Playing by ear. Chromatic keyboard
harmony in more advanced forms.
Regular daily practice is essential for
success in this course. Lecture. Optional
pass/no pass grade. Transferable to CSU; UC.

MUSIC G242 - 2 Units
Intermediate Piano II
Advisories: Music G241 or equivalent
Continuation of Music G241. Third
semester of class piano keyboard
instruction. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

MUSIC G260 - 1 Unit
Symphonic Winds
This is a performance ensemble
course emphasizing contemporary
and standard wind band repertoire
and performance practice. Skill sets
covered include individual instrumental
technique, sight reading, active
listening, live performance practices,
and ensemble concert preparation.
Live concert performance with the
ensemble is included as part of this
course. This course fulfills the large
ensemble requirement for the CSU
Music Education majors. This course
may be taken 4 times. C-ID MUS
180 Lecture & lab. Letter grade only.
Transferable to CSU; UC.

MUSIC G261 - 2 Units
Wind Symphony
This is an advanced performance
ensemble course encompassing the
exploration and public performance of
wind ensemble literature, correct solo
and ensemble performance practices,
and the development of the highest
level of musical sophistication. Students
are expected to perform at a superior
level of musicality, as well as develop
advanced skills in score reading, section
rehearsal techniques, and concert
preparation. This course fulfills the
large ensemble requirement for the
CSU Music Performance majors. This
course may be taken four times. C-ID
MUS 180 Lecture & lab. Letter grade
only. Transferable to CSU; UC.

MUSIC G290 - 1-2 Units
Applied Music
Advisories: Placement by audition.
This course is designed to introduce
students to the profession of nursing and
the professional nursing role. Emphasis
is on: nursing process, learning
style, study skills, medical terminology,
and the professional nursing role.
Lecture. Pass/no pass only.

NURSING G099 - 2 Units
Introduction to Nursing
(Formerly known as: NURSING G009)
This course is designed to introduce
students to the profession of nursing and
to the knowledge, skills, and attitudes
essential for success in the educational
setting and the clinical environment.
Emphasis is on: nursing process, learning
style, study skills, medical terminology,
and the professional nursing role.
Lecture. Pass/no pass only.

NURSING G100 - 10 Units
Nursing Process I
Prerequisites: Acceptance into the
Nursing Program. Pre-entrance
physical examination. Completion of
Biology G220,G225, G210, English
G100, Comm G108, or G110, or G112
This is a course exploring the concepts
of person, environment, and health as
related to nursing practice. Clinical
hours and simulated experiences in
the campus lab are provided to allow
students the opportunity to apply
theory to practice. The focus is on the
nursing process, beginning level
nursing skills, and the development of
clinical reasoning based on scientific
evidence. Lecture & lab. Letter grade
only. Transferable to CSU.
NURSING G130 - 9 Units  
Health and Illness I  
Prerequisites: PSYC G118, COMM G110, and ENGL G100  
Corequisites: Nursing G131  
This course focuses on care of the healthy individual across the lifespan to meet physical and psychosocial health needs. Students will learn how to safely perform foundational clinical skills, including physical assessment and medication administration. Permission required. Lecture & lab. Letter grade only. Transferable to CSU.

NURSING G131 - 1 Unit  
Professional Nursing Issues I  
Corequisites: Nursing G130  
This course introduces the students to the role of the professional nurse, therapeutic communication, healthcare delivery systems, and healthcare teams. The students will develop a beginning understanding of the nursing process and the QSEN competencies as the framework to clinical judgment. Lecture. Letter grade only. Transferable to CSU.

NURSING G150 - 10 Units  
Nursing Process 2  
(Formerly known as: Nursing Process II)  
Prerequisites: Nursing G100 or the equivalent; Communication Studies G108 or G110 or G112  
This course focuses on issues relevant to the nursing care of adults with acute illness, and maternal/newborn/women’s health patients in both community and in-patient settings. Nursing theory presented will correlate with specific acute medical and maternal/newborn/women’s health conditions associated with these major areas. Clinical hours are required to apply theory to practice. In a supervised setting, the student is expected to formulate nursing diagnoses for existing and potential problems, establishing short and long-term nursing care goals, intervene appropriately and evaluate the care given to patients with often complex problems. This course builds on the content presented in previous nursing courses including competent use of the nursing process, effective communication techniques, evidence-based interventions, compassion and patient/family centered advocacy as well as professional integrity. Lecture & lab. Letter grade only. Transferable to CSU.

NURSING G190 - 4 Units  
LVN to RN Transition  
(Formerly known as: Transition to Registered Nursing)  
Prerequisites: California Vocational Nurse License, completion of Biology G220, G225, and G210 and Psychology G118, English G100, Communication Studies G108, G110 or G112. Permission required. This course focuses on assisting the Licensed Vocational Nurse (LVN) in bridging the gaps in theoretical and clinical knowledge and skills, thereby preparing them to join the third semester of the registered nursing (RN) program. Lecture & lab. Letter grade only. Transferable to CSU.

NURSING G200 - 10 Units  
Nursing Process 3  
(Formerly known as: Nursing Process III)  
Prerequisites: Psychology G118 and Nursing G150 or Nursing G190  
This course focuses on issues relevant to the nursing care of patients with Mental health and chronic illness in the adult and geriatric populations in both community and in-patient settings. Nursing theory presented will correlate with specific chronic medical and psychiatric conditions associated with these two major areas in addition clinical hours are required to apply theory to practice. In a supervised setting, the student is expected to formulate nursing diagnoses for existing and potential problems, establishing short and long-term nursing care goals, intervene appropriately and evaluate the care given to patients with often complex problems. This course builds on the content presented in previous nursing courses including competent use of the nursing process, effective communication techniques, evidence-based interventions, compassion and patient/family centered advocacy as well as professional integrity. Lecture & lab. Letter grade only. Transferable to CSU.

NURSING G250 - 9 Units  
Nursing Process 4  
(Formerly known as: Nursing Process IV)  
Prerequisites: Nursing G200 and Sociology G100  
This course focuses on issues relevant to the nursing care of patients in the areas of critical care, advanced pediatric nursing, and advanced medical/surgical nursing. Nursing Theory presented will place emphasis on the application of the nursing process to these complex health problems. This course builds on the content presented in previous nursing courses including competent use of the nursing process, effective communication techniques, evidence-based interventions, compassion and patient/family centered advocacy as well as professional integrity. Students are, therefore, expected to develop the ability to make independent nursing judgments and decisions. In addition, this course includes a preceptorship that eases the transition from student to RN practice. Permission is required. Lecture & lab. Letter grade only. Transferable to CSU.

PEACE STUDIES  

PEACE STUDIES G100 - 3 Units  
Peace Studies, Introduction  
This course offers an in-depth examination of the internal and external components of peace and conflict, and how each affects individuals, as well as groups, nations, and the environment. A review of changes achieved historically through various philosophies and lifestyles. Through the study of the forces that influence human relations, students analyze how the world can be changed. Exercise, simulated conflict situations, role play, and examples from community partners are used to provide students opportunities to broaden their perspectives and develop self awareness. This class is designed as a service learning course. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
PEACE STUDIES G110 - 3 Units
Nonviolence and Conflict Resolution
This course explores both the theory and the use of nonviolence as a means for waging and resolving conflict. The course explores Nonviolence Theory as it applies to issues of social change, alternative defense, and personal transformation. Writings from political, sociological, feminist, religious, and philosophical perspectives will be examined. Case studies will be used to demonstrate the use of nonviolent tactics and strategies, and to increase students’ understanding of how and when nonviolence has been used to resolve conflict. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PEACE STUDIES G225 - 3 Units
Negotiation and Mediation
(Same as: Communication Studies G225)
Advisories: Communication Studies G100
This course presents theories and skills to address and settle conflict situations by utilizing the negotiation and mediation processes. The student will learn how to assess conflict situations and determine the appropriateness of negotiation and mediation. Students will learn theories and skills through lecture, role playing, dialogue and in-class simulations. Students will also examine different contexts for negotiation and mediation including family, school, community and business situations. Videos and student presentations of negotiation and conflict resolution topics complement the lectures, simulations and role playing. Lecture, Optional pass/no pass grade. Transferable to CSU.

PEACE STUDIES G230 - 3 Units
Leadership & Peacebuilding
This course teaches leadership concepts and skills, including psychological processes, conflict resolution and human development skills. It will help students become aware of their own leadership style and develop themselves to be innovators in their own life and the world at large. Psychological, physical and mental health aspects will be stressed. This course contains a required service learning component. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PHILOSOPHY

PHILOSOPHY G100 - 3 Units
Introduction to Philosophy
(Formerly known as: Philosophy G101)
A probing into questions people ask about the universe and their place in it. An examination is undertaken of the range of possible answers developed by leading philosophers in such areas as the meaning of knowledge, scientific method, religion, ethics, aesthetics, history, politics and metaphysics. C-ID PHIL 100 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PHILOSOPHY G102 - 3 Units
History of Ancient Philosophy
Recommended for all students interested in refining critical thinking faculties. Essential for philosophy majors. The development of the Hellenic mind is explored, with emphasis on analysis of the basic texts of pre-Socrates, Plato and Aristotle. C-ID PHIL 130 Lecture. Letter grade only. Transferable to CSU; UC.

PHILOSOPHY G110 - 3 Units
Philosophy of the East
Of value to students desiring a broader understanding of the world’s religious thought. A critical analysis of the principal documents of the East. Particular attention is given to sacred literature as a sympathetic expression of religious thought and its culture. Lecture. Letter grade only. Transferable to CSU; UC.

PHILOSOPHY G111 - 3 Units
Philosophy of Religion - Western
Questions regarding the nature of religion, God, and man’s relationship to the Divine will be discussed. Emphasis will be upon interpretations of the life, message and meaning of Jesus as the Christ. Modern philosophical methods will be critically applied. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PHILOSOPHY G115 - 3 Units
Logic and Critical Thinking
(Formerly known as: Introduction to Logic)
An introductory general education course focusing on the use of arguments both in their occurrence in ordinary discourse and the academic disciplines within the humanities, social sciences and natural sciences with particular focus on deductive logic. The emphasis will be on the role of formal and informal logic in the basic learning skills of (1) oral communication (speech/listening) and (2) written communication (reading/writing). Deductive and inductive reasoning techniques will be critically examined to establish their logical correctness or identify their fallaciousness. Recommended for all humanities, social science, business and natural science majors and those planning to transfer to a four-year college or university. C-ID PHIL 110 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PHILOSOPHY G120 - 3 Units
Ethics
An examination of the concepts of right and wrong, good and bad, in the light of the writings of classical ethical philosophers. A critical examination of alternative approaches to ethics, with an emphasis upon the question of philosophical foundations. Applications of alternative traditions in ethics to contemporary moral issues. C-ID PHIL 120 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PHILOSOPHY G150 - 3 Units
Political Philosophy
(Formerly known as: Political Science G150)
This course introduces students to traditional philosophical issues concerning politics. Students will actively engage in an analysis of normative issues using historical insight as well as contemporary approaches. Among these issues are the nature of legitimate
PHOTOGRAPHY

PHOTOGRAPHY G120 - 3 Units
Introduction to Photography - Black and White Dark Room
(Formerly known as: Photography G150, Fundamentals of Photography)
A basic course to familiarize students with the fundamentals of photography. The students will study cameras and related accessory systems. Picture taking techniques, darkroom techniques, and the elements of design. Students must provide an adjustable camera. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHOTOGRAPHY G190 - 3 Units
Introduction to Photography - Digital
(Formerly known as: Photography 150-1, Digital Arts G190)
This is a basic course to familiarize students with the historical and technical fundamentals of photography and digital imaging. Students will gain practical experience relating to cameras, exposure, light, content, color, composition and presentation. This course introduces development of personal artistic expression and visual perception, the basics of digital imaging including printing and image editing with Adobe Photoshop. Students must provide an adjustable digital camera. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHOTOGRAPHY G191 - 3 Units
Digital Photography, Intermediate
Advisories: Photography G120, Photography G190 or Digital Arts G190
This is an intermediate photography course providing in-depth instruction in scanning, printing and using digital imaging software to create a master digital image. Students gain practical experience with digital techniques that support their creative exploration of commercial or fine art photography. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

PHYSICAL EDUCATION

PHYSICAL EDUCATION G103 - 2 Units
Exercise for Healthy Living
Advisories: Co-enrolled in any Physical Education activity class (see list in the catalog - CSU General Education, Area E)
The intent of this course is to expose students to a broad range of information related to understanding personal fitness and health. This course will offer students a well rounded examination of lifestyle components elemental to lifelong healthy living. Students will explore a variety of personal choice options for developing and maintaining lifetime wellness from physiological, psychological and sociological perspectives. This course encourages students to participate in a wide variety of physical activities. It provides a comprehensive understanding of elements for successful participation in a variety of physical activities. Lecture. Letter grade only. Transferable to CSU; UC.

PHYSICAL EDUCATION G105 - 1 Unit
Adapted Strength and Fitness
Prerequisites: Permission of instructor required.
This is a physical fitness class consisting of cardiovascular conditioning, muscle strength, endurance, and proper use of weight machines, wheelchair accessible nautilus machines, and free weights in the fitness lab. The purpose of strength training is to improve an individual’s strength, stability, and coordination. Each student will be evaluated and an individual exercise plan will be developed. At the end of the class, each student will be experienced in individual and group physical activity. Students will be able to apply knowledge to improve quality of life by increasing, strength, stability, coordination and increasing knowledge of life-long fitness and activity. UC Credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G108 - 1 Unit
Adapted Aquatics
Advisories: Permission of the Instructor
This course is designed for students with temporary or permanent disabilities who can benefit from individualized low and no-impact aquatic cardiovascular exercises. Students will learn safe and independent activities that can be done for cardiovascular fitness in the pool. Swimming skills as well as appropriate exercises will be developed and practiced according to the goals and individual exercise programs of each student. UC Credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G110 - 0.5-1 Units
Swimming for Fitness
This course is designed for swimmers with intermediate skills. The swimmer will be introduced to the latest techniques and methods for cardiovascular conditioning through swimming. UC Credit Limitations. See counselor. A three-week course Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G111 - 1 Unit
Swimming
This course is designed to make people water safe. Students will receive instruction and practice in the fundamental skills of swimming. The course is recommended for swimmers with little or no previous experience, swimmers who can complete two laps of the pool with coordinated breathing, and swimmers with advanced skills. UC Credit Limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.
PHYSICAL EDUCATION G114 - 1 Unit
Surfing
Prerequisites: Prior to entering surfing class, students must pass Intermediate ARC Swimming test or produce other official verification of their swimming ability at the first class meeting.
This course is designed to give students the necessary knowledge and skills to safely enjoy surfing. Through a structured lecture laboratory situation, the students will be introduced to the latest techniques and methods for optimum achievement. The course is suited to all performance levels and is organized to allow for individual instruction. UC credit limitations. See counselor. Lecture & lab. Pass/no pass only. Transferable to CSU; UC.

PHYSICAL EDUCATION G130 - 1 Unit
Yoga
This course is designed for students who are interested in learning and practicing yoga techniques such as breathing techniques, postures, meditation and relaxation. Students will learn about the techniques of yoga and how to make the exercise as enjoyable as possible. They will learn not only what the poses are, but how to stretch, relax and breathe throughout the practice. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G132 - 1 Unit
Pilates for Fitness
This course is designed for students who are interested in increasing their flexibility, strength, endurance, and coordination. The course will include mat work, using the principles of Pilates to focus on exercise to improve body alignment, strength, flexibility control and coordination. Students will also learn how each of the specific exercises will benefit their physical and mental health. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G137 - 0.5 Units
Golf
Instruction and practice in the basic skills fundamental to successful performance in golf. Included, with participation, will be instruction in the rules and etiquette of the sport. UC credit limitations. See counselor. Lab. Pass/no pass only. Transferable to CSU; UC.

PHYSICAL EDUCATION G150 - 1 Unit
Badminton
This course is designed for men and women who are interested in instruction and practice in the fundamental skills to successful performance in badminton. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G158 - 1 Unit
Tennis
(Formerly known as: P E 158AD)
Instruction and practice in the fundamental skills & a basic understanding of scoring, elementary positioning, & strategy of tennis singles & doubles. The more advanced student will receive instruction in the volley, lob and smash, consistency and placement of ground strokes and serves. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G166 - 0.5-2 Units
Circuit Weight Training
The Circuit Weight Training course is designed for students interested in an exercise routine that utilizes the circuit training facility and provides cardiovascular weight exercise. Circuit training has proven especially beneficial for women and men not interested in competitive weight training but desiring good muscle tone and cardiovascular fitness. This type of training gives maximum return in a controlled workout. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G167 - 1 Unit
Super Circuit Training Advanced
The super circuit physical training program provides the student a combination of strength training with an emphasis on cardio-vascular conditioning for a total body workout. The super circuit is an accelerated circuit training program. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G173 - 1 Unit
Introduction to Weight Training
A course designed for men and women to help beginners learn how muscles work, proper lifting techniques, safety factors, diet, and how to develop a program to meet specific needs. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G176 - 1 Unit
Total Fitness for Women
A well-balanced program of physical activities designed to enhance endurance, flexibility, strength, cardiovascular efficiency and weight redistribution based on a selected exercise program, par course, circuit training, aerobic work, diet information and coordination. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G178 - 0.5-1 Units
Cardiovascular Laboratory
The cardiovascular lab course is designed for those people who desire a cardiovascular workout using a combination of stationary bikes, treadmills, elliptical, and rowing machines. This is suited for men and women of all age groups who are interested in achieving a maximal level of cardiovascular fitness. UC credit limitations. See counselor. Lab. Pass/no pass only. Transferable to CSU; UC.
PHYSICAL EDUCATION G180 - 2 Units
Strength and Muscle Power Training
This course is designed to provide students instruction and training to develop strength and muscle power. Students will design a systematic training regime using weight machines and 'free weights' (bar bells and dumb bells). This class is suited for healthy students of all ages and experience levels, but is not a rehabilitation program. This class is recommended for men and women interested in strength and muscle power training, athletic conditioning, power lifting and body building. UC credit limitations: Any or all of these courses (PE G140, G142, G146, G150, G160, G180, G191, G200) combined -maximum credit, 8 units. UC credit limitations. See counselor. Lab. Pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G181 - 1 Unit
Muscular Strength Training
This course is designed to provide students instruction and training to develop strength and muscle tone. Students will design a systematic training regime using weight machines and 'free weights' (bar bells and dumb bells). This class is suited for healthy students of all ages and experience levels. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G186 - 0.5-1 Units
Activities - Basketball
Instruction and practice in the fundamental skills basic to successful performance in this activity. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G192 - 1 Unit
Soccer
Instruction and practice in the fundamental skills basic to successful performance in this activity. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

PHYSICAL EDUCATION G195 - 0.5-1 Units
Volleyball
Participation and instruction in all facets of the game of volleyball, from fundamental skills through advanced strategies and techniques. UC credit limitations. See counselor. Lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G196 - 0.25-1 Units
Sand Volleyball
Participation and instruction of all facets of sand volleyball, from fundamentals skills through strategies and techniques. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G210 - 0.5-2.0 Units
Intercollegiate Sports Off Season Training
This course gives students an opportunity to train for intercollegiate athletics. This course may be taken four times Lab. Letter grade only. Transferable to CSU; UC.

PHYSICAL EDUCATION G240 - 2 Units
Baseball Team
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. Enrollment subject to the approval of the coach. Those enrolled in this course for credit who fail to qualify for the squad must withdraw from the course and will be encouraged to sign up for another physical education class. Students may apply intercollegiate activities to General Education requirements for graduation. This course may be taken 3 times. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G244 - 2 Units
Cross Country Team - Men
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. This class is designed for those students desiring to participate in intercollegiate athletics. Advanced training techniques are applied for successful participation. Students may apply intercollegiate activities to General Education requirements for graduations. This course may be taken 3 times. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G246 - 2 Units
Football Team
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. Enrollment subject to the approval of the coach. Those enrolled in this course for credit who fail to qualify for the squad must withdraw from the course and are encouraged to enroll in a regular physical education activity. Students may apply intercollegiate athletic activities to General Education requirements for graduation. This course may be taken 3 times. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.
PHYSICAL EDUCATION G250 - 2 Units
Soccer Team - Men
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. Theoretical and practical instruction for the successful participation in intercollegiate soccer competition. Students may apply intercollegiate athletic activities to general education requirements for graduation. This course may be taken 3 times. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G252 - 2 Units
Swimming Team - Men
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. Enrollment subject to approval of the coach. This course is for competition with other college swim teams. Students may apply intercollegiate athletic activities to general education requirements for graduation. This course may be taken 3 times. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G256 - 2 Units
Track Team - Men/Women
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. Enrollment subject to approval of the coach. Those enrolled in this course may apply intercollegiate athletic activities to general education requirements for graduation. This course may be taken 3 times. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G258 - 2 Units
Volleyball Team - Men
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. Designed for students competing in intercollegiate volleyball competition. Advanced techniques and strategies required for competition are required as well as the necessary aerobic and anaerobic conditioning required to participate at a high level of athletic competition. This course may be taken 3 times. Students may apply intercollegiate activities to General Education requirements for graduation. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G260 - 2 Units
Water Polo Team
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. Enrollment subject to approval of the coach. This course is for competition with other collegiate water polo teams. Students may apply intercollegiate athletic activities to general education requirements for graduation. This course may be taken 3 times. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL EDUCATION G272 - 2 Units
Cross Country Team - Women
Corequisites: Students must be enrolled in twelve units during the semester in which they participate. For complete information concerning eligibility rules, contact the athletic director. Enrollment subject to approval of the coach. Those enrolled in this course for credit who fail to qualify for the squad must withdraw from the course and are encouraged to enroll in a regular physical education activity. Students may apply intercollegiate athletic activities to general education requirements for graduation. This course may be taken 3 times. UC credit limitations. See counselor. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.
PHYSICAL EDUCATION G287 - 2 Units
Soccer Techniques, Advanced
A course designed to meet the needs of those students who wish to gain a high level of soccer playing ability. The course will help students to refine the basic skills (technical and tactical) and use them in a competitive game situation. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICAL SCIENCE

PHYSICAL SCIENCE G100 - 4 Units
Introductory Physical Science
This course provides an introductory level coverage of the physical sciences, including physics, chemistry, geology, the atmosphere and astronomy. Emphasis is placed on applications of the laws of physical science. A background in the physical sciences is developed starting with physics and chemistry, followed by the application of these fields to the study of geology and meteorology, and finally, to the solar system and universe. Appropriate laboratory activities and mathematical calculations will reinforce the physical, chemical and geological concepts. UC credit limitations: No credit if taken after a college level course in Astronomy, Chemistry, Geology or Physics. Lecture & lab. Letter grade only. Transferable to CSU; UC.

PHYSICS

PHYSICS G110 - 3 Units
Conceptual Physics
(Formerly known as: Conceptual Physics: Mechanics and Modern Physics) A course designed for non-science majors which considers the everyday applications of physics. This course is a non-mathematical approach to the basic concepts of physics. Open to students with or without high school physics, but not open to those who have credit for any college physics course. It covers the subjects of motion, energy, waves, music, electromagnetism, relativity and nuclear energy. UC Credit Limitations: No credit if taken after G120 or G185. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PHYSICS G120 - 4 Units
Algebra Based Physics: Mechanics
(Formerly known as: General Physics: Mechanics, Heat and Sound) Prerequisites: Math G120 or concurrent enrollment, or Mathematics Placement Assessment
This is an algebra/trigonometry based physics course in mechanics, heat and sound. Topics studied include force, motion, energy, heat transfer, effects of heat and the nature and properties of waves. Three hours lecture and demonstration, three hours laboratory a week. UC Credit Limitations: Physics G120, G125 and G185, G280, G285 combined—maximum credit, one series; deduct credit for duplication of topics. C-ID PHYS 105 Lecture & lab. Letter grade only. Transferable to CSU; UC. Offered fall semester only.

PHYSICS G125 - 4 Units
Algebra Based Physics: Electricity/Magnetism
(Formerly known as: General Physics: Light, Magnetism, Electricity, At) Prerequisites: Physics G120
This is an algebra/trigonometry based general physics course in the areas of electricity, magnetism, light and modern physics. Topics studied include electric charges and fields, DC circuits, magnetic fields, electromagnetic induction, reflection, refraction, interference of light, quantum theory, matter waves, radioactivity and nuclear reactions. Three hours lecture and demonstration, three hours laboratory a week. This course may not be offered each semester. UC credit limitations. Physics G120, G125 and G185, G280, G285 combined--
PHYSICS G185 - 4 Units
Calculus Based Physics: Mechanics
(Formerly known as: General Physics: Mechanics and Sound)
Prerequisites: Math G180
Advisories: Mathematics G185
This is an introductory course in physics using calculus. Topics studied include vectors, motion, forces, energy, momentum, oscillators and properties of waves. Physics G185, G280 and G285 are required for students majoring in physics, chemistry or engineering. UC Credit Limitations: Physics G120, G125 and G185, G280, G285 combined--maximum credit, one series; deduct credit for duplication of topics. C-ID PHYS 205 Lecture & lab. Letter grade only. Transferable to CSU; UC. Offered fall semester only.

POLITICAL SCIENCE

POLITICAL SCIENCE G100 - 3 Units
Introduction to Political Science
This course is an introduction to political science designed to familiarize students with basic political concepts, political ideologies, political systems, models of political analysis and political science subfields. C-ID POLS 150 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

POLITICAL SCIENCE G101 - 3 Units
Survey of Current Issues
This course is a survey of contemporary political issues confronting the United States and the global community. The focus will be on issues and problems of political significance such as terrorism, globalization and nuclear proliferation. The course provides students with the necessary tools to analyze opposing viewpoints and develop argumentation skills. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

POLITICAL SCIENCE G110 - 3 Units
International Relations
This course provides an introduction to world politics as it relates to national conflict and international cooperation. Important to this course is an examination of various levels of governmental and non-governmental actors and their institutions, interactions and processes as they relate to global issues. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
PSYCHOLOGY G100 - 3 Units
Introduction to Psychology
This course is an introduction to the scientific study of behavior. Topics include an exploration of major psychological theories and concepts, research methodology, memory, motivation, emotion, personality, intelligence, psychobiology, perception, cognition and consciousness, learning, development, social psychology, psychological disorders and therapeutic approaches, and applied psychology. C-ID PSY 110 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PSYCHOLOGY G110 - 3 Units
Personal and Social Adjustment
Recommended for transfer students. Of value to students interested in critical self-understanding. A consideration of the principles of adjustment and self-actualization. Contemporary theories of behavior change and growth are examined and their applications discussed. C-ID PSY 115 Lecture. Optional pass/no pass grade. Transferable to CSU.

PSYCHOLOGY G116 - 3 Units
Child Growth and Development
(Formerly known as: Psychology G150, Child Psychology)
Recommended for parents, future parents or teachers, and for majors in education, social service, and recreation. A study of the physical, emotional, mental and social development of the child. Emphasis on relations with parents, peers and teacher. Approaches to discipline and education are considered. C-ID CDEV 100 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PSYCHOLOGY G118 - 3 Units
Life Span Developmental Psychology
(Formerly known as: Psychology G160, Human Growth and Development)
The course enables the student to understand human development from conception to death. Physical, mental and psychosocial development are explored for each age group. C-ID PSY 180 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PSYCHOLOGY G165 - 3 Units
Principles of Human Sexuality I
(Formerly known as: Human Sexuality - Psychobiological Basis)
This course involves an analysis of the interconnections between psychological experiences and the structure and function of the human sexual body. Topics include growth and development, reproduction and contraception, disabilities, dysfunction and therapy, as well as differing social values attached to each of these processes. C-ID PSY 130 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PSYCHOLOGY G250 - 3 Units
Psychobiology
Prerequisites: Psychology G100
Recommended for transfer students to develop an appreciation of the psychological, biochemical and genetic factors that affect behavior. This course can give a foundation for further studies in developmental, learning, personality and motivational psychology. C-ID PSY 150 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PSYCHOLOGY G255 - 3 Units
Abnormal Psychology
(Formerly known as: Psychology G158)
Advisories: Psychology G100
An overview of abnormal behavior as a portion of the continuum of human behavior. The course will cover the field’s historical approaches, the range of psychological disorders, as well as their biological, psychological, social consequences, and treatment. C-ID PSY 120 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PSYCHOLOGY G260 - 3 Units
Social Psychology
The scientific study of the effects of social influences on human behavior and mental processes. Topics include interpersonal perception, attitudes and attitude change, conflict and cooperation, aggression, social cognition, prosocial behavior, gender roles and cultural norms, as well as applications of social psychological principles to social settings and social problems. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

PSYCHOLOGY G280 - 4 Units
Research Methods in Psychology
(Formerly known as: Psychology G185, Introduction to Experimental Psych)
Prerequisites: Psychology G100 and Math G160
Principles of the scientific method and various research designs (experimental and correlational), will be examined. Students will apply these techniques and complete an original research project. C-ID PSY 205B Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.
REAL ESTATE

REAL ESTATE G110 - 3 Units
Real Estate Principles
An introductory course covering a wide variety of California real estate topics, including: vesting of title, conveyances, real estate contracts, agency, encumbrances, finance, landlord-tenant relations, escrows & taxation among others. This class is required for those persons who intend to take the California Real Estate licensees exam. Lecture. Optional pass/no pass grade. Transferable to CSU.

REAL ESTATE G120 - 3 Units
Real Estate Legal Aspects
This course is an introduction to the laws dealing with the ownership and use of California Real Estate. Emphasis will be placed on the problems commonly encountered in the purchase, sale, lease, and the rights and liabilities of the parties involved in real estate transactions. Lecture. Letter grade only. Transferable to CSU. May not be offered each semester.

REAL ESTATE G130 - 3 Units
Real Estate Practice
Designed for the real estate salesperson. Client building and maintenance, listing, and selling new and resale homes, advertising, etc. This is a California Department of Real Estate required class (must be taken within 18 months of passing the California Salesperson’s exam) in order to obtain the regular, renewable 4-year license. Lecture. Letter grade only. Transferable to CSU. May not be offered each semester.

SIGN

SIGN G010 - 1 Unit
Fingerspelling
(Formerly known as: SIGN G290)
A skills class designed to introduce Sign Language and Interpreting students to the principles and techniques of the American (fingerspelling) Manual Alphabet. Expressive and receptive techniques will be emphasized. Lecture. Pass/no pass only. Transferable to CSU. Offered fall semester only.

SIGN G068 - 3 Units
ASL for Health and Medical Personnel
A beginning course in American Sign Language (ASL) for medical and health personnel, stressing the acquisition of technical vocabulary and the basic structural concepts for communication in a bilingual environment. Lecture. Letter grade only.

SIGN G180 - 4 Units
American Sign Language 1
(Formerly known as: Beginning American Sign Language I)
A basic course in American sign language (ASL). Emphasis will be on grammar, syntax, vocabulary and expressive and receptive skills. This course is equivalent to two years of high school Sign Language. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SIGN G185 - 4 Units
American Sign Language 2
(Formerly known as: Beginning American Sign Language II)
Prerequisites: Sign G180 or 2 years of high school American Sign Language (ASL)
This course is a continuation of American Sign language I (ASL). Emphasis is on grammar, syntax, vocabulary. This course builds students’ receptive and expressive skills in ASL and fingerspelling as well as their knowledge of Deaf culture. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SIGN G200 - 3 Units
Deaf Culture
This course is an introduction to the American Deaf culture experience. Areas of study include the history and description of deafness, the Deaf community, Deaf education and the arts and language of the Deaf. Services, organizations, technology, as well as clinical and cultural perspectives will be examined and discussed. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SIGN G280 - 4 Units
American Sign Language 3
(Formerly known as: Advanced American Sign Language I)
Advisories: Sign G185
This course provides further training in manual alphabet and sign language for purposes of communication with people who are deaf. It is designed to help the student increase speed with regard to accuracy, rhythm and comprehension. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SIGN G285 - 4 Units
American Sign Language 4
(Formerly known as: Advanced American Sign Language II)
Advisories: Sign G280
This course is an advanced study of American Sign language. Emphasis is on acquiring advanced vocabulary and using complex grammar. Students will learn the proper use of classifiers, narrative structure, and enumeration. Students develop expressive and receptive fluency in the context of Deaf culture and Deaf community. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SOCIAL SCIENCE

SOCIAL SCIENCE G133 - 3 Units
Racial and Ethnic Relations in America
(Same as: Sociology G133)
A social profile of major American racial/ethnic groups. A special examination of the problems of minority assimilation into an otherwise open society and culture. Lecture. Letter grade only. Transferable to CSU; UC.

SOCIAL SCIENCE G134 - 3 Units
Chicano Studies
(Same as: Sociology G134)
An overview of the Chicano historical experience and in social development in the United States. The course will survey the Chicano culture, customs, politics, labor conflict, immigration patterns, achievements, and contributions to the American Southwest. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
SOCIAL SCIENCE G136 - 3 Units
History and Culture of the Chicano American
A study of the Mexican-American people and the influence of U.S. institutions on Chicano life. The course will survey the history, varying philosophies, artistic and literary achievements, sociological and psychological perspectives of Chicanos. Lecture. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

SOCIOLOGY

SOCIOLOGY G100 - 3 Units
Introduction to Sociology
Recommended for every student interested in human behavior, social interrelationships and group organization, foundations of society, culture, social differentiation and social institutions. UC Credit Limitations: Sociology G100 and G100H combined--maximum credit, one course. C-ID SOCI 110 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SOCIOLOGY G100 HONORS - 3 Units
Introduction to Sociology, Honors
Honors students will expand their study to include applications of theory, scientific methodology, and the analysis of social problems. These theories, methodologies and sociological problems will be examined from ethnic and cultural perspectives. In addition, students will apply and critique sociological theories at macro and micro levels to assess current social issues in national and global arenas. Students will design and conduct research encompassing literature review, data gathering, and theory application. UC Credit Limitations: Sociology G100 and G100H combined--maximum credit, one course. Lecture. Letter grade only. Transferable to CSU; UC.

SOCIOLOGY G110 - 3 Units
Introduction to Marriage and the Family
An introduction to the dynamics of marriage patterns, divorce and family life, including an analysis of interpersonal attraction, mate selection, marriage, parenthood, changing male and female roles and patterns of interaction within the family. Completion of Sociology G100 would be beneficial prior to taking this course. C-ID SOCI 130 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SOCIOLOGY G133 - 3 Units
Racial and Ethnic Relations in America
(Same as: Social Science G133)
A social profile of major American racial/ethnic groups. A special examination of the problems of minority assimilation into an otherwise open society and culture. C-ID SOCI 150 Lecture. Letter grade only. Transferable to CSU; UC.

SOCIOLOGY G134 - 3 Units
Chicano Studies
(Same as: Social Science G134)
An overview of the Chicano historical experience and of social development in the U.S. The course will survey the Chicano culture, customs, politics, labor conflict, immigration patterns, achievements and contributions to the American Southwest. Lecture. Optional pass/no pass grade. Transferable to CSU; UC. May not be offered each semester.

SOCIOLOGY G185 - 3 Units
Analysis of Social Problems
(Formerly known as: Sociology G150, Social Trends and Problems)
American social problems, value systems within which problems develop: industrialization, population, crime and delinquency, family, race relations, education, health care, drugs and alcohol and violence. C-ID SOCI 115 Lecture. Letter grade only. Transferable to CSU; UC.

SPANISH

SPANISH G060 - 3 Units
Practical Spanish, Beginning
This course is designed to introduce the student to the fundamental skills of spoken Spanish. Students will learn correct pronunciation, basic structural patterns and necessary vocabulary in order to ask and answer questions on everyday topics such as the weather, family, telling time and counting, courtesy phrases, description of home, job, pastimes, personal characteristics and other familiar subjects. Lecture. Optional pass/no pass grade.

SPANISH G160 - 4 Units
Spanish for Spanish Speakers I
(Formerly known as: Spanish G110, Spanish for Native Speaker)
This course emphasizes the reading of elementary prose and drills in basic writing skills, with an introduction to the basic rules of spelling, accentuation and morphology. Instructional time will be devoted to principles of Spanish orthography, vocabulary enrichment and composition. The course will cover the history, culture, and stories of the Latin American and Chicano writers in the U.S. as well as that of the Spanish-speaking world on a regional basis. This course is not open to students who have completed Spanish G180. Four hours lecture a week. This course is equivalent to two years of high school Spanish. UC Credit Limitations: Spanish G160 and G180 combined--maximum credit, one course. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SPANISH G165 - 5 Units
Spanish for Spanish Speakers, 2
(Formerly known as: Spanish G112)
Prerequisites: Spanish G110 or Spanish G160
This course is a continuation of Spanish G160 and extends study for the native Spanish speaker. Work in the class will emphasize analysis of prose and further development of writing skills. This course includes study of Spanish orthography (spelling), and vocabulary
enrichment, as well as the culture and literature of Latin America and Spain. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

SPANISH G180 - 5 Units
Elementary Spanish 1
(Formerly known as: Elementary Spanish)
Fundamentals of Spanish grammar; Reading, writing, hearing and speaking simple Spanish. Native speakers are eligible for Spanish G180 only by the permission of the instructor. Five hours lecture a week plus a minimum of one hour laboratory attendance to be arranged by the student with the instructor. This course is equivalent to two years of high school Spanish. UC Credit Limitations. Spanish G160 and G180 combined--maximum credit, one course. C-ID SPAN 100 Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

SPANISH G185 - 5 Units
Elementary Spanish 2
(Formerly known as: Elementary Spanish)
Prerequisites: Spanish G180 or 2 years of high school Spanish
Continuation of Spanish G180. The emphasis on this course is on comprehension, basic oral communication, speaking, reading intermediate material, and writing Spanish correctly. UC Credit Limitations; Spanish G185 and G185H combined--maximum credit, one course. C-ID SPAN 110 Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

SPANISH G200 - 3 Units
Mexican Culture and Civilization
(Formerly known as: SPAN G290)
Prerequisites: Spanish G165 or Spanish G185
Conducted in Spanish, this course will survey the art, culture, history and civilization of Mexico dating from the pre-Columbian period to contemporary Mexico. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SPANISH G280 - 4 Units
Intermediate Spanish 1
(Formerly known as: Intermediate Spanish)
Prerequisites: Spanish G185
This course includes further study of Spanish grammar and idioms, intensive and extensive reading in contemporary colloquial Spanish, oral exercises and written composition. The admission of native speakers to Spanish G280 will be at the discretion of the instructor. C-ID SPAN 200 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

SPANISH G285 - 4 Units
Intermediate Spanish 2
(Formerly known as: Intermediate Spanish)
Prerequisites: Spanish G280
A continuation of Spanish G280, with reading of more difficult literary texts. Increasing stress on spontaneous conversation and free composition. The admission of native speakers to Spanish G285 will be at the discretion of the instructor. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

THEATER ARTS

THEATER ARTS G100 - 3 Units
Introduction to the Theater
(Same as: Humanities G132)
A course designed to introduce students to all aspects of theater. This course examines theater history, acting, directing and the technical elements of scenery, lighting, sound, costume and make-up. Lecture, demonstration, and classroom participation will be utilized. Students are required to see college produced plays. C-ID THTR 111 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

THEATER ARTS G102 - 3 Units
History and Appreciation of the Cinema
(Same as: Humanities G135)
This course is designed for students who want to develop an appreciation for and obtain a perspective on the cinema, including its historical, artistic, cultural and myth-making aspects. Topics will include film genres, filmmaking techniques (e.g. what does a director do? What is editing?), film language, narrative devices, themes, film theory and criticism, film studios and the star system, relationship between film and literature, and other subjects. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

THEATER ARTS G106 - 3 Units
Acting 1
(Formerly known as: Acting Fundamentals)
This course is an introduction to the discipline of acting. Areas of study include basic acting techniques, interaction, characterization and emotion. Students are expected to participate in class exercises and improvisations, prepare memorized scenes and criticize various acting techniques orally and in writing. This course is required for Theater Arts majors. Students are required to attend Golden West College Theater Arts Department productions. C-ID THTR 151 Lecture & lab. Letter grade only. Transferable to CSU; UC.

THEATER ARTS G107 - 3 Units
Acting 2
Prerequisites: Theater Arts G106 or instructor approval
This course is an intermediate course in acting with special focus on characterization, emotion, movement, vocal techniques, improvisation, audition techniques and scene study. The acting student will work with selected contemporary dramatic and comedic scenes on an intermediate level. Students are required to see Golden West College Theater Arts Department productions. Lecture & lab. Letter grade only. Transferable to CSU; UC.

THEATER ARTS G108 - 3 Units
History and Appreciation of the Musical Theater
(Same as: Humanities G108, Music G108)
This is a course that explores all of the elements which make the Musical Theater one of the premier art forms of the 21st Century. Emphasis will be
placed on the history of the musical and on examining the roles of the composer, librettist, lyricist, choreographer, director, performer, designer, and others relative to creating a musical theater production. DVD/video/broadcast television, film and performances will be utilized to enhance the student's knowledge of the subject. Lecture. Optional pass/no pass grade. May not be offered each semester.

THEATER ARTS G110 - 3 Units
Acting for the Camera
(Formerly known as: BVP G152)
This course encompasses the study and exercise in the special techniques of acting for the motion picture and television cameras. Areas of study include development of basic on-camera acting techniques for film, video and television. Students are expected to participate in on-camera class exercises and improvisations, prepare memorized scenes and, orally and in writing, critique acting techniques and skills found in film, video and television productions. Emphasis will be placed on the audition process for commercials and TV/film technique along with the understanding of the various camera angles, shots, positions and actor behaviors unique to acting before a camera. Students are required to attend Golden West College Theater Arts Department productions. Lecture & lab. Letter grade only. Transferable to CSU; UC.

THEATER ARTS G111 - 3 Units
Theater History and Literature - Classical to 1800
(Formerly known as: THEA G101, HUM G130)
This course will introduce the historical and literary origins of theater from Classical Greece to 1800 through a study of dramatic literature. The general nature of dramatic presentation including elements of dramatic structure, types of drama, and the contributions of the playwright, actor, director, designer and audience will be included. The course includes an introduction to the important eras in theater history through the literary analysis and study of several well-known plays. Students are required to attend Golden West College Theater Arts Department productions. C-ID THTR 113 Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

THEATER ARTS G112 - 3 Units
Theater History and Literature - 1800 to Modern
(Formerly known as: THEA G101, HUM G130)
This course will introduce the historical and literary origins of theater from 1800 to modern theater through a study of dramatic literature. The general nature of dramatic presentation including elements of dramatic structure, types of drama, and the contributions of the playwright, actor, director, designer; technician and audience will be included. The course includes an introduction to the important eras in theater history through the literary analysis and study of several well-known plays. Students are required to attend Golden West College Theater Arts Department productions. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

THEATER ARTS G115 - 1-2 Units
Theater Practicum 1 - Performance
(Formerly known as: Theater Arts G142, Theater Workshop, Theater Pract)
Prerequisites: Audition/Interview
Students in this course are given practical experience in theatrical acting, rehearsal and performance at an introductory level. Actors will be selected through the audition/interview process. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU; UC.

THEATER ARTS G116 - 1-2 Units
Theater Practicum 2
Students in this course are given practical experience in each area of theatrical performance and production at a beginning level. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU; UC.
THEATER ARTS G126 - 1-2 Units
Play Production and Performance 2
Advisories: Audition/Interview
Participation, at a beginning level, in the preparation of theatrical productions presented to the community in one or more of the following areas: stage scenery building and painting, stage lighting, stage makeup, stage costumes, house management, stage management and acting. Actors will be selected through audition. All others will identify a preference for production assignments through the interview process. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU; UC.

THEATER ARTS G127 - 1-2 Units
Play Production and Performance 3
Advisories: Audition/Interview
Participation, at an intermediate level, in the preparation of theatrical productions presented to the community in one or more of the following areas: stage scenery building and painting, stage lighting, stage makeup, stage costumes, house management, stage management and acting. Actors will be selected through audition. All others will identify a preference for production assignments through the interview process. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU.

THEATER ARTS G128 - 1-2 Units
Play Production and Performance 4
Advisories: Audition/Interview
Participation, at an advanced level, in the preparation of theatrical productions presented to the community in one or more of the following areas: stage scenery building and painting, stage lighting, stage makeup, stage costumes, house management, stage management and acting. Actors will be selected through audition. All others will identify a preference for production assignments through the interview process. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU.

THEATER ARTS G135 - 1-2 Units
Classical Play Performance 1
(Formerly known as: THEATER ARTS G172, Classical Play Production, Clas)
Prerequisites: Audition/Interview
At an introductory level, instruction and participation in theatre rehearsal and performance of classical plays (Greek, Roman, Elizabethan and 16th through 19th century) presented to the community. Student will explore social and moral attitudes and customs of historical periods. Actors will be selected through the audition/interview process. Strongly recommended for theater majors. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU.

THEATER ARTS G136 - 1-2 Units
Classical Play Production and Performance 2
At a beginning level, participation in the preparation of productions of classical plays (Greek, Roman, Elizabethan and 16th through 19th) presented to the community. Students will explore social and moral attitudes and customs of historical periods. Student will be introduced to the following areas of concentration: scenery, lighting, sound, costumes, make-up, house management, publicity, marketing and/or acting. Actors will be selected through audition and all others will identify a preference for production assignments. Strongly recommended for theater majors. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU.

THEATER ARTS G137 - 1-2 Units
Classical Play Production and Performance 3
Advisories: Audition/Interview
At an intermediate level, participation in the preparation of classical plays (Greek, Roman, Elizabethan and 16th through 19th century) presented to the community. Student will explore social and moral attitudes and customs of specific historical periods. Student will be introduced to the following areas of concentration for classical presentations: scenery, lighting, sound, costumes, make-up, house management, publicity, marketing and/or acting. Actors will be selected through audition. All others will identify a preference for production assignments through the interview process. Strongly recommended for theater majors. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU.

THEATER ARTS G138 - 1-2 Units
Classical Play Production and Performance 4
Advisories: Audition/Interview
At an advanced level, participation in the preparation of classical plays (Greek, Roman, Elizabethan and 16th through 19th century) presented to the community. Student will explore social and moral attitudes and customs of specific historical periods. Student will be introduced to the following areas of concentration for classical presentations: scenery, lighting, sound, costumes, make-up, house management, publicity, marketing and/or acting. Actors will be selected through audition. All others will identify a preference for production assignments through the interview process. Strongly recommended for theater majors. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU.

THEATER ARTS G146 - 2 Units
Voice for Musical Theater 1
(Formerly known as: Broadway and Opera Singing)
(Same as: Music G150)
Advisories: Music G121 or G115, or G141 - G142 recommended for those who do not read music.
This course teaches vocal technique, self-confidence in vocal performance and character development for singers, actors and dancers at an introductory level. Students sing songs from musical theater and/or opera in English and first languages. An audition is not required. Daily practice is required. A pianist accompanies the classes. A Lecture. Optional pass/no pass grade. Transferable to CSU; UC.
THEATER ARTS G148 - 2 Units
Voice for Musical Theater 2
(Also as: MUS G152)
Prerequisites: Theater Arts G148, or Music G151 or permission of instructor
Advisories: Music G121, or Music G115, or Music G141 - G142 recommended for those who do not read music
This course teaches vocal technique, self-confidence in vocal performance and character development for singers, actors and dancers at an intermediate level. Students sing songs from musical theater and/or opera in English and first languages. An audition is not required. Daily practice is required. A pianist accompanies the classes. Lecture. Optional pass/no pass grade. Transferable to CSU.

THEATER ARTS G156 - 2 Units
Voice for Musical Theater 3
(Also as: Music G159)
Prerequisites: Theater Arts G148, or Music G150 or Theater Arts G146
Advisories: Music G115, or G121, or G141 - G142 recommended for those who do not read music
This course teaches vocal technique, self-confidence in vocal performance and character development for singers, actors and dancers at an advanced level. Students sing songs from musical theater and/or opera in English and first languages. An audition is not required. Daily practice is required. A pianist accompanies the classes. Lecture. Optional pass/no pass grade. Transferable to CSU.

THEATER ARTS G158 - 2 Units
Voice for Musical Theater 4
(Also as: Music G153)
Prerequisites: Music G152 or Theater Arts G156
Advisories: Music G121, or Music G15, or Music G141. Music G142 recommended for those who do not read music
This course teaches vocal technique, self-confidence in vocal performance and character development for singers, actors and dancers at an advanced level. Students sing songs from musical theater and/or opera in English and first languages. An audition is not required. Daily practice is required. A pianist accompanies the classes. Lecture. Optional pass/no pass grade. Transferable to CSU.

THEATER ARTS G160 - 3 Units
Introduction to Stage Direction
This course introduces the student to the directing process for the stage. Included are units of study in the use of the stage, play selection and analysis, casting the play, blocking the action, picturization, character development, rhythm, and the organization of the rehearsal process. Lecture & lab. Letter grade only. Transferable to CSU; UC.

THEATER ARTS G161 - 3 Units
Stage Management
This course teaches students processes and techniques to manage the preparation, rehearsal, and performance of theatrical productions. Basic skills to be introduced include blocking notation, production book assembly, and communication protocols applied in the theatrical production process. Stage management as a profession will be studied. Students are required to see college productions. Lecture. Optional pass/no pass grade. Transferable to CSU.

THEATER ARTS G170 - 1-2 Units
Theater Production and Stage Crew
(Formerly known as: Stage Crew Activity)
Student will gain practical experience in the technical preparation and operation of theatrical productions presented to the community. Student will be involved in one or more of the following areas of concentration and responsibility: stage management, house management, stage crew activity, scenery building and painting, props, lighting, make-up, costumes, sound and/or special effects at an introductory level. Students will identify a preference for stage crew/technical theater production assignments through the interview process. C-ID THTR 192 Lab. Optional pass/no pass grade. Transferable to CSU; UC.
THEATER ARTS G178 - 3 Units
Introduction to Stage Costume
(Formerly known as: Costume Crafts)
This course is an introduction to costumeing for the theater, television and film. Topics included: fabrics, sewing, wardrobe observations, color coordination, script analysis and basic drawing. Students will participate in the design and construction of costumes for Golden West College productions and will work on the production wardrobe crew. This course is required for students planning to transfer to California State University. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

THEATER ARTS G179 - 3 Units
Theater Sound Technology
This course covers an introduction to basic sound design theory and technology, sound reinforcement techniques, and sound operations used in the performing arts. Students are required to attend Golden West College productions. Lecture & lab. Optional pass/no pass grade. Transferable to CSU.

THEATER ARTS G188 - 3 Units
Stage Movement 1
(Formerly known as: Body Movement for the Actor; Stage Movement)
This course will instruct actors in the use of the body as an expressive instrument in performance focusing on introductory movement skills, physical awareness, movement improvisation and stage combat. Lecture & lab. Letter grade only. Transferable to CSU; UC. May not be offered each semester.

THEATER ARTS G190 - 3 Units
Stage Movement 2
This course will instruct actors in the use of the body as an expressive instrument in performance focusing on movement skills, physical awareness, movement improvisation and stage combat at a beginning level. Lecture & lab. Letter grade only. Transferable to CSU; UC.

THEATER ARTS G191 - 3 Units
Stage Movement 3
This course will instruct actors in the use of the body as an expressive instrument in performance focusing on movement skills, physical awareness, movement improvisation and stage combat at an intermediate level. Lecture & lab. Letter grade only. Transferable to CSU; UC.

THEATER ARTS G192 - 3 Units
Stage Movement 4
This course will instruct actors in the use of the body as an expressive instrument in performance focusing on movement skills, physical awareness, movement improvisation and stage combat at an advanced level. Lecture & lab. Letter grade only. Transferable to CSU; UC.

THEATER ARTS G206 - 3 Units
Acting 3
(Formerly known as: Acting III - Scene Study)
This course is an advanced course in acting with concentration on characterization, projection, vocal techniques, diction, and scene study. The basis of study will be selected historic classical theatrical literature from Greek, Roman, Elizabethan, Restoration and Commedia dell’Arte theatrical periods. Students are required to see Golden West College Theater Arts Department productions. Lecture & lab. Letter grade only. Transferable to CSU; UC. May not be offered each semester.

THEATER ARTS G207 - 3 Units
Acting 4
(Formerly known as: Acting IV - Classical Styles)
This course is an advanced course in acting with concentration on realism, classical and contemporary acting techniques, stage movement, characterization, vocal techniques and diction. The basis of study will be selected classical theatrical literature from the late 19th century to the present. Students are required to see Golden West College Theater Arts Department productions. Lecture & lab. Letter grade only. Transferable to CSU; UC. May not be offered each semester.

THEATER ARTS G210 - 2 Units
Musical Theater Performance 1
(Formerly known as: Musical Theater Workshop, Musical Theater Production)
Prerequisites: Audition/Interview
Introduction to the principles and techniques of performing for musical theater. Students will learn and apply acting, dancing, solo and choral singing and audition techniques with emphasis on introductory participation in musical theater presentations such as musical comedy, musical drama, musical revues, opera or operettas presented at Golden West College. Actors will be selected through the audition/interview process. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU; UC.

THEATER ARTS G211 - 2 Units
Musical Theater Production and Performance 2
Advisories: Audition/Interview
Students in this course will experience the principles of acting, dancing, solo and choral singing, stage management, producing, audition and/or technical theater techniques for musical theater at a beginning level. Students will participate in musical theater presentations such as musical comedy, musical drama, musical revues, opera or operettas presented at Golden West College at a beginning level. Actors will be selected through audition. All others will identify a preference for production assignments through the interview process. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU; UC.

THEATER ARTS G212 - 2 Units
Musical Theater Production and Performance 3
Advisories: Audition/Interview
Students in this course will experience the principles of acting, dancing, solo and choral singing, stage management, producing, audition and/or technical theater techniques for musical theater at an intermediate level. Students will participate in musical theater presentations such as musical comedy, musical drama, musical revues, opera or
operettas presented at Golden West College at an intermediate level. Actors will be selected through audition. All others will identify a preference for production assignments through the interview process. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU; UC.

THEATER ARTS G213 - 2 Units
Musical Theater Production and Performance 4
Advisories: Audition/Interview
Students in this course will experience the principles of acting, dancing, solo and choral singing, stage management, producing, audition and/or technical theater techniques for musical theater at an advanced level. Students will participate in musical theater presentations such as musical comedy, musical drama, musical revues, opera or operettas presented at Golden West College at an advanced level. Actors will be selected through audition. All others will identify a preference for production assignments through the interview process. Lab. Optional pass/no pass grade. Open entry/open exit. Transferable to CSU; UC.

TUTORING SKILLS

TUTORING SKILLS G020 - 0.5 Units
Basics of Tutoring
Prerequisites: Permission of the instructor.
This course will provide the tutor with supervised practice in conducting individualized and small-group tutoring sessions with Golden West College students. Lab. Pass/no pass grade. Open entry/open exit. Transferable to CSU; UC.

TUTORING SKILLS G107 - 1 Unit
Introduction to Tutoring
Prerequisites: Permission of the Instructor upon being hired as a tutor in the Tutorial and Learning Center.
This course teaches the essential skills necessary to effectively tutor students and fulfills state guidelines for community college tutor training. Guidelines are provided to teach tutors to: determine learning needs; to set short term goals; and to select and sequence activities to best accomplish those goals. This course includes lectures and supervised practice in conducting individual and/or small group tutoring sessions. Tutors also share their experiences in group discussions. Lecture & lab. Pass/no pass only. Transferable to CSU.

TUTORING SKILLS G111 - 0.5 Units
The Tutoring Process
Prerequisites: Permission of the Instructor
Advisories: Tutoring Skills G107
This course focuses on the intermediate skills of communication needed to tutor effectively and methods of evaluating tutor performance. The tutor is provided with the means to analyze their own communication patterns and tutoring techniques. Individualized class equivalent to nine hours. Lecture. Pass/no pass only. Transferable to CSU.

VIETNAMESE

VIETNAMESE G185 - 5 Units
Elementary Vietnamese 2
(Formerly known as: Elementary Vietnamese)
Prerequisites: Vietnamese G180
This course is designed to further develop the fundamental skills of spoken and written Vietnamese. Students will learn correct pronunciation, basic structural patterns, and necessary vocabulary in order to write and understand basic sentences and carry on simple conversations. Lab assignments will enhance the students’ pronunciation and understanding. A minimum of one-hour laboratory attendance will be arranged by the student with the instructor. Fundamental aspects of Vietnamese culture will be addressed. Lecture & lab. Optional pass/no pass grade. Transferable to CSU; UC.

VIETNAMESE G280 - 4 Units
Intermediate Vietnamese 1
(Formerly known as: Intermediate Vietnamese)
Prerequisites: Vietnamese G185
A Vietnamese language course designed for students with essential basic skills in Vietnamese. These basic skills will be reviewed. The course will provide for further development of vocabulary, introduce idiomatic expressions and practice writing paragraphs in standard Vietnamese. Cultural reading will include Vietnamese history, literature and current affairs. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

VIETNAMESE G285 - 4 Units
Intermediate Vietnamese 2
(Formerly known as: Intermediate Vietnamese)
Prerequisites: Vietnamese G280
A course in Vietnamese language with initial intermediate skills of the language. Writing of short compositions and further study of idiomatic terms. Further reading of Vietnamese literature, history and general aspects of culture. Lecture. Optional pass/no pass grade. Transferable to CSU; UC.

CLASSIFICATION OF STUDENTS

Students are classified as follows:

**Freshman:**
A student who has completed fewer than 30 units.

**Sophomore:**
A student who has completed 30 or more units.

**Part-time Student:**
A student enrolled in fewer than 12 units.

**Full-time Student:**
A student enrolled in 12 or more units.

STUDENT STATUS

**New Student**
No previous enrollment record recorded at Golden West College.

**Continuing Student**
Continuing enrollment at Golden West College from one primary term to the next primary term.

**Returning Student**
Previously enrolled at Golden West College however missed at least one primary term of attendance.

CATALOG RIGHTS

Golden West College issues a new catalog each year. The information published in the catalog is in effect for the academic year beginning with the fall semester and concluding with the summer session. The courses required for a specific degree or certificate, or general education may change from one catalog to the next and, therefore, may change during the period of time that a student attends the college.

Catalog rights, established when a student first takes classes at the college, protect the student from being held for additional requirements that may be added to a later catalog. For the purposes of meeting graduation or certificate requirements, students may elect to meet the requirements of either

1. The catalog that was in effect at the time they began taking courses at Golden West College.
2. Any catalog that was in effect during the student’s continuous enrollment.
3. The catalog that is in effect at the time they file an application for a degree or certificate.

It is the responsibility of the student to indicate, at the time the graduation petition is submitted, which catalog he/she elects to follow.

Students maintain catalog rights by maintaining continuous enrollment at Golden West College—that is, by receiving a letter grade of A, B, C, D, F, P, NP, W, MW, I or IP on their transcripts for at least one course per academic year. Documented military or medical leave will not be considered an interruption of enrollment.

Catalog rights are superseded when

1. A program requires that students complete specific courses within an established time frame or
2. Vocational program requirements change to comply with industry standards.

ATTENDANCE

Attendance at all class meetings is the student’s responsibility.

It is very important that students attend the first class meeting of every class in which they are registered, since a full period of instruction will begin the first day of the semester. Instructors may drop students who miss the first class meeting to make room for students who wish to enroll.

Regular and prompt attendance in class and laboratory sessions is expected of every student. Instructors may drop a student from a course, or lower a student’s grade when the student incurs excessive unexcused absences, unless there are verified extenuating circumstances beyond the control of the student (i.e. accident, illness, death in immediate family, etc.). A student who has been absent because of extenuating circumstance should report to the instructor on the day of his/her return.

No absence excuses a student from making up the work missed. Students should realize that absences may adversely affect their grades.

It is the student’s responsibility to drop classes they are no longer attending. Please see College withdrawal policy.

COURSE LOAD LIMIT

College work is measured in terms of the “credit unit.” In a recitation-lecture course, a college unit is normally defined as one hour of lecture and two hours of homework per week. In the laboratory, three hours in the classroom per week with no outside work constitute one unit of credit.

The credit value assigned to a course is not determined by the number of class meetings per week, but by the number of hours of work required of the student.

No student will be permitted to carry more than 19 units during Fall/Spring semesters and 9 units during the Summer session, or 5 units during the Winter Intersession within the Coast Community College District (CCC, GWC, OCC) without permission from the Director of Admissions and Records/designee.
REMEDIAL COURSEWORK LIMITS

No more than 30 semester units of course credit may be assigned to a student for remedial coursework except when the student is enrolled in one or more course in English as a Second Language or is identified as having a learning disability. This limit may be waived if the student can show significant and/or measurable progress toward the development of skills appropriate to enrollment in college-level courses. Students needing remedial instruction beyond the course credit restrictions set forth in this section shall be referred to appropriated non-credit adult basic education programs conducted by an adult school.

GRADING

Student performance in courses is indicated by one of 10 grades. Grades which carry point value, and which are used in determining the grade point average (GPA), are as follows:

- A – Excellent
  4 grade points per unit
- B – Good
  3 grade points per unit
- C – Satisfactory
  2 grade points per unit
- D – Passing, less than satisfactory
  1 grade point per unit
- F – Failing
  0 grade points per unit

The following grades are not part of the GPA computation:

- P – Pass, at least satisfactory
  Unit credit granted
- NP – No-Pass, less than satisfactory or failing
  - No units granted
- W – Withdrawal
  - No units granted
- I, I/B, I/C, I/D, I/F
  - No units granted
- I/NP – Incomplete
  - No units granted
- IP – In Progress
  - No units granted
- MW – Military Withdrawal
  - No units granted,No penalty
- NG – Non-Graded
  - No units granted
- RD – Report Delayed
  - No units

GRADING OPTIONS

Optional Pass/No Pass or grade classes.

- In these courses, students may elect to receive either a traditional letter grade of “A” through “F” or Pass/No Pass for the course.

Pass/No Pass grading option:

- Requesting the Pass/No Pass grading option must be submitted electronically via your MyGWC prior to the start of the term or session. Once classes begin, or if you receive the following message, “Errors have occurred – Authorization required: CRN started” you will be required to submit your request to take a class Pass/No Pass in person in the Enrollment Center. Requests must be submitted no later than the end of the third week of the term for full-term (16 week) courses or during the first 20% of the course for all other length courses. For courses OTHER than full-term, the deadline is the same as the deadline for the Last Day to Drop Without a Withdrawal as printed on your Student Class Program (Web Schedule Bill).

- Once the grade option deadline has passed, the grade mode (Standard Letter or Pass/No Pass) cannot be changed. Before selecting this option, students should consult with a counselor.

Generally, it is recommended that students select a letter grade in courses satisfying requirements for majors, general education, or for a high school course deficiency.

- A maximum of 15 units of Pass/No Pass option coursework earned at an accredited college or university is counted toward the degree requirements for an Associate’s Degree.

- Grades of “NP (No Pass)” are considered unsatisfactory and are counted towards progress probation and/or dismissal.

- In courses where one performance standard determines unit credit, there is no option and only a “Pass” or “No Pass” is given.

Note: In classes graded on this basis, students are held to attendance regulations and academic standards expected in the standard graded courses.

Students are advised to read the following statements before deciding to pursue a course on a graded (“A” to “F”) or Pass/No Pass basis.

- A grade of “Pass” or “No Pass” does not affect a student’s grade point average at Golden West College.

- “NP”, “W”, and “I” grades are utilized by Golden West College in the determination of academic probation and disqualification. (Refer to college regulations concerning “Probation/Disqualification.”)

- Courses taken at Golden West College to remedy an admissions deficiency for the University of California due to poor or incomplete high school preparation are not acceptable if completed on a “pass” basis.
Welcome to Golden West College

- Students required to complete 60 units of course work with a grade point average of 2.4 prior to transfer to a University of California campus, such as Irvine, must complete at least 42 of these units on a graded (“A” through “F”) basis.

- Some universities may specify that courses required for a major be completed on a standard grade basis (“A” through “F”).

- A grade of “pass” is equivalent to a “C” for purposes of transfer.

- Some universities specify that courses taken to satisfy general education breadth requirements be completed on a standard grade basis (“A” through “F”).

- Some institutions limit the number of units completed on a “pass” basis which are accepted toward the bachelor’s degree.

- Students planning to apply to competitive admissions programs such as the health professions are usually advised to complete the specified preparation on a graded basis (“A” through “F”).

W (WITHDRAWAL)

Withdrawal is not an automatic process. The student is responsible for officially withdrawing through their MyGWC to avoid receiving “F” or “NP” (no-pass) grades.

Upon entering Golden West College, the student assumes the responsibility of completing each course in which he/she is registered. A college student is expected to attend all sessions of the classes in which he/she is enrolled. An instructor may drop a student for excessive absences when the instructor determines that, due to absences, the student may not successfully complete the course. Students who miss the first meeting of the class may also be dropped. Students who are dropped by their instructors for missing the first class meeting or for excessive absences should verify the instructor drop with Enrollment Services in order to avoid grade penalties and to comply with critical drop dates as specified. After a student has been dropped from the class for unexcused absences, appeal for reinstatement will be considered only under extenuating circumstances.

When withdrawing from a class, students should be aware that the following policies apply:

Early Withdrawal

Classes will not appear on a transcript (a “W” will not be assigned) when a student officially withdraws during the first two (2) weeks of full semester (16-week) fall or spring courses, and 20% of all other length courses. Students should refer to their “Student Class Program, Web Schedule Bill” for specific course deadliness.

Other Withdrawals

A “W” will appear on a transcript for official withdrawals made between the first instructional day of the 3rd week and the last day of the 12th week for full semester (16-week) fall or spring courses and more than 20% and less than 75% in all other length courses.

MW (Military Withdrawal)

“Military Withdrawal” occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, a withdrawal symbol of “MW” is assigned. Military withdrawals shall not be counted in progress probation and dismissal calculations.

I (Incomplete)

An incomplete grade (“I”, “I/B”, “I/C”, “I/D”, “I/F,” and “I/NP”) may be assigned when the course is not completed for unforeseen, emergency and justifiable reasons, with permission from the instructor, and the student intends to complete the work after the end of the term. The condition for the removal of the “I” shall be stated by the instructor as well as the grade assigned in lieu of its removal in a written record available to the student at the Enrollment Services.

When the “I” must be made up no later than one year following the term in which it was assigned. If the work assigned is not completed within that year, then the grade will revert to the grade attached to the “I” (e I/B=B)

A final grade shall be assigned when the work stipulated has been completed and evaluated by the instructor or when the time limit for completion of the work has passed.

NOTE: When unusual circumstances prevail, a petition may be filed with Enrollment Services requesting a reasonable extension of time.

IP (In Progress)

The “IP” (In Progress) grade indicates that the class extends beyond the normal academic term. It indicates that work is “in progress” but assignment of a final grade awaits completion of the course. The “IP” symbol remains on the student’s record and is not used in calculating units attempted or grade points. The appropriate evaluative grade, units and grade points are assigned and appear on the student’s record for the term in which the course is completed.

NOTE: There are very few classes at Golden West College that qualify to use the IP grade.

NG (Non-Graded)

The NG symbol is assigned to non-graded courses.
Grade Challenge Policy
The determination of the student’s grade by the instructor shall be final in the absence of mistake, fraud, bad faith or incompetence. A student who has been assigned a final grade which he/she believes to be incorrect may file a Grade Challenge Petition form obtained from the Enrollment Center. All grade challenges must be made by the student, in writing, within two years after the end of the semester in which the grade in question was assigned.
Grade challenges filed after the two-year deadline will be reviewed for recording errors only to ensure that the student’s grade on the instructor’s roster is, in fact, the grade that appears on the transcript.

Examinations
Final examinations are required in all courses, except physical education. Normally final examinations are given the last week of class. No student will be excused from these examinations. Students must be in attendance at Golden West College for the entire semester and must take the final examination to receive credit.

AWARDING OF CREDIT, SUPPLEMENTARY METHODS
Golden West College recognizes work taken at other accredited colleges and for experiences outside of the traditional classroom setting. Accordingly, college credit is awarded in the following areas:

Previously Earned Units
Transcripts submitted to Golden West College are evaluated for every lower division, degree applicable course completed with a grade of A, B, C, D, F, CR or P. These courses, units, and grades earned are applied as appropriate to your GWC goal and used for educational planning purposes. Complete transcript evaluations are completed in conjunction with scheduled counseling appointments.

Courses with W, NC or NP notations are not reviewed or applied. Students must request copies of official sealed transcripts be mailed to Admissions and Records from each college attended.

We are required to carefully scrutinize general education courses in the areas of written and oral communication, critical thinking and composition, and mathematics and quantitative reasoning that represent the following areas.

For California State University General Education Certification:
- CSU GE Area A2 – Written Communication
- CSU GE Area A3 – Critical Thinking
- CSU GE Area B4 – Mathematics / Quantitative Reasoning

For Intersegmental General Education Transfer Curriculum Certification:
- IGETC Area 1A – English Composition
- IGETC Area 1B – Critical Thinking – English Composition
- IGETC Area 2 – Mathematical Concepts and Quantitative Reasoning

Application of courses from private or out-of-state colleges and universities is often denied because course descriptions are insufficient and do not confirm required course elements (e.g., 6,000 written words, critical thinking, inductive/deductive reasoning, etc.).

Students With Prior Bachelor’s Degree Or Higher
Students with an earned bachelor’s degree from an institution regionally accredited by the Council for Higher Education Accreditation (CHEA) will be exempt from General Education requirements under the AA Option 1 GE pattern.

Review of Coursework Completed at Private Colleges/Universities
GWC does not accept coursework completed at any institution that is not regionally accredited by one of the agencies accepted by GWC, for CSU/GE or IGETC. To be accepted by GWC, your courses must have been taken at an institution regionally accredited by one of the following agencies:
- MSA - Middle States Association (of Colleges and Schools)
- NASC - Northwest Association of Schools and Colleges
- HLC (Formerly NCA)- Higher Learning Commission
- NEASC-CIHE - New England Association of Schools and Colleges - Commission on Institutions of Higher Education
- SACS - Southern Association of Colleges and Schools
- WASC-ACCJC - Western Association of Schools and Colleges - Accrediting Commission for Community and Junior Colleges
- WASC-ACSCU - Western Association of Schools and Colleges - Accrediting Commission for Senior Colleges and Universities

Also, please note that some private colleges/universities offer courses that have similar titles, and appear to be equivalent to courses offered by GWC. However, the elements of the course – course content, learning objectives, lecture and/or lab hours, prerequisites/corequisites – may not be congruent with the GWC course. When evaluating coursework, all of these elements are taken into consideration.

Students With Prior Bachelor’s Degree Or Higher
Students with an earned bachelor’s degree from an institution regionally accredited by the Council for Higher Education Accreditation (CHEA) will be exempt from General Education requirements under the AA Option 1 GE pattern.
Students will need to complete the following for an Associate of Arts Degree:

a) 12 units of residency at Golden West College

b) Completion of major coursework as stated in catalog

Submission of official transcripts is required. This does not apply to Associate Degree for Transfer options, the CSU-GE Breadth or IGETC requirements. Please see a counselor for further details on this process and remaining requirements for the degree.

Note: Students pursuing a nursing degree must still undergo a full transcript evaluation for equivalent coursework and complete any deficiencies for the nursing degree.

International Transcripts

GWC grants credit for courses taken at regionally accredited institutions outside of the United States.

Additionally, approved non-regionally accredited international coursework may be applied to associate degree general education areas – social science, natural science, humanities, and career and personal development or elective credit only. Non-regionally accredited international coursework is not applied to English requirements or competencies, Associate Degrees for Transfer; or CSU/GE or IGETC certification.

You must use one of the evaluation services listed on the NACES site to retrieve a detailed evaluation of your international transcript. The results of the credential evaluation will be reviewed to determine how the international coursework may be applied to a CCCD local/non-transfer associate degree (AA/AS) or certificate. Students may be required to submit course descriptions from the evaluating agency for certain courses to be approved in the general education areas.

Please consider the following limitation before you invest in an international credential evaluation service.

Transfer to a University:

We cannot apply non-regionally accredited international coursework to CSU General Education Certification or IGETC Certification for transfer purposes. Although some of your courses may be accepted by the institution to which you transfer, it is up to the destination institution to evaluate and determine what coursework will be accepted and how it will apply to your degree. For more information consult directly with the 4-year college that is your transfer destination.

A Maximum of 40 Units in the Following Categories Will Be Awarded.

Students will be mailed an evaluation after the required documents have been submitted. Awarded credit is not transferable to other colleges and universities; it is subject to the individual policies of the respective institutions.

Credit by Examination

Students who are currently enrolled in at least one course (other than the course to be challenged) and who have completed 12 units at Golden West College with a 2.0 GPA in all college units attempted are eligible to seek “credit by examination” in a maximum of two courses. Approval by the Instructor and Division Dean is required to earn “credit by examination”. A grade of pass or no pass will be awarded and the course will be identified as a “Credit by Examination” on the transcript.

Eligibility for credit will be based on post high school experiences. Students must request “credit by examination” in the Admissions and Records Office during the first six weeks of the semester in order to receive credit that semester. Students should not enroll in the course to be taken “Credit by Examination.”

Note: Credit will not be awarded for 180 and/or 185 level language courses if the language is the student’s families primary or secondary language or if the student took the equivalent course in high school.

Military Service Credit

Golden West College reserves the right to evaluate and grant credit based on the academic policies established at GWC. The college recognizes and grants academic credit to veterans who completed a minimum of one year of active honorable service in the armed forces unless it has been awarded by another school. This credit includes 3 units for AA Degree Area E-Self Development on the GWC General Education pattern, or Area IGETC Certification for transfer purposes. Although some of your courses may be accepted by the institution to which you transfer, it is up to the destination institution to evaluate and determine what coursework will be accepted and how it will apply to your degree. For more information consult directly with the 4-year college that is your transfer destination.

Veterans will be awarded credit based on a review of their DD-214 #4.

College Level Examination Program (CLEP)

Subject Examination: Golden West College will award credit for many of the College Level Examination subject exams passed at the 50th percentile level or higher.

General Examinations:

Students may earn four units of ungraded, elective credit applicable to the Associate in Arts degree for each General Examination completed successfully. Minimum scores required for successful completion are:

Humanities 489
Mathematics 497
Natural Science 489
Social Science 488

No Credit is given for the CLEP General Examination in English.

**Computerized Examination**
Credit will be awarded for a minimum score of 50 on the CLEP computer-based exam.

Duplicate credit will not be awarded in the same area for Advanced Placement Exams, the International Baccalaureate, and the CLEP subject exams. In order to receive credit students must have official test results from the testing service sent to Golden West College. Credits are posted to the transcript upon completion of all other graduation requirements.

CLEP credit can be used to satisfy CSU General Education Breadth requirements. It cannot be used to meet IGETC requirements. CSU grants CLEP credit, UC does not. It is up to the receiving institution to evaluate and grant CLEP credit. CLEP credit awarded at GWC may not transfer to other colleges. See a GWC counselor for more information.

**English Equivalency Test**
Students who pass the State University English Equivalency Test are awarded course and unit credit for English 100 and English 110. Credits are posted to transcripts upon completion of all other graduation requirements. Copies of the official test results must be requested from the testing service by the student and forwarded to the Admissions and Records Office.

**Certified Administrative Professional (CAP) Examination**
Individuals who have passed the Certified Administrative Professional (CAP) exam administered by the Certification Department of the International Association of Administrative Professionals (IAAP) may be awarded 30 units of course work toward the Associate in Arts Degree at Golden West College. The 30 course credits (with units earned and a credit grade) awarded to Certified Administrative Professional certificate holders will be recorded on the student’s transcript upon completion of the remaining Associate in Arts degree requirements at Golden West College and/or upon completion of the 12-unit residency requirement. Students must meet with a counselor to complete the application of eligibility form. More information is available at www.iaap-hq.org.

**Professional Legal Secretary Exam**
Individuals who have passed the Professional Legal Secretary (PLS) exam administered through the National Association of Legal Secretaries (NALS) may be awarded up to 30 units of course work toward the Associate in Arts Degree at Golden West College. The 30 course credits (with units earned and a credit grade) awarded to Certified Professional Legal Secretary certificate holders will be recorded on the student’s transcript upon completion of the remaining Associate in Arts degree requirements at Golden West College and/or upon completion of the 12-unit residency requirement. Students must meet with a counselor to complete the application of eligibility form. More information is available at www.nals.org.

**Licensure Credit for Vocational Nurses**
Twenty units may be awarded for holders of valid California Vocational Nursing Licenses. Credits are posted to transcripts upon completion of all other graduation requirements. Students must provide a copy of their current California license upon application to the program in order to be eligible for this credit.

**Special Topics**
Special Topics are specialized studies or projects that are especially designed by instructors and students to enrich the learning experience. The decision to offer a Special Topic is at the discretion of each instructor and the Division Dean. In order to be eligible for a Special Topic, a student must have completed previously at Golden West College two courses in the same discipline with a minimum grade of “B” in each course. Students request petitions in the Enrollment Center.

By arrangement with an instructor and with the approval of the Division Dean, students may study special topics in any discipline in the curriculum. Credits may be earned in: Special Topics 099A-D, non-transfer level, or Special Topics 299A-D, transfer level. The deadline for registration in Special Topics courses is Friday of the sixth week of instruction of the semester; the completed petition form must be filed in the Enrollment Center by that date. Special Topics are listed on the transcript by title and discipline, e.g., Special Topics 299-AD History.

**Individualized Study**
For courses listed in this catalog, a student may prefer to take the course through Individualized Study because of special circumstances. This privilege is available only to students who have completed 12 units of course work at Golden West College with a GPA of 2.0 in all units attempted. Students request petitions in the Enrollment Center. This petition must be approved by the instructor who will supervise the individualized study, as well as by the Division Dean. Individualized Study petitions must be filed in the Enrollment Center during the first six weeks of the semester.
Advanced Placement Credit (AP)

Students may earn credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU/GE and A.A. general education (GE) and/or major requirements. [Local/Non-transfer Degree Exceptions to the minimum AP score are the Physics G120 and Physics G125 courses (AP Physics 1 and 2) which require a score of 5 for GWC unit and subject credit. Also, students who score 5 in Calculus BC can earn 10 units and subject credit for Math 180 + 185].

Students must have the College Board send AP exam results to the Enrollment Center (hand carried copies will not be accepted) for use on the A.A. or GE patterns. Course credit and units granted at Golden West College may differ from course credit and units granted by a transfer institution. See Counselor.

International Baccalaureate (IB)

Students can earn GWC credit for International Baccalaureate examinations with a minimum score of 5. Exam results can be used to satisfy CSU General Education Breadth and IGETC requirements but may require a score of 4 in some of the areas.

Technical Advanced Placement (TAP) Articulation

The TAP Program offers High School/ROP students an opportunity to transition from secondary education to community college in a seamless process. Many Career and Technical Education (CTE) courses taken during High School, offered by the High School or ROP may be eligible for course articulation. If a course has been articulated, there is an agreement in place between the high school/ROP and Community College stating that the student will receive credit for the course if they meet the requirements specified below. This allows students to avoid repeating articulated CTE courses which were already successfully completed.

Requirements for earning TAP Credit

1. Complete an articulated high school or ROP CTE class with a B or better.
2. Bring the official high school / ROP transcript to a GWC Counselor who will sign the TAP petition form (obtained by the counselor).
3. Submit completed forms to Admissions and Records:
   a) TAP (Technical Advanced Placement) Petition for credit, signed by counselor
   b) Official High School/ROP transcript
   c) Department Portfolio Approval (if required)
4. If all requirements are met, college credit will be granted in lieu of applicable CTE courses on the student’s GWC transcript at the end of the semester in which the student submits the completed form.

More information including a list of articulated classes is available at www.ctetoolbox.com

</table>

Note: *If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered “Level I” and earns six units of baccalaureate credit; the higher score listed for each test is considered “Level II” and earns additional units of credit and placement in Area C2 of GE Breadth, as noted.

The CLEP Chart is based on the most current information available. Although every attempt has been made to ensure the accuracy of the information provided, make sure to use the link below to see the original document. http://www.calstate.edu/AcadAff/codedMemos/AA-2014-07.pdf
### INTERNATIONAL BACCALAUREATE (IB)

Students can earn IB credit with minimum score of 5 except where noted.*

* A minimum score of 4 is needed for CSU credit

CSU GE: The IB examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

IGETC: IB exams must be used in area indicated regardless of where the certifying CCC’s discipline is located.

The IB Chart is based on the most current Information available. Although every attempt has been made to ensure the accuracy of the information provided, make sure to use the link below to see the original document: http://www.calstate.edu/AcadAff/codedMemos/AA-2014-07.pdf

#Many Colleges or Universities may apply AP credit toward satisfaction of subject or specific requirements (e.g., major). AP policies vary by institution. See the website for policy information of the individual institutions: http://collegesearch.collegeboard.com/apcreditpolicy/index.jsp. See a counselor to discuss how AP is applied.

##Students who take the Calculus BC examination and earn a subscore of 3 or higher on the Calculus AB portion will receive credit for the Calculus AB examination, even if they do not receive a score of 3 or higher on the BC examination.

AA: Students should be aware that AP test credit is evaluated by corresponding it to an equivalent GWCC course, e.g. History G170. A student who receives AP credit and then takes the equivalent GWCC course will have the unit credit for such duplication deducted prior to being awarded the AA degree. Credit by Advanced Placement exam is noted and listed first on a student's transcript, with units assigned and no grade.

CSU GE: The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

IGETC: AP exams must be used in a area indicated regardless of where the certifying CCC's discipline is located.

The AP Chart is based on the most current information available. Although every attempt has been made to assure the accuracy of the information provided, make sure to use the links below to see the original documents.
REPETITION POLICY - COURSES

Course Repetition

In accordance with Title 5, sections 55024, 55040-55045 only courses which fall into the following categories may be repeated. Enrollment in two sections of the same course in the same term or part of term is not permitted.

Repeating Courses

It is possible to repeat a class only in certain circumstances as follows:

1. In the course description in the catalog, the class is identified as eligible for repetition; or
2. The class is eligible for grade remediation by repetition.

Students are limited to three (3) total enrollments for most credit courses. Students will not be allowed to repeat a course more than three times without documented evidence of extenuating circumstances. ‘W’ grades are counted as enrollments.

3. Special classes which meet the needs of students with a documented disability may be repeated in compliance with Title 5, Section 56029, of the Education Code.

Reasons to Repeat a Class

A. Repeating a course in an effort to alleviate a substandard grade; Students who receive substandard grades (“D”,” F”, “NP” or “NC”) and/or one or more Withdrawals (“W”) on the transcript may attempt to successfully complete the course up to a total of two additional times within the Coast Community College District, if necessary to alleviate the substandard grade or successfully complete the course.

After the third attempt to receive a passing grade in a course, the student may complete the Petition to Repeat form and submit to the Enrollment Center for one additional attempt. Appeal forms are available in the Enrollment Center. Students who are approved to take a specific course for the third time do not receive registration priority for that course and must wait until the first week of the semester or term to register. Petitions are only considered for documented extenuating circumstances. Students who withdraw and receive a “W” on each of the three allowable attempts, if by petition the student is given permission to enroll, the students will not be able to withdraw from the course again and an evaluative grade symbol will be recorded. NO FURTHER ATTEMPTS WILL BE PERMITTED.

If the substandard grade is repeated within the Coast Community College District, the Repeat/Delete grade exclusion will be automatically performed on the student’s academic transcript. The grades in the latest term will be the grade which will be used to calculate grade point average regardless of which grade was higher. Although the previous grade(s) will not be counted in the grade point average, they will remain visible on the transcript and the last recorded attempt is the course which will be counted in the student’s permanent academic history.

When a student repeats an equivalent course in which a substandard grade outside the Coast Community College District at a regionally accredited college, they must file a Repeat/Delete Request and submit it to the Admissions and Records Office along with an official transcript from the other college showing successful completion of the course.

B. Repeating a course due to a significant lapse of time, where a passing grade (CR or P) or C or better was previously earned. A significant lapse of time is defined as at least five years. All coursework shall remain on the student’s permanent record. The previous grade and credit will be disregarded in computing the GPA. Course repetition based on significant lapse of time may only occur once. (documentation must be submitted)

C. You have extenuating circumstances - verified cases of accidents, illness, or other life changing event beyond the control of the student that prevented you from doing well in the course (must submit documentation).

D. The course you wish to repeat is part of a legally mandated training as a condition of continued or volunteer employment. Regardless of whether or not a substandard grade (D, F, NC, or NP) was previously earned, the grade and unit credit shall be included each time for the purpose of calculating the GPA. (Documentation must be attached to certify that course repetition is necessary to complete legally mandated training).

E. Repeating a course previously taken at another college. Substandard or non-substandard grades earned at another institution will not be alleviated by repeating a course at Golden West College. The grade and unit credit earned will be calculated and averaged in GPA.

Note: Some transfer institutions may elect to include both courses or may choose to use only the first grade taken in their computation of the grade point average to establish entrance requirements.

IMPORTANT: The Course Repetition Policy and the Repeatability of Courses Regulations mentioned above are subject to change at any time during the academic year as new Legislative Bills may be introduced by State Legislation requiring changes to these policies and regulations. The district and college reserve the right to add, amend,
or repeal any of the rules, regulations, policies, and procedures as necessary.

REPETITION OF ACTIVITIES COURSES—FAMILIES OF COURSES

New regulations governing the repetition of credit courses in the California Community College system effective FALL 2013 have eliminated repeatability in Dance, Drama, Physical Education, Visual Arts, and most Music courses. Intercollegiate Athletics and some Music courses that are required for transfer programs will be the only courses that will remain repeatable; all other courses previously offered as repeatable will be offered as one-time enrollment courses.

While students will not, in most cases, be allowed to repeat active participatory courses in Dance, Drama, Music, Physical Education, and Visual Arts, you will still be allowed to enroll in a series of active participatory courses that are related in content (commonly referred to as a family of courses) a maximum of four times. This is a state regulation and applies to all Dance, Drama, Music, Physical Education and Visual Arts activity classes in the District.

For example, all Ballet courses are part of the “Ballet Family”. Repeatable courses that are related in content and taken prior to FALL 2013 will count toward the four enrollment limitation. Therefore, the “Ballet Family” includes Dance G120 Ballet 1-Beginning, Dance G155 Ballet 2-Intermediate and Dance G220 Ballet 3-Advanced. A student who previously enrolled in Dance G120 twice can only take two more courses in the family; a student who previously enrolled in Dance G120 four times may not take any additional courses in the family.

A family of courses may include more than four courses, but students are limited to a maximum of four courses in any family, in the District. Further, all grades, including “W”s, will count toward the four course enrollment limitation and for computing the grade point average (GPA). Students can repeat Art, Dance, Drama, Music, and PE courses that are included in Families of Courses in which a “NP”, “D”, “F” grade was earned or “W” was assigned; however, all enrollments count toward the 4 enrollment maximum for each family of courses.

COURSE NUMBERING SYSTEM

As of 2008, all course numbers are preceded with a “G”. The “G” denotes that the course is offered at Golden West College.

Each course bearing unit credit may be used in one or more of the following ways:

1. As a measure of developing basic academic skills.
2. As a requisite to the Associate in Arts degree, or
3. As applicable either to the Associate in Arts degree or to an occupational certificate program, or
4. As a lower division course transferable to a four-year college or university.

Courses at Golden West College are numbered according to their basic purposes. However, categories listed below are general in nature, and the student is cautioned not to assume either that a course is better merely because its number falls into a particular group, or that its usefulness is limited to only one purpose.

Courses numbered 001-099 are usually basic skills courses
100-199 are usually first-year courses
200-299 are usually second-year courses

The primary purpose of courses numbered 900 and above is to provide knowledge and skills in selected areas of students’ needs and interests. Such courses are not designed to meet majors requirements for Associate in Arts degrees or to qualify for transfer as part of a baccalaureate degree program.

NOTE:
001-099 are usually basic skills courses
100-199 are usually first-year courses
200-299 are usually second-year courses

NON-CREDIT COURSES IN THE CONTINUING EDUCATION DEPARTMENT

The courses listed in this program are taught at a college level; however, students who enroll, with the permission of the Instructor, will not be evaluated for grading purposes. There is no transcript entry or college credit awarded for participation in these courses. This non-credit option is
available for only a selected number of courses which have been pre-approved by the college curriculum committee. Frequently, they are offered at the same time and in the same room with students enrolled in a credit bearing class. Opportunities for enrollment are determined, on a space available basis, after credit enrollments have been met. All college rules related to student conduct must be satisfied by individuals enrolled in these courses. College enrollment fees are waived; however, other appropriate college and class fees are the responsibility of each enrollee.

NOTE:
800-825 are Non-Credit College Courses for Older Adults
850-859 are Non-Credit College Courses for the Disabled

AUDITING OF COURSES
Golden West College does not offer students the option to audit a course except when in the opinion of the College President or his/her designee a student may be adversely affected due to circumstances beyond the student’s control. Any student granted permission to audit a course cannot enroll until the 3rd week of class and will not be allowed to later change his/her enrollment status in that course to receive credit for the course. Priority in class enrollment shall be given to students desiring to take the course for credit.

Students who are given permission to audit will be expected to participate in class activities. The cost to audit a course is $15 per unit in addition to other required college fees. This fee is subject to change.

HIGH SCHOOL DIPLOMA
Golden West College does not award a high school diploma. In consultation with a local high school district, students may be able to take class work at Golden West College to count toward their high school diploma. For more information, students should contact the office of the high school district in which they live.

Huntington Beach
Adult Education Division
(714) 842-4227
17231 Gothard
Huntington Beach, CA 92647

Garden Grove -- Unified School District Adult Education
(714) 663-6291
11262 Garden Grove Blvd.
Garden Grove, CA 92843

NOTE: Some transfer institutions may elect to include both courses in their computation of the grade point average to establish entrance requirements.

SERVICEMEN’S OPPORTUNITY COLLEGE
Golden West College is designated as a Servicemen’s Opportunity College. This designation means the college provides servicemen and women with: open admissions; credit awarded for USAFI courses and CLEP; opportunities to request waiver of residency requirements for graduation; credit for service schools; and opportunity to complete courses through non-traditional means.

STUDENT RECORDS
Active Records: Most requests for changes to a student’s current class program or information can be done online by logging in to MyGWC or in the Enrollment Center. Included are “adds” to program, “withdrawal from class,” “fee payments”, “address changes”, and “grade option requests.” Grade option requests and name changes must be done in person in the Enrollment Center. If changing a name, official documentation must be presented at the time of the request.

Transcripts: Transcripts of academic work taken at Golden West College are available upon official request. Students make their requests online through Credentials, Inc. on the GWC website, www.goldenwestcollege.edu. Two transcripts and/or enrollment verifications will be provided free of charge. For each additional transcript, there will be a charge of $5. Students may request “rush” (next day) services for an additional $5 per transcript or verification. Fees are subject to change. In accordance with Education Code provision 72237, transcripts will be withheld from students and former students who have outstanding financial or materials obligations to the college and/or district or who have unresolved matters related to student discipline.

Effective May 2013, Credentials Solutions has been retained as the designated agent for processing and sending official electronic transcripts on behalf of Golden West College. The electronic transcript that is produced using this service contains the identical information as the printed transcript and can be certified as unaltered by uploading the file to the company’s website that is provided during the delivery process. Credentials Solutions has been granted the authority to deliver all such electronic transcript requests on behalf of Golden West College and respond to any inquiries regarding transcript transactions.

Cumulative Folders: The Enrollment Center maintains an electronic cumulative file on each student who has records sent to the College. The file, containing copies of high school and college transcripts, and other relevant academic information, such as records of military service and other
awarded credit, is available to the student. These files are the property of the college.

Verifications: The Enrollment Center will provide information regarding a student’s records upon written student request. There is a $3 charge. Two verifications and/or transcripts will be provided free of charge. This fee is subject to change. Golden West College also utilizes the National Student Clearinghouse for reporting of enrollment status. Enrollment status is reported automatically several times during the semester or session.

Note: Current students (those with an active MyGWC account) can obtain an “Enrollment Verification Certification” by logging into their MyGWC and clicking on “Verify Enrollment.” There is no charge for this service.

Student Picture Identification: Students may be required to furnish picture identification in order to participate in certain classes and activities. All students are expected to have a Golden West College Photo I.D. Card. Photo I.D cards are issued in the Enrollment Center during the students first semester and validated each semester thereafter after verification of enrollment and payment. Students are only allowed one replacement during their studies at Golden West College.

ASSOCIATE DEGREE PETITION
Golden West College awards the Associate Degree to students who have met all the requirements for graduation. GWC offers the Associate in Arts, the Associate in Arts Transfer and the Associate in Science Transfer Degrees. Check with your counselor to determine which degree you should complete and to obtain a grad check to attach to your graduation petition. The Associate Degree is not automatically awarded. A petition must be filed in the Enrollment Center at the beginning of the semester in which the student completes the final requirements.

Petitioning periods for the Associate Degree are:
Summer – July 1 through August 1
Fall – September 1 through November 1
Spring – February 1 through April 1

CERTIFICATE AWARDS PETITION
Golden West College offers two types of certificate awards in career programs designed to prepare the graduate to enter a particular field of employment.

1. Certificate of Achievement: Requires 12 or more units in a state approved program. Certificates of Achievement are not automatically awarded. A petition must be filed in the Enrollment Center at the beginning of the semester in which the student will be completing his or her final requirements. Petitioning periods are listed below.

2. Certificate of Specialization: Approved programs of less than 18 units. Certificates of Specialization are not awarded automatically. A petition must be filed in the Enrollment Center at the beginning of the semester in which the student will be completing his or her final requirements. Petitioning periods are listed below. Certificates of Specialization are not printed on official academic transcripts.

Petitioning periods for the Certificate Awards are:
Summer – July 1 through August 1
Fall – September 1 through November 1
Spring – February 1 through April 1

A list of career programs and requirements can be found in the Degrees and Program Section of this catalog. Check with a counselor to determine the requirements for completion.
I.1 INTRODUCTION
This Administrative Procedure (AP 5500) is intended to effectively implement Board Policy 5500 “Student Code of Conduct,” and as such, this Administrative Procedure shall constitute the Student Code of Conduct for all District Students. This Student Code of Conduct provides District Students with prior notice of behavior deemed unacceptable by the District’s Board of Trustees. This Student Code of Conduct includes a defined process for the fair and impartial review and determination of alleged improper Student behavior. This Student Code of Conduct also specifies the various sanctions that may be imposed on District Students for violations of this Student Code of Conduct. Students are expected to be familiar with the terms of the Coast Community College District’s published Board Policy BP 5500 and this Administrative Procedure 5500 Student Code of Conduct.

This Student Code of Conduct provides for the orderly administration of the Student Code of Conduct consistent with the principles of due process of law. Reasonable deviations from the Student Code of Conduct will not invalidate a decision or proceeding.

I.2 THE USE OF “WILL” AND “SHALL”
In this Student Code of Conduct, and throughout the District’s Board Policies and Administrative Procedures, the use of the terms “will” and “shall” are used in the mandatory sense.

I.3 NOTICE - PROCESS FOR NOTIFICATION
Coast Community College District’s primary correspondence and notification mechanism with Students shall be through the Student’s District assigned email account. At the District’s discretion, Students may be notified via U.S. mail, delivery in person, or by an alternate email on record from the Student. Coast Community College District reserves the right to notify parents/legal guardians/emergency contacts when it determines that any Student, regardless of age, is in a situation that is threatening to their own health and safety, or that Student has placed another person in a situation that is threatening to their health and safety.

I.4 JURISDICTION
Pursuant to Board Policy 5500, the District’s jurisdiction concerning alleged Student Code of Conduct violations extends to the District, its colleges, and for all activities occurring on District property. This jurisdiction includes, but is not limited to, its main and satellite campuses, and to any non-District property used by the District or its colleges where District Students are present. This jurisdiction shall also apply to Student-to-Student or Student-to-employee off-campus conduct and/or actions, and electronic activity (such as email, texting, telephone contact, social media), when the College Disciplinary Officer, or designee, determines that the off-campus conduct affects, disrupts, or interferes with the educational mission of the college.

I.5 ANTI-DISCRIMINATION STATEMENT
The Coast Community College District does not unlawfully discriminate based upon age, race, ethnicity, sexual orientation or preference, gender, national origin, veteran’s status, gender identification, or genetic information in administering District educational policies and procedures. The District complies with the American Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. See Board Policy 3410 Nondiscrimination.

I.6 PARALLEL STUDENT CONDUCT PROCEEDINGS
Student Conduct Code proceedings are administrative in nature, and are independent from court or other administrative proceedings. Discipline may be instituted against a Student also charged in civil or criminal courts based on the same facts that constitutes the alleged violation of the Student Code of Conduct. The District may elect to proceed before, concurrently with, or after any judicial or other administrative proceedings.

I.7 PARALLEL TITLE IX INVESTIGATION PROCEEDINGS
The District’s Title IX Policy and Procedure, BP/AP 5910 Gender-Based Discrimination/Sexual Misconduct, addressing the investigation of allegations of sexual misconduct incorporate the sanctions and general procedures set forth in this Student Code of Conduct, but are not restricted by this Procedure. Title IX investigations and processes are independent from court or other administrative proceedings. Student discipline may be instituted against a Student also charged in civil or criminal courts based on the same facts that constitute the alleged violation of Title IX or other law applicable to sexual misconduct. The District may elect to proceed before, concurrently with, or after any judicial or other proceedings.
SECTION II - STUDENT RIGHTS & RESPONSIBILITIES

2.1 DUE PROCESS
Students are entitled to a fundamentally fair process, including reasonable notice of allegations of violations of the Student Code of Conduct, the opportunity for the Student to be heard and to afford the Student the opportunity to present evidence prior to the administrative determination of the alleged violations. The District reserves the right to make immediate interim suspensions or restrictions when such actions are deemed necessary by the College Disciplinary Officer or designee pending an investigation and determination of the matter. Any sanction(s) imposed under the Student Code of Conduct shall be appropriate to the nature of the violation(s).

2.2 STUDENT RIGHTS
• To be treated with respect by District officials
• To take advantage of campus support resources, such as Counseling, Special Services, Health Services, and other available resources.
• To experience a safe educational environment.
• To not be subjected to retaliation for reporting violations.
• To have complaints heard in substantial accordance with established procedures.
• To fully participate in any process whether the injured individual is serving as the Complainant or the institution is serving as Complainant.
• Complainant and Respondent shall be informed in writing of the outcome, any sanctions imposed, and the rationale for the outcome, to the extent permissible under applicable law and Board Policies.

2.3 SPECIAL REQUESTS/ACCOMMODATIONS - STUDENTS WITH DISABILITIES
Any special requests and/or accommodations by any Party (for example, sign language, the use of assistive technology, service animals, and other accommodations approved by the Office of Special Services/Disabilities) require approval by the College Disciplinary Officer or designee and such requests must be made at least 5 days prior to hearing. Special requests and accommodations shall also be applicable to Appeal Hearings as set forth in Section 4.2 of this Student Code of Conduct.

2.4 ROLE OF LEGAL COUNSEL
An attorney licensed to practice in California may accompany the Student to the hearing. The attorney’s role is to provide counsel to the Student without disruption to the hearing process.

The attorney may not make any statements or presentations to the College Disciplinary Officer, Hearing Panel, or Appeal Committee, examine or cross-examine any witnesses, or present evidence or any written material to the College Disciplinary Officer or Hearing Panel or Appeal Committee set forth in Section 4.4. The attorney may not, in any way, disrupt or interfere with the hearing process. Any violation of this section shall result in the removal of the attorney.

The attorney shall provide the College Disciplinary Officer with a retention letter confirming that he/she has been retained by the Student at least 7 days before the hearing so that the necessary arrangements can be made for a District attorney to be present at the hearing. The attorney’s retention letter shall include the attorney’s State Bar number and a telephone number. The requirements of this section shall also be applicable to Appeal Hearings as set forth in Section 4.2 of this Student Code of Conduct.

2.5 STUDENT RIGHT TO REVIEW RECORDS
Students seeking to review or obtain copies of records relating to their investigation or to the outcome should refer to Coast Community College District Board Policy 5040 Student Records Directory Information and Privacy.

2.6 RECORDING AND PRESENTING WITNESSES
Audio/Video Recordings – No audio, video, or other recording of any investigation, interview, meeting, or hearing is permitted.

Witness Rules and Limitations – only witnesses presenting relevant testimony or information directly related to the alleged violations are permitted. Witness statements relating to the alleged violations may be accepted by the College Disciplinary Officer at their sole discretion, if such statements are deemed to be material and relevant to the proceeding.

Character witnesses are not permitted to testify or offer writings in support of any Party in any Student discipline proceeding.

The College Disciplinary Officer shall be responsible to schedule witnesses for all meetings other than the appeal hearing, subject to the Student notifying the college no less than 5 days prior to the proceeding. The College Disciplinary Officer reserves the right to exclude redundant testimony from witnesses, or redundancy in witnesses.

2.7 CONFIDENTIALITY
Any information provided to District employees may be shared with other District employees, law enforcement, or other parties, consistent with law, and only on a “need to know” basis. District employees shall endeavor to honor any Complainant or victim’s request for confidentiality; however, confidentiality cannot always be assured. The District...
may weigh requests for confidentiality against its duty to provide a safe and nondiscriminatory environment for all members of the District Community.

Investigative or hearing proceedings are considered private and confidential so as to protect the Parties involved. Hearings or meetings shall not be conducted in public, and are not open to the public. The Parties involved are expected to maintain the privacy of the proceedings.

SECTION III - STUDENT DISCIPLINE PROCESS

3.1 COMPLAINT FILED/INCIDENT REPORTED

Coast Community College District, through its College Disciplinary Officers, will investigate all reports of alleged violations of the Student Code of Conduct. Anyone who believes a section of this Code of Conduct has been violated should contact the College Disciplinary Officer identified at each District campus. Reports of allegations are entered into a District-wide system where it is assigned to the appropriate college Officer.

3.2 NOTICE TO STUDENT

In all cases, the College Disciplinary Officer, or designee, will provide notice to the Parties, providing them with the following information, pursuant to Section 1.3:

• A description of the alleged violation(s).
• A description of the applicable policies.
• A statement of the potential sanctions/responsive actions that could result.
• A required date and time, for the Student to contact the College Disciplinary Officer within 7 days from receipt of the communication to schedule a hearing/meeting, superseding all other campus and work activities. The Student's failure to contact the College Disciplinary Officer within this 7 day period shall constitute the Student's waiver of their ability to provide a response to the alleged violation(s), and the proceeding shall take place as if the Student has not responded.

3.3 INTERIM ACTIONS

Interim actions are those temporary sanctions deemed necessary by the College Disciplinary Officer to protect the safety and security of the District Community pending investigation into the alleged violations of this Student Code of Conduct. The College Disciplinary Officer may take any interim actions deemed necessary to:

• Protect the District Community from potential threats to health and safety;
• Protect any particular member of the community;
• Protect against the risk of a substantial disruption to the normal operations of the campus.

The College Disciplinary Officer or designee will inform the Respondent involved of any interim action/restrictions implemented against them pending investigation.

Interim Action/Restrictions are effective immediately. There shall be no request to delay the imposition of interim actions. These actions may include:

a) Interim Suspension – A Student who is suspended on an interim basis is subject to all of the same restrictions as if he/she had been suspended as a final sanction. The College Disciplinary Officer, or designee, may impose an interim restriction of up to 10 days following notice from the College Disciplinary Officer.

b) Interim Restriction – These restrictions may include, but are not limited to:

• Restricted access to District facilities;
• District events;
• No-contact orders with specific individuals or any other restrictions deemed by the College Disciplinary Officer or designee to be necessary to achieve the goals stated above.

The College Disciplinary Officer, or designee, may impose an interim restriction of up to 14 days following notice from the College Disciplinary Officer.

Interim Suspensions and Request to Stay.

Upon notice of an Interim Suspension by the College Disciplinary Officer, Title IX Coordinator, or designee, the Student has 3 calendar days (from the date of the notice) to submit reason(s) for a Request to Stay to the Vice President of Student Services, or their designee. The Vice President of Student Services or their designee will render a decision on providing a stay, with or without modifications to the Student's request. The Vice President of Student Services or their designee will provide the Student with a decision within 1 business day of the received Request to Stay. The Interim Suspension remains in effect until a decision from the Vice President of Student Services or designee is rendered.

3.4 INVESTIGATION PROCESS

Disciplinary meetings are not intended to be adversarial in nature. Student shall not have the right to cross examine any other Party or witness during the initial hearing. The investigator will conduct interviews to determine the accuracy of statements or other evidence for the College Disciplinary Officer to consider. The College Disciplinary Officer may also act in the role of investigator for minor
or routine discipline issues. All Title IX investigations shall have an assigned investigator(s) to assist the College Disciplinary Officer.

The College Disciplinary Officer’s primary communication to all Parties involved in the investigation shall be through District assigned email addresses, with supplemental forms of communication used as needed.

The College Disciplinary Officer or designee will investigate each complaint submitted to determine whether it is appropriate to charge a Student with a violation of the Student Conduct Code.

Investigations should generally result in resolution within 60 calendar days after a complaint has been made, barring unexpected delays. If circumstances warrant, the College Disciplinary Officer will provide notice to the Student(s) of any delays or extensions necessary to complete any investigation.

Investigations may comprise of an interview with the reporting Party, person(s) alleged to have violated the policy(s), witnesses, and other persons having knowledge.

The College Disciplinary Officer shall make reasonable efforts to give the Student(s) an opportunity to rebut the accusation or otherwise provide relevant information to the College Disciplinary Officer or designee regarding the incident(s) which led to the belief by the College Disciplinary Officer or designee that the Student violated the Student Code of Conduct in a hearing format.

Should a Student fail to appear for any meeting, that Student may be considered as having waived his/her right to be present for the meeting and the investigation may proceed without the Student’s input.

### 3.5 FINDINGS AND DETERMINATION

Hearings/meetings for possible violations that occur near or after the academic terms will be held as soon as is practicable, to try to meet the resolution timeline followed by the District.

The College Disciplinary Officer has the discretion to elect any of the following methods for resolution:

- **Informal Administrative Resolution** – The Respondent admits to the allegations, and accepts the recommended sanctions of the College Disciplinary Officer or designee.
- **Formal Finding by the College Disciplinary Officer** – The College Disciplinary Officer, after completing an investigation, which includes an opportunity for the Respondent’s due process, makes a finding and, if appropriate, issues sanctions.
- **Formal Finding with Hearing Panel** – The College Disciplinary Officer may, at his/her sole discretion, to refer the findings from his/her investigation, which includes the Respondent’s due process, to a Hearing Panel for recommendation. The Hearing Panel is a panel convened to weigh the evidence presented following an investigation into alleged violations of the Student Code of Conduct. The Hearing Panel shall be formed pursuant to Section 4.4 herein.
- **Dispute Resolution/Mediation** – for alleged offenses determined to be minor in nature by the College Disciplinary Officer, a voluntary alternative to the formal investigation and hearing process, as mutually agreed upon by the College Disciplinary Officer, Complainant, and Respondent. The Complainant and Respondent in attempting resolving the allegation(s). The mediator can be the College Disciplinary Officer, or any other employee of the District as designated by the College Disciplinary Officer. The College Disciplinary Officer may also utilize the services of an external mediator.

### 3.6 TYPES OF FINDINGS AFTER INVESTIGATION

Not Responsible – In these cases, College Disciplinary Officer or designee has determined that insufficient evidence exists, by the Preponderance of Evidence standard, for a finding of Responsible for the alleged violation(s). The case is closed and a record is retained.

Responsible – The College Disciplinary Officer or designee determines that sufficient evidence exists, by the Preponderance of Evidence standard, for a finding that the Respondent is Responsible for the alleged violation(s).

This determination may also be rendered through the Informal Administrative Resolution, where the Respondent has admitted culpability for the alleged violation(s). The College Disciplinary Officer may close the case.

After investigation, meetings, and/or hearing, and considering all information relevant to the issue, the College Disciplinary Officer, Chair and her/his Panel shall then decide whether or not to impose sanctions.

The College Disciplinary Officer will notify the Student charged with violations of the decision of the College Disciplinary Officer or Discipline Panel, and of any sanctions imposed. Such Notice shall be in writing from the College Disciplinary Officer, and communicated to the Student pursuant the notice requirements set forth in Section 1.3.

### 3.7 IMPOSING SANCTIONS

If a Student is found Responsible, sanctions will be imposed by the College Disciplinary Officer, as he/she
deems reasonable and appropriate, pursuant to the available sanctions set forth in Appendix C. The Respondent may elect to appeal the findings and sanctions subject to the limitations for grounds for appeal set forth herein.

3.8 STANDARD OF PROOF FOR FINDINGS

In all cases involving alleged violations of the Student Code of Conduct, the standard of proof for determining whether a Respondent is Not Responsible or Responsible is the Preponderance of Evidence standard (e.g., more likely than not), as defined in Appendix A herein.

SECTION IV - APPEAL PROCESS AND GROUNDS FOR APPEAL

An appeal is not intended to be a full re-hearing of the allegation(s) and reweighing of the evidence. There is a presumption that the College Disciplinary Officer has weighed all information following investigation, and has reached the appropriate determination regarding the finding of Responsibility or Non-Responsibility. Students may appeal determinations or appealable sanctions based only upon any of the following grounds for appeal:

- Excessive sanctions in relation to the violation(s) the Respondent was found Responsible for committing.
- Unlawful discrimination by the College Disciplinary Officer in making a determination of Responsibility.
- A substantive procedural error which materially and significantly affected the weighing of evidence by the College Disciplinary Officer.

A request for appeal must be submitted in writing and must contain detailed information supporting the grounds for appeal. The Student must specifically identify which of the above bulleted grounds their appeal is based on. Student failure to specify the basis for appeal with detailed information shall constitute the dismissal of the Appeal without further proceedings.

The Student shall provide notice of intent to appeal by email, U.S. Mail, or by personal delivery of correspondence to the College Disciplinary Officer’s office within seven days of notification of outcome of the finding and sanction. Any request for appeal that is not received within 7 days of notification of the outcome of a determination shall be deemed untimely and shall constitute a waiver of the Student’s right to an appeal.

In all cases, the College Disciplinary Officer, or designee, will send a notice, pursuant to Section 1.3, to the Parties with the following information:

1. A description of the violation(s), a description of the provisions of the Student Code of Conduct determined to have been violated, and a statement of the sanctions/responsive actions.

2. A required date, time, and location of the hearing, superseding in priority all other campus and work activities. If a Party does not appear at the scheduled hearing, the hearing will be held in his/her absence. For compelling reasons, the College Disciplinary Officer, or designee, may reschedule the hearing; proof may be asked by the College Disciplinary Officer. Appeal hearings that occur near or after the academic terms will be held as soon as practicable to meet the resolution timeline generally followed by the District. If deemed appropriate by the College Disciplinary Officer, or designee, interim actions/restrictions and other stipulations that ensure the safety and/or well-being of the campus community will be administered or maintained.

The College Disciplinary Officer, or designee, shall use reasonable efforts to schedule the appeal hearing promptly, generally no sooner than 10 days after, and not later than 30 days after, the date of the submitted written request for appeal.

However, the scheduling of an appeal hearing may be delayed due to events beyond the College Disciplinary Officer’s control. In such circumstances, the College Disciplinary Officer shall schedule the appeal hearing as promptly as is reasonably possible.

The notice of hearing may be amended by the College Disciplinary Officer at any time, and the College Disciplinary Officer, or designee, may (but is not required to) postpone the appeal hearing for a reasonable period of time.

4.1 ROLE OF ADVISORS AND LEGAL COUNSEL DURING APPEAL

Student conduct proceedings are not formal court proceedings, but instead, are administrative proceedings conducted by the District. Although District-related sanctions may be imposed, the process is intended to provide an opportunity for learning, and to promote a safe educational environment.

If the Student is a dependent minor, he/she must have a parent or legal guardian accompany him/her to the hearing. The Student must provide the College Disciplinary Officer with the full legal name, address and telephone number of his/her parent or legal guardian who will accompany him/her to the hearing.

If the Student wishes to have an advisor accompany him/her to the hearing, the Student must provide the College Disciplinary Officer with the name of the individual he/she has chosen to act as his/her appeal advisor no less than 5 days prior to the appeal hearing. Advisors must maintain confidentiality and will not be permitted to participate or respond on behalf of the Student during the hearing.
If the Student chooses to have his/her attorney accompany him/her to the hearing, the name, address and telephone number of the Student’s attorney must be submitted to the College Disciplinary Officer no later than 7 days prior to the hearing. In addition, no later than 7 days prior to the hearing the Student’s attorney must deliver a retention letter, including his/her State Bar number and telephone number, to the College Disciplinary Officer.

4.2 THE APPEAL HEARING

Appeal hearings are closed to all persons except:

• College Disciplinary Officer, or designee;
• The Student Discipline Appeal Committee;
• Student;
• Advisor;
• an attorney, retained by the District or a Student;
• a court-certified interpreter, paid for at the Student’s own expense
• selected members of the Disciplinary Panel when their determination of findings is at issue; and
• any person needed to assist the hearing officer.

In some cases, a campus safety officer may be present to ensure safety and security during the hearing.

In cases where the Student is a dependent minor, unless the minor is a verified emancipated minor, the Student’s parent or legal guardian, must be present during the hearing.

4.3 STANDARD OF PROOF FOR AN APPEAL

In all cases involving appeal, the burden of proof is on the Student to establish, to the standard of Clear and Convincing Evidence (as defined herein), that the College Disciplinary Officer’s determination following investigation was erroneous due to any of the following:

• Excessive sanctions in relation to the violation(s) the Respondent was found Responsible for committing;
• Unlawful discrimination by the College Disciplinary Officer during the determination of Responsibility;
• A substantive procedural error which materially and significantly affected the weighing of evidence by the College Disciplinary Officer.

4.4 APPEAL HEARING PROCEDURES

Evidence—The Appeal Hearing need not be conducted according to technical rules relating to evidence and witnesses. Only relevant and material evidence shall be presented to and considered by the Student Discipline Appeal Committee. Irrelevant, immaterial, and/or unduly repetitious evidence shall be excluded. No evidence other than that received and weighed at the initial determination of findings shall be considered by the Student Discipline Appeal Committee. This limitation on admissible evidence shall not exclude the Student from presenting relevant, material evidence that was not considered by the College Disciplinary Officer at the initial hearing. The determination of relevancy or the material nature of the Student’s offered evidence shall be made by the Student Discipline Appeal Committee.

1. The Student Discipline Appeal Committee shall consist of:

• A College Faculty Member (full-time or part-time) from within the District
• A College Student from within the District
• A Manager or Administrator from within the District

The Student Discipline Appeal Committee is formed through collaboration with the College Academic Senates, College Student Governments, and the Coast District Manager’s Association.

The Appeal Committee members shall select a Chair of the Appeal Committee in advance of the appeal hearing.

2. The Chair will call the hearing to order, explain the procedures of the hearing, and have all Parties introduce themselves. Should an advisor be present, they may not make a presentation or represent the Respondent or the Complainant during the hearing. The Parties to the hearing are expected to ask and respond to questions on their own behalf, without representation of their advisors. The advisor may not speak on behalf of the Student to the College Disciplinary Officer or to Student Discipline Appeal Committee hearing the case.

3. The Chair will present the rules governing the hearing. The Chair shall guarantee control of the hearing, making certain that all participants respect the right of others to make statements, and to ensure confidentiality of such statements.

4. The College Disciplinary Officer, and if applicable her/his witness(es), shall have up to thirty minutes total, if necessary, to present relevant evidence to support the determination that violation(s) of the Student Code of Conduct has occurred.
5. The Student charged may question any witnesses presented by the College Disciplinary Officer. Members of the Appeal Committee may also question any witness presented by the College Disciplinary Officer. Questioning by the Student or the Appeal Committee shall not be considered part of the time allotted for presentation of the College Disciplinary Officer’s evidence. Total witness questioning by the College Disciplinary Officer and the Student shall not exceed a total of thirty minutes of witness testimony for each side.

6. The Student charged, and if applicable her/his witness(es), shall have up to thirty minutes in total time, if necessary, to present relevant evidence demonstrating the basis for why College Disciplinary Officer’s decision should be overturned. The College Disciplinary Officer may question any witnesses presented by the Student. Members of the Appeal Committee may also question witnesses. Questioning by the Student Appeal Committee shall not be considered part of the time allotted for presentation of the Student’s evidence. Witness(es) shall provide testimony only on an individual basis, outside of the presence of other witness(es). It is within the discretion of the Appeal Committee Chair to impose a timeline on questioning or to add additional time if warranted.

7. The College Disciplinary Officer, and then the Student appealing, may each make a closing statement to the Appeal Committee. These closing statements shall be limited to a maximum of three minutes each. The Appeal Committee Chair shall have the authority to extend the time limits if deemed necessary.

8. Once all information has been collected, the Chair, or designee, will:

   o Reiterate the alleged policy violation(s);
   o Remind all Parties and participants involved of the Standard of Proof (Clear and Convincing), as further defined in Appendix A;
   o Remind all parties and participants of confidentiality and of all imposed sanctions that are active and must be adhered to;
   o Remind all Parties and participants to review the Coast Community College District’s Student Code of Conduct (Board Policy 5500), Administrative Procedure (5500), and to understand their Student rights and responsibilities;
   o Inform all Parties and participants of the deliberation process and the projected timeline for notification; and
   o Remind the Student charged and the Complainant, if applicable, that notification and all communication will be via District email accounts.

Following the Appeal Committee Chair’s closing statements, all persons will be dismissed from the hearing except for the Committee Chair and her/his members of the Appeal Committee for deliberation.

4.5 FAILURE TO APPEAR
A Student who fails to appear before the Student Discipline Appeal Committee after having been notified of an appeal hearing is deemed to have waived his/her rights to participate in the appeal. The appeal hearing shall be terminated and the Student Discipline Appeal Committee shall be dismissed.

4.6 DELIBERATION AND DECISION
The Student Discipline Appeal Committee shall make its findings for the appeal hearing based on the Clear and Convincing Evidence standard, as further defined in Appendix A, which demonstrates whether or not the College Disciplinary Officer:

   o Issued disproportionate or excessive sanctions in relation to the violation(s) the Respondent was found Responsible for committing;
   o Demonstrated unlawful discrimination during the determination of Responsibility, and/or;
   o Made a substantive procedural error which materially and significantly affected the weighing of evidence.

Following presentation of evidence, the Student Discipline Appeal Committee shall privately consider the evidence and shall prepare a written report of its findings and deliver to the College Disciplinary Officer, which shall ordinarily be submitted within five working days of the date of the appeal hearing. This report shall include the following:

   o A brief summary of the facts as found by the Student Discipline Appeal Committee, and a determination of evidence indicating whether the College Disciplinary Officer’s findings should or should not be overturned;
   o A finding indicating the appropriateness of the disciplinary sanction imposed on the Student by the College Disciplinary Officer; This finding may state:

   o A finding that the Student is Responsible and that the disciplinary action proposed is appropriate; or
   o A finding that the determination of Responsibility be set aside due to the College Disciplinary Officer’s evidenced unlawful discrimination in the investigation;
   o A finding that the Student is Responsible, but that the disciplinary action imposed by the College Disciplinary Officer was excessive.
to the violation, and as such, a recommendation be made for a lessened sanction;

- A finding that the College Disciplinary Officer committed a substantively procedural error during the investigation or finding which would unduly taint the legitimacy of the finding of Responsibility, resulting in the finding to be set aside.

The report of the Student Discipline Appeal Committee shall be sent by the Student Discipline Officer to the Respondent. If the Committee has made a finding evidencing unlawful discrimination, bias, or substantive procedural error; the Committee shall provide a copy of the report to the College Vice President of Student Services. The Student Discipline Office shall copy the Vice President of Student Services on written notification to the Student(s) involved.

No finding by the Student Discipline Appeal Committee recommending the setting aside of a finding of Responsibility due to unlawful discrimination or procedural error by the College Disciplinary Officer shall act as a bar to a subsequent investigation by another College Disciplinary Officer from within the District of the underlying facts and evidence of the matter appealed and making a finding and determination of Responsibility.

4.8 RECOMMENDATION FOR EXPULSION

If, after investigation, the College Disciplinary Officer recommends expulsion to the College President, or if the College President independently seeks to have the Student expelled, the College President shall deliver a written recommendation for the Student’s expulsion to the Chancellor. A copy of the President’s recommendation shall be provided to the Student, or if the Student is a dependent minor to his/her parent or guardian.

The College President’s recommendation for expulsion shall contain a statement of the charges against the Student that provides the basis for his/her request that the Student be expelled, including a factual description of the conduct upon which the charges are based, and the action(s) taken by the College Disciplinary Officer.

4.10 REVIEW BY THE CHANCELLOR

The Student may appeal the College President’s recommendation for expulsion, but not for other sanctions, by submitting a letter of appeal via personal delivery, delivery by a professional process server, or by certified mail to the Chancellor’s office within ten days of his/her receipt of the College President’s recommendation for expulsion.

Any letter of appeal must be signed for by the Chancellor’s Office. The letter of appeal to the Chancellor shall state the reasons why the Student should not be expelled and shall not exceed fifteen pages in length. The Student or his/ her parent or guardian does not have the right to meet personally with the Chancellor under this procedure.

1. Chancellor’s Recommendation to the Board. If the Chancellor has decided to recommend the Student’s expulsion, he/she shall cause to be placed on a Board agenda for action, within a thirty days of notice of appeal, his/her recommendation that the Student be expelled. Minor deviations in the timeline for placement of the Chancellor’s recommendation on the Board agenda shall be permitted. The Chancellor shall notify the Student or the Student’s parent or guardian if the Student is a dependent minor of his/her decision to seek expulsion. The Chancellor’s notice shall be in writing, setting forth the Board meeting date, time, and location where the Board will consider the recommended expulsion.

2. Appeal to the Board of Trustees. The Student may submit a Letter of Opposition to Expulsion to the Board of Trustees, through the Manager of the Board Office, via personal delivery, delivery by a professional process server; or by certified mail setting forth the Student’s basis for opposition to the recommended expulsion. The Student’s letter must be received no less than five days prior to the scheduled Board meeting date.

The Student’s Letter of Opposition shall not exceed ten pages in length, explaining to the Board why he/she should not be expelled. The Student may attach to his/her letter any documents he/she wishes the Board to consider.

3. The Chancellor shall submit the following documents to the Board prior to the Board acting on his/her recommendation for expulsion:

1) A copy of the correspondence provided to the Student informing the Student of the alleged violations of the Student Code of Conduct;
2) A copy of the investigative findings of the College Disciplinary Officer, including any relevant evidence collected and assessed.
3) A copy of the report, if any, of the Student Discipline Appeal Committee;
4) A copy of the President’s recommendation for expulsion;
5) A copy of any letters or documents submitted by the Student; and
6) The Chancellor’s recommendation regarding expulsion of the Student.

4. The Board shall consider the documents provided in closed session.
5. The Board shall announce in open session any determination made in closed session concerning the recommended Student’s expulsion.

**The Board's Decision Regarding Expulsion**

The Board’s decision shall be final and shall end the Student’s appeal process relating to expulsion.

**Notification to College Disciplinary Officer**

The Secretary to the District’s Board of Trustees shall notify the College Disciplinary Officer in writing of the Board’s decision regarding the Student’s expulsion and shall provide the College Disciplinary Officer with a copy of the meeting minutes evidencing the Board’s action.

**Notification to Student**

The College Disciplinary Officer shall notify the Student in writing of the Board’s decision regarding his/her status as a Student in the District.

**4.11 Readmission After a Suspension**

The following procedures shall apply to a Student’s request for readmission. A Student who has been suspended is eligible to apply for readmission if:

- The term of the Student’s long term suspension will expire within 30 days.
- The Student has complied with all the terms and conditions of his/her suspension; and
- During the course of the Student’s suspension, the Student has not engaged in any behavior or activity that would be cause for discipline under this Student Code of Conduct if the individual were a District Student.

I. Procedure for Re-admission Following Long-Term Suspension

- The Student seeking readmission must make a written request for readmission to the College Disciplinary Officer.
- The College Disciplinary Officer may request a meeting with the Student seeking readmission to ascertain his/her eligibility for readmission.
- Ordinarily, within thirty days of the date of his/her receipt of a written request for readmission, the College Disciplinary Officer shall decide whether the request should be granted or denied.
- The College Disciplinary Officer shall notify the Student of his/her decision in writing and shall, in case of denial, include the reasons for such denial.
- A Student, whose application for readmission has been denied, may not apply for readmission for a period of two years after denial of his/her application.

**APPENDIX A – ADMINISTRATIVE PROCEDURE DEFINITIONS**

In addition to and in some cases as a supplement to the terms defined elsewhere in this procedure, the following defined terms shall have the meanings set forth in this section for purposes of this procedure.

- “Advisor” means a person, not serving as legal counsel, who at the Student’s request, accompanies the Student and provides him or her with emotional or other support at a hearing. The advisor will be expected to maintain confidentiality.
- “Attorney” means any person who is admitted to practice law in the State of California.
- “Board” means the Governing Board of the Coast Community College District.
- “Chancellor” means the Chancellor of the Coast Community College District, or his/her designee.
- “Clear and Convincing Evidence” means the burden of evidence that a Student must present establishing that it is highly probable that the disciplinary Officer’s determination process was flawed due to unlawful discrimination, significant and inappropriate bias from the hearing officer or Appeal Committee, demonstrated incompetence, or significantly disproportionate sanctions when compared to the offense.
- “College Activity” means any activity sponsored by the District including, but not limited to, courses, class, lectures, labs, field trips, club activities, Student Government activities, community education or similar activities, or any other Student sponsored activity.
- “College Disciplinary Officer” means the College Official(s) designated by the College President, or designee, to administer this policy.
- “Community” means Coast Community College District Students, trustees, employees, agents, instructional associates, visitors, representatives, guests of the District and their families, and any persons conducting business with the District.
- “Complainant” means the person(s) reporting alleged violations of this Student Code of Conduct.
- “Day” means calendar day.
- “Designee” means a District Official appointed to fulfill responsibilities relating to this procedure.
- “District” means the Coast Community College District and each of its colleges.
- “District Community” means any employee, contractor, Student, member of the public, or invitee present on
District property, or on property being used by the District. For purposes of this definition, a Student is deemed a member of the District Community while enrolled in, or in the process of applying for, enrollment as a Student at any of the colleges within the District.

A Student does not have to be physically located on District property for their behavior to be governed by this Student Code of Conduct.

n) “District Official” means any person employed by the District as a Manager, Supervisor, or Officer.

o) “District Property” means all real, personal and intellectual property owned, controlled, used, or occupied by the District, including property physically removed from any college, the District office, or any place that is the site of a District-approved function.

p) “Finding” means an outcome determined by the College Disciplinary Officer or designee after completion of an investigation and a review of the facts collected during the investigation. Findings include “Responsible” or “Not Responsible”.

q) “Hearing Panel” means a panel formed by the College Disciplinary Officer to make a determination and finding of whether a Student is Responsible or not for alleged violations of the Student Code of Conduct.

r) “Instructor” means any faculty member employed by the District for instruction of curriculum or other programs.

s) “Interpreter” means a sign language interpreter or translator present to assist the Student in understanding and communicating information at any hearing.

t) “Investigation” means the process following a report of a violation of the Student Code of Conduct. The investigation includes a review of facts presented by the person reporting the violation, the Student accused of the violation, and any other applicable evidence presented to help the College Disciplinary Officer make a determination of “Responsible” or “Not Responsible”.

u) “Mental Health Professional” means a California licensed clinical psychologist or California board-certified psychiatrist.

v) “Not Responsible” means, based on the applicable evidence collected during the investigation, it is more likely than not that the Student did not commit a violation of the Student Code of Conduct.

w) “Parties” means both the Complainant and the Respondent involved in the alleged violation of this Student Code of Conduct.

x) “Party” means an individual, either the Complainant or the Respondent, involved in the alleged violation of this Student Code of Conduct.

y) “Preponderance of the Evidence” for purposes of this Administrative Procedure, means the weight of the evidence presented by the District at the administrative hearing that has established that it is more likely than not that the Student is Responsible for the alleged violation of a provision within the District’s Student Code of Conduct. This weight of evidence standard applies to any informal or formal resolution hearing, other than for appeals.

z) “Request to Stay” means a request, in writing, from a Student, seeking to have any interim action reconsidered or amended by the College Vice President of Student Services, or designee.

aa) “Respondent” means the person(s) who are alleged to have violated the Student Code of Conduct.

bb) “Responsible” means, based on the applicable evidence collected during the investigation, it is more likely than not that the Student committed one or more violation(s) of the Student Code of Conduct.

c) “Retention Letter” means a letter from an attorney stating he/she has been retained by a Student facing disciplinary proceedings pursuant to the Student Code of Conduct.

d) “Student” means any person who has applied for admission, who is or has been enrolled, or who has expressed their intent to enroll for any college program within the District for the period in which the misconduct occurred.

ee) “Student Code of Conduct” means the Coast Community College District Board Policy/Administrative Procedure (BP 5500 and AP 5500, respectively).

f) “Student Discipline Appeal Committee” means a committee formed by a college within the District for the purpose of hearing appeals filed by Students following findings of Responsibility or Non-Responsibility. The composition of this committee is set forth in Section 4.4.

g) “Weapon” means any instrument or weapon, the use of which is likely to cause bodily injury, including, but not limited to, a blackjack, sling shot, Billy club, sand club, sandbag, metal knuckles, any dirk, dagger, bow and arrow, switchblade knife, pistol, revolver, or any other firearm, any knife having a blade longer than 2 ½ inches, any razor with an unguarded blade, any metal pipe or bar used or intended to be used as a club or any instrument used in an assault or attempted assault on another person.

including, but not limited to, a blackjack, sling shot, Billy club, sand club, sandbag, metal knuckles, any dirk, dagger, bow and arrow, switchblade knife, pistol, revolver, or any other firearm, any knife having a blade longer than 2 ½ inches, any razor with an unguarded blade, any metal pipe or bar used or intended to be used as a club or any instrument used in an assault or attempted assault on another person.
APPENDIX B-CODE OF CONDUCT VIOLATIONS

The District may impose discipline for the commission, or attempted commission, of the following types of violations by Students, or for aiding or abetting, inciting, conspiring, assisting, hiring or encouraging another person to engage in a violation of this Student Code of Conduct, or for any violation of state or Federal law. Being under the influence of drugs and/or alcohol, or the existence of other psychological impairment does not excuse a violation of this Student Code of Conduct.

1. Academic Misconduct. All forms of academic misconduct including, but not limited to, cheating, fabrication, plagiarism, or facilitating academic dishonesty.

2. Alcohol. Manufacture, distribution, dispensing, possession, use, consumption or sale of, or the attempted manufacture, distribution, dispensing, consumption or sale of alcohol that is unlawful or otherwise prohibited by, or not in compliance with, District policy, administrative procedures, or campus regulations.

3. Assault/Battery. Assault, battery, or any threat of force or violence upon a Student or upon any Member of the District Community. This includes, but is not limited to:
   a. Inflicting bodily harm upon any Member of the District Community;
   b. taking any action for the purpose of inflicting bodily harm upon any Member of the District Community;
   c. taking any reckless, but not accidental action, from which bodily harm could result to any Member of the District Community;
   d. Causing a Member of the District Community to believe that the offender or his/her agent may cause bodily harm to that person or any member of his/her family or any other Member of the District Community;
   e. Inflicting or attempting to inflict bodily harm on oneself.

4. Bias. Bias-related incidents are behaviors that constitute an expression of hostility against a person or property or another due to the targeted person’s race, religion, sexual orientation, ethnicity, national origin, gender, age, marital status, political affiliation, or disability. These acts or behaviors may not rise to the level of a crime, or a violation of state or federal law, but may constitute to creating an unsafe, negative, or unwelcome environment for the targeted person.

5. Continued Misconduct or Repeat Violation. Repeated misconduct or violations of this Policy, when other means of correction have failed to bring about proper conduct.

6. Dating Violence. Violence committed by a member of the District Community who is, or has been, in a social relationship of a romantic or intimate nature with the victim, and where the existence of such a relationship shall be determined based upon the consideration of the following factors:
   a. Length of the relationship
   b. Type of relationship, and
   c. The frequency of interaction between the persons involved in the relationship

7. Destruction of Property. The damaging, destroying, defacing, or tampering with District Property or the property of any person or business on District Property or at a District function, including but not limited to, taking down, defacing, or otherwise damaging District authorized posters, handbills and/or notices posted on District property.

8. Discrimination. Unlawful discrimination against a person on the basis of race, ethnicity, color; religion, national origin, sex, age, disability, military or veteran status, gender identification, gender expression, marital status; sexual orientation, or genetic information, except where such distinction is authorized by law.

9. Dishonesty. All forms of dishonesty including but not limited to fabricating information, furnishing false information, or reporting a false emergency to the District.

10. Disorderly or lewd conduct. Engaging in disorderly or lewd, indecent or obscene behavior on District Property or at a District function.

11. Disruption of Educational Process. Destruction or disruption on or off District Property of the District educational process(es), including but not limited to interrupting, impeding, obstructing or causing the interruption or impediment of any class, lab, administrative office, teaching, research, administration, disciplinary procedures, District activity or District authorized Student activity or administrative process or other District function; or disturbing the peace on District Property or at any District function.

12. Disruptive Behavior. Disruptive behavior; disobedience, profanity, vulgarity, or the open defiance of the authority of or abuse of District personnel, or which adversely effects the delivery of educational services to Students and the District Community.

13. Disturbing the Peace. Disturbing the peace and good order of the District by, among other things, fighting, quarreling, disruptive behavior; or participation in a disturbance of the peace or unlawful assembly.

14. Drugs. Unlawful or attempted manufacture, distribution, dispensing, possession, use, distribution or sale of,
controlled substances, dangerous drugs, restricted dangerous drugs or narcotics, as those terms are used in state or federal statutes on District Property or at any District function. Possession of medicinal marijuana on District premises is prohibited.

15. **Endangering Welfare of Others.** Violation of any state or federal law relating to the placing at risk of physical or emotional harm of a member of the District Community.

16. **Failure to Appear.** Failure to appear before a District Official when directed to do so.

17. **Failure to Comply or Identify.** Failure to identify oneself to, or comply with the directions of, a District Official, employee, policy, law enforcement, or other public official when requested to do so; or resisting or obstructing such District or other public officials in the performance of or the attempt to perform their duties.

18. **Failure to Obtain Permits.** Participating in an organized protest for which a District permit has not been obtained.

19. **Failure to Repay Debts or Return District Property.** Failure to (a) repay debts to the District; (b) return District property; (c) return property of any member of the District Community.

20. **False Report of Emergency.** Knowingly and purposefully, causing, making, and/or circulating a false report or warning of a fire, explosion, crime, or other catastrophe.

21. **Forgery.** Any forgery alteration, or misuse of any District document, record, key, electronic device, or identification, or knowingly furnishing false information to a District official.

22. **Fraud.** Any attempt to steal, take, carry, lead, or take away the personal property of another; or who fraudulently appropriated property which has been entrusted to him or her; or who shall knowingly and designedly, by any false or fraudulent representation or pretense, defraud any other person of money, labor or property, or who causes or procures or obtains credit and thereby, or fraudulently gets or obtains possession of money, or property, or obtains the labor or service of another, is guilty of theft.

23. **Gambling.** Unauthorized gambling on District Property or at any District function.

24. **Harassment/Bullying.** A specific act, or series or acts, of a verbal or physical nature, including threats, intended to annoy, intimidate, pester, aggravate, irritate, dominate, ridicule, or cause fear to a member of the District Community, occurring within the jurisdiction of the District as set forth in Section 1.4.

25. **Hateful Behavior.** Hateful behavior aimed at a specific person or group of people.

26. **Hazing.** Participation in hazing or any method of initiation or pre-initiation into a campus organization or other activity engaged in by the organization or members of the organization at any time that causes, or is likely to cause, physical injury or personal degradation or disgrace which can inflict psychological or emotional harm to any Student or other person.

27. **Infliction of Mental Harm.** Inflicting mental harm upon any member of the District Community; (a) taking any action for the purpose of inflicting mental harm upon any Member of the District Community; (b) taking any reckless, but not accidental action, from which mental harm to Member of the District Community could result; (c) causing a Member of the District Community to believe that the Student or his/her agent may cause mental harm to that person or any member of his/her family or any other member of the District Community; (d) any act which purposefully demeans, degrades, or disgraces any person.

28. **Library Materials.** Cutting, defacing, or otherwise damaging or theft of college library or bookstore materials or property.

29. **Misrepresentation.** A false statement or representation based upon the intentional disregard of false or possibly false information, or knowingly entering into a transaction based upon false information, or misrepresenting oneself to be an agent, employee, or representative of the District or its colleges.

30. **Misuse of Identification.** Transferring, lending, borrowing, altering or unauthorized creation of identification.

31. **Possession of Stolen Property.** Possession of District Property, or the property of any other person, when the Student knows, or reasonably should know, that the property was stolen.

32. **Possession of Weapons.** Unauthorized possession, use, storage, or manufacture of explosives, dangerous chemicals, firebombs, firearms, or other destructive devices or weapons as defined in Section K of Appendix A.

33. **Public Intoxication.** Public intoxication or being under the influence of alcoholic beverages, any illegal narcotics, or any substance that causes impairment on District/College Property or at any District/College function.

34. **Sexual Harassment.** Sexual harassment against a member of the District Community. Sexual harassment is defined as (a) unwelcome verbal harassment, e.g., epithets, derogatory comments, or slurs; (b) physical
harassment, e.g., assault, impeding or blocking movement, or any physical interference with normal work or movement when directed at an individual; (c) visual forms of harassment, e.g., derogatory posters, cartoons, or drawings; (d) unwelcome sexual advances, requests for sexual favors; or (e) an intimidating, hostile, or offensive environment. “Unwelcome conduct” is defined as conduct which the member of the District Community does not solicit or initiate, and which the person regards as undesirable or offensive.

35. Sexual Misconduct. Sexual Misconduct comprises a broad range of unwelcome behaviors focused on sex and/or gender that may or may not be sexual in nature. Any intercourse or other intentional sexual touching or activity without the other person’s consent is sexual assault, is a form of Sexual Misconduct under this Procedure. Sexual Misconduct is any form of gender-based harassment, including, but not limited to, sexual harassment, sexual assault, and sexual exploitation, as well as harassment based on gender identity, gender expression, and non-conformity with gender stereotypes. Sexual misconduct may also include acts of a sexual nature, including acts of stalking, domestic violence, and dating violence, intimidation, or for retaliation following an incident where alleged Sexual Misconduct has occurred.

Sexual Misconduct can occur between strangers or acquaintances, or people who know each other well, including between people involved in an intimate or sexual relationship, can be committed by anyone regardless of gender identity, and can occur between people of the same or different sex or gender.

36. Serious Injury or Death. Any intentional or reckless action or conduct which results in serious injury or death to a Member of the District Community or his/her family.

37. Smoking. Smoking in an area where smoking has been prohibited by law or regulation of the District.

38. Stalking. Stalking behavior in which a Student repeatedly engages in a course of conduct directed at another person and makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her family; where the threat is reasonably determined by the College Disciplinary Officer to create substantial emotional distress, torment, create fear, or to terrorize the person.

39. Sexual Stalking. Course of conduct directed at a specific person that would cause a reasonable person to feel fear or suffer substantial emotional distress due to another’s sexual interest or gender-based stalking. Stalking involves repeated and continued harassment of a sexual or gender-based nature, against the expressed consent of another individual, which causes the targeted individual to feel emotional distress, including fear or apprehension. Such stalking behaviors may include: pursuing or following; unwanted communication or contact - including face-to-face encounters, telephone calls, voice messages, electronic messages, web-based messages, text messages, unwanted gifts, etc.; trespassing; and surveillance or other types of observation.

40. Theft or Abuse Of District’s Computers and Electronic Resources. Theft or abuse of District computers and other District electronic resources such as computer and electronic communications facilities, systems, and services. Abuses include (but are not limited to) unauthorized entry; use, transfer; or tampering with the communications of others, and interference with the work of others, and with the operation of computer and electronic communications facilities, systems, and services. Theft or attempted theft of any kind, including seizing, receiving, or concealing property with knowledge that it has been stolen, is prohibited. Sale, possession, or misappropriation of any property or services without the owner’s permission is also prohibited.

41. Theft or Conversion of Property. Theft or conversion of District Property or services, or the property of any person or business on District Property or at a District function, or possession of any property when the Student had knowledge or reasonably should have had knowledge that it was stolen.

42. Trespass and Unauthorized Possession. Unauthorized or forcible trespass on, entry to, possession of, receipt of, or use of any District services, grounds, equipment, resources, properties, structures, vehicles, boats, water craft or facility, including the unauthorized use of District’s name, insignia, or seal without permission or authorization.

43. Unauthorized Tape Recording. Tape recording any person on District Property or at any District function without that person’s knowledge or consent. This definition shall not apply to recordings conducted in public, in a commonly recognized public forum.

44. Unauthorized Use of Course or Copyrighted Materials. Students of the District will abide by all aspects of United States copyright law, Title 17 of the United States Code, to the extent possible, under authoritative interpretation of the law. Students shall not reproduce copyrighted materials without prior permission of the copyright owner; except as allowed by the “fair use” doctrine. The District has posted detailed information describing “fair use”, including examples and an assessment tool, to assist District
Students in determining whether the use of certain materials are excepted from copyright infringement as “fair use.”

See http://www.cccd.edu/faculty/staff/riskservices/copyrightchecklist.aspx. In addition, Students shall not sell, prepare, or distribute for any commercial purpose any course lecture notes or video or audio recordings of any course unless authorized by the District in advance and explicitly permitted by the course instructor in writing. The unauthorized sale or commercial distribution of course notes or recordings by a Student is a violation of these Policies whether or not it was the Student or someone else who prepared the notes or recordings. Copying for any commercial purpose handouts, readers or other course materials provided by an instructor as part of a District course unless authorized by the District in advance and explicitly permitted by the course instructor or the copyright holder in writing (if the instructor is not the copyright holder).

45. Unauthorized Use of District Keys. Unauthorized use, distribution, duplication or possession of any keys issued for any building, laboratory, facility, room, or other District Property.

46. Unauthorized Use of Electronic Devices. Unauthorized use of an electronic device on District property or at any District function, including but not limited to, classes, lectures, labs and field trips.

47. Unauthorized Use of Property or Services. Unauthorized use of property or services or unauthorized possession of District Property or the property of any other person or business.

48. Unreasonable Demands. Placing repeated, hostile, or unreasonable demands on District staff.

49. Unwelcome Conduct. Unwelcome Conduct: conduct of a sexual, gender-based, or harassing nature, which is considered unwelcome if a person did not request or invite it, and considered the conduct to be unwelcome, undesirable, or offensive. Unwelcome conduct may take various forms, including name-calling, graphic or written statements (including the use of cell phones or the Internet), hazing, bullying, or other conduct that may be physically or psychologically threatening, harmful, or humiliating. Unwelcome conduct does not have to include intent to harm, or be directed at a specific target, or involve repeated incidents. Unwelcome conduct can involve persons of the same or opposite sex.

50. Violation of Driving Regulations. Driving unsafely on District property or while taking part in any District function, or repeated violation of District parking regulations.

51. Violation of Health & Safety Regulations. Violation of any health, safety or related regulations, rule or ordinance on District property or at any District function.

52. Violation of Law. Violation of any federal, state or local law on District property, at a District function or involving a member of the District Community.

53. Violation of Posted District Rules. Violation of any rule or regulation posted on District property by the District or the College, or printed in any District publication.

54. Violation of Published Computer/Network Usage Policy(s), Procedures, or Guidelines.

a. Accessing without permission and/or altering, damaging, deleting, destroying, or otherwise using any data, computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

b. Accessing without permission and/or taking, copying, or making use of any data from a computer, computer system, or computer network, or taking or copying any supporting documentation, whether existing or residing internal or external to a computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

c. Using or causing to be used District computer services without permission.

d. Accessing without permission and/or adding, altering, damaging, deleting, or destroying any data, computer software, or computer programs which reside or exist internal or external to a computer, computer systems, or computer network belonging to or used by the District or any Member of the District Community.

e. Disrupting or causing the disruption of computer services or denying or causing the denial of computer services to an authorized user of a computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

f. Providing or assisting in providing a means of accessing, without permission, a computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

g. Accessing or causing to be accessed without authorization any computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

h. Introducing any computer contaminant or virus into any computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.
i. Sending any message using any computer system or network without authorization or sending any message in the name of another person or entity.

j. Using any account or password without authorization.

k. Allowing or causing to be used an account number or password by any other person without authorization.

l. Accessing or causing to be accessed, downloading or causing to be downloaded, pornographic or obscene materials except when accessing a pornographic website which is part of the instructional process or assignment for a class the Student is currently enrolled in.

m. Using the District’s systems or networks for commercial purposes; for example, by performing work for profit with District resources in a manner not authorized by the District.

APPENDIX C- SANCTIONS

A Student found Responsible for violating any of the Student Code of Conduct standards (BP/AP 5500) is subject to sanctions set forth herein.

The following sanctions may be imposed for violation of this Student Code of Conduct. These sanctions are not exclusive.

Community Service may be imposed by the College Disciplinary Officer on any Student who violates this Student Code of Conduct. Community Service shall consist of the Student performing some act or duty that is of benefit to the campus and/or surrounding community.

Disciplinary Probation consists of Written Notice to the Student by the College Disciplinary Officer that the Student has violated this Student Code of Conduct and that for a specified period of time, imposed by the College Disciplinary Officer; the Student must meet certain conditions as imposed by the College Disciplinary Officer. Any subsequent violations of this policy by the Student during the term of the probation or the Student’s failure to comply with any condition of probation imposed by the College Disciplinary Officer will result in additional sanctions under this policy.

1. **District Restriction.** The College Disciplinary Officer may for a specified period of time restrict the Student’s access to parts or areas of the District and/or District Property.

2. **Exclusion from District Activities.** Prohibits the Student from participating in any District cocurricular and/or extra-curricular activity(ies) for a period to be determined by the College Disciplinary Officer.

3. **Educational Essay.** The College Disciplinary Officer, or designee, will assign a topical paper that best serves in the education and learning for the Student. The College Disciplinary Officer determines the format of the paper.

4. **Mental Health Clearance.** Mental Health Clearance may be required before a Student is readmitted to a particular class or allowed to come onto District Property. The College Disciplinary Officer must receive a letter from a licensed mental health professional stating that in his/her professional judgment the Student will no longer continue the behavior which gave rise to the College Disciplinary Officer taking disciplinary action against him/her or that the Student’s continued presence on campus is not a threat to himself/herself or others. The mental health professional must be licensed by the State of California and the College District Administrator must verify that the mental health professional is credentialed to render a professional opinion. The Student shall bear the cost and expense of obtaining mental health clearance.

5. **Restitution.** The College Disciplinary Officer may require the Student to repay the District or any person for the cost of replacing or repairing any property taken, destroyed or damaged by the Student. This Student may also be charged a service charge and/or collection fee under the College policy regarding service charges and collection fees.

6. **Restriction from Attendance at District Events.** The College Disciplinary Officer may restrict the Student from attending some or all District events for a specified period of time.

7. **Short Term Removal from Class.** Short Term Removal from Class for a period not to exceed two class meetings, may be imposed by any instructor on a Student who is disrupting the class or otherwise interfering with the ability of other Students in the class to learn. Before removing a Student from class, an instructor shall first give or make reasonable efforts to give the Student notice of his/her intent to remove the Student and a reasonable opportunity for the Student to modify his/her behavior. The instructor or program supervisor shall notify the College Disciplinary Officer, in writing, immediately following his/her removal of a Student under this section, with a copy to the Dean of the Academic Unit. The Student may not return to the class until the Student has met with the College Disciplinary Officer. The College Disciplinary Officer shall contact the Student to arrange such a meeting.

8. **Short Term Suspension.** Short Term Suspension prohibits the Student from attending classes or entering onto any District Property for a period of one (1) to ten (10) days as determined by the College Disciplinary Officer.

9. **Hold on Records.** Hold on Records consists of the withholding...
of transcripts and/or other Student records. The College Disciplinary Officer may impose such withholding when a Student fails to repay debts to the District, return District equipment or make restitution to the District. A Hold on Records may also be asserted if a Student does not comply to requests such as, but not limited to, required meeting or appointments.

10. Administrative Withdrawal From Class. Administrative Withdrawal From Class prohibits a Student's continued presence in the class if his/her behavior is disruptive of the class and interferes with the ability of other Students in the class to learn or in any way endangers himself/herself or others. When this sanction is applied, the Student will be administratively withdrawn by College Disciplinary Officer.

11. Grade Change. Grade Change from a “Withdraw” to a letter grade may be imposed where the College Disciplinary Officer, together with the instructor, determine this is an appropriate sanction.

12. Written Warning. Written Warning is a written reprimand and warning to the Student by the College Disciplinary Officer that he/she has determined that the Student has violated this Student Code of Conduct and is on warning.

13. Long Term Suspension. Long Term Suspension between 11 days and up to 2 years

14. Expulsion - for a period between 2 and 10 years

Ratified February 18, 2015 (replaces prior BP 3902 Student Code of Conduct and Disciplinary Procedures, last revised 11/16/2005)

ACADEMIC HONESTY POLICY

Golden West College has the responsibility to ensure that grades assigned are indicative of the knowledge and skill level of each student. Acts of academic dishonesty make it impossible to fulfill this responsibility, and they weaken our society. Faculty, students, administrators, and classified staff share responsibility for ensuring academic honesty in our college community and will make a concerted effort to fulfill the following responsibilities.

Faculty Responsibilities

Faculty have a responsibility to ensure that academic honesty is maintained in their classroom. In the absence of academic honesty it is impossible to assign accurate grades and to ensure that honest students are not at a competitive disadvantage. Faculty members are expected to:

1. Explain the meaning of academic honesty to their students.
2. Conduct their classes in a way that makes cheating, plagiarism and other dishonest conduct nearly impossible.
3. Confront students suspected of academic dishonesty and take appropriate disciplinary action in a timely manner (see “Procedures for Dealing with violations of Academic Dishonesty” which follow).

Student Responsibilities

Students share the responsibility for maintaining academic honesty. Students are expected to:

1. Refrain from acts of academic dishonesty.
2. Refuse to aid or abet any form of academic dishonesty.
3. Notify instructors and/or appropriate administrators about observed incidents of academic dishonesty.

Administration Responsibilities

1. Disseminate the academic honesty policy and the philosophical principles upon which it is based to faculty, students, and staff.
2. Provide facilities, class enrollments, and/or support personnel which make it practical for faculty and students to make cheating, plagiarism and other dishonest conduct nearly impossible.
3. Support faculty and students in their efforts to maintain academic honesty.

CLASSIFIED STAFF RESPONSIBILITIES

1. Support faculty, students, and administrators in their efforts to make cheating, plagiarism and other dishonest conduct nearly impossible.
2. Notify instructors and/or appropriate administrators about observed incidents of academic dishonesty.

EXAMPLES OF VIOLATIONS OF ACADEMIC HONESTY

Academic dishonesty includes, but is not limited to, the following:

Cheating

1. Obtaining information from another student during an examination.
2. Communicating information to another student during an examination.
3. Knowingly allowing another student to copy one's work.
4. Offering another person's work as one's own.
5. Taking an examination for another student or having someone take an examination for oneself.
6. Sharing answers for a take-home examination unless specifically authorized by the instructor.
7. Using unauthorized material during an examination.
8. Altering a graded examination or assignment and returning it for additional credit.

9. Having another person or a company do the research and/or writing of an assigned paper or report.

10. Misreporting or altering the data in laboratory or research projects.

**Plagiarism**

Plagiarism is to present as one’s own the ideas, words, or creative product of another. Credit must be given to the source for direct quotations, paraphrases, ideas, and facts which are not common knowledge.

**Other Dishonest Conduct**

1. Stealing or attempting to steal an examination or answer key.

2. Stealing or attempting to change official academic records.

3. Forging or altering grade change cards.

4. Submitting all or part of the same work for credit in more than one course without consulting all instructors involved.

5. Intentionally impairing the performance of other students and/or a faculty member, for example, by adulterating laboratory samples or reagents, by altering musical or athletic equipment, or by creating a distraction meant to impair performance.

6. Forging or altering attendance records.

**Collusion**

Collusion occurs when any student knowingly or intentionally helps another student perform an act of academic dishonesty. Collusion in an act of academic dishonesty will be disciplined in the same manner as the act itself.

**PROCEDURES FOR DEALING WITH VIOLATIONS OF ACADEMIC HONESTY**

**Action by the Instructor**

1. An instructor who has evidence that an act of academic dishonesty has occurred shall, after speaking with the student, take one or more of the following disciplinary actions:

   a. Issue an oral reprimand (for example, in cases where there is reasonable doubt that the student knew that the action violated the standards of academic honesty).

   b. Give the student an “F” grade, zero points, or a reduced number of points on all or part of a particular paper, project, or examination (for example, for a first time occurrence of a relatively minor nature).

   c. Assign an “F” for the course (for example, in cases where the dishonesty is more serious, premeditated, or a repeat offense).

2. For any incident of academic dishonesty which is sufficiently serious for the instructor to take disciplinary action which can lower the student’s grade (for example, an “F” given for all or part of an assignment), the instructor shall report the incident to the Dean of Student Life on an “Academic Dishonesty Report” form.

   **NOTE:** A grade of “F” assigned to a student for academic dishonesty is final and shall be placed on the transcript. If the student withdraws from the course, a “W” will not replace an “F” assigned for academic dishonesty. Academic disciplinary actions taken by the instructor based on alleged cheating may be appealed as specified in the College’s Instructional Grievance Policy.

**Action by the Administration**

Upon receipt of the first “Report of Academic Dishonesty” form concerning a student, the Dean of Student Life shall send a letter of reprimand to the student which will inform the student that:

- He/she will be on academic disciplinary probation for the remainder of his/her career at Golden West College.

- Another incident of academic dishonesty reported by any instructor shall result in a one year suspension from the College.

Upon receipt of a second reported incident of cheating by the student, the Dean of Student Life shall suspend the student for one calendar year (two full semesters and one summer session).

For more serious incidents of academic dishonesty the student shall be suspended from the College on the first offense for one calendar year. Offenses warranting suspension on the first offense include, but are not limited to, the following:

- Taking an examination for another student or having someone take an examination for oneself.

- Altering a graded examination or assignment and returning it for additional credit.

- Having another person or a company do the research and/or writing of an assigned paper or report.

- Stealing or attempting to steal an examination or answer key.

- Stealing or attempting to change official academic records.

- Forging or altering grades.

If, after a student returns from a suspension for Academic Dishonesty, and the Dean of Student Life receives yet another “Report of Academic Dishonest” form, he/she shall recommend to the Coast Community...
ACADEMIC DISQUALIFICATION POLICY

A student at Golden West College who is on academic or progress probation shall be disqualified whenever he or she meets one of the two conditions listed below:

1. Academic Disqualification
Any student on academic probation for two consecutive semesters shall be academically disqualified. However, any student on academic probation whose most recent semester grade point average equals or exceeds 2.0, or whose cumulative grade point average equals or exceeds 2.0, shall not be disqualified but shall be continued on academic probation.

2. Progress Disqualification
Any student who is on progress probation for two consecutive semesters shall be disqualified for lack of satisfactory progress. However, any student on progress probation whose most recent semester work indicates fewer than 50 percent units of “W”, “I” and “NP” or “NC” shall not be disqualified but shall be continued on lack of progress probation.

NOTE: Based upon recent changes as established and approved by the college, students who have been disqualified two or more semesters must sit out the next regular semester. There is no appeal. Prior to readmission the following semester, the student must complete the Golden West College online Probation/Disqualification Tutorial Orientation and submit the results to the counseling department in order to be cleared to register for classes.

Any student disqualified from a college within the Coast Community College District may be dismissed for a minimum of one semester. A student dismissed from one District college shall not attend another District college during the semester of disqualification.

ACADEMIC RENEWAL POLICY

This Academic Renewal Policy for Golden West College is issued pursuant to Section 55764 and 55765 of the California Administrative Code (Title 5) regulations. The purpose of this policy is to disregard past substandard academic performance of a student when such work is not reflective of their current demonstrated ability. It is based on the recognition that due to unusual circumstances, or circumstances beyond the control of a student, the past substandard work will negatively affect their academic standing and unnecessarily prolong the rate at which he/she may complete his/her current objectives.

Therefore, under the circumstances outlined below, Golden West College may disregard from all considerations associated with requirements for the Certificate of Achievement/ Associate in Arts Degree and general education certification up to a maximum of thirty (30) semester units of course work from two semesters taken at any college. These circumstances are:

1. The student has requested the action formally and has presented evidence that work completed in the term(s) under consideration is substandard (less than a 2.0 grade point average) and not representative of present scholastic ability as verified by the current level of performance. Verification must consist of:
   a. Completion of a minimum of 12 semester units of course work at any regionally accredited college or university with a minimum cumulative grade point average of at least 2.0 subsequent to the course work to be disregarded.
   b. At least 12 months has elapsed since completion of the most recent course work to be disregarded.
2. Agreement that all units taken during the semester(s) to be disregarded, except those courses required as a prerequisite or to satisfy a requirement, in the student’s “redirected” educational objective.

3. An understanding that the student’s permanent academic record shall be annotated so that it is readily evident to all users of the records that units disregarded, even if satisfactory, may not apply to certificate, degree or general education certification requirements.

4. Agreement that all course work remains legible on the student’s permanent record ensuring a true and complete academic history.

If another accredited college has acted to remove previous course work from Certificate of Achievement, Associate in Arts or Bachelor Degree consideration, such action shall be honored in terms of that institution’s policy. Units disregarded by another institution shall be deducted from the thirty semester units maximum of course work eligible for alleviation at Golden West College.

Students requesting removal of previous course work for certificate or degree consideration shall file a petition at the Enrollment Center. The petition shall outline the semesters of course work to be disregarded and shall include evidence verifying (1) that work completed during this period is substandard, and (2) the expiration of at least 12 months since the end of the last term to be excluded. All official transcripts must be on file at Golden West College.

The Director of Admissions and Records or his/her designee shall act to approve the petition and make the proper annotation on the student’s permanent record upon verification of the conditions set forth herein.

NOTE: It is possible that other colleges or universities may not accept the Academic Renewal Policy.

STUDENT GRIEVANCE PROCEDURES

A grievance may arise out of a decision reached or an action taken by a member of the faculty, staff, or administration of Golden West College. A grievable action is an action that is alleged to be in violation of federal or state law, a violation of an applicable district/college policy or procedure, or that constitutes arbitrary, capricious, or unequal application of written policies or procedures. The purpose of the student grievance procedure is to provide an impartial review process and to ensure that the rights of students are properly recognized and protected. Note: Sexual harassment complaints are handled under a separate grievance process.

Students wishing to express concerns or explore the college’s grievance procedure may seek assistance from one of the following offices:

1. Dean of Student Life or Vice President of Instruction
2. Student Activities Director
3. Student Advocate
4. College Grievance Officer
5. Director of Disabled Students Programs and Services

These resource persons are made available to explain college grievance procedures to students and to make the appropriate forms available.

Definition of Terminology

Student – A person enrolled in any course, lecture series or workshop offered under the auspices of the college, or it may also be a person formerly enrolled who is in the process of pursuing a grievance.

College Employee – Administrator, manager, faculty, classified or student employee of the college, against whom a complaint has been lodged.

Grievance – A grievance means a complaint written on the Student Grievance Form, filed by one or more students, which alleges a grievable action.

Grievable Action – An action that is alleged to be in violation of federal or state law, a violation of an applicable district/college policy or procedure, or that constitutes arbitrary, capricious, or unequal application of written policies or procedures.

Grievant – The student who alleges that he or she has been treated unfairly.

Working Day – A working day is any day during a regular semester in which the college is open for business, excluding weekends and holidays.

Supervisor – The person charged with the responsibility and authority for job assignment and evaluation of the college employee.

Student Advocate – The elected officer of the Associated Students of Golden West College who has the responsibility to advise, if requested, a student who alleges he or she has been treated unfairly.

Division Dean – The instructional administrator responsible for the discipline in which a specific course is offered.

Limitations Period – Grievances will be permitted only through the end of the sixth week of the semester following the semester or summer session in which the alleged incident occurred.

Campus Advisor – A current student or employee of the Coast Community College District who accompanies one of the parties in the grievance process.
and provides advice to that party at the hearing before the Grievance Hearing Committee.

**Stage One – Informal Problem Resolution**

When a student has a complaint about an employee, the student should make every effort to meet with the employee to resolve the complaint. If the student is unwilling to meet alone with the employee, the student is encouraged to use the services of the Student Advocate or a campus advisor for this meeting, or at any point during the informal resolution level or the formal grievance stage of the process. If a satisfactory resolution is not achieved with the employee, the student must proceed to the immediate supervisor of the college employee against whom the complaint is being lodged in an effort to resolve the issue. If the complaint is against a faculty member, the immediate supervisor will be the Division Dean. The student should confirm with either the Dean of Student Life or the Vice President of Instruction or the College Grievance Officer as to the appropriate supervisor; or if the violation relates to a college policy or procedure, how to proceed further. Disability related complaints should be directed to the Director of Disabled Students Programs and Services.

The supervisor will discuss the issue with the student and the college employee involved, either individually or collectively, in an effort to resolve the issue.

**Note:** By law, the instructor is solely responsible for the grades he/she assigns. No instructor may be directed to change a grade except in certain narrow circumstances authorized by Education Code Section 76224(a). “When grades are given for any course of instruction taught in a community college, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.”

If the complaint cannot be mutually resolved at the informal problem resolution level, then the student may file a written grievance by completing the Student Grievance Form and filing it with the College Grievance Officer within the limitations period.

**Stage Two – Administrative Review of the Complaint**

Upon receipt of the written and signed Student Grievance Form, the College Grievance Officer shall promptly forward a copy to the person against whom the complaint has been lodged and the person’s supervisor. Upon the receipt of the complaint, the College Grievance Officer will make an inquiry into the merits of the complaint for the purpose of screening out false and unfounded allegations. Reasonable attempts will be made to contact the parties concerned, either individually or collectively, in order to resolve the issue. In the event the complaint is against the College Grievance Officer; or in the instance where the Grievance Officer has been the supervisor in stage one, the grievance will be handled by either the Dean of Student Life or the Vice President of Instruction.

Within twenty (20) working days, the College Grievance Officer shall make a good faith effort to return a written decision to the student who filed the grievance, indicating the resolution with any recommended action. Copies of this decision shall be given to the college employee against whom the complaint has been lodged and the supervisor of that employee.

The College Grievance Officer may determine any one of the following actions:

1. That no future action is necessary nor will the complaint prejudice in any way the individual’s employment status as a member of the college staff.
2. A recommendation that there be some type of action or remediation. In such a case, the written recommendation will be forwarded to the person deemed appropriate for the consideration and/or implementation of the recommendation.

**Stage Three – Request for Review by the Grievance Hearing Committee**

If the grievant is dissatisfied with the decision of the College Grievance Officer, he/she may, within five (5) working days of the receipt of the decision, file a written request to either the Dean of Student Life or the Vice President of Instruction to review.

1) The Vice President may uphold the ruling of the grievance officer and deny hearing on the basis that the grievance is without merit.

2) The Vice President may recommend that a hearing committee be convened.

**Grievance Hearing Committee Composition**

The Hearing Committee shall be composed of one (1) faculty member, one (1) classified employee, one (1) student, and one (1) manager who will serve as the chairperson. If the grievance is against an instructor; the Hearing Committee will be augmented by one (1) additional faculty member. If the grievance is against a classified employee, one (1) additional classified member will be added. The selection process for the Grievance Hearing Committee is as follows.

1. The manager will be chosen from those employees employed as managers in the College at the time of the hearing.
2. The faculty member(s) will be chosen from a list of at least ten (10) faculty selected each year by the Academic Senate.
3. The classified staff member(s) will be
chosen from a list of at least ten (10) classified employees recommended each year by the Classified Connection to the Coast Federation of Classified Employees (C.F.C.E.)

4. The student will be chosen from a list of no fewer than twenty (20) student names submitted each semester by the President of the Associated Students of Golden West College.

5. The panel shall be selected by either the Dean of Student Life or the Vice President of Instruction. Either the Dean of Student Life or the Vice President of Instruction shall provide the names of the Grievance Hearing Committee members to the student and to the employee against whom the grievance is lodged five (5) working days prior to the scheduled hearing date.

6. The panel shall not include any person who was a participant in any events leading to the grievance, nor shall it include any person who has had a past association with the grievant, or any other party to the hearing which could impede the individual’s ability to act in a fair and impartial manner.

7. The student or the employee against whom the grievance is lodged shall have the opportunity to challenge any member of the committee on the basis that the member was a participant in the events from which the grievance arose; or, the member has had a past association with the grievant or any other party to the hearing which could impede the individual’s ability to act in a fair and impartial manner. The challenge must be submitted in writing to the Vice President who elected the panel at least three (3) days prior to the scheduled hearing date. The written challenge must include the specific reasons for the challenge. If the Vice President upholds the challenge, he/she will replace the challenged member(s) with any available person(s) of the same category (manager, faculty, classified staff, student).

**Grievance Hearing Committee Process**

The Grievance Hearing will be scheduled within fifteen (15) working days of the request for review. The process for the hearing shall be as follows:

1. All members of the Hearing Committee must be present to hear testimony and to consider recommendations. (Should one or more committee members not appear at the scheduled time, the committee will wait 15 minutes and then proceed without the members, assuming that a quorum of the committee is present.)

2. Should the student be more than 15 minutes late, the committee shall deny the grievance.

3. All members of the Hearing Committee will sign a Statement of Confidentiality to ensure that the information heard, the evidence reviewed, and the recommendations made will remain confidential. The statement will include a declaration that the member will act in a fair and impartial manner.

4. All information in the possession of the College Grievance Officer that concerns the formal grievance shall be provided to the Hearing Committee by the Grievance Officer.

5. The Hearing Committee shall discuss issues, hear testimony, examine witnesses and consider all relevant evidence pertaining to the grievance.

6. Arguments about legal validity or constitutionality of the college policies or procedures will not be entertained by the Hearing Committee.

7. Attendance at the hearing shall be limited to the Hearing Committee, the College Grievance Officer, and the active parties in the grievance. The grievant and the employee involved have the right to question witnesses.

Both parties have the right to have a campus advisor present during the hearing. The campus advisor may not address the Hearing Committee, examine witnesses, or in any other way participate in the hearing. Witnesses will be present only while testifying. (Should a witness be more than 15 minutes late, the committee shall proceed, without the witness.)

8. The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence, as judged by the Hearing Committee, shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs.

9. The Hearing Committee shall judge the relevance and weight of evidence and make its findings of fact. No evidence other than that received at the hearing shall be considered by the Hearing Committee.

10. Following presentation of evidence, the Hearing Committee shall privately consider the evidence and prepare a written report of its recommendation and deliver the same to either the Dean of Student Life or the Vice President of Instruction. The report, which shall be submitted to the Vice President within five (5) working days of the date of the hearing, shall include the following:

   a. A summary of the facts as found by the Grievance Hearing Committee.

   b. A recommendation that the decision of the College Grievance Officer should be upheld, or

   c. A recommendation that the decision of the College Grievance Officer should be amended and the amendments specified, or

   d. No further action is necessary. The issue has been resolved or found to be unsubstantiated.
POLICIES AND STANDARDS

POLICIES AND STANDARDS

religion, age, national origin, sexual
gender identity, gender expression,
basis of race or ethnicity, gender,
providing educational or employment
does not discriminate unlawfully in
programs and activities. The District
and all access to institutional
educational programs, employment,
is committed to equal opportunity in

Final Action

The Vice President shall review the
report of the Hearing Committee
and may clarify it with one or more
members of the Committee. The
Vice President may uphold, reverse, or
modify the recommendations of the
Hearing Committee. The decision of
the Vice President and a copy of the
Hearing Committee report will be
delivered to the grievant, the employee
against whom the grievance was filed,
and the College Grievance Officer. This
ends the student grievance process.

Technical Departures From This
Policy

Technical departures from this
procedure and errors in their
applications shall not be grounds to
void the college’s right to make and
uphold its determination unless, in the
opinion of the chancellor, or designee,
the technical departure or error
prevented a fair determination of the
issue.

NON-DISCRIMINATION
POLICY

The Coast Community College District
is committed to equal opportunity in
educational programs, employment,
and all access to institutional
programs and activities. The District
does not discriminate unlawfully in
providing educational or employment
opportunities to any person on the
basis of race or ethnicity, gender,
gender identity, gender expression,
religion, age, national origin, sexual
orientation, marital status, medical
condition, pregnancy, physical or mental
disability, military or veteran status, or
 genetic information or because he/she
is perceived to have one or more of
the foregoing characteristics, or based
on association with a person or group
with one or more of these actual or
perceived characteristics.

Golden West College is committed to
ensuring that persons with disabilities
have access to all college programs
and services and will make reasonable
accommodations to ensure that access.
Any person with a documented
disability who believes that he/she
has been discriminated against on the
basis of that disability should contact
the Director of the Disabled Students
Programs and Services at (714) 895-
8721 or the campus Student Grievance
Officer at (714) 895-8125.

DISCRIMINATION AND SEX-
UAL HARASSMENT BP3430

Any individual who perceives or has
actually experienced conduct that may
constitute discrimination and/or sexual
harassment has the responsibility to
ensure that the individual engaging
in such conduct is informed that
the behavior being demonstrated is
offensive and must stop. If this behavior
does not cease, the individual has the
responsibility of making it known to the
institution. The District along with the
individual campuses will endeavor to
maintain an environment free of what
constitutes discrimination and/or sexual
harassment as prescribed by State and
Federal mandates, as well as District
policy. Inquiries and concerns should
be directed to the College’s Grievance
Officer:

SEXUAL ASSAULT
PREVENTION
BP3540 TITLE IX

The Coast Community College District
recognizes that sexual assault is a
serious issue, and will not tolerate acts
of sexual assault on district property
or at district-sponsored activities. The
District will investigate all allegations
of sexual assault that occur on District
property or at sponsored activities and
take appropriate criminal, disciplinary
or legal action, with prior consent of
the victim.

The Coast Community College District
is committed to its students’ safety as a
vital ingredient to student learning and
success. The District encourages victims
of sexual violence to report the crime.

The colleges within the District –
Orange Coast College, Golden West
College and Coastline Community
College offer resources to students
regarding sexual assault

FAMILY RIGHTS AND PRI-
VACY

The Family Educational Rights and
Privacy Act (FERPA) affords students
certain rights with respect to their
education records. The rights include:

1. The right to inspect and review
   the student’s education records
   within 45 days of the day Golden
   West College receives a request for
   access. Students should submit to
   the Director of Admissions and Records
   or appropriate official, written requests
   that identify the record(s) they wish
to inspect. The Golden West College
   official will make arrangements for
   access and notify the student of the
time and place where the records
   may be inspected. If the records are
   not maintained by the Golden West
   College official to whom the request
   was submitted, that official shall advise
   the student of the correct official
to whom the request should be
addressed.

2. The right to request the amendment
   of the student’s education records that
   the student believes is inaccurate.

Students may ask Golden West College
to amend a record that they believe
is inaccurate. They should write the
College official responsible for the
records, clearly identify the part of the
record they want changed, and specify why it is inaccurate.

If Golden West College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

School officials may disclose any and all educational records, including disciplinary records, to another institution at which the student seeks or intends to enroll without the prior consent of the student.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Golden West College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Directory Information

Student’s directory information is released only upon approval of the Director of Admissions & Records. Students may request in writing to the Director of Admissions & Records or his/her designee, that directory information not be released.

Directory information includes one or more of the following: student’s name, birthdate, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, number of units of enrollment, and degrees and awards received.

Golden West College maintains in the Admissions and Records Office the following student record information:

1. Demographic data supplied to the college by the student through the enrollment process.

2. Transcripts of high school work if supplied by the student.

3. Transcripts of college work.

4. Placement test data.

5. Semester class enrollment data.

Additional information maintained in other offices on some students may include:

6. Financial Aid and EOP/S application information on students who have applied for either program.

7. Work Experience records on students who have taken work experience courses within the past three years.

8. An application file on students who have applied to the Health Professions programs within the year.

9. Instructor evaluations for students enrolled in Health Professions programs.

10. Instructor evaluations for students enrolled in Criminal Justice Academy courses.

11. Records maintained of students who have been disciplined.

12. Medical records on students who have filed a medical inventory form or who have made use of the health services.

Students may review the information contained in items 1-11. For items 1-5, a letter requesting review should be directed to the Admissions and Records Office. Requests for review of information contained in item 6 may be made to the Vice President of Student Services and information in item 7 may be reviewed by arrangement with the office of Work Experience. Inquiries regarding information contained in items 8, 9, and 10 are to be directed to the Director of Admissions & Records, Student Life, the Dean of Health Professions Programs, and the Dean of the Criminal Justice Program, respectively. All requests for review will be honored within 15 days. Medical records are not available to the student. However, the student may request review of the records by his/her physician or appropriate professional of his/her choice. Students may challenge the contents of any records by notifying the administrator associated with the records in question. If the issue is not resolved at that level, the student may use the student grievance procedure.
ACADEMIC REPORTS TO HIGH SCHOOL

Golden West College may send academic reports of former high school students who graduated in the last five years to high schools within the Coast Community College District. The purpose is to assist the high schools in academic research. The reports include the I.D. number, classes, grades, grade point average, and major. Any student who prefers to have his/her name deleted from such reports should contact the Director of Admissions & Records.

FREE SPEECH POLICY

The policy in its entirety may be viewed at www.goldenwestcollege.edu/admissions/freespeech.html

The following exterior property at Golden West College may be used by students as a free speech area to the extent permitted in the District Policy:

a. In the front of the College Bookstore, at least 15 feet from the entrance thereto.

b. In front of the Library Building, at least 15 feet from the entrance thereto.

c. Such further areas as may be designated by the President.

d. The President shall designate one or more Free Speech Areas no further than fifteen feet from either the entrance or exit of any swap meet held on campus grounds. This area must be no smaller than 200 square feet and must only be set aside during the operation of any swap meet. Any District property used for the operation of a swap meet is considered a nonpublic forum.

ALCOHOL, DRUG ABUSE INFORMATION AND UNAUTHORIZED WEAPONS

Statement of Philosophy and Purpose

It is the intention of the Coast Community College District to provide a drug-free environment that maximizes academic achievement and personal growth. The District recognizes that alcohol and other drug use or abuse pose a significant threat to the health, safety and well-being of the user and the people around them. Substance abuse also interferes with academic, co-curricular, and extra-curricular interests and can lead to health, personal, social, economic and legal problems.

Information

GWC offers several classes which offer education on alcohol and drug abuse:

College G100 Student Success
Criminal Justice G107 Drugs, Health and Society
Health Ed G100 Health Education
Health Ed G107 Drugs, Health and Society
PE. G103 Exercise for Healthy Living
Psychology G100 Introduction to Psychology
Psychology G160 Human Growth & Development
Psychology G250 Psychobiology

Drug and Alcohol Counseling Resources

GWC’s Student Health Services offers professional evaluation and referrals for drug and alcohol treatment for students by appointment. Call (714) 895-8379.

The County of Orange Health Care Agency, Drug and Alcohol Services, offers therapy and counseling. The office for this area is 14140 Beach Blvd., Suite 200, Westminster, CA 92683, (714) 896-7574 TDD (714) 896-7512.

Alcoholics Anonymous:
(714) 556-4555 or www.oc-aa.org. Call for meeting times and site information.

Narcotics Anonymous:
(714) 590-2388 or (949) 661-6183

The Student Health Center also provides information and referrals to other community resources and support groups. Interested students may come to the health center to consult with a college health nurse.

STATE LAWS AND COLLEGE POLICY

State laws and the College Code of Conduct specifically prohibit the use and possession, distribution or sale of drugs or alcohol on college property or any college sponsored activity or event. These rules describe the penalties and disciplinary actions when violations occur. Information on laws and the Code of Conduct are available at Student Health Services.

The Coast Community College District policy prohibits all use of alcohol and illicit drugs on District property or in District vehicles regardless of location. Furthermore, the use of all tobacco products is prohibited in all District buildings and vehicles.

UNAUTHORIZED WEAPONS

Unless otherwise authorized by the President of the college or California law, students will be immediately expelled from the District for an indefinite period, and be subject to criminal prosecution for bringing or possessing on or within any property or building owned or controlled by the District, any firearms, knives, dirks, daggers, brass knuckles, slingshots, air rifles, or any other type of weapon capable of inflicting great bodily injury.

PARKING

Golden West College maintains a Public Safety Department with personnel available 24 hours a day. A person may report any criminal action or emergency at any time – day or night – by calling (714) 895-8924 or
for emergencies (714) 895-8999 or 911. Campus “red phones” located throughout the interior of the campus (see map on Public Safety website http://goldenwestcollege.edu/publicsafety/eep.html) may also be used to contact the Public Safety Department. The Public Safety Department is located at the north end of the Health Science Building. Office hours are 8:00 a.m. to 5:00 p.m. Monday thru Friday.

**PARKING AND TRAFFIC RULES AND REGULATIONS**

By authority of California Vehicle Code Section 21113, the following parking and traffic rules and regulations have been adopted to facilitate vehicular movement and parking and provide for the safety of all persons using the community college campus. These parking and traffic rules and regulations will be in effect 24 hours a day.

**Enforcement**

Authorization is granted to the college Public Safety Department to issue parking citations within the confines of the campus. Citations will be issued for violation of the Parking Regulations as outlined below. Automatic penalties will be assessed on all fines not paid prior to the specified due date.

All authorized permit parking areas will be enforced Monday through Thursday 7:00 a.m. to 10:00 p.m. and Friday 7:00 a.m. to 5:00 p.m.

**Parking Regulations and Recommended Bail**

Section 208 No person shall sleep in or remain overnight in any vehicle on campus. No vehicle shall be parked overnight on campus (midnight to 6:00 a.m.) without permission from Campus Safety.

Section 402 Vehicles parking within a stall shall not overlap the lines that designate the stall.

$35.00

Section 403 No persons shall park or leave standing a vehicle on any walkway, landscaped area, driveway, road or field without prior approval of the Public Safety Department.

$35.00

Section 404 No person shall park or leave standing a vehicle not a motorcycle or moped in an area designated for motorcycles only.

$35.00

Section 405 No vehicle shall be parked backwards in diagonal parking stalls.

$35.00

Section 406 No person shall park or leave standing a motor vehicle blocking traffic lanes on any campus roadway or parking lot.

$40.00

Section 407 When signs or marking (such as red curbs) prohibiting and/or limiting parking are erected or placed upon any street, road, or area, no person shall park or leave standing any vehicle upon such street, road, or area in violation of any such sign or marking.

Red Zone

$40.00

Section 409 No person shall park in any area marked in blue and identified as “Handicapped Parking” unless a handicapped placard/license plate issued by DMV is displayed inside the vehicle.

$250.00

Section 410 No person shall park in an area posted or marked “Staff Parking” unless a valid staff parking permit is properly displayed.

$35.00

Section 411 No person shall park any vehicle in any fashion so as to create a traffic hazard.

$40.00

Section 412 No person shall park on campus in a designated permit area without a current, valid parking permit properly displayed either on the left rear view mirror, on the dashboard or inside lower left windshield. Motorcycles/mopeds shall have the permit affixed to the left front fork.

$35.00

Stolen/Forged/ altered/mutilated permit

$40.00

Section 413 Vehicles parking in metered stalls must pay for use of the stall as indicated on the meter. Display of a campus parking permit does not preclude payment of meter fees.

$35.00

**Abandoned Vehicles**

Section 501 No person shall abandon or leave standing any vehicle or motorized cycle on the campus in excess of 96 hours. All such vehicles will be stored under authority of Section 2265 8 (a) of the California Vehicle Code.

Section 502 Any person who abandons a vehicle or motorized cycle on campus or violates campus regulations that require towing of such vehicle will be responsible for payment of all towing and storage charges.

**OFF-CAMPUS TRANSPORTATION**

From time to time class assignments or other class activities may take place off-campus. When District transportation is provided, students are required to use it. When the location is in Southern California, the class or activity may be convened and dismissed at the site. When this occurs, students will be responsible for their own transportation.

Students may be required to sign a field trip or student release form.

In regard to class trips, the student is encouraged to contact the instructor of the course to determine the likely dates, locations, and frequency of such off-campus requirements.
POLICIES AND STANDARDS

GWC SMOKE-FREE CAMPUS POLICY

Golden West College is a Smoke-Free Campus. Smoking is permitted in campus parking lots but prohibited in all college buildings, vehicles, indoor and outdoor facilities, interior bus stops, designated campus entrances, and all open areas. All smoking materials including cigarettes, e-cigarettes, cigars, pipes, and other apparatus used to smoke organic and non-organic materials must be extinguished and/or properly disposed of in the ash receptacles located in the parking lots before entering our smoke-free campus.

COMPUTER AND ELECTRONIC RESOURCES SYSTEMS ACCEPTABLE USE POLICY

The Coast Community College District (“District”) owns, leases, and/or operates a variety of computer and communication systems, including but not limited to, voicemail, electronic mail (email), telephone, and access to the internet, which are provided for the use of District faculty, administrators, staff, and students in support of the programs of the colleges and District. Hereinafter, this system and all of its component parts shall be referred to as the “District Network.” This network establishes a communications platform that often substitutes for in-person meetings regarding District business.

This Policy applies to all members of the District community using the District Network including faculty, administrators, staff, students, independent contractors, and authorized guests. The Policy covers the use of all District computer equipment and communication systems in computer labs, classrooms, offices, libraries, and the use of the District equipment, servers, systems, and networks from any location. If any provision of this policy is found to be legally invalid it shall not affect the other provisions of the policy as long as they can be effective without the invalid provision.

Ownership Rights

This Policy is based upon and shall be interpreted according to the following fundamental principle: the entire District Network, and all hardware and software components with it, is the sole property of the District which sets the terms and conditions of its use consistent with the law. Except as provided in Board Policy or collective bargaining agreements pertaining to intellectual property rights, employees and students have no rights of ownership to these systems or to the information they contain by virtue of their use of all or any portion of the District Network.

Privacy Interests

The District recognizes the privacy interests of faculty and staff and their rights to freedom of speech, shared governance, and academic freedom, as well as their rights to engage in protected union and concerted activity. However, both the nature of electronic communication and the public character of District business make electronic communication less private than many users anticipate, and may be subject to public disclosure. In addition, the District Network can be subject to authorized and unauthorized access by both internal and external users. For these reasons, there are virtually no online activities or services that guarantee an absolute right of privacy, and therefore the District Network is not to be relied upon as confidential or private. Nonetheless, the District seeks to afford email communications privacy protections comparable to those it traditionally affords paper mail and fax communications, consistent with State and Federal statutes. The District will also provide voicemail protection to the extent required by the Federal Wiretap Act.

District Rights

System administrators may access user files or suspend services they manage without notice only: (1) to protect the integrity of computer systems; (2) under time-dependent, critical operational circumstances; (3) as required by and consistent with the law; or (4) where evidence exists that violations of law or District Policy or Procedures have occurred. For example, system administrators, following organizational guidelines, may access or examine individual files or accounts based on evidence that they have been corrupted or damaged or subject to unauthorized use or misuse. In such cases of access without notice, data or information acquired may be used to initiate or extend an investigation related to the initial cause or as required by law or Board policy and/or to protect system integrity.

User Rights

While the District monitors electronic usage as part of its normal network operating procedures, the District does not routinely inspect or monitor users’ computer hardware or files, email, and/or telephone message system, nor disclose information created or stored in such media without the user’s consent. The District shall attempt to notify users before accessing computer hardware and files or prior to suspending service. In the event that the District acts without user consent, under its District Rights specified above, the District shall do so with the least perusal of contents and the least action necessary to resolve the immediate situation. When the District accesses files without user consent, it shall notify the user as soon as possible of its access and provide the reason for its action.

User Responsibilities

The Board recognizes that computers and networks can provide access to resources on and off campus, as well
as the ability to communicate with other users worldwide. Such open access is a privilege and requires that individual users act responsibly. Users must respect the rights of other users, respect the integrity of the systems and related physical resources and observe all relevant law, regulations and contractual obligations.

For District employees, the intended uses of the District Network are those which are reasonable and necessary for the pursuits of job duties; for students, the intended uses are those which are reasonable and necessary for the pursuit of instructional activities.

Although personal use is not an intended use, the District recognizes that the Network will be used for incidental personal activities provided that such use is within reason and provided that such usage is ordinarily on an employee’s own time, is occasional, and does not interfere with or burden the District’s operation, and not otherwise contrary to District policies or procedures.

“Unauthorized uses” include prohibited uses and any other use for a prohibited purpose, including illegal activities, messages which may constitute discrimination or harassment under state or federal law or anything that interferes with the intended use. These types of prohibited uses and purposes are further defined in the Administrative Procedures.

All users of the District Network must read, understand, and comply with this Policy as well as the Administrative Procedures, and any additional guidelines established by the District. Such guidelines will be reviewed by the District and may become subject to Board approval as a District policy or procedure. By using any part of the District Network, users agree that they will comply with this Policy.

**Enforcement of the Policy**

The Board directs the Chancellor or designee to enforce all existing federal and state laws and District and college policies, including not only those laws and regulations that are specific to computers and networks but also those that apply generally to personal conduct. Violations of this Policy will be dealt with in the same manner as violations of other District policies or standards of behavior and may result in disciplinary action, subject to applicable due process requirements. Such violations may be subject to appropriate personnel action and/or criminal investigation.

Users who believe this policy has been misinterpreted or misapplied may file a complaint in accordance with the Complaint Procedures found in the Administrative Procedures.

Students who do not observe the requirements of this Policy may be in violation of the Student Code of Conduct and subject to student discipline.

This Policy and Administrative Procedures shall be distributed to all new and existing employees. Nothing in this policy should be construed to interfere with First Amendment rights or with the academic freedom of faculty.

**Computer and Electronic Resources Systems Acceptable Use Procedure**

The District is responsible for making these procedures and the policy that they implement readily accessible to all users prior to their use of the District Network. Abuse of computing, networking or information resources contained in or part of the District Network may result in the loss of access to the District Network. Additionally, abuse can be prosecuted under applicable statutes. Users may be held accountable for their conduct under any applicable District or college policies, procedures, State and Federal laws, or collective bargaining agreements. Complaints alleging abuse of the District Network will be directed to those responsible for taking appropriate disciplinary action. Illegal reproduction of material protected by U.S. Copyright Law is subject to civil damages and criminal penalties including fines and imprisonment.

District employees and students accused of violating this Board Policy have the right to representation. Absent a negotiated agreement to the contrary, State statutes will apply.

Examples of behaviors constituting abuse which violate this Board Policy include, but are not limited to, the following activities:

**System abuse**

- Using a computer account that one is not authorized to use.
- Obtaining a password for a computer account that one is not authorized to have.
- Using the District Network to gain unauthorized access to any computer systems.
- Knowingly performing an act which will interfere with the normal operation of computers, terminals, peripherals or networks.
- Knowingly running or installing on any computer system or network, a program intended to take control of the computer(s), or giving to another user, a program intended to damage or to place excessive load on a computer system or network. This includes but is not limited to programs known as computer viruses, Trojan horses, zombie software and worms.
- Knowingly or carelessly allowing someone else to use your account who engages in any misuse in violation of the Board Policy.
• Forging email messages and/or forwarding email specifically marked as confidential.
• Attempting to circumvent data protection schemes or uncover or exploit security loopholes.
• Masking the identity of an account or machine.
• Deliberately wasting computing resources by file sharing schemes, participating in e-mail chains, spamming, and/or excessive bandwidth usage.
• Intentionally accessing, downloading, displaying, uploading or transmitting obscenity or pornography as legally defined.
• Attempting without District authorization to monitor or tamper with another user’s electronic communications, or changing, or deleting another user’s files or software without the explicit agreement of the owner, or any activity which is illegal under California Computer Crime Laws.
• Personal use which is excessive or interferes with the user’s or others’ performance of job duties, or otherwise burdens the intended use of the Network.
• Using the District Network for online gambling.
• Using the District Network for political purposes shall be subject to state and federal law and Board of Trustees approval where the law is permissive.

Harassment
• Using the telephone, email or voice mail to harass or threaten others.
• Knowingly downloading, displaying or transmitting by use of the District Network, communications, pictures, drawings or depictions that contain ethnic slurs, racial epithets, or anything that may be construed as harassment or disparagement of others based on their race, national origin, sex, sexual orientation, age, disability, religious or political belief.
• Knowingly downloading, displaying or transmitting by use of the District Network sexually explicit images, messages, pictures, or cartoons which have the clear purpose of harassment or have been identified as harassment as the result of a formal investigation into the matter.
• Knowingly downloading, displaying or transmitting by use of the District Network sexually harassing images or text in a public computer facility, or location that can potentially be in view of other individuals.
• Using the District Network to publish false or defamatory information about another person.

Commercial Use
• Using the District Network for any commercial activity, other than incidental or traditional commercial use, without written authorization from the District. “Commercial activity” means for financial remuneration or designed to lead to financial remuneration. Examples of “incidental or traditional commercial use” include but are not limited to:
  • Electronic communication between an instructor who is an author of a textbook and her/his publisher.
  • Electronic communication by a staff member who uses the District Network to communicate regarding a presentation at an educational conference or workshop, for which that staff member might receive an honorarium.
• Electronic use by a student of the District Network to seek a part or full time job or career related to the student’s field of study, or to assist her/him in applying for such work.
• Electronic communication by a staff member to inform a colleague about his/her child’s candy bar fundraising sale for the child’s school.
• Using electronic resources to research and/or purchase supplies, equipment, or other items required for campus, District, or student use.

Copyright
• Violating terms of applicable software licensing agreements or copyright laws.
• Publishing copyrighted material without the consent of the owner on District websites in violation of copyright laws.
• Downloading of unlicensed or copyrighted movies or music for other than legally authorized uses or uses authorized by the District.
• Illegally downloading the “codes” to copyrighted material even if the software in question is not downloaded.

Exceptions
The interaction of a user’s personal computing equipment, connected to the District Network, is subject to the procedures in this document. Contents of a user’s personal computing equipment are subject to search by the District only by legal warrant.

There may be times when a District employee may be exempted from certain provisions of these procedures in order to perform their duties or assignments that are an established part of their job.
Should an employee be directed by a supervisor to perform an activity they believe may be in violation of this policy, or if they are given a directive which inhibits the employee in performing their duties or assignments, the employee may request that the directive and/or permission for exception be put in writing and signed by the supervisor.

Activities by technical staff as authorized by appropriate District or college officials that take action for security, enforcement, technical support, troubleshooting or performance testing purposes will not be considered abuse of the Network.

Although personal use is not an intended use, the District recognizes that the Network will be used for incidental personal activities and will take no disciplinary action provided that such use is within reason and provided that such usage is ordinarily on an employee’s own time, is occasional and does not interfere with or burden the District’s resources. Likewise, the District will not purposefully surveil or punish use of the network for union business-related communication between employees and their unions.

Complaints by Bargaining Unit Employees or Students Regarding Enforcement of the Electronic Use Policy

A bargaining unit employee who asserts that the District or District personnel have violated this policy may file a grievance per that user’s current collective bargaining agreement. A student who asserts that the District or District personnel have violated this policy may file a grievance per his/her college’s student grievance procedure.

Higher Education Opportunity Act of 2008 (HEOA) Notification

It is the Coast Community College District’s intent to fully conform to the requirements of section 668.14 of the Higher Education Opportunity Act of 2008 (HEOA), commonly known as the Peer-to-Peer provision. The District maintains Policies and Procedures necessary to ensure that copyright violations and improper computer use are prohibited within the District and its Colleges, and that Student users face possible disciplinary consequences for such unlawful use.

The District requires that each new user, including students, to affirmatively confirm, by use of a dialogue box at the time of log-in, that the user has reviewed the District’s applicable policies and the District’s HEOA Compliance Plan concerning peer-to-peer file sharing and copyright responsibilities as a necessary step for their logging onto District or its’ Colleges computer networks.

Peer-To-Peer (P2P) File Sharing Can Infringe Copyright Laws

Unauthorized use of, or distribution of copyright protected materials, including the use of Peer-to-Peer (P2P) software to distribute such protected materials, may be actionable in both criminal and civil courts, if a court determines that users have infringed on copyright protections. Copyright protections may be infringed through the practice of copying and distributing protected work without permission of the owner. If you use P2P software to infringe copyright, you may liable civilly and/or criminally for copyright infringement. There are significant economic and criminal penalties associated with copyright infringement actions.

Copyright infringement constitutes a severe violation of District policy and may subject you to the student disciplinary process. The student disciplinary actions that the District could take against student users are described in the Coast Community College District’s Student Code of Conduct. Please note that any disciplinary action taken against a student user by District under District policy does not prevent the content owner, or law enforcement from initiating a criminal or civil proceeding against the student. A content owner may bring an infringement claim, and by law would be entitled to a minimum of $750 for each infringement; if intent to infringe copyright is demonstrated, statutory damages may go as high as $150,000 per infringement.

Copyright infringements and unauthorized Peer-to-Peer (P2P) Activities Will Subject District Students to Discipline under the District’s Student Code of Conduct.

Intentional file sharing of material when the student user does not have the copyright holder’s permission is a violation of the District’s Computer Use Policy. Such a violation subjects the student user to the District’s Student Code of Conduct disciplinary process. District Policies and Student Disciplinary Procedures serve to protect the District, its Colleges, and other students from harm for the conduct of individual violators.

Users of file sharing programs should be aware of the criminal, civil, and student discipline liabilities that they create for themselves by using such programs on the District’s or its Colleges’ computer networks.

You can review the District’s HEOA Compliance Plan, the District’s Student Code of Conduct, the District’s Computer use Policy, and helpful tools to assist you in evaluating your use of copyrighted materials at: http://www.cccd.edu/facultystaff/riskservices/copyrightchecklist.aspx

STUDENT AND STAFF EMAIL

As a form of communication, most email is not secure in the same manner as mail processed by the United States Postal Service and/or other primary carriers. Because of this fact, there should be no expectation of privacy.
While the college takes precautions to protect the privacy of your email address as well as your e-mail correspondence, privacy cannot be assured. A good rule to follow when using email, in general, is to treat email correspondence similar to a post card instead of sealed envelope. Because of the manner in which e-mail can be forwarded, it may easily become public information. As a public agency the college may be obligated to release copies of this type of correspondence based on provisions in the Freedom of Information Act and/or a related court order to provide certain records.

**COURSEWORK AND COMPUTERS**

Increasingly instructors and publishers are utilizing various forms of mediated instruction, assignments and or testing methodologies which require the use of a computer with Internet access as well as CD-Rom capabilities. The college provides a number of different ways for students to complete these types of mediated assignments. Frequently, students who have access to the Internet and computers with the necessary equipment complete their assignments off-site. Students wishing to complete assignments on campus may ask their instructor for suggestions regarding the most appropriate facility to complete that assignment. Additionally, students may inquire at the TLC Lab in the College Library (free computer usage), Student Success Center, any Open Lab, or the Public Library.

**ACADEMIC FREEDOM BOARD POLICY 4030**

Title 5, Section 51023

Accreditation Standard II.A.7

Agreement between the Coast Federation of Educators American Federation of Teachers Local 1911 and Coast Community College District

August 11, 2011-June, 2012

Recognizing that free search for truth and the expression of diverse opinions are essential to a democratic society, both the District and the Federation will affirm the principles of academic freedom, with the understanding that

(a) Academic Freedom is essentially the right of faculty to express or discuss in their classrooms and throughout the District challenging ideas and topics related to courses they teach and their own academic, professional expertise. The primary responsibility is to achieve the objectives of the course outline of record. This does not preclude Faculty Members from using their professional judgment in discussing other topics with their students when aimed at enhancing student learning. The expression of this right is guided by a deep conviction of the worth and dignity of students and the advancement of their knowledge.

(b) Academic Freedom includes the right of faculty to create and to use instructional materials that may be thought-provoking or controversial and are relevant to the courses they teach to enhance student learning. These rights notwithstanding, Academic Freedom is to be practiced within the parameters of (a) above, instructional methods compatible with the course outline of record. This does not preclude Faculty Members from using their professional judgment in discussing other topics with their students when aimed at enhancing student learning. These rights notwithstanding, Academic Freedom is to be practiced within the parameters of (a) above, instructional methods compatible with the course outline of record.

(c) Faculty Members recognize the special responsibilities placed upon them. These responsibilities include the obligation to exercise critical self-discipline and sound judgment in using, extending, and transmitting knowledge. In the conduct of their teaching and professional lives, faculty members demonstrate intellectual honesty and devotion to continual improvement of scholarly competence.

With the shared understanding of the rights and responsibilities, Academic Freedom will be promoted and protected.

A Faculty Member’s exercising of his/her right of academic freedom as delineated below shall not be subject to any adverse action affecting the Faculty Member’s employment status with the District:

(a) For the development and publication of instructional materials, as well as the interpretation of course content and adoption of innovative instructional methods compatible with the course outline of record and standards accepted within the academic community;

(b) For exercising freedom to examine or endorse unpopular or controversial ideas within their fields of professional expertise as appropriate to course content, discussions with students, or academic research or publication. In so doing, the Faculty Member shall attempt to be accurate, fair, objective, and show respect for diverse opinions;

(c) For using or recommending, within the parameters of (a) above, instructional materials which may challenge prevailing social attitudes, or contain unpopular or controversial ideas;

(d) For presenting all points of view in teaching and discussing controversial ideas or content in their courses and for including library materials of broad and diverse interest, information and enlightenment without prejudice in regards to the race/ethnicity, gender, sexual orientation, nationality, social, political or religious views of the authors;

(e) For expressing in an appropriate forum the Faculty Member’s viewpoint on matters of College and District policy;

(f) In collegial life, for example, for participation in the governance of their colleges, and engaging in the collegial expression of opinions in their
Political activities on college campuses shall be governed by District policies and procedures which shall be in accordance with the requirements of applicable Federal and State law.

The District shall respect the Faculty Member’s right in public life to exercise freedom of speech, freedom of association, freedom of union activity, and freedom to express expert opinions in a public forum provided it is clear that the Faculty Member is not speaking or acting on behalf of the District.

Assistant Professor, Cosmetology  

N. CHAPMAN  
Associate Professor, Sociology  
B.S., M.A., University of California at Riverside, further graduate study: University of California at Riverside.

BERLYNN CHING  
Instructor, Nursing  
A.D.N., Cerritos College; P.H.N., B.S.N., University of Phoenix; M.S.N., University of Phoenix.

MARIA CHOVAL-NELSON  
Professor, College Success/Psychology  
A.A., El Camino College; B.A., California State University at Dominguez Hills; M.A., Loyola Marymount University.

JOAN CHRISTIE  
Associate Professor, Cosmetology  
B.A., (Honors), California State University at Fullerton.

KEISHA COSAND  
Professor, English  
B.A., M.A., California State University at Fresno.

JEFF COURCHAINE  
Dean, Math and Science  
A.A., El Camino College, B.S., University of California at Los Angeles, M.S., Azusa Pacific University.

ANNAMARIA CRESCIMANNO  
Instructor, Biology  
B.A., Ohio State University; M.S., University of Indianapolis.

JULIE A. DAVIS  
Professor, Librarian  
A.A., Southwestern College; B.A. & M.A., English San Diego State; further graduate study: Cambridge, England, Gonville and Caius College; M.L.I.S. San Jose State; and M.P.A. Cal State Long Beach.

KAREN R. DICKERSON  
Assistant Professor, Counselor  
B.A., University of California at Los Angeles; M.S., California State University at Long Beach.

STEPHANIE DUMONT  
Professor, Counseling  
B.A., University of California at Davis; M.S., National University; further graduate study: California Western School of Law.

LAURA L. DUVALL,  
Instructor, Psychology  
B.A., University of California at Santa Barbara; M.A., California State University, Northridge; further graduate study: California Southern University.

CATHERINE EGAN  
Instructor, Biology  

MICHELE FIORANE  
Professor, Cosmetology  
B.A., BVE California State University, Long Beach.

CECELIA GALASSI  
Associate Professor, English  
B.A., Occidental College; Ph.D., University of California, Irvine.

GONZALO A. GARCIA  
Professor, Librarian  
B.A., University of California at Los Angeles; M.L.I.S., San Jose State University; M.A., California State University at Fullerton; TESL Certificate, University of California at Irvine Extension.
ALBERT M. GASPARIAN
Dean/Athletic Director, Health, Kinesiology, Athletics, and Nursing
B.A., University of California at Los Angeles; M.A., Azusa Pacific College.

DEBORAH GOLDSTICK
Assistant Professor, Nursing
Applied Science Degree in Nursing RN, Schoolcraft College BSN University of Michigan (Cum Laude) MSN Indiana University.

RYANE NICOLE GRANADOS
Associate Professor, English
B.A.(Honors), Loyola Marymount University; M.F.A., Antioch University.

KATHERINE GREEN
Associate Professor, Chemistry
B.S., Rensselaer Polytechnic Institute; Ph.D., Rensselaer Polytechnic Institute.

CHRISTOPHER L. HAMILTON
Professor, Business
A.A., Fullerton College; B.A., California State University at Fullerton; J.D., Western State University College of Law.

KAREN R. HARELSON
Associate Professor, Nursing
R.N., M.F.T., B.S.N., University of the State of New York; M.A., Marriage Family Therapy, United States International University; further graduate study, Mount Saint Mary’s College. Registered Nurse, Licensed Marriage Family Therapist.

COLLETTE J. HAUSEY
Professor, Music
B.M., San Diego State University; M.M., San Diego State University; D.M.A., University of Arizona.

MONIQUE HENDERSON
Instructor, Kinesiology
B.A., University of California Los Angeles; M.A., Fresno Pacific

THOMAS HERSH
Professor, Engineering Technology/Environmental Studies
B.S., M.A., California State University at Long Beach.

JACQUELINE A. HILS-WILLIAMS
Professor, Nursing
B.S.N., Hunter College, Bellevue School of Nursing; M.N., University of California at Los Angeles.

KAREN L. HINTON
Professor, Counselor
B.A., California State University at Long Beach; M.A., Loyola Marymount University; Alcohol and Chemical Dependencies Certificate, University of California, Irvine; further graduate study: Loyola Marymount University.

ANTONY HOANG
Associate Professor, Mathematics
B.S., M.S., University of California at Irvine.

JON HOLLAND
Instructor, Cosmetology

JANET HOULIHAN
Vice President, Student Life and Administrative Services
A.A., Golden West College; B.A., California State University at Fullerton; M.B.A., University of Phoenix.

DAVID D. HUDSON
Dean, Arts and Letters
B.A., M.A., Ph.D., University of Denver; further graduate study: University of Hawaii at Manoa; University of California at Irvine; Harvard University.

STEVEN A. ISONIO
Professor, Psychology
B.A., M.A., California State University, Fresno; Ph.D., University of California, Riverside.

LEILANI JOHNSON
Instructor, Health and Physical Education
M.Ed. University of the Pacific; B.A. University of the Pacific.

BARBARA H. JONES
Professor, Computer Business Applications
A.A., Riverside Community College; B.V.Ed, California State University at San Bernardino; M.B.A. University of Redlands.

DAMIEN JORDAN
Instructor, Counseling
A.A., Golden West College; B.A., California State University at Fullerton; M.A., Loyola Marymount University Los Angeles.

JOHN KASABIAN
Instructor, Auto Tech

DARLA KELLY
Professor, Biology and Microbiology
A.A., Fullerton College; B.S., California State University, Long Beach; Medical Technology Certificate, University of California Irvine, Medical Center; M.A., California State University, Fullerton.
DEANNA KIRCHEN  
Associate Professor, Accounting  
Certified Public Accountant; B.A., M.B.A., California State University at Long Beach; further graduate study: Loyola Marymount University.

KYLE KOPP  
Instructor, Physical Education  
Women’s Water Polo and Swim Coach  
B.S., California State University, Long Beach.

BRYAN J.M. KRAMER  
Instructor, Automotive Technology  
B.A., Cal State Long Beach; M.A., National University; California Teacher’s Credential, National University.

MARYLYNNE LAMANTIA  
Professor, Biology  
B.S., Ph.D., State University of New York at Stony Brook; further graduate study: University of California at San Diego.

THERESA L. LAVARINI  
Professor, English  
B.A. (honors), CSU State Stanislaus, M.A., CSU Fullerton.

WILLIAM LAWLER  
Instructor, Health & Physical Education  
Women’s Volleyball Coach  
B.A., San Diego State University.

CATHY KIM VAN Q. LE  
Instructor, Librarian  
A.A., Orange Coast College; B.A., M.L.I.S., University of California at Los Angeles.

CLAUDIA LEE  
Dean, Enrollment Management  
B.A., University of California, Irvine; M.S.Ed., University of Southern California; Ed.D., University of California, Los Angeles.

JOHN D. LERVOLD II  
Professor, Communication Studies  
A.A., Golden West College; B.A., M.A., California State University at Long Beach; Ph.D., University of Washington.

NOAH LEVIN  
Instructor, Philosophy  
B.S., Harvey Mudd College; M.A., Ph.D. (ABD), Bowling Green State University

LINDSAY LEWIS  
Instructor, Mathematics  
B.A., M.A., California State University at Fullerton.

AMÉRICO LÓPEZ-RODRÍGUEZ  
Professor, Spanish  
B.A., M.A., Ph.D., University of California at Santa Barbara; further graduate study: University of California at Irvine.

RON LOWENBERG  
Dean, Criminal Justice  
A.A., Golden West College; B.A. Cal State University Long Beach; POST Command College.

STELLA MADRIGAL  
Professor, Communication Studies  
A.A., Orange Coast College; B.A., University of California at Santa Barbara; Professional Clear Clad Credential, National University; M.A., California State University at Long Beach; further study: Intercultural Studies at California State University at Fullerton and Korean Cultural Center at Los Angeles.

EVA MARINOTTI  
Instructor, Nursing  
A.D.N., Saddleback College; P.H.N., M.S.N., California State University at Dominguez Hills; B.Sc., M.Sc, Ph.D., University of São Paulo.

SUNSHINE MCCLAIN  
Instructor, History  
A.A., Golden West College; B.A., California State University, Fullerton; M.A., University of California, Irvine.

STEPHEN MILLER  
Professor, Biology  
B.A., Azusa Pacific University; B.S., University of California, Irvine; M.S., California State University at Long Beach.

NICHOLAS D. MITCHELL  
Professor, Physical Education  
Football Coach  
A.A., Solano College; B.A., Humboldt State University; M.S., Northern State University.
BARBARA A. MIYADI  
Associate Professor, Nursing  
B.S., California State University Long Beach; M.S., California State University Long Beach.

DAVID W. MOORE  
Professor, History  
B.A. (Honors), University of Greenwich, London England; M.A. University of Newcastle upon Tyne, England; further graduate study: University of Northumbria; University of Newcastle upon Tyne, England.

SACHA MOORE  
Assistant Professor, English  
B.A., (Honors), California State University, Fullerton M.A., California State University, Fullerton.

JIMMY NGUYEN  
Associate Professor, Counselor  
A.A. (Honors), Golden West College; B.S. (Honors), California State University at Fullerton; M.A., California State University at Dominguez Hills.

TRI DINH NGUYEN  
Professor, Counselor  
B.S., University of California at Irvine; M.A., Loyola Marymount University.

NIKKI PLASTER  
Assistant Professor, Biology  
B.A., B.S., Indiana University; Ph.D., University of Utah.

OMID POURZANJANI  
Vice President, Instructor and Student Learning  
A.A., Santa Monica College; B.S., M.S., California State University at Long Beach; Ed.D., University of California at Los Angeles; further graduate studies: Claremont Graduate School and University of California, Irvine.

VICTOR R. QUIROS  
Professor, Criminal Justice  
B.A., University of California at Irvine; J.D., Western State University College of Law.

CRISTIAN RACATAIAN  
Instructor, Computer Science  
B.S., Polytechnic Institute of Bucharest, Romania; B.S., California State Polytechnic University at Pomona; M.S., California State University at Fullerton

KIMBERLY A. PASCOE  
Professor, Sign Language/Interpreting  
B.S., California State Polytechnic University at Pomona; M.A., California State University at Northridge. Further graduate study: Gallaudet University; California State University at Northridge. RID Certified Interpreter-Cl,CT.

DIEP PHAM  
Professor, Nursing  
FNP, MN, MBA, University of California, Irvine and University of Phoenix.

VERÓNICA B. PIZANO  
Instructor, Spanish  
B.A., BCLAD, California State University at Sacramento; M.A., California State University at Long Beach.

JIMMY NGUYEN  
Associate Professor, Counselor  
A.A. (Honors), Golden West College; B.S. (Honors), California State University at Fullerton; M.A., California State University at Dominguez Hills.

MARTIE RAMM ENGLE  
Professor, Theater Arts  
M.A., California State University, Los Angeles; B.A., University of California, Los Angeles.

AMY C. RANGEL  
Assistant Professor, Nursing  
A.A., Golden West College; B.S.N., California State University Long Beach; M.S.N., California State University Long Beach; Pediatric Nurse Practitioner certificate.

ELIZABETH M. REMSBUG-SHIROISHI  
Professor, English  
B.A., University of California at San Diego; M.A., San Diego State University; further graduate study: Cambridge University, Gonville and Caius College.

DIANE M. RESTELLI  
Professor, Nursing  
A.D.N., Golden West College; B.S.N., California State University at Fullerton; M.S.N., University of Texas at Houston; Ed.D., University of Southern California.

EDWARD REYNA  
Instructor, Cosmetology  
Standard Designated Subjects Credential, University of San Diego; further graduate study: California State University at Long Beach.

ALICE K. RIVERA  
Assistant Professor, Accounting  
B.S., University of California at Los Angeles; M.B.A, California State University at Fullerton; Certified Public Accountant.

EVANGELINA ROSALES  
Instructor, Cosmetology  
Cosmetology License; A.S., Cypress College.
AMY RUNYEN  
Instructor, Art  
B.F.A., Savannah College of Art and Design; M.F.A., California State University Long Beach.

MICHAEL RUSSELL  
Instructor, Auto Technology

MICHELLE SAMBRANO  
Professor, Counselor EOP/S and CARE Programs  
B.A., University of California at Los Angeles; M.S., California State University at Los Angeles.

DENISE SEKINS  
Professor, Nursing  
ADN and RN Cerritos College, BSN University of Phoenix; MSN California State University, Long Beach.

MICHAEL R. SHAUGHNESSY  
Professor, Physical Education and Health Education  
A.A., Golden West College; B.A., San Diego State University; M.A., Azusa Pacific University; further graduate study: Chapman University; University of San Diego.

JANE C. SMITH  
Instructor, Cosmetology  
Cosmetology Instructor license; further graduate study: University of California at Long Beach.

TERESA J. SPEAKMAN  
Associate Professor, Chemistry  
B.A., B.S., University of California, Irvine; M.B.A., Calif. State Univ. Long Beach; Ph.D., UCLA.

KONRAD M. STEIN  
Professor, Physics  
B.S., University of California at San Diego; Ph.D., University of California at Riverside.

SANDY Sudweeks  
Professor, Communication Studies  
B.S., Regis College, Denver; M.A., Arizona State University.

ELIZABETH D. SYKES  
Professor, Computer Business Applications  
B.A., California State University, Los Angeles; further graduate study: Loyola Marymount University, Los Angeles; Vocational Education Teaching Credential - Computer Applications, Computer Maintenance and Repair, and Information Systems Management, A+, Network+, Novell CNA, IC3 (Computing and Internet), Cisco IT Essentials I and II Certifications, Certified CCNI (Cisco Certified Network Instructor), Computer Security and Forensics, Nova Southeastern University - Computer and Information Sciences.

ABRAHAM TARANGO  
Professor, English  
B.A., California State University at Chico; M.A., Washington State University; further graduate study: University of California at San Diego.

SCOTT TAYLOR  
Professor, Physical Education Men's Water Polo and Swimming Coach  
A.A., Golden West College; B.A., University of California, Santa Barbara; M.A., United States Sports Academy; further graduate study at Concordia University, Loyola Marymount and Pacific.

PAUL TAYYAR  
Associate Professor, English  
B.A., UC Santa Barbara; M.A., CSULB; Ph.D, UC Riverside.

LINDA M. TERNES  
Instructor, Mathematics  
B.A., Vanguard University; M.S., California State University, Long Beach.

RUSSELL A. TERRY  
Professor, Counselor/Communication Studies  
B.A., M.A., California State University at Fullerton; M.A., Loyola Marymount University; further graduate study: California State University at Fullerton, Claremont Graduate University.

AMY L. THACH  
Instructor, Nursing  
B.S.N., University of Southern California; M.S.N., P.N.P, University of California at Los Angeles.

JAMES A. TORTOLANO  
Associate Professor, Journalism  
A.A., Golden West College; B.A., California State University at Long Beach.

TAMMIE TRAN  
Instructor, World Languages (Vietnamese)

RICHARD ULLRICH  
Professor, English/ESL  
B.A., University of Colorado at Boulder; M.A., Georgetown University; further graduate study: University of Regensburg, West Germany; Instituto Guatemalteco-American, Guatemala.

TRAVIS J. VAIL  
Professor, Biology  
B.S., California State University, Long Beach; M.S., California State University, Long Beach.
YVONNE VALENZUELA
Professor, Counselor
A.A., East Los Angeles College; B.A., University of California, Berkeley; M.S., California State University, Long Beach; Ed.D., University of California, Irvine and University of California, Los Angeles.

MICHAEL VALINLUCK
Instructor, Biology
B.S., University of California at Los Angeles; M.S., California State University at Long Beach

ROBERTO VILLARREAL
Instructor, Physical Education
Baseball Coach
B.S., California State University at Fullerton; M.A., Azusa Pacific University; further graduate study: University of Pacific.

VIVIEN VU
Instructor, Counseling DSPS
M.S., California State University Long Beach; B.S., California State University Fullerton; Adult Learning Disabilities Program: Certificate of Academic Achievement, California State University Sacramento.

DERRICK WATKINS
Instructor, Criminal Justice
A.A., Golden West College; B.A., California State University at Long Beach; M.A., Boston University.

JENNIFER WILCOX
Instructor, Chemistry

GREG WIGHT
Professor, Design
A.A., Santa Monica College B.A., M.A., California State University at Long Beach, further graduate study: Art Center College of Design, Otis College of Art and Design; California State University at Fullerton and California State University at Long Beach.

RONALD WILKINSON
Instructor, Sign/Interpreting
A.A. Golden West College, Interpreting for Deaf People Certificate Golden West College; B.A., California State University Fullerton; further graduate study at Trinity College; Interpreter Certification, American Consortium of Certified Interpreters; Level 5 Certification, ESSE.

ROSE ANN WOOD
Professor, Piano, Music Theory, Instrumental Music
Artist-In-Residence
A.A., Long Beach City College; B.A., California State University at Long Beach; M.M., University of Southern California; further graduate study: University of Southern California.

LINDA K. YORK
Professor, Counselor, Project Director, Re-Entry/CalWORKs
A.A., Orange Coast College; B.A., M.S., National University; M.A., Chapman University.
PROFESSOR EMERITUS

The Professor Emeritus designation is awarded to faculty who retire holding the rank of Professor and who have at least 15 years of service with the Coast Community College District.
